ARTICLE III—MAXIMUM PRICES FOR HEAVY FUEL OIL FOR AREAS NOT LIMITED TO A SINGLE STATE OR TERRITORY

Special section 1—Permissible Increases for certain marketers—(a) *On certain f. o. b. refinery shipments.* When made by an eligible marketer, as defined in section 1.14 (j), the maximum price, on an f. o. b. refinery shipment from any point covered by Table I or Table II of section 3.1 to an ultimate destination other than in Petroleum Administration for War District I, shall be the maximum f. o. b. refinery price established for the particular shipping point in such table plus 5.25 cents per barrel; or

(b) *On sales to governmental agencies pursuant to public bidding.* If bids are taken by a governmental agency on an f. o. b. shipping point price basis, then, on such a bid, if the bidder is an eligible marketer, as defined in section 1.14 (j), he may bid and charge, for an f. o. b. refinery shipment from any point covered by Table I or Table II of section 3.1, the maximum f. o. b. refinery price established for the particular shipping point in such table plus 10.5 cents per barrel, *Provided*, That the laid-down cost to such governmental agency does not exceed the sum of the maximum f. o. b. price of each person participating in the particular bidding as determined or established under any other section of this regulation for the shipping point from which each bidder proposes to make shipment plus the actual cost of transportation that would be incurred from such point to destination by such person.

[Paragraphs (a) and (b) amended by Am. 8, 9 F.R. 4686, effective 5-8-44]

Special section 2—Permissible brokerage charges to buyers. The terms "broker," "eligible broker" and "brokerage commission" are defined in section 1.14 (k) of this regulation. Except as herein provided, a buyer may not be charged brokerage commission which will increase the buyer's cost on an f. o. b. refinery shipment from any point covered by Table I or Table II of section 3.1 to more than the maximum f. o. b. refinery price established for the particular shipping point in such table. When, however, an f. o. b. refinery shipment from any point covered by such table has been found or negotiated by an eligible broker or eligible brokers a buyer may be charged brokerage commission, which, added to the f. o. b. refinery price established for the particular shipping point under such table, will not increase the buyer's f. o. b. refinery cost to more than 5.25 cents per barrel above the said maximum price.

[Above paragraph amended by Am. 8, 9 F.R. 4686, effective 5-8-44]

SEC. 3.1 *Maximum prices of residual fuel oils and blends thereof with distillate fuel oils, of certain A. P. I. gravities indicated below and otherwise meeting current commercial standard specifications for fuel oils, except all diesel fuel oils*—(a) *On tank wagon sales.* Maximum tank wagon prices in any area where fuel oil rationing applies shall be .3 of a cent per gallon above the maximum prices as determined under this section 3.1.

(b) *Price tables to determine maximum prices f. o. b. refineries and tanker terminals in bulk lots.* (*Price areas for each table are defined below such table.*)

(c) *Maximum delivered prices, in bulk lots, of those refiners and tanker terminal operators whose f. o. b. maximum prices are established by Tables I and II.* If a refiner or terminal operator has an established maximum price or prices under other provisions of this regulation at a particular delivery point for fuel oil meeting No. 6 commercial standard specifications, then his maximum price or prices at that point for fuel oil of 9.9° A. P. I. gravity and below shall be his maximum prices thereunder for such No. 6 fuel oil at such delivery point.

If a refiner or terminal operator has no established maximum price or prices at a particular delivery point under other provisions of this regulation for any grade of fuel oil meeting No. 6 commercial standard specifications, then he shall file a tentative maximum price at such point for fuel oil of 9.9° A. P. I. gravity and below in accordance with section 8.3.

For gravities higher than 9.9° A. P. I. gravity, such refiner's or terminal operator's maximum price or prices at a particular delivery point shall be the sum of his maximum price for fuel oil of 9.9° A. P. I. gravity and below and the dollars and cents differential between the price for fuel oil of 9.9° A. P. I. gravity and below and such higher gravity fuel oil established under Table II for refineries of ocean terminals located in the price area where the delivery is made.

(d) *Maximum f. o. b. shipping point and delibery point prices for all sellers other than those refiners and tanker terminal operators covered by paragraphs* (b) *and* (c) *above.* If a seller other than a refiner or ocean terminal operator has an established maximum price or prices under other provisions of this regulation at a particular shipping or delivery point for fuel oil meeting No. 6 commercial standard specifications, then his maximum price or prices at that point for fuel oil of 9.9° A. P. I. gravity and below shall be his maximum price or prices thereunder for such No. 6 fuel oil at such point: *Provided*, That in Price Area FF a seller's maximum price at a particular point for 9.9° A. P. I. gravity shall be the sum of his maximum price or prices for No. 6 fuel oil at such point and 5 cents per barrel.

If a seller has no established maximum price or prices at a particular shipping or delivery point under other provisions of this regulation for any grade of fuel oil meeting No. 6 commercial standard specifications, then he shall file a tentative maximum price or prices at such point for fuel oil of 9.9° A. P. I. gravity and below in accordance with section 8.3.

For gravities higher than 9.9° A. P. I. gravity, a seller's maximum price or prices at a particular shipping or delivery point shall be the sum of his maximum price for fuel oil of 9.9° A. P. I. gravity and below and the dollars and cents differential between the price for fuel oil of 9.9° A. P. I. gravity and below and such higher gravity fuel oil established under Table II for refineries or ocean terminals located in the price area where the delivery is made.

(e) If a refiner, ocean terminal operator, or other seller had an established maximum price or prices under other provisions of this regulation at a particular shipping or delivery point for residual fuel oil or blends thereof with distillate fuel oils which either meets No. 5 fuel oil commercial standard specifications, or has a lower viscosity than No. 5 commercial standard specifications, his maximum price for such fuel oil at such point shall be either the price or prices which he is permitted to charge under (a), (b), (c) and (d) of this section 3.1 or the price or prices established under other provisions of this regulation, whichever is higher: *Provided*, That the maximum prices for Navy Grade Special shall be as follows: In Price Area D the seller's maximum price shall be either the price for the same gravity fuel oil in Table I or $1.05, whichever is higher. In other price areas his maximum price shall be either the applicable price for the same gravity fuel oil in the table or his maximum price established under other provisions of this regulation, whichever is higher.

ARTICLE IV—SPECIFIC MAXIMUM PRICES FOR GASOLINE FOR AREAS WITHIN SINGLE STATES OR TERRITORIES OR THE DISTRICT OF COLUMBIA

(Prices stated in Article IV are exclusive of taxes)

Special section 1—Permissible increases for certain marketers—(a) *On certain f. o. b. refinery shipments.* On f. o. b. refinery shipments to ultimate destinations other than in Petroleum Administration for War District I, when made by an eligible marketer, as defined in section 1.14 (j) of this regulation, the sum of ½ of a cent per gallon may be added to a maximum f. o. b. refinery price established for the particular shipping point under any other section of this Article IV; *or*

(b) *On sales to governmental agencies pursuant to public bidding.* If bids are taken by a governmental agency on an f. o. b. shipping point price basis then, on such a bid, if the bidder is an eligible marketer, as defined in section 1.14 (j), the sum of ½ of a cent per gallon may be added to a maximum f. o. b. refinery price established for the particular shipping point under any other section of this Article IV: *Provided*, That the laid-down cost to such governmental agency does not exceed the sum of the maximum f. o. b. price of each person participating in the particular bidding as determined or established under any other section of this regulation for the shipping point from which each bidder proposes to make shipment plus the actual cost of transportation that would be incurred from such point to destination by such person.

Special section 2—Permissible brokerage charges to buyers. The terms "broker," "eligible broker" and "brokerage commission" are defined in section 1.14 (k) of this regulation. Except as herein provided, a buyer may not be charged brokerage commission which will increase the buyer's cost on an f. o. b. refinery shipment to more than the applicable f. o. b. refinery price established below in this Article IV. On f. o. b. refinery shipments found or negotiated by an eligible broker or eligible brokers a buyer may, however, be charged such brokerage commission which added to the applicable maximum f. o. b. refinery price established below in Article IV, will not increase the buyer's cost f. o. b. the particular refinery to more than ⅛ of a cent per gallon above the said maximum f. o. b. refinery price.

ARTICLE V—FORMULAS FOR ASCERTAINING MAXIMUM PRICES

SEC. 5.1 *Published prices.* A seller's maximum price for a petroleum product of a particular grade shall be the lowest quoted price published in the October 8, 1941, issue of the National Petroleum News for a product of the same grade. Where such products are sold and prices are quoted on a delivered basis then the maximum delivered price shall be the lowest quoted delivered price so published. Where products are sold and prices are quoted on an f. o. b. shipping point basis, then the maximum f. o. b. price shall be the lowest quoted f. o. b. price so published.

Quotations in the above named periodical for 80, 72–74, and 68–70 octane motor gasoline; for kerosene and/or No. 1 fuel, No. 2, No. 3, No. 5 and No. 6 fuel oil, as set forth on Page 42 of such publication under the heading "Atlantic Coast," except when prices quoted are specifically designated as barge prices, shall be used only in determining a seller's maximum price for such products loaded into motor transports and tank cars.

The quotation in the above named periodical for 72–74 octane motor gasoline, as set forth on page 40 of such publication under the sub-heading "Ohio," shall not be used for determining a seller's maximum price except on sales to consumers.

[Above paragraph added by Am. 6, 9 F.R. 4395, effective 4–29–44]

Quotations in the above-named periodical for the States of California, Oregon, Washington, Arizona and Nevada shall not be used in determining maximum prices.

If a seller's maximum price for any product covered by this regulation is established by this paragraph and if on his last sale of either of such products to a purchaser of a particular class during the 60 days prior to October 15, 1941 the seller granted a discount or discounts and the discount or discounts were stated as such in the contract of sale, or on the invoice to the purchaser, then discounts no less favorable shall be granted by the seller to all purchasers of the same class in connection with sales of the product on which the discount was granted. Deliveries pursuant to contracts of sale entered into more than 60 days prior to October 15, 1941, shall not be considered as sales for the purpose of determining discounts hereunder.

SEC. 5.2 *In accordance with price charged on specified sales in a base period*—(a) *Definition of sale.* The term "sale" as used in section 5.2 shall include (1) Sales and contracts of sale made during the period specified, (2) Deliveries made during the period specified under a contract made prior thereto, if the prices chargeable under such contract were adjustable to reflect market conditions during the said period, and (3) Deliveries to tank wagon resellers during the period specified under a contract made prior thereto if said contract provided for varying the price to the reseller in accordance with a stipulated posted or market price (or prices) at the point or points where such buyer resells.

(b) *Definition of purchaser of the same class.* "Purchaser of the same class", as used in sections 5.2 and 5.3, refers to the practice adopted by the seller in setting different prices for a commodity for sales to purchasers performing different functions (for example, refiner; jobber; distributor; commercial, industrial or private consumer; service station tank car dealer; divided or undivided tank wagon dealer; etc.), or for purchasers performing the same function but located in different areas or buying in different quantities or grades or under different conditions of sale. Price is prima facie evidence but not conclusive evidence to be considered in determining if a purchaser belongs to a particular class; however, a lower price to a particular purchaser which was to meet competition and otherwise was inconsistent with the seller's practice in setting the same price to the particular purchaser and one or more other purchasers, shall neither result in placing the particular purchaser in a lower price class nor be considered in determining a seller's maximum price.

(c) *Maximum prices of fuel oil,*[1] *fuels, gasoline and liquefied petroleum gas.* Where the maximum price for fuel oil, fuel, liquefied petroleum gas, or gasoline at a given shipping or delivery point cannot be determined under section 5.1 the maximum price for each seller at such shipping or delivery point, except as provided hereunder in paragraph (d), shall not exceed the price charged at that point by him on the last sale of the same product to a purchaser of the same class within 60 days prior to October 15, 1941. Where the product is sold on a delivered basis at a given point the maximum price shall be the price charged by the seller on the last sale of the same product to a purchaser of the same class made on a delivered basis at that point in the period specified. Where the product is sold at a given point on an f. o. b. shipping point basis the maximum price shall be the price charged by the seller on the last f. o. b. shipping point sale at that point to a purchaser of the same class in the period specified.

(d) *In the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware Maryland, Virginia, West Virginia, North Carolina, South Carolina, and in the District of Columbia; maximum prices of Nos. 2, 3 and 4 fuel oil.* Within the above states and in the District of Columbia, any seller's maximum per gallon tank wagon price for Nos. 2, 3 and 4 distillate fuel oils at a particular point shall be his maximum per gallon tank wagon price as determined under section 5.2 (c) of this regulation for single lot deliveries of 150 gallons or more of the product of the same grade at the same point.

[Paragraph (d) amended by Am. 3, 9 F.R. 3280, effective 2–19–44]

(e) [Revoked]

[Paragraph (e) revoked by Am. 1, 9 F.R. 2405, effective 2–28–44]

SEC. 5.3 *In accordance with the maximum price of another seller at the same point.* When a seller's maximum price at a given shipping point for any petroleum product covered by this regulation cannot be determined under section 5.1 or 5.2, his maximum price at the particular shipping point shall be the highest maximum price determined under section 5.2 for the same shipping point of any seller of the same class to a purchaser of the same class. When a seller's maximum price at a given delivery point for any such petroleum product cannot be determined under section 5.1 or 5.2, his maximum price at the particular delivery point shall be the highest maximum delivered price determined under section 5.2 for the same delivery point of a seller of the same class to a purchaser of the same class.

[Sec. 5.3 amended by Am. 11, effective 7–1–44]

ARTICLE VI—INCREASES OR REDUCTIONS TO MAXIMUM PRICES DETERMINED UNDER ARTICLE V

SEC. 6.1 *On any product covered by this regulation*—(a) *On sales to government agencies pursuant to public bidding.* (1) A seller may charge for any petroleum product covered by this regulation on any sale thereof, pursuant to open and public bidding, to any governmental agency, whether state or Federal, or to any state or political subdivision thereof, either

(i) His own maximum price under any provision of Article V, or

(ii) Any other participating bidder's maximum price, if not established under Article II, III or IV, for the sale of the same product to the particular buyer.

[Subparagraph (ii) amended by Am. 3, 9 F.R. 3280, effective 2–19–44]

(2) No bid at any such bidding regardless of the amount thereof shall be deemed to conflict with any provision of this price schedule.

SEC. 6.2 *On sales of fuel oil, generally*—(a) *On tank wagon deliveries in rationed areas.* In any area where fuel oil rationing is required by the United States Government or any agency thereof, the sum of .3 of a cent per gallon may be added to a maximum price determined under Article V for tank wagon

[1] Except waste or re-refined lubricating oil when either is sold for use as fuel oil.

[Footnote 1 amended by Am. 4, 9 F.R. 3849, effective 4–14–44 and Am. 11, effective 7–1–44]

deliveries of any fuel oil or heating oil including but not limited to kerosene, range oil, Nos. 1, 2, 3, 4, 5 and 6 fuel oil, diesel oil and gas oil.

(b) *On container deliveries in rationed areas.* In any area where fuel oil rationing is required by the United States Government or any agency thereof, the sum of .3 of a cent per gallon, when delivery is made in single lots of 260 gallons or less, may be added to a maximum price determined under Article V for container deliveries of any fuel oil or heating oil, including but not limited to kerosene, range oil, Nos. 1, 2, 3, 4, 5 and 6 fuel oil, diesel oil and gas oil.

(c) *In connection with free oil burner service.* Where a seller of fuel oil of Grade No. 5 or lighter was required prior to September 23, 1943 to furnish oil burner maintenance and repair services without charge in connection with the sale of such fuel oil, such seller may discontinue the giving of such free service without reducing his price for fuel oil below his maximum price as established or determined under other provisions of this price schedule. The maximum price for all sales of oil burner maintenance and repair services shall be determined in accordance with Supplementary Service Regulation No. 19.

(d) *In the States of Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota and Wisconsin. On sales to certain tank wagon sellers.* Under the circumstances set forth in subparagraphs (1) and (2) below, in the States of Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota, and Wisconsin, on deliveries of kerosene and fuel oil by a supplier to a tank wagon seller whose maximum price has been increased by the provisions of section 7.4, there may be added to the supplier's maximum price, as determined under section 5.2 for a particular grade at a particular delivery point, a sum computed pursuant to the provisions of subparagraphs (1) or (2) below:

(1) If there was a contract in effect on October 1, 1941, between the supplier and such tank wagon seller, and such contract provided for varying the price of the supplier to such tank wagon seller on the basis of the tank wagon price at the particular delivery point and if such tank wagon seller's maximum price is increased but not to the normal price of the reference seller as posted on October 1, 1941, then the supplier's maximum delivered price shall be increased only when the tank wagon seller's margin would be in excess of that called for in the contract had the tank wagon seller's price been increased to normal and the extent of such increase to the supplier's maximum price shall be the amount of such excess. In computing the supplier's maximum price, the tank wagon price used in any computation herein shall be regarded as .3 of a cent less than the actual maximum price of the tank wagon seller.

(2) If there was a contract in effect on October 1, 1941, as described in (1) above, and if such tank wagon seller's maximum price is increased at any point to the normal price of the reference seller as posted on October 1, 1941, then the supplier's maximum price shall be altered in accordance with the provisions of such contract. In computing the supplier's maximum price, the tank wagon price used in any computation herein shall be regarded as .3 of a cent less than the actual maximum price of the tank wagon seller.

SEC. 6.3 *On sales of distillate and distillate type fuel oils*—(a) *In the Eastern Seaboard area*—(1) *Within the area, generally; at all selling levels.* Except as hereunder provided in subparagraph (2), within the States of Connecticut, Delaware, Florida (east of the Apalachicola River), Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, West Virginia, and in the District of Columbia, an amount per gallon as indicated below may be added to a maximum price determined under Article V for any of the respective products listed below:

Product:	Cents per gallon to be added
All distillate and distillate type fuel oils having a viscosity below 85 seconds Saybolt universal (at 100° F.) except kerosene, range oil and No. 1 fuel oil and including but not limited to the following: Tractor fuel, gas house oils, distillate diesel fuel oils, Nos. 2, 3 and 4 fuel oils, Standard light gas oil, gas house standard light gas oil and Mirando and Mirando type crude oil when sold as No. 4 fuel oil or for other distillate fuel oil use	1.5
Kerosene, range oil and No. 1 fuel oil	1.8

[Subparagraph (1) amended by Am. 1, 9 F.R. 2405, effective 2-28-44]

(2) *Within Schedule "D" area Zone 6 of Petroleum Administration for War District One.* On sales f. o. b. refineries and terminals within Schedule "D" area of Zone 6 of Petroleum Administration for War District One, as defined in section 1.14 (n), for shipment to ultimate destinations in Petroleum Administration for War District One outside of such Schedule "D" area, the maximum prices for kerosene, range oil and No. 1 fuel oil shall be the maximum prices as determined under Article V plus .3 of a cent per gallon and for all other products listed in subparagraph (1) above shall be the maximum prices as determined under Article V. If a seller's maximum price for a sale as described above was established prior to December 1, 1943, under § 1340.159 (b) (7) of Revised Price Schedule No. 88, then his maximum price shall be his said maximum price prior to December 1, 1943 less 1.5¢ per gallon.

(3) *In the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, West Virginia, North Carolina, South Carolina, and in the District of Columbia; on deliveries of less than 100 gallons of Nos. 2, 3, and 4 fuel oil.* In the above States and the District of Columbia the sum of .5¢ per gallon, when delivery is made into single lots of less than 100 gallons, may be added to a maximum price determined under Article V for tank wagon deliveries of Nos. 2, 3 and 4 distillate fuel oils.

[Subparagraph (3) added by Am. 3, 9 F.R. 3230, effective 2-19-44]

(b) *In certain parts of the lower peninsula of Michigan—on tank wagon deliveries.* In the lower peninsula of Michigan except in the Counties of Genesee, Macomb, Washtenaw, Monroe, Oakland and Wayne, the sum of .4 of a cent per gallon may be added to a maximum price determined under Article V for tank wagon deliveries of prime white distillate, range oil, also known as stove or heater oil, and Nos. 1, 2 and 3 fuel oil.

(c) *In the Territory of Hawaii*—(1) *On bulk sales.* At any particular shipping or delivery point in the Territory of Hawaii, the amount provided by section 22 of Maximum Price Regulation 373 and the sum of .5 of a cent per gallon may be added to a maximum price determined under section 5.2 of this regulation for bulk deliveries of any grade of gasoline, kerosene, or any fuel oil meeting Pacific Specification No. 200.

(2) *On sales of packaged stove oil or kerosene.* At any particular shipping or delivery point in the Territory of Hawaii, the amount per gallon indicated below may be added to a maximum price determined under section 5.2 for stove oil, or kerosene in packages:

Products:	Cents per gallon to be added
Stove oil	5.5
Kerosene in cases	6

SEC. 6.4 *On sales of residual or residual type fuel oils*—(a) *In the Eastern Seaboard area*—(1) *Within the area, generally; at all sellers' levels.* Except as provided in subparagraph (2) below and except at the refinery and ocean terminals designated in Table 1 of section 3.1 there may be added within the States of Connecticut, Delaware, Florida (east of the Apalachicola River), Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, West Virginia and the District of Columbia the sum of 30 cents per barrel to a maximum price determined under Article V for any residual or residual type fuel oils having a viscosity of 85 seconds Saybolt Universal (at 100° F.) and above including but not limited to Nos. 5 and 6 fuel oils, bunker C, Navy grade, residual and diesel fuel oils, residuum gas oil, heavy gas oil, heavy gas enrichment oil, gas house heavy oil, N. E. gas enrichment oil, S. W. gas oil, Admiralty fuel oil, Navy special fuel oil, Mirando and Mirando type crude when sold as No. 5 or other residual fuel oil or as a heavy gas enrichment oil.

[Subparagraph (1) amended by Am. 1, 9 F.R. 2405, effective 2-28-44]

(2) *Within Schedule "D" area of Zone 6 of Petroleum Administration for War District One.* On sales f. o. b. refineries and terminals within the Schedule "D" area of Zone 6 of Petroleum Administration for War District One, as defined in section 1.14 (n) of this regulation, for shipment to ultimate designations in Petroleum Administration for War District One outside of such Schedule "D" area, the maximum prices for the products designated in and for the sellers covered by subparagraph (1) above shall be the maximum prices as determined under Article V or Article VIII.

(b) *In the States of Washington and Oregon—Navy Grade Special Fuel Oil.* At any particular shipping or delivery point in the States of Washington or Oregon the sum of 25 cents per barrel may be added to a maximum price determined under Article V for deliveries of Navy Grade Special Fuel Oil.

(c) *In Petroleum Administration for War District 5*—(1) *For Pacific Standard 300 and Pacific Standard 400 residual fuel oils.* In Petroleum Administration for War District 5 the sum of 25¢ per barrel may be added to a maximum price determined under Article V for delivery of either Pacific Standard No. 300 residual fuel oil or Pacific Standard No. 400 residual fuel oil.

(2) *For residual fuel oil of the specifications listed below.* In Petroleum Administration for War District 5 the sum of 25¢ per barrel may be added by sellers to their maximum prices determined under Article V for residual fuel oil of viscosities between 18 and 25 seconds Saybolt Furol (at 122° F.) but otherwise meeting specifications for Pacific Standard No. 300 fuel oil if such sellers during the 60-day period preceding October 15, 1941, sold such fuel oil in competition with and in line with the price charged for Pacific Standard No. 300 fuel oil.

[Paragraph (c) amended by Am. 11, effective 7-1-44]

(d) *In the Territory of Hawaii*—(1) *On bulk sales.* At any particular shipping or delivery point in the Territory of Hawaii the amount provided by section 22 of Maximum Price Regulation 373 and the sum of 56 cents per 42 gallon barrel may be added to a maximum price determined under section 5.2 of this regulation for bulk deliveries of Pacific Specification No. 300 fuel oil or Pacific Specification No. 400 fuel oil.

SEC. 6.5 *On sales of gasoline*—(a) *In the Eastern Seaboard area*—(1) *Within the area, generally; at all selling levels.* Except as hereunder provided in subparagraph (3), within the States of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, West Virginia, the District of Columbia and the corporate limits of Bristol, Tennessee, the sum of 1.2 cents per gallon may be added to a maximum price determined under Article V for deliveries of gasoline in the above states and city and the District of Columbia.

(2) *In the States of Florida (east of the Apalachicola River) and Georgia; at all selling levels.* In the States of Florida (east of the Apalachicola River) and Georgia the sum of .9¢ may be added to a maximum price under Article V for deliveries of gasoline.

[Subparagraph (2) amended by Am. 3, 9 F.R. 3230, effective 2-19-44]

(3) *Within Schedule "D" area of Zone 6 of Petroleum Administration for War District One.* On sales f. o. b. refineries and terminals within Schedule "D" area of Zone 6, as defined in section 1.14 (n) of this regulation, for shipment to ultimate destinations in Petroleum Administration for War District One outside of such Schedule "D" area, the maximum price for gasoline shall be the maximum price as determined under Article V. If a seller's maximum price for a sale as described above was established prior to December 1, 1943 under § 1340.159 (b) (7) of Revised Price Schedule No. 88 then his maximum price shall be his said maximum price prior to December 1, 1943 less 1.2¢ per gallon.

(b) *In the Territory of Puerto Rico; at all selling levels.* In the Territory of Puerto Rico on deliveries to all purchasers other than the U. S. Government, its agencies or instrumentalities, when purchased for their exclusive use, the sum of 3 cents per gallon may be added to a maximum price determined under Article V for deliveries of gasoline.

[Paragraph (b) amended by Am. 8, 9 F.R. 4686, effective 5-8-44]

(c) *In the States of Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota and Wisconsin; on sales to certain tank wagon sellers.* Under the circumstances set forth in subparagraphs (1) and (2) below, on deliveries of gasoline in the above states by a supplier to a tank wagon seller whose maximum price has been increased by the provisions of section 7.4, there may be added to the supplier's maximum price, as determined under section 5.2 for a particular grade at a particular delivery point, a sum computed pursuant to the provisions of subparagraphs (1) or (2) below:

(1) If there was a contract in effect on October 1, 1941, between the supplier and such tank wagon seller, and such contract provided for varying the price of the supplier to such tank wagon seller on the basis of the tank wagon price at the particular delivery point and if such tank wagon seller's maximum price is increased but not to the normal price of the reference seller as posted on October 1, 1941, then the supplier's maximum delivered price shall be increased only when the tank wagon seller's margin would be in excess of that called for in the contract had the tank wagon seller's price been increased to normal and the extent of such increase to the supplier's maximum price shall be the amount of such excess.

(2) If there was a contract in effect on October 1, 1941, as described in (1) above and if such tank wagon seller's maximum price is increased at any point to the normal price of the reference seller as posted on October 1, 1941, then the supplier's maximum price shall be altered in accordance with the provision of such contract.

[Paragraph (c) added by Am. 3, 9 F.R. 3230, effective 2-19-44]

(d) *In certain Maryland and Virginia communities—on tank wagon deliveries.* Effective as of February 19, 1944, on tank wagon deliveries of gasoline in those communities of Maryland and Virginia, where immediately prior to January 1, 1942, tank wagon sellers were absorbing part of the state gasoline taxes in order to avoid wide differences between the total selling prices in such communities and those in Washington, D. C., there may be added to a maximum price determined under section 5.2 a sum equal to the amount of tax absorbed or .5¢ per gallon, whichever is lower.

[Paragraph (d) added by Am. 6, 9 F.R. 4398, effective 4-29-44]

SEC. 6.6 *On sales of liquefied petroleum gas*—(a) *In the Territory of Hawaii—on sales in packages.* At any particular delivery or shipping point in the Territory of Hawaii, the sum of .5 of a cent per pound may be added to a maximum price determined under section 5.2 for liquefied petroleum gas when sold in packages.

SEC. 6.7 [Revoked]

[Sec. 6.7 revoked by Am. 1, 9 F.R. 2405, effective 2-28-44]

ARTICLE VII—MAXIMUM TANK WAGON PRICES DETERMINED IN ACCORDANCE WITH REFERENCE SELLER'S PRICES

SEC. 7.1 *Notice by tank wagon sellers.* Any tank wagon seller of gasoline, kerosene, range or stove oil, distillate fuel oils, tractor and diesel fuel, whose maximum price to a retail dealer pursuant to this Article VII is increased shall notify each retail dealer in writing on or before the date of the initial sale to such dealer after February 13, 1943, that the retail dealer's maximum price for said products at his retail establishment is increased by the amount of such increase in the tank wagon seller's maximum price. Such notice shall be in the following form:

> Your new Office of Price Administration ceiling price for (product) at your retail establishment is your former ceiling price plus ——¢ per gallon. The Office of Price Administration requires you to keep this information for examination.

SEC. 7.2 *Designated reference sellers.* The companies hereinafter named are the reference tank wagon sellers for any point in the Continental United States, in the state, states or districts set out opposite the name of the company: *Provided*, That such company has an applicable maximum price for such point:

SEC. 7.3 *Consumers tank wagon prices*—(a) *In the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut and New York—Use of reference seller's maximum prices required.* Where deliveries are made within the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut and New York, any seller's maximum price for tank wagon and returnable steel barrel deliveries of motor gasoline to a consumer of any class other than a governmental agency shall be as follows:

(1) For tank wagon deliveries in single lots of 200 gallons or more to a purchaser whose semi-annual requirements, as hereinafter defined, for bulk delivery are:

(i) 10,000 gallons and up to 60,000 gallons the maximum commercial consumer's tank wagon price, as determined under other provisions of this price regulation, of the reference tank wagon seller.

(ii) Under 10,000 gallons one-half cent (½¢) per gallon in addition to the maximum price established under (i).

(iii) 60,000 gallons or more one-quarter cent (¼¢) per gallon less than the maximum price established under (i).

(2) For tank wagon deliveries in single lots of less than 200 gallons, one cent (1.0¢) per gallon in addition to the maximum price to the same purchaser as established under (1).

(3) For returnable steel barrel deliveries, three cents (3¢) per gallon in addition to the maximum price to the same purchaser as established under (1).

(b) *In the States of New Jersey, Pennsylvania, Delaware, Maryland, Virginia and the District of Columbia—use of reference seller's maximum price required.* Where deliveries are made within the States of New Jersey, Pennsylvania, Delaware, Maryland, Virginia, and the District of Columbia, any seller's maximum price for tank wagon and returnable steel barrel deliveries of motor gasoline to a consumer of any class other than a governmental agency shall be as follows:

(1) For tank wagon deliveries in single lots of 200 gallons or more to a purchaser whose semi-annual requirements for all grades of motor gasoline as hereafter defined for bulk delivery are:

(i) Under 60,000 gallons, the maximum commercial consumer's tank wagon price of the reference seller for the particular grade of gasoline in the tank wagon area of the reference seller where delivery is made, as such price is determined under other provisions of this price regulation.

(ii) 60,000 gallons and more, the maximum price as established under (i) less ¾ of a cent per gallon or the maximum price as established under (i) less an amount equal to the largest difference, if any, per gallon, between the net price charged and the undivided dealer tank wagon price of the reference seller for such grade of gasoline on any tank wagon delivery to the purchaser from any supplier during March 1941, in such area, whichever price is higher.

(2) For tank wagon deliveries in single lots of less than 200 gallons, one cent (1.0¢) per gallon in addition to one maximum price to the same purchaser as established under (1).

(3) For returnable steel barrel deliveries, two cents (2.0¢) per gallon in addition to the maximum price to the same purchaser as established under (1).

(c) *Method of computing a consumer's semi-annual requirements—proof of his eligibility for allowances.* For the purpose of section 7.3, a consumer's semi-annual requirements of motor gasoline shall be the sum of all lawful ration allotments for bulk delivery only, converted to semi-annual basis, in effect to a given consumer as of January 1 for the first six months and July 1 for the last six months of any calendar year.

As proof of such semi-annual requirements it shall be the responsibility of the purchaser eligible for and claiming any allowance hereinabove provided to deliver to the seller an affidavit stating his semi-annual requirements for all grades of motor gasoline as above computed. Moreover, it shall be the responsibility of a purchaser claiming an allowance as provided by inferior subdivision (b) (1) (ii) above to deliver to the seller a copy of a relevant March 1941 invoice as proof of the eligibility of the purchaser to an allowance provided by such inferior subdivision or an affidavit setting forth the facts that would entitle him to an allowance. As soon as the necessary paper or papers have been delivered to the seller, the purchaser shall be entitled on any subsequent delivery to the allowance for which he is eligible under the provisions hereinabove made.

SEC. 7.4 *In the States of Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota and Wisconsin—products for which use of reference seller's maximum prices are required*—(a) *Maximum tank wagon prices.* A seller's maximum tank wagon price for a particular grade of gasoline, kerosene, range or stove oil, distillate fuel oil, diesel fuel, or tractor fuel, at a particular point in any of the States of Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota, or Wisconsin shall be either the reference tank wagon seller's normal price, as posted on October 1, 1941, for the same grade of the particular product at the same point or the sum of said reference seller's maximum tank wagon price for such product at the same point as established under other provisions of this regulation and .7¢ per gallon, whichever is the lower, except that in the case of tractor fuel if a tank wagon seller's maximum price as determined under other provisions of this regulation is higher then such maximum price shall remain in effect.

If the reference seller has no established maximum price at a particular point for a particular grade of any of the products named above, then a tank wagon seller's maximum price shall be his maximum price as determined by other provisions of this regulation.

SEC. 7.5 *In States other than those covered by section 7.4; use of reference seller's maximum prices optional.* A seller's maximum tank wagon price, in states other than those named in section 7.4, for a particular grade of gasoline, kerosene, range or stove oil, distillate fuel oils, and tractor and diesel fuel shall be the maximum price as determined under other provisions of this regulation of the reference tank wagon seller for the same grade at the same point: *Provided*, The reference tank wagon seller's maximum price is higher than the maximum price which would otherwise be applicable.

ARTICLE VIII—MAXIMUM PRICES TO BE ESTABLISHED UPON APPLICATION

SEC. 8.1 *Continuing effectiveness of certain maximum prices heretofore approved under § 1340.159 (b) (7) or (b) (16) of Revised Price Schedule No. 88.* If a maximum price for a product at a given shipping or delivery point cannot be established under any preceding article of this regulation and if a maximum price for the product at the particular point was heretofore approved for the seller under § 1340.159 (b) (16) or § 1340.159 (b) (7) of Revised Price Schedule No. 88, then such approval shall be deemed to continue in full force and effect as if granted under section 8.2 or 8.3 below.

SEC. 8.2 *For waste or re-refined lubricating oil sold for use as fuel oil.* When waste lubricating oil or re-refined lubricating oil is sold for use as fuel oil, a seller may not charge and a buyer may not pay a price therefor until a maximum price has been approved in writing by the Office of Price Administration. Applications for such approval must be made in writing to the Petroleum Branch of the Office of Price Administration, Washington, D. C., and shall contain the same information as is required for an application under section 8.3 below.

[Sec. 8.2 amended by Am. 4, 9 F.R. 3849, effective 4-14-44 and Am. 11, effective 7-1-44]

SEC. 8.3 *For all other products covered by this regulation.* (a) If under any preceding section of this regulation a seller is unable to determine the maximum price at a given shipping or delivery point for any product covered by this regulation then the seller may nevertheless make a sale of such product at the said point or may notify the Office of Price Administration in writing that he has set a tentative maximum price for the product at the said shipping or delivery point. In giving notice of the setting of such tentative maximum price or within 15 days of the making of the said sale, the seller shall file with the Petroleum Branch of the Office of Price Administration, Washington, D. C., a written request for the approval of either the tentative or sale price and together with such request a statement setting forth:

(1) Such tentative or sale price and in the latter case, full details of the sale;

(2) An explanation as to why it is impossible for the seller to establish a selling price under preceding articles of this regulation;

(3) Whenever applicable that the price set or charged by him is in line with the level of maximum prices for the three most closely competitive sellers of his same class and his own maximum price for the same product at three other points nearest the point at which the tentative price is set;

(4) Whenever subparagraph (3) is not applicable, an explanation, supplemented by specifications as to how the particular product differs from the two products having the most nearly similar specifications for which maximum prices are established under preceding articles of this schedule, the maximum prices of such products and a statement showing a computation of the cost to the seller[1] of the particular product and how that differs from the cost to him of the two products having the most nearly similar specifications.

Such tentative or sale price shall be the seller's maximum price at the particular shipping point or delivery point for the particular product until the said price is disapproved in writing by the Office of Price Administration or until the seller is notified in writing that a substitute maximum price has been set by the Office of Price Administration. Either an approved tentative or sale price or a substitute maximum price set by the Office of Price Administration may be replaced by another maximum price upon written notice to the seller from the Office of Price Administration.

(b) If a seller shall fail to report a sale as required by paragraph (a) above the Office of Price Administration may at any time upon written notice to the seller establish his maximum price for the particular product at the particular point effective retroactively to a date 15 days after the making of the said sale.

Effective date. This regulation shall become effective February 19, 1944 as to the 48 states and the District of Columbia and April 4, 1944 as to the territories and possessions, except the Panama Canal Zone. [MPR 88 originally issued February 14, 1944]

PART 1305—ADMINISTRATION

[Gen. RO 5,[2] Amdt. 71]

FOOD RATIONING FOR INSTITUTIONAL USERS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

General Ration Order No. 5 is amended in the following respects:

1. Section 5.3 (c) is amended by changing the period at the end of the second sentence to a comma and by adding the following at the end thereof: "except in cases where a petition for permission to file on a later date is granted in accordance with the next paragraph."

2. A new section 5.3 (d) is added to read as follows:

(d) An institutional user may apply, on OPA Form R-315, to the Board for permission to file applications for allotments later than the time fixed in paragraph (b) if, because of the nature of his operations, he is unable to secure the information showing the number of persons served and dollar revenue which he needs for those applications in time to file them within the period permitted in paragraph (b). His application must state the address of each establishment and the reason why he cannot secure such information within the required time. If the Board is satisfied that the nature of his operations is such that he cannot reasonably compile the information required on his application for allotments within the first fifteen (15) days

of an allotment period, it may extend his time for filing for such period of time as it finds necessary but not beyond the first thirty (30) days of the allotment period. If the Board grants a petition for late filing under this paragraph, it may grant the applicant an additional reserve allotment computed in the following way:

(1) The original reserve allotment is divided by 15;

(2) The figure so obtained is multiplied by the additional number of days granted to the applicant within which to file his application;

(3) The result is the additional reserve allotment.

This amendment shall become effective July 1, 1944.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 418,[1] Amdt. 33]

FRESH FISH AND SEAFOOD

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 418 is amended in the following respects:

1. Section 6 (b) is amended to read as follows:

(b) *To retailers.* For a service and delivery sale of any fresh fish or seafood to a retailer by a primary fish shipper wholesaler, his agent or branch warehouse, or by a wholesaler other than a retailer-owned cooperative wholesaler, whose supplier's ceiling was based on Table B, such wholesaler may add 1½ cents per pound to the price as determined in section 3 (c) (based on Table C) or section 5 (b) (based on Table D), whichever is applicable, plus the allowance in section 9 (b) when applicable. For other service and delivery sales to retailers, the wholesaler may add 2½ cents per pound to the price as fixed in section 5 (b) plus transportation allowance in section 9 (b) when applicable.

2. Section 6 (c) (1) is redesignated section 6a and is amended to read as follows:

SEC. 6a. *Maximum prices for sales of custom dressed fish to purveyors of meals.* For a sale of custom dressed fish to a purveyor of meals, a further addition of 2 cents per pound of custom dressed fish may be added to the applicable price for dressed fish. If a price is fixed in the regulation for round fish, but no price is fixed for dressed fish, the applicable dressed fish price shall be deemed to be 40 percent more than the applicable price for a sale of round fish. If no price is listed for dressed or round fish, but prices are listed for drawn fish of a species, the applicable dressed fish price shall be deemed to be 25 percent more than the applicable price for a sale of drawn fish. For the purposes of this section, "custom dressed" fish shall mean fish with the head, entrails, scales and fins removed. There shall be no charge by the wholesaler in supplying such fish to purveyors of meals for any other customary services performed such as slicing, removing collar bone, wrapping, etc.

3. Section 21 (a) is amended to read as follows:

(a) A wholesaler who sells fresh fish or seafood in a container may add as part of his maximum selling price the applicable container allowance listed in this section but only if he records it on an invoice to the buyer and only if the container becomes the property of the buyer. In no case may a wholesaler add a container allowance if the container is returned to him.

4. Section 21 (b) is amended to read as follows:

(b) If a wholesaler processes fresh fish into steaks, fillets or boned fish, or if a wholesaler sells custom dressed fish to a purveyor of meals and such wholesaler paid a container allowance permitted in this section, he may add as part of his maximum selling price an amount which will enable him to recover the permitted container allowance paid by him when he purchased the fish involved in the processing but no more than 3 cents in the case of sales of fillets or boned fish and no more than 2 cents in the case of sales of steaks and sales of custom dressed fish to purveyors of meals.

A purchasing wholesaler or subsequent wholesaler of such steaks, fillets or boned fish may pass on to his customer as part of his maximum selling price any container allowance authorized by this paragraph (b) which he paid.

This amendment shall become effective June 26, 1944.

Issued this 26th day of June 1944.

PART 1388—DEFENSE-RENTAL AREAS

[Rent Reg. for Housing in Miami Area,[1] Amdt. 6]

RENT ADJUSTMENT

Rent Regulation for Housing in the Miami Defense-Rental Area is amended in the following respects:

1. Section 5 (a) (10) is added to read as follows:

(10) *Not rented for one or two full months during the year ending on August 31, 1943.* The housing accommodations were not rented for one or two full months but less than twelve weeks during the year ending on August 31, 1943 and the maximum rent established under section 4 for such accommodations is substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations. The term "full month" means a period of consecutive days constituting a month.

2. The second unnumbered paragraph of section 5 is amended to read as follows:

In cases under paragraphs (a) (2), (a) (4), (a) (5), (a) (7), (a) (8), (a) (9), (c) (1), (c) (2), and (c) (5), the adjustment of the maximum rent shall be on the basis of the maximum rent which the Administrator finds is generally prevailing in the defense-rental area for comparable housing accommodations.

3. A sixth unnumbered paragraph is added to section 5, following the fifth unnumbered paragraph, to read as follows:

In cases under paragraph (a) (10) the maximum rent shall be adjusted to an amount to be ascertained by adding to the total rent for the year ending on August 31, 1943, an amount equal to the rent for the housing accommodations during the month or months of that year most nearly comparable to the month or months during which the accommodations were not rented, and dividing by twelve.

This amendment shall become effective June 28, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of June 1944.

PART 1390—MACHINERY AND TRANSPORTATION EQUIPMENT

[MPR 136, as Amended,[1] Amdt. 121]

MACHINES AND PARTS, AND MACHINERY SERVICES

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Maximum Price Regulation 136, as amended, is amended in the following respects:

1. Section 1390.10a is added to read as follows:

§ 1390.10a *Maximum prices where the seller does not comply with the provisions of §§ 1390.7, 1390.8, 1390.8a* (b), *1390.8a* (c), *1390.9* (b) *or 1390.10* (d). This section is applicable to any machine or part, or machinery service which is sold, offered for sale, delivered or transferred without computing the maximum price as required by §§ 1390.7, 1390.8, 1390.8a (b), 1390.8a (c), 1390.9 (b) or 1390.10 (d). The maximum price for any such sales, deliveries, or transfers shall be a price established by written order of the Price Administrator. This price will be in line with the level of maximum prices established by this regulation, and it shall apply to all sales or deliveries of the machine or part, or machinery service, to which such price applies, made after July 22, 1942.

2. Section 1390.25a (a) (2) (ii) (*a*) (3) is amended to read as follows:

(3) Whether, and by what amount, the supplier's current over-all profits, before income and excess profits taxes, are greater or less than his average over-all profits during the normal base period. These base period profits will be adjusted to reflect any change from the normal base period average investment.

This amendment shall become effective July 3, 1944.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[Rev. RO 11,[1] Amdt. 13]

FUEL OIL

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Revised Ration Order 11 is amended in the following respects:

1. Section 1394.5318 (a) (1) (i) is added as follows:

(i) However, if the application is made after June 15, 1944 the ration shall be the applicant's minimum requirements for the purpose, but not more than the figure obtained by adding twenty (20) gallons for the first person plus five (5) gallons for each additional person regularly occupying the dwelling, and multiplying that sum by the number of months (not beyond August 31, 1944) for which the ration is needed.

2. Section 1394.5318 (a) (2) (i) is added as follows:

(i) However, if the application is made after June 15, 1944 the ration shall be the applicant's minimum requirements for the purpose, but not more than the figure obtained by adding twenty (20) gallons for the first person plus five (5) gallons for each additional person regularly occupying the dwelling, and multiplying that sum by the number of months (not beyond August 31, 1944) for which the ration is needed.

This amendment shall become effective on July 1, 1944.

PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[MPR 468,[1] Amdt. 2]

BROOM CORN

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 468 is amended in the following respects:

1. Section 3 (a) is amended to read as follows:

(a) Subject to the provisions of paragraph (b) of this section, the following are the maximum prices applicable to sales and deliveries of broom corn by the producer thereof:

Type of broom corn:	Price per ton
Shed cured broom corn	$300.00
All other broom corn	250.00

The above maximum prices are net cash, f. o. b. shipping point. The term "shipping point" means the producer's farm, warehouse or other point at which the broom corn is loaded on any conveyance for shipment from the producer to the purchaser.

The term "producer" means a person who grows or raises broom corn. It shall include a landlord or landowner with respect to sales of broom corn received by him as rental for the land upon which the broom corn was produced.

"Shed cured broom corn" is broom corn which has been thoroughly threshed or seeded prior to curing and has been cured by spreading it upon slats to a depth of approximately 3 to 5 inches in a properly ventilated curing shed and allowing it to remain there until thoroughly cured but in no event for less than 10 days. Broom corn which has been cured in any other manner, including the use of field racks, ricks containing drying flues, corn stalk saddles or coverings or temporary roofs or tarpaulins, is within the category of "all other broom corn."

Sales on a delivered basis. If the producer sells broom corn on a delivered basis, a delivered price in excess of the applicable maximum price f. o. b. shipping point specified in this paragraph (a) may be charged, consisting of such maximum price plus: (1) if the shipment is made in a vehicle owned or controlled by the producer, an amount not to exceed the lowest available commercial carrier rate for an identical shipment; or (2) if the shipment is made by a common or contract carrier, the amount actually paid to the carrier for the shipment.

2. Section 3 (c) is added to read as follows:

(c) *Invoices.* Every producer shall, with respect to every delivery of broom corn for which a maximum price is established by this section (3), deliver to the purchaser thereof an invoice or other memorandum showing: (1) the seller's name and address; (2) the buyer's name and address; (3) if the broom corn is shed cured, a statement to that effect; (4) the quantity shipped; (5) the price charged per ton; and (6) if the broom corn is sold on a delivered basis, the shipping point, the point of delivery and the amount paid to the carrier where shipment is made by a common or contract carrier, or, where shipment is made in a conveyance owned or controlled by the producer, the freight charges for an identical shipment at the lowest available commercial carrier rate. The purchaser shall retain such invoice or memorandum, and the producer shall retain a copy thereof, for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, is in effect.

This amendment shall become effective July 3, 1944.

NOTE: All record keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of June 1944.

the Detroit area are hereby modified and henceforth shall be the prices set forth in Appendix A.

(2) *Definitions.* As used in this supplementary service regulation the term:

"Hand laundry" means a retail laundry establishment receiving and distributing laundry, generally finishing wearing apparel by hand ironing done on the premises, giving only limited, if any, delivery service and employing 10 or less employees.

"Detroit area" means the Counties of Wayne, Oakland, and Macomb, in the State of Michigan.

(3) *Posting requirements.* Within 30 days after the issuance of this supplementary service regulation, every hand laundry located in the Detroit area shall post on its premises in a place and manner so that it is plainly visible to the purchasing public, a placard or card setting forth the maximum prices established in Appendix A.

(4) *Elimination of individual adjustments.* On and after the effective date of this Supplementary Service Regulation the provisions of § 1499.114 (d) of Maximum Price Regulation No. 165 shall no longer be available to sellers covered by this regulation.

(5) *Less than maximum prices.* Lower prices than those established by this regulation may be charged, demanded, paid or offered.

(6) *Other services supplied by hand laundries.* Laundry services not listed in Appendix A performed by hand laundries shall be governed by Maximum Price Regulation No. 165 as amended.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—General Land Office

[Circular 1578]

PART 191—GENERAL REGULATIONS APPLICABLE TO MINERAL PERMITS, LEASES AND LICENSES

SURRENDER OF LEASE

§ 191.15 *Computation of rental on surrender of lease.* It is provided in the act of November 26, 1943 (57 Stat. 593), as follows:

That the Secretary of the Interior is authorized to accept the surrender of any lease issued pursuant to any of the provisions of the Act of February 25, 1920 (41 Stat. 437, 30 U.S.C. sec. 181 and the following), or an amendment thereof, where the surrender is filed in the General Land Office subsequent to the accrual but prior to the payment of the yearly rental due under the lease, upon payment of the accrued rental on a pro rata monthly basis for the portion of the lease year prior to the filing of the surrender. The authority granted to the Secretary of the Interior by this Act shall extend only to cases in which he finds that the failure of the lessee to file a timely surrender of the lease prior to the accrual of the rental was not due to a lack of reasonable diligence, but it shall not extend to claims or cases which have been referred to the Department of Justice for purposes of suit.

The act applies to surrenders of leases filed before or after its enactment. Subject to compliance with all other applicable provisions of the lease, any lessee desiring to obtain the relief provided for should file, in addition to his surrender of the lease, a statement under oath setting forth in detail the facts tending to show that the delay in filing the surrender was not due to any lack of reasonable diligence. The statement should be corroborated by the affidavits of at least two disinterested persons conversant with the facts. The lessee also must tender a sum of money sufficient to pay all accrued rentals on a pro rata monthly basis, to and including the month in which the surrender is filed.

The surrender must be filed in triplicate if the lessee desires a counterpart returned; otherwise, it should be filed in duplicate.

(Sec. 32, 41 Stat. 450, 30 U.S.C. 189)

FRED W. JOHNSON,
Commissioner.

Approved: June 20, 1944.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter II—Office of Defense Transportation

[Administrative Order ODT 28]

PART 503—ADMINISTRATION

TERMINATING GOVERNMENT POSSESSION, OPERATION AND CONTROL OF THE AMERICAN RAILROAD COMPANY OF PUERTO RICO

Pursuant to Executive Order 9341 and a determination by the President of the United States that possession, operation and control of the American Railroad Company of Puerto Rico are no longer required for the successful prosecution of the war, *It is hereby ordered*, That:

Sec.
503.485 Termination of possession, operation and control.
503.486 Waiver of claims and rights of the United States.
503.487 Communications.

AUTHORITY: §§ 503.485 to 503.487, inclusive, issued under E.O. 9341, 8 F.R. 6333, memorandum from the President of the United States dated June 21, 1944, and letter from the Attorney General dated June 15, 1944.

§ 503.485 *Termination of possession, operation and control.* Possession, operation and control by the United States of the American Railroad Company of Puerto Rico, herein referred to as "railroad", and of all real and personal property, franchises, rights, facilities, funds, and other assets, tangible and intangible, taken and assumed pursuant to Executive Order 9341, are hereby terminated and relinquished as of 12:01 o'clock a. m., eastern war time, July 1, 1944. No further action shall be required to effect termination of Government control and operation and relinquishment of possession hereby ordered.

§ 503.486 *Waiver of claims and rights of the United States.* All claims and rights which the United States may have against the railroad, Compañía de los Ferrocarriles de Puerto Rico, and Compañía Ferroviaria de Circunvalación de Puerto Rico, with respect to the operation of the railroad and the property herein referred to during the period of Government possession, operation and control, and to the funds accruing from such operation, are hereby waived and released when the railroad, Compañía de los Ferrocarriles de Puerto Rico, and Compañía Ferroviaria de Circunvalación de Puerto Rico shall have executed an agreement:

(a) Adopting and ratifying all acts performed by the Director of the Office of Defense Transportation and the Federal Manager of the properties of the American Railroad Company of Porto Rico, and their agents and employees, in connection with said operation;

(b) Indemnifying and saving harmless the United States and all of its departments, agencies, officials, agents, and employees, from and against any and all liability to third parties arising out of possession, operation and control of the railroad and such properties by the Government;

(c) Assuming the defense of any and all claims of third parties against the United States or any department, agency, official, agent or employee thereof, arising from, on account of or in connection with the operation and possession of the railroad and such properties by the Government; and

(d) Releasing and discharging the United States and all of its departments, agencies, officials, agents and employees, and their successors, from all claims, rights and demands by or on behalf of the railroad, Compañía de los Ferrocarriles de Puerto Rico, and Compañía Ferroviaria de Circunvalación de Puerto Rico, or their successors or assigns, that have arisen now exist, or may hereafter arise or be asserted, by reason of or in connection with the possession, operation or control by the United States of their properties during the period of Government possession, operation and control, or said Executive Order 9341, or any action taken pursuant thereto.

§ 503.487 *Communications.* Communications concerning this order should be addressed to the Office of Defense Transportation, Washington 25, D. C., and should refer to "Administrative Order ODT 28".

Issued at Washington, D. C., this 27th day of June 1944.

J. M. JOHNSON,
Director,
Office of Defense Transportation.

TITLE 50—WILDLIFE

Chapter IV—Office of the Coordinator of Fisheries

[Order 1688, Amdt. 2]

PART 401—PRODUCTION OF FISHERY COMMODITIES OR PRODUCTS

COORDINATED PILCHARD PRODUCTION PLAN

By virtue of the authority conferred upon me by War Food Order No. 52 (formerly known as Food Directive No. 2 of February 8, 1943, 8 F.R. 1777, as amended on March 16, 1943, 8 F.R. 3280) issued pursuant to Executive Order No. 9280 of December 8, 1942 (7 F.R. 10179), and in order to facilitate the production of an adequate supply of pilchard to meet war and essential civilian needs with a minimum utilization of critical material, manpower and fishing vessels, Order No. 1638 of the Secretary of the Interior (8 F.R. 9233) issued June 30, 1943, as amended September 28, 1943 (8 F.R. 13517), is amended and completely revised to read as follows:

§ 401.2 *Coordinated pilchard production plan*—(a) *Jurisdiction.* Control over the activities of pilchard vessels in gainful pursuits on the Pacific Coast of the United States and Alaska and of pilchard plants in the same area through the stage of processing fish, for the purposes herein specified, shall be vested in the Fishery Coordinator and subject to his supervision and direction shall be administered by the Office of Fishery Coordination.

(b) *Statement of policy.* Shrinkage of the fishing fleet through military requisition, restriction on the movements of fishing vessels imposed by security requirements, limitation of manpower, and other war connected stringencies, coupled with increased National requirements for proteins and fats, have created a condition calling for Government supervision to insure the maximum effectiveness of existing fishing and processing facilities for the production of pilchard products. It is the purpose and intent of the Fishery Coordinator in administering and enforcing the provisions of this order to restore as nearly as possible a normal flow of raw material and as continuous an operation at processing plants as possible and to insure the production of the quantities of each category of finished products required for the maintenance of the Nation's war economy with the least possible interference with the freedom of activity of persons in the pilchard fishery and the pilchard processing industry. In the interest of effective mobilization of material resources necessary to the successful prosecution of the war, it is expected that persons affected by this order will cooperate with the United States Government in the attainment of the objectives which prompt the issuance of this order; among other things, it is expected that those engaged in the industry will make every effort to settle disputes among themselves, before the disputes interfere with maximum production or the other aims of the order.

(c) *Definitions.* For the purpose of interpreting this order and directions, applications, permits and all administrative instruments based upon it:

(1) "Person" means any individual, partnership, association, corporation, or any other business entity.

(2) "Pilchard" means raw, unprocessed pilchard (Sardinia caerulea), by whatever name known, including sardines.

(3) "Delivery" means the transfer of pilchard to a processing plant, for canning or reduction, to a transporting facility, or to a place of storage, whether or not the same person owns or controls the vessel from which it is transferred, the plant, and the fish.

(4) "Port" means a single harbor or group of contiguous or nearly contiguous harbors at which pilchard are landed. San Pedro means the ports of San Pedro, Wilmington and Long Beach. Monterey means the ports of Monterey and Moss Landing. San Francisco means the harbors on San Francisco Bay, and the tributaries thereof. Ports may be added or regrouped in the discretion of the Fishery Coordinator, or his representative.

(5) "Registration port" means the port where the permanent document of the vessel issues.

(6) "Home port" means the port at which the Master and the operating owner or holder of the charter of the vessel have had residence for a substantial portion of the period since June 1, 1940, and from which they have practiced pilchard fishing operations during at least half of the time in all seasons of active fishing since June 1, 1940; or, in case these criteria are conflicting, the port designated by the Fishery Coordinator, or his representative, as the home port of the vessel.

(7) "Fishing port" means a port from which the vessel operates for the purpose of pilchard fishing.

(8) "Operating owner" means the person (or one of the persons) to whom the vessel is chartered, or if there is no charter the person who receives (or one of the persons who participates in) the share of the earnings commonly called the "boat's share" as distinct from that of the crew, and distinct from the share paid for use of the net.

(9) "Pilchard vessel" includes any vessel which has engaged in fishing for pilchard at any time since May 31, 1940, and also any vessel constructed, remodeled, or converted since that date for fishing for pilchard with any type of gear whether such fishing be intermittent or continuous within the pilchard season, and any vessel constructed, remodeled or converted with the aid of priority assistance secured partly by means of a statement of intent, expressed or implied, to use the boat in pilchard fishing during a part of the year.

(10) "Pacific Coast" means the coast of Alaska and of the states of Washington, Oregon, and California.

(11) "Fishery Coordinator" means the Secretary of the Interior in the sense in which the Secretary is so designated by Executive Order No. 9204 (7 F.R. 5657).

(12) "Representative" means any person or persons duly designated by the Fishery Coordinator to perform any of the delegable functions authorized by this order.

(13) "Fishery commodities and products" includes any edible or non-edible fish, any form of aquatic animal or plant life, and any other commodity and product, including fats and oils, of marine or fresh water origin, which is within the meaning of the term "food" as defined in section 10 of Executive Order No. 9280 (7 F.R. 10179).

(14) Except when the context clearly indicates otherwise each term and phrase has the same meaning as is given to it in War Food Order No. 52 (formerly known as Food Directive No. 2, as amended, 8 F.R. 1777, 3280).

(d) *Catching or delivering pilchard without a permit prohibited.* No person owning or controlling a vessel of 20 net tons or over shall fish for and deliver pilchard to any cannery, reduction plant, or other establishment at any port on the Pacific Coast of the United States, except as otherwise provided in paragraph (m) below, unless expressly authorized by a permit issued by the Fishery Coordinator, or his representative.

(e) *Clearance of pilchard vessels from ports without a permit prohibited.* Except where there has been an emergency modification of the permit as provided in paragraph (m) below:

(1) No pilchard vessel of 20 net tons or over shall be cleared from any port on the Pacific Coast of the United States or Alaska for a fishing voyage of any sort or for a voyage during which it is to be engaged in any gainful pursuit, or enter any port to deliver fish or otherwise to complete such gainful pursuits except in accordance with the terms of a permit issued as set out in this order:

(2) Clearance from a port will not be permitted except when the Master of the vessel shall have such permit in his possession.

(f) *Terms and conditions or permits.* (1) Each permit shall provide specifically the period for which it is issued; the port or ports from which clearance is authorized; and such other reasonable terms and conditions as may be deemed necessary to accomplish the purpose of this order. When a new Master is placed in charge of the vessel, unless the arrangement is temporary for fifteen days or less, the old permit shall be invalid and should be surrendered to the Area Coordinator with an application for immediate issuance of a new permit.

(2) Each permit shall provide that if it shall be ordered suspended (as distinct from revoked) for a violation of this order in the handling of a load of fish, the permittee shall have the option, in lieu of suffering such permit suspension, of paying to the United States Government a sum of money, to be specified in the suspension order, and computed as follows: For each day in the designated

suspension period, 50 percent of the value of fish involved, plus an additional ten percent of the value for each previous wilful violation of this order by the same person or his representative, whether a penalty has been imposed for such prior violation or not, but disregarding violations prior to July 1, 1944. For purposes of this clause, infractions during a single trip shall be considered a single violation.

(3) Permits may be amended at any time or new permits issued when deemed necessary by the Fishery Coordinator, or his representative, to provide an adequate number of fishing vessels at any given port and to assure an even flow of pilchard to canning or reduction plants in order to facilitate the maximum production of sardine products commensurate with available manpower and plant facilities.

(4) The terms of a permit may be modified by the Fishery Coordinator, or his representative, on request of the holder of such permit when conditions are shown to exist which warrant such modification.

(g) *Applications for permits; Master as agent for operating owners.* (1) Applications for permits shall be filed with the Fishery Coordinator, or his representative, not later than June 1 of each year, except for vessels built or acquired for pilchard fishing during the course of the season, in which case applications shall be filed not less than 10 days prior to the time operation of the vessel is contemplated.

(2) Applications shall contain the following information:

(i) The name of the vessel, the registration port and official number, the name of the operating owner (or if there are several operating owners, the name of the one representing the group in applying for a permit) and the name of the Master of the vessel.

(ii) The permanent residence of the operating owner in whose name as representative of all operating owners the permit is requested to be issued, and of the Master of the vessel, and the date when each such residence was established.

(iii) The fishing ports, during the period since June 1, 1940, of the Master or such other person as is to be in charge of fishing operations of the vessel as distinct from navigation.

(iv) The home port.

(v) The fishing port or ports from which a permit to fish is desired and the period of time during which fishing operations are to be conducted at each of the fishing ports.

(vi) Any other information deemed necessary by the Fishery Coordinator, or his representative, to accomplish the purposes of this order, including the submission of copies of contracts bearing on the determination of the home port or of the fishing ports or affecting the delivery of pilchard.

(3) The Master of the vessel named in an application for fishing during a particular pilchard, tuna, or other season, shall be deemed the agent of the operating owners for all purposes of administration of this order, including, but not limited to, filing subsequent applications, receiving all communications and service of all notices in any proceedings for violation of the order, waiving notice and hearing in such proceedings. Such agency shall continue until the end of the seasons for all species of fish named in the application, or earlier receipt of notice by the Area Coordinator of designation of another Master for the vessel; such notice shall terminate the permit. The first application for a particular season may be filed by the Master as agent of the operating owners with their consent; and such consent shall be conclusively presumed unless the operating owner named as permittee repudiates the application promptly after learning that it was filed, or that a permit was issued under it, or that the vessel is operating under the permit. The Master of the vessel actually in charge of it, whether named in the application or not, shall also be deemed the agent of the operating owners for the purposes specified.

(h) *Action on applications.* (1) The Fishery Coordinator, or his representative, shall consider each application on the basis of (i) military and essential civilian requirements for canned sardines, sardine meal and oil; (ii) the necessity of maintaining canneries or reduc-pilchard to available canneries or reduction plants; and (iii) the condition of fishing in the waters adjacent to each port.

(2) So far as is consistent with the factors referred to in subparagraph (1) above, in acting upon applications preference in assignment to ports shall be given to applicants for home port fishing permits. When assignment of vessels to ports other than their home ports is deemed necessary to secure maximum production, or to further the other purposes of this order, it will be given, so far as possible, to vessels which, even without such action would not be operating at their home ports during the period in question.

(3) Permits may be granted on applications filed after the dates specified in paragraph (g) hereof but the rules stated in subparagraph 2 above as to the preferential assignment of fishing ports shall not apply to such late applications.

(i) *Individually directed deliveries; new plants; disputes.* (1) The Fishery Coordinator, or his representative, when it is necessary in his opinion to assure maximum production of all pilchard products, or of the pilchard product deemed most essential, or to assure production of each type of pilchard product in proper proportion to meet the requirements for military and essential civilian supply, or to promote an even flow of the material to canning or reduction plants or to promote other purposes of this order, may set up a system for distributing pilchard landings in any port, and direct specifically where and to whom each load shall be delivered. The delivery or the receipt of fish, contrary to such direction shall be a violation of this order.

(2) Whether such a system of directed deliveries has been set up or not, no plant shall receive fish knowing it to have been caught or brought into port in violation of this order or of any permit issued thereunder, except pursuant to a direction from the Fishery Coordinator, or his representative, given with knowledge of the violation.

(3) When, after the opening of the pilchard season at a particular port and after a system of directed deliveries has been set up there and is operating pursuant hereto for the season, a new plant, whether independently owned or an addition to the facilities of a processor already operating there, is ready to begin operations in the port, application may be made to the Area Coordinator to have a share of the pilchard landings in that port delivered to the new plant, and such application shall be considered and granted or denied on its merits, giving proper weight to all the purposes of this order, including maximum production in the most essential categories to meet the requirements for military and essential civilian supply, and economy in use of manpower and critical material.

(4) The Area Coordinator may refuse or reduce deliveries to any plant not reasonably necessary for the production program of this order and constructed, repaired or equipped partly or wholly with critical materials improperly obtained or used contrary to applicable regulations. Critical materials will be deemed obtained improperly if obtained with the aid of priorities assistance secured partly or wholly by misrepresentation. Critical materials in a particular construction, including repair or equipment installation, will also be deemed to have been improperly obtained if any person obtaining them knowingly uses them, or uses critical materials released by such construction, or uses an old plant expected to be replaced by such construction, in any manner inconsistent with his statement as to the use contemplated, which statement was made, expressly or impliedly, to a Government representative prior to obtaining the materials; the same result will follow if the person by any act knowingly aids or contributes to such inconsistent use.

(5) Where critical materials have been used in the construction, repair or equipment of a plant, and the priorities assistance therefor was secured by any person after his express or implied statement to any Government representative that the plant was to take the place of an old plant then operating, the Area Coordinator may also refuse or reduce deliveries to the old plant, if reopened as a processing plant, unless the persons interested in the old plant are able to show that their interests were acquired after such express or implied statement, and acquired in good faith and without knowledge thereof.

(6) In the event of any dispute between any person designated to deliver pilchard and the person to whom such delivery is assigned, concerning quantity, quality, payment or other terms of a transaction directed under subparagraph (1) above, if the Grievance Committee or other conference group established by participants in the industry to settle such disputes in the particular port concerned fails to reach a settlement accepted by both parties, either party may petition the Area Coordinator for exemption from any requirement to deliver pilchard to, or receive pilchard from, the other party. The petition shall set out the facts and shall be served on the other party to the dispute, the respondent, who may serve and file a reply; a hearing shall be held thereon if either party requests it. If in the opinion of the Area Coordinator the facts indicate that the failure to settle the dispute was substantially attributable to respondent's unjustified failure to cooperate reasonably in submitting the dispute for settlement or in carrying out a settlement award, and that such action would further the purposes of this order, he may grant the exemption requested, directing deliveries in that port thereafter so as not to require business transactions between the two parties to the dispute, providing alternative transactions for the petitioner without providing the respondent with alternative transactions to compensate him for transactions lost as the result of such action.

(j) *Designation of particular uses.* The Fishery Coordinator, or his representative, may direct or prohibit the use of pilchard for canning or for reduction into meal and oil or may direct the use of any specified percentage for each particular purpose when deemed necessary in order to meet the requirement for military and essential civilian supply.

(k) *Agreements to limit production prohibited.* No contract or agreement, written or verbal, shall be entered into or carried out in whole or in part, and no action shall be taken which directly or indirectly operates to limit the amount of pilchard which may be caught or delivered by any fishing vessel or the frequency with which any pilchard fishing vessel shall leave port for or return from the fishing grounds except as may be ordered by the Fishery Coordinator, or his representative.

(l) *Records and reports.* (1) All persons engaged in processing pilchard and who are affected by this order shall keep and preserve, for not less than two years, accurate records concerning purchases (including names of sellers and vessels) and production of fishery commodities and products, and such other material information as may be required by the Fishery Coordinator, or his representative.

(2) All records required to be kept by this order or by any order of the Fishery Coordinator, or his representative, shall be made available for inspection and audit by the Fishery Coordinator, or his representative, upon request.

(3) The Fishery Coordinator, or his representative, may require from persons affected by this order daily or other periodic reports with respect to amounts and quality of fishery commodities and products received, production capacity, quantities of each product produced, and such other material information as may be deemed necessary by the Fishery Coordinator, or his representative, to carry out the purposes of this order. These record keeping requirements have been approved by the Bureau of the Budget and specific recording and reporting requirements subsequently prescribed will be subject to the approval of the Bureau of the Budget, all pursuant to the Federal Reports Act of 1942.

(m) *Modification of permit by radio, etc.* (1) In unusual circumstances, when deemed necessary to meet the exigencies of the occasion, the Fishery Coordinator, or his representative, may, verbally or by radio telephone, modify the terms of a permit by change of port for a single trip or otherwise, subject to confirmation in writing within a reasonable period of time thereafter.

(2) Any such emergency modification permitting entry to and delivery of pilchard at a port contrary to the terms of the permit as issued must be secured before the vessel deviates from its course to a permitted port in order to enter another port for delivery of pilchard; after such deviation no action taken by any representative of the Fishery Coordinator to enable the vessel to discharge its load in the other port shall constitute a modification of the permit or relieve the permittee from responsibility for coming to such port contrary to the terms of his permit, unless the action is accompanied by an express provision for such modification and relief.

(n) *Orders and directions; Deputy Fishery Coordinator.* The Fishery Coordinator, or his representative, may issue such orders and directions as he may deem necessary to accomplish the purposes of this order, and violation of any such order or direction shall be a violation of this order.

(o) *Violation; revocation.* Each permittee shall be responsible for any violation occurring through operation of the vessel under his permit. Any person who violates this order or any order, direction, or prohibition of the Fishery Coordinator, or his representative, or any term or condition of any permit issued by either, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order, may, by a decision of the Area Coordinator based upon findings of fact made after reasonable notice and hearing, be prohibited from fishing by suspension or revocation of any permit issued, or prohibited from receiving any type of fish for a specified period of tire. If the Area Coordinator shall have reasonable grounds to believe that such violation has occurred and if the circumstances are such that he shall deem such action reasonably necessary to carry out the purposes of this order, he may immediately suspend the permit or privilege of receiving fish pending such hearing. In all such remedial proceedings hereunder the Master of the vessel shall be an authorized representative of the operating owners as set out in paragraph (g) (2) above. Such further action may be taken against the violator as the Fishery Coordinator deems appropriate, including the recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. sec. 80), under paragraph 5 of section 301 of Title III of the Second War Powers Act, and under any and all other applicable laws. If the permit shall be ordered suspended as provided in this paragraph the permittee shall have the option to make the payment described in paragraph (f) (2) above, in lieu of suffering such suspension; such option shall not be available in lieu of revocation.

(p) *Appeals and petitions for relief.* Any person who finds that compliance with this order imposes an unreasonable burden upon him may petition the Fishery Coordinator for appropriate relief. Any person aggrieved by any action taken by the Area Coordinator, or one of his staff hereunder, or by any direction issued hereunder, or who finds that compliance therewith imposes an unreasonable burden upon him may petition the Area Coordinator for appropriate relief; and after the hearing or other presentation of the matter before the Area Coordinator and his decision, any person affected may appeal from the decision by filing a petition with the Fishery Coordinator. Any petition filed under this paragraph must include a full showing of the pertinent facts, and must be filed in triplicate; and when any petition is filed with the Fishery Coordinator a copy thereof shall be filed at or before that time with the Area Coordinator.

(q) *Surrender of permits; applications; communications.* Permits which have been superseded by amended permits, or which have been revoked, shall be surrendered at once to the Area Coordinator; and all applications, petitions, and communications referred to herein shall, unless otherwise directed, be addressed to and filed with the Area Coordinator, Area II, Office of the Coordinator of Fisheries, 901 Alexander Building, 155 Montgomery Street, San Francisco 4, California.

(r) *Deputy Fishery Coordinator; delegation of authority; designated representative.* For the purposes of this order the functions, duties and powers of the Fishery Coordinator may, in his absence, be exercised by the Deputy Fishery Coordinator. The Area Coordinator in Area II is designated as the representative of the Fishery Coordinator in immediate charge of the administration of this order, is authorized to perform any of the functions of the representative of the Fishery Coordinator hereunder, and is the person referred to whenever the term "Area Coordinator" is used herein. In the performance of these functions the Area Coordinator may designate any members of his staff to carry out any specific functions he may assign to them, and in addition he may delegate specific functions to any member of the staff of the Office of Fishery Coordination or of the Fish and Wildlife Service, with the consent of the superior of such staff member. The Area Coordinator may also designate other Federal officers or employees who are qualified therefor by training or experience to serve as hearing officers with the consent of their superiors in any hearings necessary hereunder.

(s) *Previous orders superseded.* This order shall supersede Conservation Order M-206 as amended September 30, 1942 (7 F.R. 8274) issued by the War Production Board.

(t) *Separability; effective date.* The various clauses and provisions herein are intended to be separable and the invalidity of any one shall not affect any other provision. This order shall become effective immediately, but permits shall

not be required for any fishing from Alaska ports until thirty days after the date of this order; however, applications should be filed for such permits within twenty days after that date.

Issued this 23d day of June 1944.

HAROLD L. ICKES,
Secretary of the Interior.

DEPARTMENT OF LABOR.

Wage and Hour Division.

WESTERN UNION TELEGRAPH CO.

NOTICE OF OPPORTUNITY TO FILE

Notice of opportunity to file written objections to the denial of application for permission to employ messengers in the telegraph industry at wages lower than the applicable minimum specified in section 6 of the Fair Labor Standards Act of 1938.

Whereas, the Western Union Telegraph Company, pursuant to regulations, Part 523 (regulations applicable to employment of messengers pursuant to section 14 of the Fair Labor Standards Act of 1938) made application for permission to employ messengers at wages lower than the applicable minimum wage specified in section 6 of the act; and

Whereas, a hearing on said application was held on March 1, 1944 before Isabel Ferguson, the representative of the Administrator of the Wage and Hour Division duly authorized to receive evidence, hear argument and make her findings of fact and recommendations on the following questions:

1. It is necessary, in order to prevent curtailment of opportunities for employment, to provide by regulations or orders for the employment in the telegraph industry of messengers, employed exclusively in delivering letters or messages, under special certificates, at wages lower than the minimum wage applicable under Section 6 of the Fair Labor Standards Act of 1938; and if such necessity is found to exist,

2. Under what limitations as to wages, time, number, proportion and length of service may special certificates be issued authorizing the employment of such messengers at subminimum wage rates; and

Whereas, following the hearing, the said Isabel Ferguson duly made her findings of fact and found that it is not necessary, in order to prevent curtailment of opportunities for employment, to provide for the employment of messengers employed exclusively in delivering letters and messages, under special certificates, at wages lower than the minimum wage applicable under section 6, and recommended that the application of the Western Union Telegraph Company be denied; and

Whereas, the duly authorized representative of the Administrator has filed her findings of fact and recommendations, together with a complete record of the proceedings, with the Administrator and said findings of fact and recommendations are available for examination by all interested parties at the National Offices of the Wage and Hour Division, 165 West 46th Street, New York, New York.

Now therefore, notice is hereby given of the opportunity to all interested persons to file with the Administrator of the Wage and Hour Division their written objections to the duly authorized representative's findings of fact and recommendations showing cause why the Administrator should not approve the recommendations and deny the application of the Western Union Telegraph Company for permission to employ messengers at wages lower than the minimum wage applicable in the telegraph industry under section 6 of the act. An original and four copies of all objections, protests or statements in opposition to the approval of the duly authorized representative's findings of fact and recommendations should be addressed to the Administrator of the Wage and Hour Division, United States Department of Labor, 165 West 46th Street, New York 19, New York, and shall be filed with the Administrator not later than 15 days after this notice appears in the FEDERAL REGISTER.

Signed at New York, New York, this 22d day of June 1944.

L. METCALFE WALLING,
Administrator.

WENNONAH COTTON MILLS CO.

NOTICE OF GRANTING OF EXCEPTION

Notice of granting of exception to the Wennonah Cotton Mills Company of Lexington, North Carolina, from certain record-keeping requirements of the Fair Labor Standards Act of 1938 and regulations issued thereunder.

Pursuant to section 11 (c) of the Fair Labor Standards Act of 1938 and § 516.18 of the record-keeping regulations, Part 516, as amended, notice is hereby given of the granting of an exception to the Wennonah Cotton Mills Company, Lexington, North Carolina, from the necessity of maintaining records, as required by § 516.1 (b) of the aforesaid regulations, substantiating the cost of housing furnished to its employees.

This exception is granted on the following conditions:

(1) Deductions made from the wages of any employee (except deductions for government bonds, cash advances, voluntary wage assignments to independent third persons, or any deductions required by law) shall not, in any week, exceed the difference between his earnings for the first 40 hours worked during that week and the minimum wage required by the Fair Labor Standards Act for those hours; and

(2) Deductions made from the wages of any employee for government bonds, cash advances, voluntary assignments to independent third persons, or any deductions required by law shall not in any instance exceed the amount actually paid by the employer on behalf of and for the benefit of the employee, and neither the employer nor any affiliated person shall derive any profit or benefit therefrom or receive any fee, commission, rebate, or other payment from any person in connection with such transaction.

This exception shall terminate automatically as of the first day in any workweek in which the deductions from the wages of any employee exceed the amount specified above.

Signed at New York, New York, this 23d day of June 1944.

CERTAIN PACKED FOOD PRODUCTS

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and in accordance with § 1341.566 of Maximum Price Regulation No. 306, *It is ordered:*

(a) That sales and deliveries of packed peas, snap beans, corn, tomatoes and tomato products of the 1944 pack may be made by processors to government procurement agencies, subject to an agreement between the buyer and seller, in each case, that the price shall be determined pursuant to action taken by the Office of Price Administration after delivery.

In any such sale the processor shall not invoice the goods at a price higher than the maximum price in effect at the time of delivery, nor shall he receive payment of more than that price until permitted by action taken by the Office of Price Administration.

(b) This order shall be automatically revoked upon the establishment by the Office of Price Administration of new maximum prices for the commodities named in paragraph (a). This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective June 26, 1944.

FLUID MILK IN COLORADO

Second Revised Order No. G–7 under Supplementary Regulation No. 15 of the General Maximum Price Regulation, Amendment No. 5. Adjusted maximum prices for fluid milk sold at wholesale and retail in certain areas in the State of Colorado.

Pursuant to the Emergency Price Control Act of 1942, as amended and § 1499.75 (a) (9) (i) (a) (*1*) (ii) of Supplementary Regulation No. 15 to the General Maximum Price Regulation, and for the reasons set forth in the accompanying opinion, this Amendment No. 5 is issued.

1. Paragraph (b) is hereby further amended by adding thereto a new area, designated Area 10, and specific maximum prices are established therefor as follows:

AREA 10

Size of glass or paper container	Wholesale delivered	Retail out of store
	Cents	*Cents*
½ pint	4	6
Pint	6	7
Quart	11½	13½
½ gallon	22	26
Gallon	43	50

2. Paragraph (c) (2) is hereby further amended by inserting immediately after the word "Grand" in the sixth line thereof the following: "(except the Town of Grand Lake, and a distance of five miles beyond the corporate limits thereof at all points)".

3. Paragraph (c), as amended by Amendments No. 2, No. 3, and No. 4, is hereby further amended by designating the last subparagraph thereof (11) and by adding a new subparagraph designated (10), to follow immediately after subparagraph (9), and reading as follows:

(10) "Area 10" means all that area contained within the Town of Grand Lake, and a distance of five miles beyond the corporate limits thereof at all points.

4. *Effective date.* This Amendment No. 5 shall become effective on the 19th day of June 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 8 F.R. 7871, and E.O. 9328, 8 F.R. 4681)

Issued this 19th day of June 1944.

RICHARD Y. BATTERTON,
Regional Administrator.

VOLUME 9 NUMBER 129

Washington, Thursday, June 29, 1944

The President

EXECUTIVE ORDER 9452

AUTHORIZING THE SECRETARY OF STATE TO PRESCRIBE REGULATIONS AND ISSUE ORDERS AND INSTRUCTIONS RELATING TO THE FOREIGN SERVICE OF THE UNITED STATES

By virtue of and pursuant to the authority vested in me by sections 202 and 1752 of the Revised Statutes of the United States (U.S.C., title 5, sec. 156; U.S.C., title 22, sec. 132), and as President of the United States, it is hereby ordered as follows:

1. The Secretary of State is authorized to prescribe such regulations and issue such orders and instructions, not inconsistent with the Constitution, any law of the United States, or any Executive order or proclamation, relating to the duties of officers and employees of the Foreign Service of the United States and the transaction of their business, as he may deem conducive to the public interest: *Provided, however*, that the authority granted by this order shall not be exercised in any case in which the President is specifically authorized by law to prescribe regulations with respect to a particular subject.

2. The Secretary of State is authorized to prescribe the form and the manner of publication of all regulations, orders, and instructions prescribed or issued under authority of this order; but this paragraph shall not be construed to affect the legal requirements relating to publication in the FEDERAL REGISTER.

TITLE 7—AGRICULTURE

Chapter XI—War Food Administration (Distribution Orders)

[Suspension Order Docket No. FDA-MW-7]

PART 1500—SUSPENSION ORDERS

WHITE WAY RETAIL DAIRY

White Way Retail Dairy of 411 West Adams Street, Creston, Iowa (the "respondent"), was served with a Statement of Charges and Procedure from which it appears that respondent had violated Food Distribution Order No. 8 (8 F.R. 953) issued by the Secretary of Agriculture on January 19, 1943, and effective February 1, 1943, as amended (8 F.R. 12163) now designated as War Food Order No. 8 (9 F.R. 4321, 4319), by utilizing, in the allocation periods of February, March, May, June, July, and August 1943, respectively, more milk solids in the production of frozen dairy foods than 65 per centum of the total milk solids utilized by it in the production or manufacture of frozen dairy foods during the corresponding base periods, namely February, March, May, June, July, and August 1942, respectively.

Respondent filed an answer and requested a hearing. Pursuant to respondent's request, a hearing was held in this matter on October 22, 1943, before a presiding officer, at which the respondent, its attorney and an attorney representing the War Food Administration appeared. Thereafter, the respondent entered into a stipulation admitting an excessive utilization of milk solids in the production of frozen dairy foods as determined by a re-audit of the respondent's books and records, and consenting to the making of a suspension order reducing its utilization of milk solids in the production of frozen dairy foods during the months of March to December 1944, inclusive, to an amount not greater than 50 percent of the total milk solids used in the production of such products during corresponding months of the base period.

Upon the basis of the evidence adduced at the hearing and upon the basis of the stipulation above referred to, the War Food Administrator, acting under authority conferred upon him by Executive Order 9322 (8 F.R. 3807), as amended by Executive Order 9334 (8 F.R. 5423), hereby determines that:

(a) Respondent is a co-partnership composed of Vernon W. Boyer and E. L. Tobin, and, under the trade name of White Way Retail Dairy, is engaged in the business of processing frozen dairy foods at 411 West Adams Street, Creston, Iowa, and is subject to all of the terms and provisions of said order.

Textile, clothing and leather (M–328B, Dir. 1) 7195

(b) Respondent violated said order, as amended, in that, during the allocation period, February 1 to February 28, 1943, both dates inclusive, it utilized approximately 318.38 pounds of milk solids in the production of frosen dairy foods, whereas during the base period, February 1 to February 28, 1942, both dates inclusive, respondent utilized approximately 318.79 pounds of milk solids. Therefore, the utilization of approximately 318.38 pounds of milk solids during the said allocation period of February, 1943, constituted the utilization of milk solids in the production of frosen dairy foods in excess of 65 per centum of the total milk solids utilised by the respondent in the production of frosen dairy foods during the base period, February 1 to February 28, 1942.

(c) Respondent violated said order, as amended, in that during the allocation period, March 1 to March 31, 1943, both dates inclusive, it utilized approximately 872.40 pounds of milk solids in the production of frosen dairy foods whereas during the base period, March 1 to March 31, 1942, both dates inclusive, respondent utilised approximately 472.46 pounds of milk solids. Therefore, the utilization of approximately 872.40 pounds of milk solids during the said allocation period of March, 1943, constituted the utilization of milk solids in the production of frosen dairy foods in excess of 65 percentum of the total milk solids utilised by the respondent in the production of frosen dairy foods during the base period, March 1 to March 31, 1942.

(d) Respondent violated said order, as amended, in that during the allocation period, June 1 to June 30, 1943, both dates inclusive, it utilised approximately 1,557.73 pounds of milk solids in the production of frosen dairy foods, whereas during the base period, June 1 to June 30, 1942, both dates inclusive, respondent utilised approximately 1,365.80 pounds of milk solids. Therefore, the utilisation of approximately 1,557.73 pounds of milk solids during the said allocation period of June 1943, constituted the utilisation of milk solids in the production of frosen dairy foods in excess of 65 per centum of the total milk solids utilised by the respondent in the production of frosen dairy foods during the base period, June 1 to June 30, 1942.

(e) Respondent violated said order, as amended, in that during the allocation period, July 1 to July 31, 1943, both dates inclusive, it utilised approximately 1,755.70 pounds of milk solids in the production of frosen dairy foods, whereas during the base period, July 1 to July 31, 1942, both dates inclusive, respondent utilised approximately 1,366.70 pounds of milk solids. Therefore, the utilisation of approximately 1,755.70 pounds of milk solids during the said allocation period of July, 1943, constituted the utilisation of milk solids in the production of frosen dairy foods in excess of 65 per centum of the total milk solids utilised by the respondent in the production of frosen dairy foods during the base period, July 1, to July 31, 1942.

(f) Respondent violated said order, as amended, in that during the allocation period, August 1 to August 31, 1943, both dates inclusive, it utilised approximately 1,178.96 pounds of milk solids in the production of frosen dairy foods, whereas during the base period, August 1 to August 31, 1942, both dates inclusive, respondent utilised approximately 1,580.40 pounds of milk solids. Therefore, the utilisation of approximately 1,170.96 pounds of milk solids during the said allocation period of August 1943, constituted the utilisation of milk solids in the production of frosen dairy foods in excess of 65 per centum of the total milk solids utilised by the respondent in the production of frosen dairy foods during the base period, August 1 to August 31, 1942.

Because of the great scarcity of dairy products, including milk solids and frosen dairy foods and mix, in the channels of distribution for the fulfillment of the requirements of the United States for defense, for private account, and for export, and because of the importance of having dairy products, including milk solids and frosen dairy foods and mix, distributed in a manner to assure an adequate supply and efficient distribution thereof for war and essential civilian needs, the aforesaid violations by respondent have impeded the war effort and have, therefore, been contrary to public interest. It also appears that further violations by respondent are likely unless appropriate action is taken.

It is therefore ordered, that:

§ 1500.11 *Suspension order against the White Way Retail Dairy.* (a) Vernon W. Boyer and E. L. Tobin, trading and doing business as White Way Retail Dairy, a co-partnership, their agents, successors or assigns, shall not, during the allocation periods of July, August, September, October, November, and December 1944, respectively, utilise milk solids in the production or manufacture of frozen dairy foods or mix in excess of 50 percent of the total milk solids used in the production of such products, respectively, during the corresponding months of the base period.

(b) Nothing contained in this order shall be deemed to relieve Vernon W. Boyer and E. L. Tobin, trading and doing business as aforesaid, their agents, successors, or assigns from any restriction, prohibition, or provision contained in any order or regulation of the War Food Administrator, except insofar as the same may be inconsistent with the provisions hereof.

(c) The term "person" as used in this order, means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(d) Any terms used in this order which are defined in said War Food Order No. 8, as amended (formerly designated as Food Distribution Order No. 8, as amended), shall have the meaning therein given to them, unless otherwise distinctly expressed or manifestly incompatible with the intent thereof.

(e) This order shall become effective as of the date of issuance.

PART 1418—WOOL

PURCHASE AND SALE OF DOMESTIC WOOL

War Food Order No. 50, as amended (8 F.R. 5131, 8045), § 1418.1, is further amended to read as follows:

§ 1418.1 *Purchase and sale of domestic wool*—(a) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons whether incorporated or not.

(2) "Commodity" means the Commodity Credit Corporation.

(3) "Director" means the Director of Distribution, War Food Administration, or any employee or agency of the Department of Agriculture designated by him.

(4) "Domestic wool" means shorn wool or pulled wool obtained from sheep or lambs raised in the continental United States.

(5) "Handler" means a person who has entered into a wool handler's agreement with Commodity under its wool purchase program.

(6) "Secondary handler" means a person, operating as a country merchant or assembler, who:

(i) Purchases domestic wool for his own account from producers; or

(ii) Takes domestic wool from producers on consignment and performs such services in connection therewith as delivering from farm to local market or shipping point, bagging, country grading, and loading on trucks or cars.

(7) "Producer" means a person who owns sheep or lambs, raised in the continental United States, from which wool is shorn, or the skins of slaughtered sheep or lambs raised therein from which wool is removed.

(8) "Manufacturer" means a person who processes domestic wool beyond the scoured stage.

(9) "California processing wools" means tags, defective fall and eight-months wool, and defective lambs' wool, any of which is produced in California.

(10) "Off wools," in the case of shorn wool, means tags, crutchings, clippings, eyebrows, face wool, corral sweepings, baby lamb's wool (Texas only), murrain dead wool, pulled dead wool; and, in the case of pulled wool, means pulled vat and machine wool.

(11) "Purchase" includes contracts to purchase.

(12) "Sell" and "sale" include contracts to sell.

(13) "Deliver" and "delivery" include contracts to deliver.

(b) *Restrictions.* Except as hereinafter provided or as specifically authorized by the Director, no person shall sell or deliver domestic wool to any person other than Commodity, and no person other than Commodity shall purchase or accept delivery of domestic wool.

(c) *Exemptions.* The restrictions of (b) shall not apply to:

(1) Purchases by and sales or deliveries to a handler for the account of Commodity pursuant to the terms of such handler's agreement with Commodity;

(2) Purchases by and sales or deliveries to a secondary handler, for his own account, from producers, of:

(i) California processing wools, or

(ii) Other domestic wool in lots of not to exceed three thousand pounds, grease weight;

Provided, however, That such wool shall be resold to a handler for the account of Commodity;

(3) Deliveries to a secondary handler, in lots of any size, on consignment for sale to a handler for the account of Commodity;

(4) Purchases by and sales or deliveries to a manufacturer from producers located within a radius of 50 miles from such manufacturer's mill or plant, provided such purchases and sales are made directly and not through dealers, brokers, warehousemen or cooperative associations;

(5) Sales and deliveries of domestic wool, made on Indian Reservations under the jurisdiction of the United States, by Indians to Indian Traders, and the resale and delivery of such wool by such Indian Traders to secondary handlers for sale by such secondary handlers to a handler for the account of Commodity. This exemption shall not apply to sales or deliveries made by Indians at places other than Indian Reservations;

(6) Domestic wool purchased from or sold by Commodity;

(7) Shorn wool produced in the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, North Carolina, South Carolina, Tennessee, Georgia, Florida, Alabama, Mississippi, Arkansas, and Louisiana;

(8) Off Wools, when packed and sold separately by producers.

(d) *Contracts.* The provisions of this order and of all orders or regulations issued pursuant thereto shall be observed without regard to contracts heretofore

or hereafter made, or any rights accrued or payments made thereunder.

(e) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of domestic wool of any person, and to make such investigations, as may be necessary or appropriate, in the Director's discretion, to the enforcement or administration of the provisions of this order.

(f) *Records and reports.* (1) The Director shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in the Director's discretion, to the enforcement or administration of the provisions of this order.

(2) Every person subject to this order shall, for at least two years (or for such period of time as the Director may designate), maintain an accurate record of his transactions in domestic wool.

(g) *Petition for relief from hardship.* Any person affected by this order who considers that compliance therewith would work an exceptional or unreasonable hardship on him may file a petition for relief with the Order Administrator. Such petition shall be addressed to Order Administrator, War Food Order No. 50, Office of Distribution, War Food Administration, Washington 25, D. C. Petitions shall be in writing and shall set forth all pertinent facts and the nature of the relief sought. If such person is dissatisfied with the action taken on such petition by the Order Administrator, he may, by request addressed to the Order Administrator, obtain a review of such action by the Director. After said review, the Director may take such action as he deems appropriate, which action shall be final.

(h) *Violations.* Any person who violates any provision of this order may, in accordance with the applicable procedure, be prohibited from receiving, making any deliveries of, or using domestic wool or any other material subject to priority or allocation control by any governmental agency. Any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Civil action may also be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(i) *Delegation of authority.* The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the Director. The Director is authorized to redelegate to any person within the Department of Agriculture any or all of the authority vested in him by this order.

(j) *Territorial scope.* This order shall be effective within the continental United States.

(k) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the Director, be addressed to Order Administrator, War Food Order No. 50, Office of Distribution, War Food Administration, Washington 25, D. C., Ref. WFO 50.

(l) *Effective date.* This amendment shall become effective at 12:01 a. m., e. w. t., June 30th, 1944.

With respect to violations, rights accrued, liabilities incurred, or appeals taken under War Food Order No. 50, as amended, prior to the effective date of this amendment, all provisions of said War Food Order No. 50, as amended, in effect prior hereto shall be deemed to remain in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

NOTE: All reporting and record-keeping requirements of this order have been approved by, and all subsequent reporting and record-keeping requirements of this order will be subject to the approval of, the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; E.O. 9392, 8 F.R. 14783)

Issued this 23d day of June 1944.

TITLE 24—HOUSING CREDIT

Chapter V—Federal Housing Administration

Subchapter C—Mutual Mortgage Insurance

PART 521—ADMINISTRATIVE RULES FOR MUTUAL MORTGAGE INSURANCE UNDER SECTION 203 OF THE NATIONAL HOUSING ACT

FEE TO ACCOMPANY APPLICATION

Section 521.11 is hereby amended to read as follows:

§ 521.11 *Fee to accompany application.* If the application is for a firm commitment it must be accompanied by the mortgagee's check for a sum computed at a rate of three dollars ($3) per thousand dollars ($1,000) of the original principal amount of the mortgage loan applied for, to cover the costs of appraisal by the Administrator, but in no case shall such sum be less than ten dollars ($10). If an application is refused without an appraisal being made by the Administrator, the fee will be returned to the applicant but no portion of the fee will be returned after appraisal or on account of any difference between the amount applied for and the amount approved for insurance.

If the application is for a conditional commitment it must be accompanied by the mortgagee's check for ten dollars ($10) regardless of the amount of the mortgage. The balance, if any, of the fee as stipulated herein shall be payable upon and shall accompany the application for the firm commitment, if any, subsequently submitted pursuant thereto.

If, after insurance, the outstanding principal amount of an insured mortgage is increased by the substitution of a new insured mortgage the fee herein provided for shall be based upon the amount of such increase but in no case shall be less than ten dollars ($10).

Issued at Washington, D. C. this 26th day of June 1944.

[SEAL] ABNER H. FERGUSON,
Federal Housing Commissioner.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-568]

MARY AND REUBEN KAPLAN

Mary Kaplan, wife of Reuben Kaplan, both of Brookline, Massachusetts, owns a building, containing two stores, at 200 Pleasant Street, Malden, Massachusetts, which was damaged by fire on December 26, 1943. About January 10, 1944, Mrs. Kaplan, acting through Mr. Kaplan, began and thereafter continued reconstruction of this building at an estimated cost in excess of $200, without War Production Board approval, until February 1, 1944, when work was stopped as the result of a telegram received from the War Production Board. This was in violation of Conservation Order L-41, which placed a limit of $200 on such construction. Mrs. Kaplan had been notified by the War Production Board of the procedure necessary to obtain permission for restoration of fire damage, and doing this work without authorization was a wilful violation of Conservation Order L-41. This violation of Order L-41 has interfered with the controls established by the War Production Board for the distribution of critical materials. In view of the foregoing, it is hereby ordered, that:

§ 1010.568 *Suspension Order No. S-568.* (a) Neither Mary Kaplan or Reuben Kaplan or the successors or assigns of either, nor any other person, shall do any construction on the building at 200 Pleasant Street, Malden, Massachusetts, including putting up or altering the structure, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Mary Kaplan or Reuben Kaplan, their respective successors or assigns, from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect as of the date of issuance.

Issued this 27th day of June 1944.

WAR PRODUCTION BOARD,

Recording Secretary.

PART 949—CHROMIUM

[General Preference Order M-18-a, Direction 2]

The following direction is issued pursuant to General Preference Order M-18-a:

To all manufacturers of nickel-chrome resistance wire made from chromium metal.

On or after June 28, 1944, no person shall melt chromium metal to make nickel-chrome resistance wire, and no person shall deliver any nickel-chrome resistance wire made with chromium metal, if he knows or has reason to believe that the wire is to be used to make domestic or commercial electric appliances or parts (including repair parts) of those appliances, unless he has been specifically authorized in writing by the War Production Board to do so or unless the appliances or parts are to be produced to fill a contract, subcontract, or purchase order of the Army, the Navy, the Maritime Commission, or the War Shipping Administration. The War Production Board does not intend to grant authorization to melt chromium metal to make nickel-chromium resistance wire or to deliver nickel-chrome resistance wire made with chromium metal, unless the manufacturer of the electric appliances or parts needs that type of wire to make his product because of technical reasons.

This direction is issued under General Preference Order M-18-a. All communications concerning it should be addressed to the Ferro-Alloys Branch, Steel Division, War Production Board, Reference: M-18-a, Washington 25, D. C.

Issued this 28th day of June 1944.

By J. JOSEPH WHELAN,
Recording Secretary.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[General Conservation Order M-84, as Amended June 28, 1944]

CORDAGE FIBER, CORDAGE YARN AND CORDAGE

Section 3290.221 *General Conservation Order M-84* is amended to read:

§ 3290.221 *General Conservation Order M-84—(a) Restrictions on processing of fiber or yarn into rope and assignment of preference ratings for istle and jute yarns.* (1) No processor may put into process any manila, agave or other fiber or any yarn to manufacture rope except:

(i) For an end use allowed in Schedule A for rope manufactured from that fiber or yarn; or

(ii) To fill orders placed by or for the account of any United States Government agency having in effect a plan approved by the War Production Board, to screen its orders and requisitions for rope and to eliminate unnecessary end uses of rope manufactured from critical fibers. Only the Army, Navy, and Maritime Commission now have such approved plans in effect. Any agency having an approved plan may, however, instruct its suppliers to deliver rope in accordance with the end use restrictions of this order or any part of them, and to the extent they are thus adopted by such agency the restrictions will apply to its orders.

(2) No processor may in any calendar quarter put into process for the manufacture of rope more manila and agave fiber than the following percentages of his basic monthly poundages:

(i) Manila	83.25%
(ii) Agave	563%

Use of "extenders" shall not be charged against the permitted quantity of agave. Specific directions may be issued to exceed the above percentages of either fiber, to permit increased deliveries to particular claimant agencies. If a processor is permitted to exceed his quota of either fiber, he may be required to accept a corresponding decrease in his quota of the other fiber.

(3) Processors are assigned a preference rating of AA-1 to get istle and jute yarns for processing into rope.

(b) *Restrictions on processing of fiber or yarn into other products.* (1) No processor may put into process any manila, agave or other cordage fiber or yarn containing cordage fiber to manufacture any product (other than rope as permitted in paragraph (a)) except:

(i) Twine, as specified in Schedule B;

(ii) Wrapping or tying twine from a blend of agave sisalana tow with palma or tula istle or with both; and

(iii) Other products to the extent and for the purposes allowed by Conservation Order M-70 in the case of jute, Conservation Order M-138 in the case of istle, and Conservation Order M-312 in the case of coir, or as specifically authorized or directed in writing by the War Production Board. Moreover, the use of agave (other than cantala or sisalana, from Java, Africa, Haiti or Madagascar) may be authorized from time to time for binder or baler twine.

(2) Manufacturers of wire rope are assigned a preference rating of AA-1 to get cordage yarn or roving for component parts of wire rope. Material delivered pursuant to this preference rating shall be charged against the processor's non-military quota referred to in paragraph (e).

(c) *Further restrictions on processing.* (1) The War Production Board may issue specific directions to processors who have received cordage fiber or yarn by allocation under this order or any other War Production Board order or by delivery from any United States Government agency, as to the purpose and kind of product for which the fiber or yarn may be processed and as to the extension of more critical fibers by mixture with less critical ones (i. e. use of "extenders") in the manufacture of any product.

(2) Beginning July 1, 1944 no processor shall make agave sisalana rope which does not contain American hemp line as an extender with the following exceptions:

(i) Rope in sizes under ¾" in diameter.

(ii) Wire rope centers.

(iii) Drilling cables.

(iv) During the month of July agave sisalana tow, pita istle and agave fourcroydes of the grades C-Short and M-Inferior may be used optionally as an extender in agave sisalana rope if in inventory of the processor on July 1, 1944. The War Production Board may from time to time issue specific instructions regarding the percentage of extender to be used in the manufacture of agave sisalana rope.

(d) *Restrictions on delivery of rope and twine.* (1) No processor or dealer may sell, deliver, or accept delivery of rope or twine, produced in the United States in whole or in part from any cordage fiber or cordage yarn, except for the purposes for which the product may, under this order, be manufactured. However, if manila rope was made before July 1, 1944, it may be sold, delivered, accepted and used in conformity with this order as amended April 5, 1944.

(2) No person may sell or deliver binder or baler twine if he knows or has reason to believe that:

(i) The binder twine will not be used with mechanical harvesting equipment or in the growing, harvesting or delivering of agricultural crops.

(ii) The baler twine will not be used in a self-tying machine for baling hay, straw or other fodder crops.

(e) *Allocation of non-military cordage.* (1) The War Production Board may, in accordance with Program Determinations, state the quantity of manila, agave (sisal) and other cordage fibers which each processor must, out of his production during stated periods, process into cordage, as allowed by Schedules A and B, to be delivered or set aside for delivery only to fill non-military orders and only to the extent specified for particular non-military uses. From that quantity, the processor may not fill any other orders, except orders rated AAA. When that cordage is sold by the processor, he must inform the buyer of the particular non-military use for which it must be used. The buyer may use or sell that cordage only for the specified non-military use or an AAA order.

(2) The War Production Board may issue directions to processors and dealers for the establishment of emergency stocks of rope for maritime use, and for withdrawals from and replenishments of such emergency stocks, and for production for that purpose.

(f) *Allocation of fiber and yarn.* No processor shall make or accept delivery of any cordage fiber or cordage yarn contrary to directions which from time to time the War Production Board may issue. The War Production Board may from time to time allocate to processors the available supplies of cordage fibers and cordage yarns, and specifically direct the time, manner, and quantities in which deliveries to processors shall be made or withheld.

(g) *End use information.* No person may sell or deliver any product controlled by this order to any person who he knows or has reason to believe will use the product in a manner which this order does not permit. He should satisfy himself as to this in some reasonable manner before delivering. He may, but need not, require a statement in writing showing the specific purpose or use for which the item is ordered.

(h) *Restrictions on the use of damaged material.* Any processor or dealer who has in his possession damaged or

defective cordage fiber, cordage yarn or cordage may report by letter the extent of the damage and state to the War Production Board the percentage not suitable for the manufacture of products or for use permitted by this order. He may then upon receipt of acknowledgment, without objection from the War Production Board, use or dispose of any portion unsuitable for the manufacture of products permitted by this order, free from its restrictions.[1]

(i) *Inventory restrictions.* In addition to the restrictions on inventory contained in Priorities Regulation 1 (§ 944.14), no processor may accept delivery of any istle or jute yarn or rove which will increase his inventory of istle or jute yarn or rove beyond an amount which, to the best of his knowledge and belief, will be used by him in the next sixty days.

(j) *Reports.* Processors of manila and agave fiber shall report monthly, supplying the information required on Form WPB 2901 (formerly PD–128). Processors of all other cordage fibers shall report their sales monthly on Form WPB 2901 (formerly PD–128). Processors of all cordage fibers other than manila and agave shall report monthly, supplying the information required on Form WPB 914 (formerly PD–469).[1]

(k) *Imports.* The importation of cordage fibers, cordage yarns and cordage shall be made in conformity with the provisions of General Imports Order M–63, as amended from time to time.

(l) *Definitions.* In this order:

(1) "Cordage fiber" means manila, agave, jute and istle as defined in (2) to (5) below, when spinnable over machinery, and coir as defined in (6) below.

(2) "Manila" means fiber which is commonly known in the trade by this term and also known as abaca or Manila hemp, wherever grown (either stripped or decorticated), but does not mean the fiber grades of T2 and T3, O or Y, or equivalent, as established by the Insular Government of the Philippine Islands, processor's mill waste or bagasse.

(3) "Agave" means fiber of the species of agave sisalana, agave fourcroydes, and agave cantala, of all grades and qualities including tow and fiber under 20" in length, commonly known in the trade as sisal, henequen, cantala, and maguey, and sometimes preceded by an adjective designating the country or district of origin, but does not include processor's mill waste or bagasse.

(4) "Jute" means jute fiber, including butts (often called cuttings), also meshta, urena lobata (commonly called congo jute), and punga, but does not include processor's mill waste.

(5) "Istle" means istle fiber, including but not limited to the types or grades commonly known as palma and pita, but does not include processor's mill waste.

(6) "Coir" means the fiber obtained from the fibrous shell of the coconut.

(7) "Rope" means any rope or cable, treated or untreated, composed of three or more strands containing any cotton or cordage fiber, each strand composed of two or more yarns, but does not include strings and twines of whatever construction which are commonly used for tying, sewing, baling or other commerical packaging use.

(8) "Twine" means any single or plied yarn or roving, including marlin and tarred seisings, containing any cotton or cordage fiber, for use as a tying material, for sewing or for any similar purpose, but does not include any product falling within the definitions of "rope", "binder twine" or "baler twine."

(9) "Binder twine" means a single yarn twine usually containing agave, but sometimes containing manila, istle, jute, coir, hemp, cotton or paper, suitable for use in a harvesting machine and of the type customarily heretofore manufactured. It is put up in balls of approximately five to eight pounds, packed six to ten to the bale. It measures five hundred feet to the pound with a plus or minus tolerance of five per cent, and contains a lubricant of at least ten per cent of the weight of the twine and an insect repellant. It is also known as binding twine.

(10) "Baler twine" means a single yarn usually made of agave fiber and used in a self-tying machine for baling hay, straw or other fodder crops.

(11) "Basic monthly poundage" of manila fiber with respect to any processor shall be the average number of pounds per month of manila cordage sold by such processor during the period January 1 through December 31, 1939. Where this order specifies a percentage of the basic monthly poundage to be processed, sold or delivered during any period, any processor keeping his books on a weekly basis shall apply the said percentage to the weekly periods most nearly approximating the period specified.

(12) "Basic monthly poundage" of agave fiber with respect to any processor for any month shall be the average number of pounds per month of both manila and agave cordage sold by such processor during the period from January 1, 1939 to December 31, 1941, minus 37 per cent of such person's manila fiber basic monthly poundage calculated as prescribed in paragraph (1) (11). *Provided*, That any processor keeping his books on a weekly basis may calculate his basic monthly poundage from the fifty-two week period of the 1939 calendar year and adjust any other calculations or quota under this order.

(13) "Processor" means any person (other than a United States Government agency) who spins, weaves, or twists, or otherwise uses any cordage fiber or cordage yarn in the production of rope, twine, or any other product.

(14) "Non-military" means general industrial, farm, oil-field and fishing uses. It also includes cores and centers for wire rope, regardless of their ultimate use. The term does not include purchases for direct or ultimate delivery to, or for incorporation into any material for direct or ultimate delivery to the United States Army, Navy, Maritime Commission or War Shipping Administration, or orders for commercial marine uses (including harbor or river tugs, ferries or barges, or stevedoring or inland waterway operation).

(m) *Appeals.* Any appeal from the provisions of this order should be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(n) *Applicability of regulations.* Except as specifically otherwise provided this order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time.

(o) *Violations.* Any person who wilfully violates any provision of this order, or who in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance by the War Production Board.

(p) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to the Textile, Clothing & Leather Bureau, War Production Board, Washington 25, D. C., Ref.: M–84.

Issued this 28th day of June 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A—CORDAGE END USE

NOTE: Schedule A amended June 28, 1944.

These lists specify the permitted end uses for which rope (Schedule A) and twine (Schedule B) may be manufactured from Manila, agave and other fibers. However, it does not restrict manufacture for and delivery to the Army, Navy, and Maritime Commission.

The left hand column lists the permitted end uses. Rope and twine for end uses not listed in the respective schedules may not be manufactured. The second column explains more fully the character of the end uses which are permitted. The third column indicates what products may be made of Manila, the fourth, of agave, and the fifth indicates any restrictions on use of fibers other than Manila and agave, for this product. In the case of Manila and agave, the word "yes" in the appropriate column means that use of the fiber is permitted, otherwise, it is prohibited. Any restrictions on use of fibers other than Manila and agave will be specifically stated in column five. If there is a blank in column five, any fiber other than manila and agave may be used.

[1] These reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

End use	Definition	Manila	Agave	Restrictions on other fibers
Anchor buoy spar rope	A rope used to steady a spar projecting from the side of a vessel			
Anchor lines—submerged Fishing gear.	A line used to fix the position of stationary gear such as pounds or trap nets, fykes, and anchored gill nets.		Yes	
Anchor lines—sea plane	The anchor rode of a sea plane		Yes	
Anchor rodes	See anchor lines		Yes	
Anchor lines—vessel	A line used to connect the anchor chain and the vessel		Yes	
Anchor lines—small ships	The lines carried on small ships for anchoring		Yes	
Anchor lines—sea anchor	A rope attached to a canvas sea anchor used to retard the progress of a small boat or life raft			
Antenna rope	A rope used for raising or lowering radio antennae for maintaining tension on antenna			
Auxiliary line—Lyle gun	A 2" circ. hawser-drawn to or from a vessel by means of a whip line and which is used to support a beaches basy.	Yes	Yes	
Awning rope	Rope for reinforcing and securing awning in place			
Awning rope	A small sized rope used to hold or lower an awning			
Backbone	The rope attached to the back of the middle of an swrather and to which the crows foot is spliced			
Backhaul rope	The rope to haul back a hoisting tackle when it is not heavy enough to return by gravity			
Backhaul rope—boom	A rope used for hoisting in the sounding boom aboard vessels			
Bale rope	A heavy wrapping twine for securing large bales or bundles			
Barrel chimes	A special type of sling used only to hoist fuel drums aboard ship where rope is passed through eyes at each end of drum; hoists 4 drums at a time.		Yes	
Band line	See Guard rope			
Becket	A rope eye or grommet used for the hook of a block			
Becket—Sprit sail	A small piece of rope with an eye spliced in each end to hold the end of a sprit to the mast			
Becket—Handle	See Handles			
Becket rowlock	A rowlock formed of a rope grommet secured over a throle pin in a sailing launch			
Beckets—Steering wheel	Used for hashing the wheel of a trawler when running on a fixed course			
Beckets—Trawl lines	A short loop inserted at regular intervals in the ground line to provide fastening for the snell or gangings.		Yes	
Bell rope	A small hand rope suspended or attached to a bell and used for the purpose of ringing the bell			
Belly lines—Otter trawl	Ropes running from the head or foot line to the cod end and setsed to the seams joining the top side and bottom sections of the net. Their purpose is to reinforce the net.			
Belt shifter rope	Frequently used on machinery as a medium of shifting belt drive from idler pulley to driving pulley and vice versa.			
Berth bottoms	A network of rope fashioned inside a frame which constitutes the bottom of the berth			
Bight line	A line used to support a heavy line at the bight			
Boat line	A line used to tend boats when coming alongside			
Bobstay	A rope or chain preventing the bowsprit from jumping and leading from the end of the bowsprit to the vessel's stem.			
Bolsh line	A line hooked to the foot rope on which the bottom section of the otter trawl is hung			
Bolt rope—Sail	A rope to which a sail is sewed to reinforce the sail and maintain its shape. The efficient action of a sail depends on the strength and stretching characteristics of the rope both when it is wet and dry.		Yes	
Boom lift (Fishing vessels)	A line rove through tackle blocks attached to the mast and boom. It is used to adjust the angle at which the boom is inclined from the mast and must support the load applied to the fall lines.		Yes	
Boom-out haul line	A line used to hold the boom away from the amidships when men are working and as a stop to prevent sudden gusts of wind from unsuspected directions, causing the boom to fly over and strike men in the boat.			
Boring machine rope	A rope used to clean inside of large caliber gun barrels after being bored or filed			
Bos'n's chair rope	The rope to which is suspended a piece of board on which a man working aloft is swung and used to raise or lower or support man.		Yes	
Bottom line	See Hanging Rope—Fishing Industry			
Bow lines	*See mooring lines.* A line used in mooring or docking to check the vessel from going astern. Lies is led forward through bow check making an angle of less than 45° to the keel.			
Braces	The ropes to control the horizontal movement of the yards			
Brails	Ropes used for furling fore and aft sails such as spanker to the mast. Can be foot—throat—or peak brails.		Yes	
Bralier lifting rope	A line rove, singly, through a block attached near the outer end of the boom, or suspended from a pennant between two masts, or a mast and a suitable point on the vessel. Used for various hoisting purposes.			
Breast line	*See mooring lines.* A line used in mooring or docking vessels and runs at rightangles to keel and dock.		Yes	
Breast line—30 to 50 ton booms	A stay or guy used to prevent swinging of boom when lifting heavy load		Yes	
Breast lines—Pile drive (Fishing)	These lines lead from the sides of pile drivers to anchors and control the position of a pile driver with reference to a definite area in which piling must be spotted for a fish trap.		Yes	
Breast line—Sea Plane and Flying Boat.	Control surge of seaplane when moored or anchored		Yes	
Breast line—Seines & Trawls	Usually the breast line is formed by continuing the lead and cork lines vertically at the ends of the net and spliking them near the bottom. Its purpose is to prevent the weight of the lead line from tearing the netting and to take the towing strain on the net.			
Breast purse line	A line passed through rings attached to the breast line of a purse seine and fastened near the lead line. Power is applied to this line to purse the end of the net and lift it clear of the purse line.		Yes	
Bridles-Seines, submerged traps and gill nets.	A length of line connected to the float and bottom lines of seines and submerged traps and gill nets, the approximate midpoint being attached to an anchor line.			
Bucket ropes	A rope attached to a bucket and used to raise or lower the bucket			
Bull rope	A rope working through a bull's eye, especially one used in securing a light yard of mast		Yes	
Bull ropes	Oil well and gas drilling—A rope 5/4 to 2" diam., in lengths 80' to 120' long with eye splices in each end; used to transmit power in grooved pulleys from engine to bull wheel. (A bull wheel is a large reel, with grooved pulleys attached on which are wound cables for drilling or cleaning out wells.)			
Bumper rope	A rope secured to the outside of the gunwale of a small boat and used as a permanent bumper			Coir only.
Bumpers	Bumpers are usually made of old rope, the poorer portions used as filling and the covering made by lacing a strand over the filling. New strand is sometimes required for this purpose.			
Buntlines	The lines used to haul the foot of a sail above and forward of the yard for convenience in furling			
Buoy line—tog towing	See Tow line—Towing spar			
Buoy line—deep water fishery	A line connecting a surface buoy and the trawl line and the anchor on the bottom		Yes	
Buoy line—halibut fishery	Same as above		Yes	
Buoy line—shallow water fishery (50' and less)	Same as above			
Burton rope (below 3" circ.)	A type or part of a cargo fall—a cargo fall is a rope used in unloading and loading vessels			
Burton rope (3" circ. & larger)	Same as above		Yes	
Buoy lines	See buoy lines			
Caisson ropes	*See hoisting ropes.* Cable laid ropes used for hoisting			
Calf rope	*See bull rope.* A small size bull rope			
Car puller rope	A rope, either plain or cable laid used for moving railway cars along an industrial siding		Yes	
Carriage rope	See mill carriage rope			
Casing lines	Rope used in pulling "casing" out of oil wells			
Cathead lines	Oil well and gas drilling—a rope not smaller than 1¼" diam. used around a drilling rig in oil and gas drilling for hoisting tools, pipe, etc., by means of power driven capstan.		Yes	
Catlines	Same as Cathead lines			
Chinese shrimp bag—Net lines	The lines used by the Chinese shrimp bagnet fishing industry generally confined to San Francisco Bay.			

End use	Definition	Manila	Agave	Restrictions on other fibers
Clews—Hammock	The ropes running angularly from the hammock surface to the ring or other fitting whereby the hammock is supported.			
Clew line—Sail	A type of lashing rope used to secure the ham rope of a sail to the mast of a small boat			Cotton only.
Clothesline	A rope approximately ¼" diam. used as a drying line			
Cod end rope	This line is passed through the last meshes or rings attached to the fish bag opening and serves to close and open the fish bag or cod end.			
Cod line	See cod end rope			
Cod lines	Small sized lines, generally lightly tarred, used for ground fishing		Yes	
Come-alongs	Ropes used in the mining industry for emergency stretching of wire ropes			
Compressor pull back	See chain compressor fall			
Concluding line	A small rope rove through the middle of the steps of a Jacob's ladder			
Construction Rigging Rope (below 1" diam.)	Used in construction of new machinery and repairs to existing machinery or equipment. Also for the maintenance of existing and construction of new structures, including power lines and communications systems. In shipyards, for uses in building of yards; construction of new hulls and the repair of existing vessels.		Yes	
Construction Rigging Rope (1" diam. and over)	Same as above			
Cork line	See Float line			
Crab line	Usually a 3/16" to ¼" soft laid rope used as the bait line by inserting bait between strands in the crab fishing industry.			
Crackers	A short length of fiber drilling cable used in conjunction with a wire drilling cable affording spring or elasticity to the wire line. Generally 2¼" diam. and larger.	Yes	Yes	
Cringle	A piece of rope spliced into an eye over a thimble in the bolt of a sail			
Davit rope	See Falls			
Decorticator rope	The endless rope used in certain types of fiber decorticating machines for holding the leaves for stripping.		Yes	
Derrick lines	See hoisting rope			
Dogsled—Gang line	Main line to which dog harnesses are fastened when pulling a sled		Yes	
Dip rope	Usually 7" circ. rope used in connection with clearing a foul chain aboard ship		Yes	
Dock lines	See Mooring lines			
Dory lift	See Falls—Lifeboat			
Down hauls—Pounds and traps	A line passing around a windlass and trap or pound, and through an eye fastened to a pile, or suspended to a weighted chain, for the purpose of raising or lowering the trap spillers, for brailing or fishing. The bottom of the spiller is attached to the down haul.		Yes	
Down haul	See Hoisting Rope—Sail			
Drag ropes—Shrimp	Ropes used to drag a trawl on shrimp fishing boats		Yes	
Drag ropes—Trawls	Ropes used in small fishing boats not equipped with drums for wire cables			
Dragging rope	A rope generally attached to a hook at one variety or another and used to locate and recover objects lying on the bottom of a body of water.			
Draw line	See Cod end rope			
Dressing lines	The lines used in the display of national colors (flags) at all mastheads and the flagstaff aboard ships.			
Drift line—Gill net fishing	A line by which the net is secured to the boat while drifting			
Drilling cables—gas wells (2" diam. and larger)	Used for operating the tools in "cable tool" drilling	Yes	Yes	
Drilling cables—oil wells (2" diam. and above)	Used for operating the tools in "cable tool" drilling	Yes	Yes	
Drilling cables—water wells	Used on portable machines for drilling water wells. Usually made in size 1¼" diam. to 1⅝" diam. inc.		Yes	
Drilling cables—quarry and mining	Used on drilling machines for drilling blast holes. Usual sizes 1¾" diam. to 2" diam. incl.		Yes	
Drop hammer rope	In aircraft and auto industry used to raise the drop hammer for forming metal parts		Yes	
Dumbwaiter hand rope	The rope used for operating a dumbwaiter			
Earing	A short piece of rope seamed to a cringle for hauling out the cringle			
Easing out line	A line used in clearing hawse and in mooring for easing out a chain which has been unshackled			
Eel pot Rope	See Buoy line			
Electric coil filler	A rope filler in double deck coils for securing insulation, used principally in electric traction motors.			
Electric Linemen's Rope	Used by linemen on high voltage work as a general utility line		Yes	
Elevator Rope	A hoisting rope which supports an elevator		Yes	
Elevator Pull Rope	A rope used to stop and start power of a power driven elevator; also a hand rope to raise or lower a hand powered elevator.			
Elevator Gate Rope	A rope attached to a gate or door and attached to a counterbalance to facilitate operation of gate.			
Emergency Line—Bristol Bay Gill Net Boats	An emergency all-purpose line used by Bristol Bay Fishermen		Yes	
Execution rope	A rope used to carry out the death sentence of a court		Yes	
Falls—Accommodation ladder	A rope used to lower, haist or support a ship's ladder or pilot's ladder over to side of a vessel	Yes	Yes	
Falls—Ammunition	The hoisting rope used to raise and lower ammunition		Yes	
Falls—Anchor	The tackle used for hoisting an anchor to the deck, usually used in connection with davits			
Falls—Awning tackle	See awning rope		Yes	
Falls—Boat	A rope used, generally in conjunction with a pair of davits to raise or lower small boats, other than lifeboats.		Yes	
Falls—Boom tackle (fishing vessels)	A tackle attached near the outer end of the boom or suspended from a pendant attached to one or two masts or a pendant between the mast and a suitable point on the vessel.			
Falls—Cargo (below 3" circ.)	A 3 or 4 strand rope used in loading or discharging cargoes		Yes	
Falls—Cargo (3" circ and larger)	Same as above		Yes	
Falls—Chain compressor	A rope used to check the speed and direction of the anchor chain		Yes	
Falls—Coal	A 3 or 4 strand hard laid rope used in discharging coal cargoes			
Falls—Flagstaff	See Halyard—flag and signal			
Falls—Fishing dory	See Falls—lifeboat		Yes	
Falls—F. O. Hose Davit	Rope used to raise, lower or otherwise handle fuel oil hose for refueling vessels			
Falls—Kingpost	See topping lift fall			
Falls—Lifeboat	A rope used generally in conjunction with a pair of davits, used to raise or lower lifeboats which contain people.	Yes	Yes	
Falls—Purse boat	A pair of tackles suspended from davits used to raise and lower the purse boats and seine which weigh about 5 tons.		Yes	
Falls—Powder tank	Used in handling powder tanks (lowering and hoisting)	Yes	Yes	
Falls—Topping lift (below 7/8" diameter)	The falls used for raising and lowering the boom			
Falls—Topping lift (7/8" dia. or larger)	Same as above		Yes	
Falls—Ventilation	Rope for adjusting windsails (ventilators) in position			Coir only.
Fenders	See bumpers			
Fire escape rope	Rope used for fire escape in hotel rooms, etc., not connected with outside stairways			
Fisherman's cable	*See anchor lines.* Cable laid rope, sometimes tarred, for use off the fishing banks for anchor line			
Fish bag release line	See cod and rope			
Float line—Fyke nets	The floatline is used to support the leader netting of fyke nets			
Float line—Gill nets	A line to which the corks or floats are attached and supports the netting		Yes	
Float line—Haul seine	The line which contains the floats and is used to float a haul seine		Yes	
Float line—Otter trawls	The main line to which the top netting of an otter trawl is attached		Yes	
Float line—Purse seines and ring nets	The buoyed line to which the top of the netting is hung		Yes	
Float line—Submerged gill net	A buoyed line which supports the webbing		Yes	
Foot rope—Otter trawl	The main bottom line of a trawl to which the foot rope hanging line is secured. "Bolsch" weight and roller line may also be attached.			

End use	Definition	Manila	Agave	Restrictions on other fibers
Foot rope—Auxiliary	See "Bolsch" line			
Foot rope—Hanging line	See "Bolsch" line			
Foot rope—Serving	Rope wrapped around the steel cable foot rope to protect the trawl hangings and bolsch line seizings.			
Foregoers	A line 1¼" to 4½" circ. attached to an explosive harpoon fired from a gun		Yes	
Frapping lines	A line passed around a boat fall, one end being made fast on deck and other end being hauled taut and belayed to prevent boat from swinging.			
Furling line	A small line secured to the mast and used for furling fore and aft sails			
Furnace charging bucket rope	A rope used in conjunction with the charging of steel furnaces with scrap metal			Cotton only.
Gangings	Short lines varying from 1 foot to 6 feet in length having a hook at one end which are attached at regular intervals to the trawl or ground line.			
Gantline	See Falls			
Girtline	See Falls			
Governor rope for use on elevators	A rope, usually 5/16" to ¾" dia. used as part of the safety equipment to prevent overspeeds on elevators.		Yes	
Grab rope	A line secured waist-high above a boat-boom or gangplank used for steadying oneself			
Grab line—Life boats and life rafts	A line fastened to outside of life boat to right a capsized boat or as a grab rail			
Grapnel cables—For cable ships	A combination of wire and fiber—the fiber is used to either fill in the interstices or to actually seize the wire to increase the friction grips of the cable on the hoisting drum.		Yes	
Grapnel line	See dragging rope			
Ground line	See foot rope			
Ground lines—Trawls (otter)	See spreaders			
Ground lines	See trawl lines			
Guard rope	A rope used to bound a permitted area—A safety rope used, for instance, as a railing		Yes	
Guess warp (3" circ. and larger)	A line by which a bight is secured to the swing boom. It may be slacked off from the deck. A line rove through a thimble at the outer end of a boat boom, used for securing the boat to the boom. In general a hauling line laid out by a boat, a portion of the line coiled down in the boat.			
Guess warp (below 3" circ.)	Same as above			
Guide line	See tag line			
Guy lines	A rope used to hold or steady some object such as a pole or mast		Yes	
Guy lines—Fish trap	Lines from stake traps to anchors to steady the trap and counteract the influence of weather and currents.			
Guy—Lazy	Running rigging to steady a boom in a seaway			
Guy—Lazy jack	Lines often forked reach from above on each side of a fore-and-aft sail to about the middle of the boom to confine the sail when it is lowered.		Yes	
Guy line—Preventer	Preventers are generally made up with an eye splice at one end which is shackled to the topping lift bands at the bottom head or looped over the boom head. Used generally when handling heavier types of cargo as a safety measure. A rope used as an additional support for added security.			
Guy lines—Vessel	Lines usually rove as tackles made fast to the ships bulwarks and to wire rope pennants from the outer end of the boom. They are used to regulate the lateral position of the boom.		Yes	
Halibut line	See Trawl line			
Halter	A rope about ¼" diam. soft lay, used for tying horses and cattle, and making halters			
Halliards	See Halyard			
Halyards—Flag and signal	Ropes used for hoisting flags and signals			
Halyards—Spar and sail	See Hoisting Rope—Sails		Yes	
Hammer fall rope	A rope used on pile driving equipment in hoisting the hammer to the derrick head. The rope is then released dropping the hammer onto the pile head.			
Hand lines	A small rope used to raise or lower small objects by hand. For instance between ground and scaffolding, etc.			
Hand lines	Small sized lines generally lightly tarred used for bottom fishing			
Hand rail—Life rafts	See grab line—life boats and life rafts			
Hand rope	See Grap Rope			
Handles—ammunition boxes	A short rope fastened to each end of an ammunition box for a handle		Yes	
Hanging ropes—Pounds and traps	Lines to which various sections of netting such as pots, spiller hearts and leads are hung. These lines support the netting. Also the lines used to reinforce the wire netting used in salmon traps.			
Handles—Buckets	Rope handles for wooden, canvas or other type buckets		Yes	
Harpoon line—Swordfish	A line attached to the harpoon and a buoy keg which is used to tire the fish		Yes	
Harpoon line—Whale	A line 5" to 6" circ. connecting foregoers to whale rope (used on old-type killer boats)		Yes	
Haul up line (Otter trawl)	The line is fastened to the splitting strap and runs to the head rope to be readily accessible. Power is applied to this line to assist in raising the net, splitting the catch and raising the splitting strap in order to engage the fish tackle.			
Hauling line (seine)	A line attached to the end of the seine to increase the circumference of the circle which may be made around a school of fish.		Yes	
Hay rope	A rope used generally in conjunction with a hay fork to load hay into farmers storage			
Hay loader rope	The rope used in the operation of hay loaders			
Head line	See Towing Rope. The line from the bow bit of a tug to the tow			
Head rope	See Float line			
Head & Stem Line (fishing industry)	Ropes that lead from head and stern of pile drivers and rigging scows to anchor; in order to control their off-shore positions.		Yes	
Heart Ropes—Wire ropes	See wire rope centers			
Heaving line	A length of light line, weighted at one end, which is thrown to a wharf, etc., in order to assist in getting the mooring line to the wharf.			
High Climbers rope	A rope having a wire core used in timbering as a safety device and also a method of climbing tall trees for the purpose of cutting off the tops. The wire center is to add strength and also to serve as a guard against the rope being severed by a slip of the axe.		Yes	
High tension rope	See Electric linemen's rope			
Hitch rope	The rope attached to the hitch weight for temporarily securing a horse or team			
Hobble rope	See Leg Rope			
Hoisting rope—Hot dip galvanizing	Rope used in processing of hot dip galvanizing by lowering the metal objects into acid bath or hot metal.		Yes	
Hoisting rope—Sail	A rope used to hoist and lower the gaffs and sails of small boats		Yes	
Hoisting line—Fishing industry	A line rove singly through a block and used to unload fish		Yes	
Hoisting rope (3" circ. & larger)	A special rope for heavy hoisting			
Hoisting rope (below 3" circ.)	Same as above		Yes	
Hook rope (3" circ. & larger)	Used for mooring a ship to a buoy or in weighing anchor			
Hook rope (below 3" circ.)	Same as above			
Hook-on-line	See shore line			
Jack rope	The lacing securing the foot of a sail to the boom			
Jackstay—Hammock	The reinforcing ropes in the bed of a hammock		Yes	
Jackstay—Life float	Rope used to lash netting to wooden ring of life float			
Jacob's Ladder	See Ladder-pilots		Yes	
Jaw rope	A span of rope leading from the jaws of a gaff around the mast, strung with hard wooden beads			
Jumper	A rope used to prevent a spar from jumping up; specifically, the rope from the outer end of the whisker to the martingale.		Yes	
Jumperstay	An extra stay from the masthead to the rail and set up by a tackle			
Jilson	See Bridle Lifting Rope		Yes	
Jilson—After	Holds the mid section of the foot rope in place before the main Jilson is hooked up		Yes	
Keeling Line—Pile driver	A heavy utility line used aboard a pile driver for seating trap bracing pilings, capping logs and other heavy work.			
Ladder—Extension	The rope used for expanding and contracting and extension ladder			
Ladder—Pilots	A rope ladder, usually with wooden steps, hung over the side of a ship for the pilot's use			
Ladders—Ropes	A ladder formed by splicing cross ropes between two longer ropes for steps. These ladders take several forms, some with wooden rung or flat steps held between 4 upright ropes; some with oval end pieces of wood supporting round steps, the oval held by 2 ropes lashed at the points of the ovals.			

End use	Definition	Manila	Agave	Restrictions on other fibers
Lair rope	See Pack Rope			
Lanyard	A line attached to an article to make it fast			
Lanyards	Rope used for tightening the shrouds and stays on board ship			
Lanyards—Fender	Generally 3" to 3½" circ. Reg. Lay. Used for lashing fenders to rail (tug boats)			
Lanyard—Hammock	The rope attached to the hammock clews by which the hammock is suspended			
Lanyard—Tripping	See trip rope or tripping line			
Lanyard—Whistle	The rope or cord used for blowing a whistle			
Lariat rope	A very hard laid rope used for lassoing cattle		Yes	
Lashing rope	A general rope used for tying down or securing any object but not for shipping purposes			
Lashing ropes	Ropes for securing cargo in transit			
Lashing rope—Aircraft	Lashing rope used for securing equipment, etc. in transport planes		Yes	
Lashing rope—Dory	Used to lash stacked or nested dories on a trawler			
Lashing rope—Gripe	A lashing spliced to the lip of the gripes, and secured to either the davit head or strong back, for purpose of securing life boat on deck of vessel.		Yes	
Lashing rope—Life rafts	A rope used to tie or otherwise secure life rafts aboard deck o. a vessel			
Launching rope	A rope used in connection with the launching of a vessel		Yes	
Launching rope—Trigger	Rope used in shipyards to trip davits allowing vessels to slide down ways		Yes	
Lead line—Sounding	A plain or cable laid rope used for determining the depth of water			
Lead line—Fyke nets	A leaded line attached to the bottom of the fyke leader			
Lead line—Gill nets	A leaded line attached to the bottom of the gill net			
Lead line—Haul seines	A leaded line attached to the bottom of the haul seine netting		Yes	
Lead line—Otter trawls	A leaded line attached to the foot rope		Yes	
Lead line—Purse seines and ring nets	A leaded line attached to the bottom of a purse seine or ring net		Yes	
Lead line—Submerged gill nets	A weighted line attached to the bottom of a gill net			
Leader hanging rope	Ropes used to hang a lead used in connection with seines		Yes	
Leader rope—Reef nets	A rope used to hand a lead used in connection with reef nets			
Leach lines	The rope used to haul the leach of coarser and sometimes Top Sails along the yard			
Leg rope	A small size rope used to hobble horses and other animals			
Life line	See auxiliary line—lyle gun	Yes	Yes	
Life line	A line secured along the deck to lay hold of in heavy weather			
Life line	A knotted line secured to the span of lifeboat davits for use of the crew when hoisting and lowering.			
Life line—Divers	A line used to raise and lower a deep sea diver		Yes	
Life line—Fire & Police Departments	A rope used in conjunction with the saving of life or valuable property		Yes	
Life line—Lifeboat or life raft	A line festooned in bights, along each side of a lifeboat or raft, life raft or float. Each bight is equipped with seine floats.			
Life preserver rope	The hand rope around the outer side of a circular life preserver			
Life preserving rope	Used from a reel set up on a beach with cork ring or torpedo life preserver attached. Life preserver carried out to victim by life guard. Rope used to pull both ashore.			
Lifts	Yards are supported at the yardarm by lifts, leading through blocks, or fair leaders at the masthead and thence to the deck.		Yes	
Lift—Trolling pole	A pole or tackle suspended from the mast and connected to the trolling poles for the purpose of raising or lowering the latter.			
Lifting lines—Divers outfits	Lines used to lift products harvested from the bottom, such as sponges, precious corals avalone, etc. by divers.		Yes	
Lizzard	A rope fitted with a thimble and used as a leader for running rigging			
Lobster Pot Warps	See Pot Warps			
Lock Lines	See Tow lines—Canal			
Lock gate operating lines	Used for operation of canal lock gates			
Log line	A line used to transmit the rotation of the log propeller to the recording instrument aboard the vessel.			
Long line	See Trawl lines			
Lug ropes	Short, heavy ropes for rising canal barges together		Yes	
Main fish tackle	See Falls—boom tackle			
Man ropes	See grab ropes		Yes	
Man ropes	Ropes hung over a ship's side and used for assistance in ascending or descending			Coir only.
Mats—Blasting	Solid woven mats, 6 to 12 ft. sq. used to cover blasting areas to prevent flying fragments			
Messenger	A line used to lead the heavy tow line around the capstan in ocean tow boats			
Messenger	A light rope used for hauling over a heavier rope or cable, or fuel line			
Messenger—Side set trawlers	A line used to haul the towing warps to the towing block		Yes	
Mill carriage rope	Used for moving a carriage, such as a log carriage back and forth			
Millwright rope	See construction rigging			
Mooring lines (below 3" circ.)	Ropes used in mooring or docking vessels		Yes	
Mooring lines (3" circ. and larger)	Same as above		Yes	
Mooring lines	A rope attached permanently to a submerged anchor or weight used as a harbor mooring for small boats, yachts, etc.			
Motion picture screen arrangement	Lowering and hoisting screen			
Net—Brails	A dipnet used to remove fish from a trap			
Net—Cargo	A net constructed of rope and used for loading or discharging cargo from a ship			
Net cargo—Stays	A rope, sometimes referred to as a jackstay which serves as an outer frame for a cargo net and to which the net is lashed.		Yes	
Nets—Circus safety	The nets suspended below trapeze and other circus performers			
Nets—Construction safety	The net used for the protection of workmen on construction jobs			
Nets—Debarkation and life floats—net rope	The inner netting rope which is attached to jackstays of nets hung over the side of ships for emergency debarkation and life saving.			
Nets—Jackstays—Cargo and debarkation nets	The supporting ropes to which the net ropes of cargo and debarkation nets are attached		Yes	
Net—Lashing rope	Lines used to lash net on deck to rail when net is stored away			
Net—Life float—Jackstay	A net used to support the platform of a life float			
Net—Life net rope	The rope used for making life nets used in Fire Department			
Nets—Save all	Nets hung from the sides of a ship to the dock to prevent cargo from falling into water in case of accident when discharging.			
Net—Save all—stays	A rope, sometimes referred to as a jackstay which serves as an outer frame for a save-all net and to which the net is lashed.		Yes	
Nigger lines	See Hauling Lines			
Ocean Bathing Safety Rope	A rope supported by poles or buoys which serves as protection to bathers			
Outboard gripe (lifeboat)	See lashing rope—gripe			
Outhauls	The ropes by which sails are hauled out on the boom. These ropes are named for the part of the sail they control, i. e. head outhaul—foot outhaul.			
Outhaul line—Boom	A line used to rig the boom out from amidships position to overside for sailing or to remove it from the area when men are working			
Oyster Tong Hoisting Rope	A rope to raise or lower tongs used in oyster fishing		Yes	
Pack Rope	A light lashing line for tying packs, generally on animals			
Painter—Small Boat or Skiff	A rope in the bow of a small boat used in making fast, and for towing a small boat			
Painter—Lifeboat and Life Raft	Same as above		Yes	
Painter—Sea	A rope, one end of which is attached to a small boat the other end to the bow of a ship. This rope is of sufficient length to allow the small boat to maneuver alongside the landing stage of the ship. Is used particularly during rough weather.		Yes	
Painter—Seine	A line attached to the fish—bag end of a purse seine for the purpose of pulling the seine to the side of the vessel and completing the circle of netting about the fish.		Yes	
Painter—Shank	The rope securing the fluke of an anchor on the billboard to a toe of the tumbler arm			
Parbuckle rope	Two ropes for handling a spar or cask over the side in the bight of the rope			
Paying out lines	See Easing out line			
Pendant rope (below 1" diam.)	The vertical rope support of a cargo fall			
Pendant rope (1" diam. and larger)	Same as above		Yes	
Pendant—Heavy weather	A line used to control boom hook in heavy weather			
Pendant—Kingpost	See topping lift			
Picket lines	Lines to which the halters of horses or mules are attached			

End use	Definition	Manila	Agave	Restrictions on other fibers
Pile driver rope	See Hammer fall rope			
Pipe Bending rope	Performed on flat table with steel pegs. Pipe positioned—Rope Hooked on to protect end of pipe and by means of a winch, pipe is pulled to form the correct or required angle of bend.			
Ploughlines	Small rope used for reins when plowing			
Polishing machine rope—textile equipment	Rope wound and fastened to scrubbing and polishing rollers on textile polishing machine			Coir only.
Potwarp	Thread rope connecting a buoy with a lobster or crab pot on the ocean floor; used also to hoist the pots.		Yes	
Power transmission rope (½" and larger)	Power transmission rope is an endless rope used in transmitting continuous mechanical power between driver and driven sheaved pulleys.		Yes	
Power transmission rope (below ½" diam.)	Same as above			
Preventor guy	A line fastened between the mast and boom to add an additional safety factor for heavy lifts on the boom.		Yes	
Projectile line	See shot line			
Pull rope	Attached to cart, wagon or other vehicle used to pull or move apparatus by hand, such as hand drawn fire hose apparatus.			
Punt handling rope	Lowering and hoisting punts			
Purse bridles	See purse-ring bridles			
Purse-ring bridles	Lengths of line with the ends seized to the lead line of a seine so as to form bridles. To the center of each bridle is seized a purse-ring.			
Purse line	A line rove through rings attached to the bottom of a seine. By hauling on this line the bottom of the net is closed or pursed.		Yes	
Purse seine bow line	A short length of line fastened to the cork line on a purse seine in such a position as to be opposite the bow when the ends of the seine are hove to the side of the vessel. This line is made fast to the bow in order to prevent the cork line from going under the bow while pursing the net.			
Purse seine stern line	See purse seine bow line			
Purse weight line	A line used to raise and lower the "lead" weight on East Coast purse seines			
Quarter rope	A pair of lines used on side-set otter trawls that are fastened to the foot rope at the junction of the wing and the bottom. Each line is passed thru an eye in a similar position on the head rope and made fast to the outer end of the wing. They are taken to the gypsy heads and power applied in order to draw the head and foot rops together and bring the wide part of the trawl aboard at the conclusion of a drag.		Yes	
Raft ropes	A three strand rope used in binding logs together while being floated to a sawmill			
Rat lines	A short length of tarred hemp rope, usually ¼ "to ½" diam. running horizontally across the shrouds for a step.			
Reef points	Short lengths of rope secured to a sail used for reefing			
Release line	See Cod end rope			
Retrieving line	See Easing-out line			
Rib lines—Otter trawls	See Belly Lines—otter trawls			
Rib lines—Pounds and traps	See hanging rope—fishing industry			
Ridge rope	The backbone of an awning. The backbone of any heavy tent			
Ring rope	The rope used to bend the chain to the anchor ring		Yes	
Rip cord—Sailing ships	Rope used to break out sails put up in stops			
See Messenger.	A line coiled in a boat and run from the ship to a dock or another ship			
Rope hoisting	See hoisting rope			
Running line	Check swing of antenna aboard vessels			
Running line—Pile driver	A rope used either in the construction of a belt or attached to a belt used to suspend or support a person while engaged in hazardous work.		Yes	
Safety rope—Antenna	See belt rope—sail			
Safety belt rope	A small size cable laid rope; usually ½" diam. to 1¼" diam. incl. Sand lines are used to hoist the bailer in well drilling.			
Sail hem rope	Used for support of sash weights in window casements			Cotton only.
Sand lines	See stage			
Sash cord	Generally similar in construction to a High Climber rope—i. e. with a steel core. Used to lower a person over the side of a cliff in a mine or quarry for the purpose, for instance, of drilling.		Yes	
Scaffold rope	See trawl lines			
Sealing rope	A small transmission rope usually ½" to ⅝" diam. used for carrying the wet sheet around the drying rolls in a paper mill.			
Set line	A rope, often rove as a tackle—which regulates the angle at which a sail is set in relation to the wind.			
Sheehan carrier rope	Same as above		Yes	
Sheet rope—(below 1" diam.)	A length of line used to fasten the inside end of a net to the shore while towing the outer end. The purpose of this operation is to hold the net in position and increase the catch.		Yes	
Sheet rope—(1" diam. and larger)	Soft laid rope used in connection with Lyle guns for rescue work on disabled ships	Yes	Yes	
Shore line—gill nets and seines	A line used in operation of shovels in unloading of grain		Yes	
Shot lines—Lyle guns	Side stays from the mast head to the rail and set up by deadeyes			
Shovel lines	Same as above		Yes	
Shrouds	Any rope used to convey signals by means of "Yarks", etc.			
Shrouds—Lifeboats	A rope used to convey signals from a diver working below the surface of the water to a boat above.		Yes	
Signal rope	Ropes used to steady lifeboats and prevent them from capsizing while being lowered from davits		Yes	
Signal rope—Deep Sea Diving	Ropes either spliced endless, knotted or used in conjunction with rigid platforms and used for the transference of cargo or equipment by means of hooks, derricks or hoists, etc.; the sling is secured around the object to be moved.			
Skrates—Vertical (lifeboats)	Same as above		Yes	
Slings (below 3" circ.)	A line inserted between the ground or trawl line and the anchor or to serve as a point of attachment of the buoy line.			
Slings—(3" circ. and large)	See Cod end rope			
Sling shots—Halibut fishery	A rope bent to the anchor cable outboard of the hawsepipe and secured on the vessel's quarter; used in slipping the cable.		Yes	
Slip line	See Sling shots			
Slip rope	See Rip cord—sailing ships			
Slip shots	See gauging			
Smiting line	A heavy line used around the deck of a trawler to move heavy objects			
Snells	A rope used to hold or retard the progress of a load or object		Yes	
Snorter	Same as above			
Snubbing rope (½" dia. and larger)	See lead line			
Snubbing rope (under ½" dia.)	A rope used in conjunction with oil well drilling to couple or uncouple lengths of pipe		Yes	
Sounding line	See bolt rope—sail			
Spinning lines	Consists of 1 or 2 lines between each otter door and its corresponding wing. The purpose of these lines is to increase the distance between the doors and thus increase the efficiency of the gear.		Yes	
Spray hood hem rope	Consists of 1 or 2 lines between each otter door and its corresponding wing. The purpose of these lines is to increase the distance between the doors and thus increase the efficiency of the gear.		Yes	
Spreaders—Otter trawls—Stern set	*See Mooring lines.* A line used in mooring or docking to check the vessel from going forward or astern heading at an angle of 45° to the keel. Includes bow spring, quarter spring, waist spring, stern spring, etc.			
Spreaders—Otter trawls—Side set	Bolt rope—sail			
Spring lines	Line used to raise sprit sail on Bristol Bay gill netters			
Sprit hem rope	Tacks used to adjust sprit sail			
Sprit line	See Bos'n's chair rope			
Sprit tackle	A rope run through blocks to raise and lower a temporary platform supporting workmen		Yes	
Stage painter line	Same as above			
Staging rope (¾" dia. and larger)	See Life Line—diver			
Staging rope (below ⅝" dia.)	Lines used to maintain stationary gear in position such as the lines leading from fyke nets, pound nets, or trap nets to stakes or piling			
Staging rope—Deep sea diving				
Stake lines				

End use	Definition	Manila	Agave	Restrictions on other fibers
Stationary tackle	A triple purchase to hold up the boom of a trawler		Yes	
Stay	A rope used for supporting a mast		Yes	
Stay running backstay	Used in a small sailing vessel to stay the mast, the weather one being set up and the lee one loose		Yes	
Steadying lines	See guy lines			
Steering gear—Emergency rope	Emergency steering apparatus for operating steering device of disabled vessels by hand		Yes	
Steeple jack rope	See Bos'n's chair rope			
Stem line	See mooring line			
Stern fasts	Used by menhaden purse boats while they are being towed behind the large boat and as they approach a school of fish.		Yes	
Stern line	*See Mooring lines.* A line used in mooring or docking to check the vessel from going forward. Line is led aft thru stern chock making an angle of less than 45° to the keel.			
Stevedoring rope	See Falls Cargo. A special rope for high speed hoisting; used over winch or a gipsy head			
Stops	See Reef points			
Stopper	A line used to steady or stop the working end of a vessel's cargo boom			
Stopper-manhaden	A line used to stop the working end of the purse boat lifting tackle		Yes	
Stowage rope	See lashing rope			
Strap	A rope spliced endless, usually with a short splice used in suspending or making fast. A small sling is sometimes called a strap.			
Strap—Anchor	A short line with an eye splice in each end, one of which is attached to the anchor			
Strap—Belly	A rope passed around a boat for hanging a kedge anchor in carrying out the anchor		Yes	
Strap—Bow (Small Boats)	A line passed through a hole in the stem of a skiff or small boat and spliced to form a loop. The skiff painter is attached to this loop.			
Strap-block	A strap used to suspend a block aloft		Yes	
Strap—Buoy keg	Consists of two lines tightly fitted around the side of a keg and interlaced to prevent their working over the ends. The two loops are provided with two bridles for fastening the buoy line and flagpole.			
Strap—Flagpole	Consists of a bridle attached to the flagpole and a line for attaching to the buoy keg			
Strap-lifting (fishery)	A strap used to wrap around nets, lines or objects in order to hook them to the lifting tackle		Yes	
Straps—Skate bottom	Consists of 4 short lines spliced one to each corner of a small square of canvas. Two adjacent lines are provided with a grommet and the completed "skate bottom" is used to hold a skate of gear in proper manner and prevent tangling.			
Strap—Splitting	Consists of a loop passed through straps located at suitable points around the fish bag so as to divide the catch into convenient portions while unloading the net. The splitting strap and cod end are hove to the surface by the haul-up line and lifted aboard by the fishing tackle.		Yes	
Strap—Tow	A heavy rope, spliced endless and used for side towing by harbor tugs		Yes	
Sweep Lines	Used to support heavy sweep bar over sheaves under barges in sounding for high spots			
Tack	The rope by which the forward lower corner of a fore and aft sail is held down and secured		Yes	
Tackline	The rope that hauls down the tack of a gaff topsail			
Tackline	A short length of line used to separate flags in a hoist			
Tag line	A rope used to guide loads which are being hoisted and moved off the ground			
Tarpaulin rope	A rope usually attached to, and for securing or making fast a tarpaulin			
Telegraph line	A small transmission rope used in the oil field for controlling the speed of the engine from the derrick floor.			
Tent rope—Guy line	Rope used in tying down or securing tents			
Tent rope—Shelter	The rope used on the halves of shelter tents			
Tie ropes—Cover	Small lines not attached to covers or tarpaulins but which are used to secure or lash a cover to or around an object.			
Tie rope	A small rope usually ½" diam. used for staking out grazing animals			
Tie down rope—Aircraft	A rope used to tie down or otherwise secure aircraft to the ground as a protection against being damaged by wind, etc.		Yes	
Tiller ropes (vessels—5 net tons and over).	A line running from the steering windlass through blocks to the tiller		Yes	
Tiller rope (vessels—under 5 net tons)	Same as above			
Top lift	See Boom lift			
Topping lift (below ⅞" diam.)	A tackle or rope leading from the head of a mast of a vessel or derrick employed to raise or top the end of a boom.			
Topping lift (⅞" diam. and larger)	Same as above		Yes	
Torpedo lines—oil well	Approximately ⅜" diam. rope used to lower explosives into oil or gas well preparatory to "shooting" the well.	Yes	Yes	
Tow line—Automobile, trucks and mechanized equipment.	A short length of rope for towing a vehicle. Usually has an eye splice in one or both ends			
Tow line—Canal barges and cargo vessels (below 3" circ.).	A rope used in towing canal barges or boats			
Tow line—Canal barges and cargo vessels (3" circ. and larger).	Same as above		Yes	
Tow line—Life boat	Used to tow a life boat behind a larger vessel or behind another life boat		Yes	
Tow line—Seine and purse boat	The line used for towing the seine or purse boat behind the fishing boat		Yes	
Tow line—Skiff (fishery)	See Painter—seine			
Tow line—Stern (tug boat) (smaller than 3" circ.)	The line used by tug boats to hold the stern of the tug to the tow			
Tow line—Stern (tug boat) (3" circ. and larger).	Same as above		Yes	
Tow line—Tender (fishery)	Used to tow heavy scows laden with fish		Yes	
Tow line—Towing spar	Used to tow spar which keeps ships in position		Yes	
Tow lines—Mines	The ropes used for towing heavy machinery in mines		Yes	
Tow lines—Seaplanes and Airplanes	Rope used in towing seaplanes, flying boats and land planes at bases and airports		Yes	
Tow lines—Tug boat (smaller than 3" circ.).	The lines used by tug boats for towing ships, barges, scows, etc. It is the line between the tug and the tow, or when the tow consists of more than one unit, the line between the units.			
Tow lines—Tug boat (not smaller than 3" circ.).	Same as above		Yes	
Towing line—Purse seine	See hauling line (purse seine)			
Traces	Rope traces used as a substitute for leather traces in some types of harness usually farm or artillery harness.			
Trap hanging lines	See net rope			
Traveler line	Line secured to sounding boom and to lower end hoist			
Trawl lines	A long line consisting of 1 or more "skates", "tubs", or coils of gear set in a continuous and substantially straight line. With the exception of crab trot lines, the trawl lines have snells or gangings attached at regular intervals.			
Tree surgery rope	A utility rope used as the name implies			
Trip line	The line used for holding a dory or tender off shore			
Trip ropes	A utility rope used to trip unloading devices			
Tripping line	A line used for capsizing a sea anchor. A line used for releasing a pelican hook, etc			
Trolley car rope	A rope used to pull down and secure a trolley pole			Cotton only.
Trot line	Used as the main or ground line for crab fishing and flag lines			Cotton only.
Truck rope	A rope used in making loads fast on a truck or to serve as a lacing to prevent loads from being lost out of the rear of a truck.			
Tunnel lines	See net rope			
Turntable lines	A line used by West Coast purse seiners to swing the turntable. One end is attached to a corner of the table, the other is brought to the gypsy.			
Tye	The pendant of the purchase for hoisting the yards		Yes	
Up and down line	See breast line			
Utility Rope	Rope used for making small straps, seizing, etc			
Vang rope	A rope running from end of gant to the deck			

End use	Definition	Manila	Agave	Restrictions on other fibers
Vang rope (⅜" diam. and larger)	Used for swinging the cargo boom in loading or discharging cargo		Yes	
Vang rope (below ⅜" diam.)	Same as above			Cotton only.
Venetian blind rope	Small twisted or braided ropes used for the operation of venetian blinds			
Warps	A light hawser used to draw a vessel to a pier or some other fixed object		Yes	
Water bag	Rope handle or sling attached to fabric water bag for desert use			
Weather Cloth—Sheet lines	A rope used to support canvas rigged as shelter in life boats			
Well ropes	Ropes used for raising and lowering the bucket in water wells			
Whale rope	A three strand rope 6¼" to 7" circ. which connects the foregoers to the ship		Yes	
Wheel rope (vessels over 10 net tons)	A line from the steering windlass through blocks to the metal linkage which connects with the tiller.		Yes	
Wheel rope (vessels under 10 net tons)	Same as above		Yes	
Winch rope	A rope used to draw or drag or pull an object by means of a power or hand driven winch, capstan or gypsy head, etc.			
Window cleaning rope	A safety rope, ¾" diam. and larger used through a window cleaner's belt to attach him to the building.		Yes	
Wing control line (otter trawls)	Line used to steady wing of a trawl		Yes	
Wiping rope	Rope used in the manufacture of wire and cable to remove excessive lubrication and to polish surface of the wire or cable.			
Wire rope centers—(larger than 1¾₆₄" diam.).	The fiber rope core serving as a base or cushion around which wire strands are twisted in the manufacture of wire rope.		Yes	
Wire rope centers—(1¾₆₄" diam. and smaller).	Same as above			
Wire rope surface yarns	Yarn twisted alternately with strands of wire in manufacturing of spring lay type cables		Yes	
Wrecking cable	A cable laid rope usually 10" circ. and larger used in floating stranded ships		Yes	
Whip rope—Ammunition	See Falls—ammunition			
Whip line—Lyle gun	An intermediate line between the shot line and the auxiliary line used initially to haul out the auxiliary line and also to draw the breeches buoy back and forth along the auxiliary line.		Yes	
Yacht rope	Rope used for the running rigging of yachts			

Schedule B—Consumer End Use List

The use of agave fiber for the manufacture of binder and baler twine will be authorized as stated in paragraph (d) (2). Normal end uses of agave twine are as follows. Agave is now permitted only where indicated.

End use	Definition	Manila	Agave	Restrictions on other fibers
Christmas tree twine	A single ply twine, usually tarred or dyed for binding Christmas trees in bundles for shipping			
Fodder yarn	Single yarn, generally tarred, put up in stranded or many end form, used in tying up fodder. This yarn is comparable to a binder twine, in certain parts of the country where a mechanical binder is used for harvesting a binder twine. In other parts where the binding of sheaves is done by hand, fodder yarn is used.			
Hambroline	See seizing stuff		Yes	
Hanging twine—Hard fiber nets	Twine used to hang hard fiber nets to lines		Yes	
Hanging twine—Soft fiber nets	Twine used to hang soft fiber nets to lines			
Herding twine	See Marline—lobster			
Hide rope	Generally sisal twine—twisted into strand form usually 50 ends. 2 or 3 ply			
House-line	See seizing stuff			
Lathyarn	A single yarn put up in stranded or many end form either tarred or untarred			
Marline	See seizing stuff			
Marline—Lobster	A twine required in the manufacture of the inside funnel of lobster pots		Yes	
Nettwine—Otter trawls	A hard laid twine, usually 2, 3, or 4 ply in sizes from #000 to #1350 used for the manufacture of hard fiber fishing nets. Also for mending nets.			
Piping cord	The cord used in a roll edge trim for furniture, etc			
Ring yarns	See wrapping twine. A single yarn usually put up in stranded or many end form and used for general tying purposes.			
Rumadline	See seizing stuff			
Seizing stuff	A general term covering fine sizes of rope and twine used for seizing larger ropes and cables			
Shingle yarn	A yarn put up in single end form, used for tying up bundles of shingles. Tarred and untarred			
Small stuff	See seizing stuff			
Spunyarn	See seizing stuff			
Wormline	See seizing stuff			
Wrapping twine—Tying twine	In general, single or plied twine, twisted or laid, used for tying or bundling purposes and practically every industry uses tying twine in some form.			

Partial List of Prohibited Items

The following list includes, for completeness, end uses which have purposely been omitted from the foregoing lists. Further manufacture of such items from any cordage fiber is prohibited. However, if an end use is not included on either previous list, or if not authorized by subdivisions (ii) or (iii) of paragraph (b) (1), it is a prohibited use.

End Use—Definition

Acrobatic rope: Rope used for various types of acrobatic stunts or exercises in circuses and gymnasiums, etc.

Bumpers: A thick woven or braided mat which serves as a cushion on which drums or barrels are dropped when unloading trucks, etc.

Climbing rope: See acrobatic rope. Also mountain climbing rope.

Display or decoration rope: Rope used as the end use implies.

Gymnasium rope: See acrobatic rope.

Grommets—games: See toys and games.

Mats—door: Mats used for wiping feet before entering building.

Net rope—banner nets: A rope to which is rigged or suspended a web of netting used for advertising display purposes, generally over streets.

Net rope—sport nets: Rope used on sport nets: Tennis nets, badminton, volley ball, deck tennis nets, hockey goal nets, etc.

Shoe soles: A rope used in the meg of rope soled shoes.

Sporting and gymnasium equipment: See acrobatic rope.

Swing rope: Rope used in park or children's swings.

Tow rope—ski: A special rope used for towing skiers to the top of a ski slope or slide.

Toys and Games: i. e. Quoits, jump ropes, etc.

Trapeze rope: See acrobatic rope.

Part 3301—Cork, Asbestos, and Fibrous Glass

[General Allocation Order M-8-a, Direction 1]

Cork

The following direction is issued pursuant to General Allocation Order M-8-a:

No person shall use cork of any type for the manufacture of the following products, and no person shall deliver any cork in raw, semi-finished, or finished form which he knows or has reason to believe will be used in the manufacture of the following products:

Table mats
Coasters
Handle grips (except for fishing tackle and industrial tools)
Toy and game products
Decorative and novelty products

The above restriction applies to reground composition scrap beginning July 15, 1944, but does not apply to it prior to that date.

This direction supersedes the directive letter of March 2, 1944, sent to all cork manufacturers.

Issued this 28th day of June 1944.

Chapter XI—Office of Price Administration

PART 1335—CHEMICALS

[MPR 543]

CERTAIN BARIUM CHEMICALS

A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

MAXIMUM PRICE REGULATION 543—CERTAIN BARIUM CHEMICALS

Sec.
1. Prohibition against sales of barium chemicals at higher than maximum prices.
2. Less than maximum prices.
3. Adjustable pricing.
4. Applicability of this regulation and relationship to other maximum price regulations.
5. Federal and state taxes.
6. Records and reports.
7. Evasion.
8. Enforcement.
9. Licensing.
10. Definitions.
11. Applications for adjustment.
12. Petitions for amendment.
13. Maximum prices for certain barium chemicals.

AUTHORITY: Secs. 1 to 13, inclusive (§ 1335.1054), issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECTION 1. *Prohibition against sales of barium chemicals at higher than maximum prices.* On and after June 27, 1944, regardless of any contract, agreement, lease, or other obligation:

(a) No person making a sale of a barium chemical for which maximum prices are established by this regulation shall sell, deliver, or transfer such barium chemical at prices higher than the maximum prices established under this regulation.

(b) No person purchasing a barium chemical for which maximum prices are established by this regulation shall buy or receive such barium chemical in the course of trade or business at higher prices than the maximum prices established under this regulation.

(c) No person shall agree, offer, solicit, or attempt to do any of the foregoing.

SEC. 2. *Less than maximum prices.* Lower prices than those established by this regulation may be charged, demanded, paid or offered.

SEC. 3. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

SEC. 4. *Applicability of this regulation and relationship to other maximum price regulations.*—(a) *Applicability.* This regulation applies only to technical grades of the following barium chemicals:

(1) Barium carbonate, precipitated, 98%–99% ($BaCO_3$).
(2) Barium chloride, 99%–100% ($BaCl_2$).
(3) Barium nitrate, 99%–100% [$Ba(NO_3)_2$].

This regulation does not apply to:

(4) The so-called "pure" (as distinguished from technical) grades of the above listed barium chemicals. Examples of the pure grades which continue to be subject to the General Maximum Price Regulation are: Pure; C. P. (Chemically Pure); U. S. P. (U. S. Pharmacopoeia); and A. R. (Analytical Reagent).

(5) Any barium chemical other than those listed above. Examples of such chemicals which continue to be subject to the General Maximum Price Regulation are: barium sulfide, barium peroxide, barium oxide, barium hydrate, barium silico fluoride and barium perchlorate.

(b) *Relationship of this regulation to the General Maximum Price Regulation.*[1] The provisions of this regulation supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries of barium chemicals covered by this regulation.

(c) *Relationship of this regulation to the Maximum Import Price Regulation.*[2] The provisions of this regulation shall not apply to sales and deliveries of imported barium chemicals which are governed by the Maximum Import Price Regulation.

(d) *Relationship of this regulation to the Second Revised Maximum Export Price Regulation.*[3] The provisions of this regulation shall not apply to sales and deliveries of barium chemicals for export, which are governed by the Second Revised Maximum Export Price Regulation.

(e) *Geographical applicability.* The provisions of this regulation shall be applicable to the forty-eight states of the United States and the District of Columbia.

SEC. 5. *Federal and state taxes.* Any tax upon, or incident to, the sale, delivery, processing, or use of a product covered by this regulation imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows in determining the maximum price and in preparing records with respect thereto: If the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor from whom he purchased.

SEC. 6. *Records and reports.* (a) Every person making sales after June 26, 1944, of barium chemicals for which maximum prices are established under this regulation shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 remains in effect, complete and accurate records of each purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the price contracted for or received and the quantity of each type and grade of such barium chemicals purchased or sold.

(b) Every reseller making sales after June 26, 1944 of barium chemicals for which maximum prices are established by this regulation shall also keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 remains in effect, records showing as precisely as possible the basis upon which he determined maximum prices for such barium chemicals under section 13 of this regulation.

(c) The persons mentioned in paragraphs (a) and (b) above shall keep such other records and shall submit such other reports to the Office of Price Administration in addition to or in place of the records required in said paragraphs or the reports mentioned in section 13 hereof as the Office of Price Administration may from time to time require.

SEC. 7. *Evasion.* Price limitations set forth in this regulation shall not be evaded, whether by direct or indirect methods, in connection with any offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to barium chemicals, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, discount, premium, or other privilege, or other trade understanding, or otherwise.

SEC. 8. *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[4] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *Definitions.* (a) When used in this regulation, the term (1) "Manufacturer's broker or agent" means any person, other than a manufacturer, who sells any barium chemical subject to this regulation and ships it to the buyer directly from the manufacturer's plant.

(2) "Reseller" means any person other than a manufacturer or manufacturer's broker or agent, who buys and sells for his own account any barium chemical subject to this regulation which is shipped to the reseller's buyer from the reseller's place of business. The same person may act as a manufacturer's broker or agent for one shipment and as a reseller of another shipment.

(3) "Ton" means 2,000 pounds.

(4) "Factory cost" means and includes materials, labor, and such indirect manufacturing costs as are properly assignable to the production of a barium chemical subject to this regulation.

(5) "Over-all profits" means over-all aggregate dollar profits (adjusted for changes in investment and before deduction of income and excess profits taxes) of a barium chemical producer, or in the event such person is a parent, subsidiary or affiliate of other corporations or business units, of the entire investment enterprise.

(6) "Base-period" means 1936–1939, inclusive, or other period which is determined to be representative of peace-time operations by the Office of Price Administration.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

SEC. 11. *Applications for adjustment.* Any manufacturer of a barium chemical subject to this regulation may apply for an adjustment of his maximum prices established under this regulation if the Office of Price Administration finds that there is a general shortage of supply of such barium chemical, and if it can be shown that the factory costs involved in applicant's production thereof have increased so substantially since his current maximum price was established that an adjustment of such price is necessary to enable him to maintain or expand his production of said commodity.

(a) *Information to be submitted.* Any application filed hereunder shall be in accordance with Revised Procedural Regulation No. 1 and shall include the following unless such information is already on file with the Office of Price Administration and the applicant so indicates.

(1) Proposed maximum prices and method of arriving at the latter.

(2) Description of applicant's business including a list by major groups of all commodities manufactured.

(3) A statement showing dollar sales volume of the barium chemical for which a price increase is needed and total dollar sales volume for the last complete calendar or fiscal year and for the most recent period for which information is available.

(4) A statement showing with respect to such barium chemical the factory cost per unit and administrative and selling expense per unit for the first six months of 1944, the last complete calendar or fiscal year and for the most recent period for which the information is available, including

(i) Itemization of direct material and labor costs per unit, and if increased labor costs are shown, a full explanation of the reason for the increase and a showing that any wage rates subject to approval by the War Labor Board have been approved by that Board.

(ii) Other factory costs properly assignable to the production of such barium chemical. (This may include: indirect labor, factory supplies, repairs and maintenance of building, machinery and equipment, insurance, property taxes, depreciation at normal rates on plant and equipment actually used in manufacture, purchased utility services, and other items commonly associated with factory operation).

(iii) General administrative and selling expenses such as: executive and administrative salaries, office expense, commissions, advertising, and similar items but not including income and excess profit taxes, charges to war reserves, or reserves for contingencies.

(5) The method of allocating indirect factory costs and administrative and selling expenses to such barium chemical and the method of charging inventories used in determining material costs.

(6) Profit and loss statements and balance sheets for each of the calendar or fiscal years between 1936 and 1939, inclusive; for the most recent full fiscal or calendar year; and for the latest period for which information is available prior to the date of filing the application. If applicant is a parent, subsidiary or affiliate of other corporations or business units, the financial data must be submitted for the entire investment enterprise. If this information has been submitted previously to the Office of Price Administration on Form A or on any other form, applicant should indicate when and with whom it was filed. Furthermore, the filing of this data for years prior to 1943 is optional provided reports are available from the Bureau of Internal Revenue. Should the applicant prefer, this information will be requested by the Office of Price Administration directly from the Bureau of Internal Revenue.

(b) *Amount of adjustment.* No adjustment will be made under this section unless the Price Administrator finds that a price increase is necessary to aid in securing essential supply. Furthermore, any adjustment granted under this section shall be limited as follows:

(1) To an amount sufficient to make the adjusted price per unit equal to factory cost per unit where applicant's current over-all profits on an annual basis are favorable as judged by his own or the industry's historical experience.

(2) To an amount sufficient to make the adjusted price per unit equal to factory costs per unit, plus general administrative and selling expenses per unit, where applicant's current over-all profits on an annual basis are normal as judged by his own or the industry's historical experience or where his sales of barium chemicals constitute a substantial portion of the sales volume of his business or of a plant or division thereof.

(3) To an amount sufficient to make the adjusted price per unit equal to total cost per unit, plus an adequate margin of profit per unit, where applicant's current over-all profits on an annual basis are unfavorable as judged by his own or the industry's historical experience.

(4) Notwithstanding limitations on the amount of adjustment heretofore indicated, no adjustment granted under this section shall exceed the amount by which applicant's per unit factory cost for such barium chemical has increased since the maximum price which he requests be adjusted was established. Furthermore, regardless of applicant's earnings position, no adjusted price shall exceed factory or total cost per unit if historically applicant has sold such barium chemical at not more than factory or total cost per unit.

(c) *Orders issued under this section.* The Office of Price Administration may authorize or deny by order the maximum prices requested or any modification thereof and may also adjust the maximum prices of resellers, processors and industrial users. It may require in appropriate cases a compensatory decrease in the maximum prices for another product or products manufactured by applicant.

SEC. 12. *Petitions for amendment.* Any person seeking an amendment to any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[5]

SEC. 13. *Maximum prices for sales of certain barium chemicals.*—(a) *By manufacturers or manufacturers' brokers or agents.* Maximum prices for sales of barium chemicals subject to this regulation by manufacturers and manufacturers' brokers or agents shall be the prices set forth below. Such prices shall be (except as otherwise specifically directed herein) subject to the same discounts, credit terms and other trade practices prevailing on a transaction of the same type by the same seller during March 1942.

The prices listed below are f. o. b. manufacturer's shipping point (except where otherwise specified) and are based on net weight. Such prices shall not be increased by any charge for containers, commissions or brokers' fees.

(1) *Barium carbonate, precipitated, 98%–99% ($BaCO_3$).*—(i) *Regular grade (including free-flowing, high-reactivity and regular ceramic grades).*

Maximum prices for sales by manufacturers or manufacturers' brokers or agents of technical grades of barium chemicals subject to this regulation, but for which no maximum prices are specified in this section 13 (or sold in containers or under circumstances not provided for) shall be the maximum prices authorized by the Office of Price Administration in response to an application therefor filed by the seller and in line with the level of maximum prices established by this regulation.

Applications for the establishment of such maximum prices shall be submitted by registered mail to the Chemicals and Drugs Price Branch, Office of Price Administration, Washington, D. C., prior to sale, and shall be accompanied by a description of the particular barium chemical and the nature of the transaction involved, the seller's maximum price under the General Maximum Price Regulation, the current selling price and the maximum price proposed. The seller must also furnish any additional information which the Office of Price Administration may require. Sales may be made at such proposed price after the date of mailing such application subject, however, to approval by the Price Administrator. If, at the expiration of 20 days from the date of mailing the application (or all additional information which may have been requested) the seller has not been advised by the Office of Price Administration of its disapproval of the proposed maximum price, such proposed price may be considered as authorized. In the event of any modification of an unauthorized price, refund shall be made accordingly. The Office of Price Administration may, at any time, by order, disapprove and modify any maximum price established under this section.

(b) *Maximum prices for sales by resellers.* The maximum prices for sales by resellers of a barium chemical subject to this regulation shall be such reseller's maximum prices as determined under the provisions of the General Maximum Price Regulation except as specified below:

(1) On sales of barium carbonate precipitated, regular and sulphur-free grades, the reseller may add to his maximum prices as determined under the General Maximum Price Regulation, $0.75 per 100 pounds on material purchased from Chicago Copper & Chemical Co., Blue Island, Illinois or $0.25 per 100 pounds on material purchased from other manufacturers located east of the Rocky Mountains.

(2) On sales of technical grades of barium chloride crystals the reseller may add to his maximum prices as determined under the General Maximum Price Regulation $0.20 per 100 pounds.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Effective date. This regulation shall become effective June 27, 1944.

Issued this 27th day of June 1944.

CERTAIN RUBBER COMMODITIES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

The present provisions of § 1315.1565 are designated (a) *Minor changes* and a new paragraph (b) is added to read as follows:

(b) *Maximum price of cable wrapping tape where buna-S (GR–S) or butyl (GR–I) is substituted for natural rubber.* The maximum price of cable wrapping tape which differs from cable wrapping tape delivered or offered for delivery by the manufacturer during March, 1942, only because of the substitution of buna-S (GR–S) or butyl (GR–I) for natural rubber shall be determined as follows:

(1) If the manufacturer quoted prices for the natural rubber tape during March 1942 by the linear yard or square yard, the maximum price of the cable wrapping tape made of buna-S (GR–S) or butyl (GR–I) shall be the same as the maximum price of the natural rubber tape.

(2) If during March 1942 the manufacturer quoted prices for the natural rubber tape by the pound, he shall determine the maximum price for the cable wrapping tape made of buna-S (GR–S) or butyl (GR–I) to each class of purchaser as follows:

(i) The manufacturer shall determine his March 1942 price per square yard of the natural rubber tape for each class of purchaser. For example: If during March 1942 the natural rubber tape sold for 40¢ per pound and weighed 60 pounds per 100 square yards, his March 1942 price for a square yard is 40¢×60÷100=24¢ per square yard.

(ii) The price determined under (i) above shall be the maximum price per square yard of the buna-S (GR–S) or butyl (GR–I) cable wrapping tape for each class of purchaser. This price may be converted into a price per pound. For example: If the maximum square yard price is 24¢ and the buna tape weighs 50 pounds per 100 square yards, the maximum price per pound would be 24¢×100÷50=48¢ per pound.

This amendment shall become effective July 3, 1944.

PART 1351—FOOD AND FOOD PRODUCTS

[2d Rev. MPR 322]

ALFALFA HAY

Revised Maximum Price Regulation No. 322 is redesignated Second Revised Maximum Price Regulation No. 322 and is revised and amended to read as hereinafter set forth.

In the judgment of the Price Administrator it is necessary and proper to establish maximum prices for sales of alfalfa hay throughout the 48 states and the District of Columbia of the United States.

Insofar as this regulation may use specifications and standards which were not, prior to such use, in general use in the trade or industry affected or insofar as their use was not lawfully required by another Government Agency, the Administrator has determined with respect to such standardization that no practicable alternative exists for securing effective price control with respect to the commodities subject to this revised regulation.

A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.* In the judgment of the Administrator the prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended. So far as practicable the Administrator has advised and consulted with members of the industry which will be affected by this second revision of Maximum Price Regulation No. 322.

*Copies may be obtained from the Office of Price Administration.

§ 1351.1950 *Maximum prices for alfalfa hay.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order 9250 and Executive Order 9328, Second Revised Maximum Price Regulation No. 322 (Alfalfa Hay) which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1351.1950 issued under 56 Stat. 23, 765; Pub. Law 151; 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECOND REVISED MAXIMUM PRICE REGULATION 322—ALFALFA HAY

Sec.
1. Applicability.
2. Sales at other than maximum prices.
3. Definitions.
4. Evasion.
5. Licensing.
6. Records and reports.
7. Enforcement.
8. Protests and petitions for amendment.
9. Base prices.
10. Maximum prices for sales of all alfalfa hay.
11. Markups of dealers and retailers; limitations on the inclusion of such markups in computing maximum prices.
12. Invoices and information which must be shown thereon.

SECTION 1. *Applicability.* Except as provided in paragraph (a) of this section, this regulation shall apply to all sales within the 48 states and the District of Columbia of domestic and imported alfalfa hay whether sold for immediate or future delivery.

(a) *Exceptions—(1) Export sales.* This regulation shall not apply to any export sales of alfalfa hay. The maximum price for such sales shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation.

(2) *Emergency purchases.* This regulation shall have no application to any alfalfa hay purchased by the United States or any of its agencies under such circumstances of emergency as to make immediate delivery imperative, and as to render it impossible to secure or unfair to require immediate delivery at the maximum price which would otherwise be applicable, if such purchases and deliveries are made pursuant to the provisions of section 4.3 (f) of Revised Supplementary Regulation No. 1 to the General Maximum Price Regulation, as amended.

SEC. 2. *Sales at other than maximum prices.* (a) Regardless of any contract or obligation, no person shall sell or deliver, and no person, in the course of trade or business, shall buy or receive alfalfa hay at a price above the maximum price established herein, nor shall any person agree, solicit or attempt to do any of the foregoing: *Provided, however,* That this prohibition is subject to the exceptions provided in subparagraphs (1) and (2) of this paragraph.

(1) Any contract for the purchase or sale of alfalfa hay made prior to July 3, 1944, which was not in violation of any maximum price regulation in effect at the date of its execution may be performed according to its terms until November 1, 1944.

(2) Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by an order of the Administrator or of any official of the Office of Price Administration having the authority to act upon the pending request for a change in price or to give the authorization.

(b) Prices lower than the maximum prices established by this regulation may be charged and paid.

SEC. 3. *Definitions.* When used herein the following terms shall have the following meanings.

"Alfalfa hay" and "grades of alfalfa hay" mean alfalfa hay and grades of alfalfa hay as established in the Handbook of Official Hay Standards issued by the Department of Agriculture.

"Person" means an individual, corporation, partnership, association or other organized groups of persons or the legal successor or representative of any of the foregoing and includes the United States or any other Government or political subdivision or agency of any of the foregoing.

"Feeder" means, with respect to any lot of alfalfa hay, a person who feeds alfalfa hay to animals.

"Importer" means, with respect to any lot of alfalfa hay produced outside the continental United States, the first person to whom such alfalfa hay is delivered in the continental United States and who thereafter sells such hay within the 48 states or the District of Columbia. On that sale the importer will always also be either a producer, dealer or retailer, according to the manner in which he sells and the definition appropriate thereto, and he will be referred to herein as an importer-producer, importer-dealer or importer-retailer, as the case may be.

"Producer" means, with respect to any lot of alfalfa hay:

(a) A person who grew or harvested the lot of alfalfa hay; or

(b) A land owner who received the lot of alfalfa hay as, or in lieu of, rent. In both cases it includes a importer-producer.

"Dealer" means, with respect to any lot of alfalfa hay, a person who buys such hay and sells the same to feeders in carload lots or to any person other than a feeder in any quantity.

"Retailer" means, with respect to any lot of alfalfa hay:

(a) Any person, other than the producer, who sells the same to a feeder in a less than carload lot; or

(b) A producer who sells alfalfa hay grown by him in a less than carload lot to a feeder who has a farm or feed lot located either in the same county where the hay was grown or in a county abutting thereon, and who delivers the hay

off the farm where grown to such farm or feed lot of his purchaser; or

(c) A producer who unloads alfalfa hay grown by him into a warehouse or store operated by him as a separate place of business not located on the farm where the hay was grown, and who sells the same to a feeder in a less than carload lot. In all cases, it includes an importer-retailer.

"Supplier" means, as to any seller, the person from whom he purchased the alfalfa hay being priced.

"Customer" means, as to any seller, the person to whom he sells the lot of alfalfa hay being priced.

"Ton" means 2,000 pounds.

"Market" means, with respect to any lot of alfalfa hay, any point within the 48 states or the District of Columbia where such hay is sold after it has been shipped from the farm where grown, and the corporate or switching limits, if any, of that point.

"Carload lot" means either a lot of alfalfa hay of 20,000 pounds or more or a lot of alfalfa hay of 10,000 pounds or more when shipped in a mixed car or pool car.

"Less than carload lot" means any lot of alfalfa hay other than a carload lot.

"Transportation cost" means:

(a) When transportation is by for-hire carrier:

(1) If the shipment originates at a point in the continental United States, the actual lawful transportation charges, exclusive of loading charges not customarily included in such transportation charges, incurred in delivering to the purchaser;

(2) If the shipment originates outside the continental United States, the lowest rail rate of freight applicable to the shipment from the point of entry to destination;

(b) When transportation is by other than for-hire carrier, the reasonable value of the transportation service, exclusive of loading, not to exceed the maximum price the person could lawfully charge a third person for a like service if performed as a for-hire carrier other than a common carrier;

(c) When the shipment is by a combination of the foregoing the sum of the amounts computed for each factor of transportation.

"This regulation" means Second Revised Maximum Price Regulation No. 322, or as amended.

"Areas of production" are as follows:

Area 1 is comprised of the following: The states of Montana, North Dakota, South Dakota, Minnesota, Nebraska, Wyoming, Colorado, and the following counties in Kansas and all counties west thereof: Barber, Pratt, Stafford, Barton, Russell, Osborne and Smith.

Area 2 is comprised of the following: The states of Washington, Oregon, Idaho, California, Nevada, Utah, Arizona, New Mexico, Texas, Oklahoma, Arkansas, Missouri, Iowa, Wisconsin, Ohio, Illinois, Indiana, Michigan, and that portion of Kansas not included in Area 1.

Area 3 is comprised of the following: The states of Louisiana, Mississippi, Tennessee, Kentucky, West Virginia except Morgan, Berkeley, and Jefferson Counties; the following counties in Pennsylvania: Somerset, Fayette, Greene, Washington, Westmoreland, Cambria, Indiana, Allegheny, Beaver, Butler, Armstrong, Lawrence, Mercer, Crawford, Erie, Warren, Venango, Forest, Clarion, Jefferson, Elk, McKean, Potter, Cameron, Clearfield, and Tioga; the following counties in New York: Chautauqua, Erie, Cattaraugus, Niagara, Orleans, Genesee, Wyoming, Allegany, Livingston, Monroe, Wayne, Ontario, Yates, Steuben, Chemung, Schuyler, Seneca, Cayuga, Tioga, Tompkins, Cortland, Onondaga, Madison, Oneida, Oswego, Lewis, Jefferson, St. Lawrence; the following counties in Virginia: Lee, Scott, Washington, Russell, Wise, Dickenson, Buchanan and Tazewell; and Garrett County, Maryland.

Area 4 is comprised of the following: The states of Alabama, Georgia, Florida, South Carolina, North Carolina, Delaware, Vermont, New Hampshire, Maine, the District of Columbia, the following counties in New York: Franklin, Clinton, Essex, Hamilton, Herkimer, Warren, Washington, Saratoga, Fulton, Montgomery, Schnectady, Rensselaer, Otsego, Chenango, Broome, Delaware, Sullivan, Ulster, Green, Albany and Schoharie; the following counties in Pennsylvania: Bedford, Blair, Fulton, Huntingdon, Franklin, Adams, York, Lancaster, Chester, Delaware, Philadelphia, Bucks, Montgomery, Northampton, Pike, Wayne, Susquehanna, Bradford, Lycoming, Sullivan, Wyoming, Lackawanna, Luzerne, Monroe, Columbia, Carbon, Montour, Union, Mifflin, Juniata, Snyder, Northumberland, Schuylkill, Lehigh, Perry, Dauphin, Lebanon, Berks, Centre, Clinton, and Cumberland; Morgan, Berkeley and Jefferson counties in West Virginia, all the counties in Virginia except Lee, Scott, Washington, Russell, Wise, Dickenson, Buchanan and Tazewell and all the state of Maryland except Garrett County.

Area 5 is comprised of the following states: New Jersey, Rhode Island, Connecticut, Massachusetts; and the following counties in New York: Orange, Rockland, Westchester, Putnam, Dutchess, Columbia, Nassau, Suffolk, Bronx, New York, Kings, Queens and Richmond.

SEC. 4. *Evasion.* The provisions of this regulation shall not be evaded whether by direct or indirect methods in connection with any offer, solicitation, agreement, sale, delivery, purchase or receipt of alfalfa hay, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, or discount, premium or by tying-agreement or other trade understanding or by changing a previous business practice, or otherwise.

SEC. 5. *Licensing.* The provisions of Licensing order No. 1 [1] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended. These provisions do not apply to any producer selling alfalfa hay produced by him.

SEC. 6. *Records and reports.* (a) Every seller subject to this regulation shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, his customary records including, if any, all bills, invoices and other documents relating to every sale or delivery of alfalfa hay after the effective date of this regulation.[2]

(b) Upon demand every such seller shall submit such records to the Office of Price Administration and keep such further records as the Office of Price Administration may from time to time require.[2]

SEC. 7. *Enforcement.* Persons violating any provision of this regulation are subject to the license revocation and suspension provisions, civil enforcement actions, suits for treble damages and criminal penalties as provided in the Emergency Price Control Act of 1942, as amended.

SEC. 8. *Protests and petitions for amendment.* Any person desiring to file a protest against or seeking an amendment of any provisions of this regulation may do so in accordance with Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

SEC. 9. *Base prices.* The appropriate base price is determined by reference to the following factors:

The month in which delivery is made or is to be made;

The grade of the hay;

Whether the hay is baled or loose, and if baled, the manner of baling;

The area of production in which it was produced. In the case of imported hay, the area of production shall be deemed to be the area in which the point of entry is located.

(a) Unless an official certificate of grade has been issued, base prices for all grades of unbaled alfalfa hay are as follows:

Area	January, February, March, April	May, June, July, August, September, October	November	December
1	$20.50	$19.00	$20.50	$20.00
2	22.00	20.50	21.00	21.50
3	23.50	22.00	22.50	23.00
4	25.00	23.50	24.00	24.50
5	26.50	25.00	25.50	26.00

(1) When an official Federal or State certificate of grade has been issued with respect to the lot of alfalfa hay in question, the foregoing base prices shall be increased by $2.00 per ton, if the certificate describes the hay in question as U. S. No. 1 Alfalfa or U. S. No. 2 Leafy Alfalfa, or by $5.00 per ton, if the certificate describes the hay in question as U. S. Extra Leafy Alfalfa.

(b) For any lot of baled alfalfa hay, the foregoing base prices shall be increased by $5.00 per ton, if the hay was baled by the single compress method, or by $7.00 per ton, if the hay was baled by the double compress method.

SEC. 10. *Maximum Prices for Sales of all alfalfa hay*—(a) *By the producer.* The maximum per ton price for a sale or delivery of alfalfa hay by the producer shall be the appropriate base price plus his transportation cost, if any.

(1) *Limitations on payment.* If the purchaser bears any expense for services connected with the growing, cutting, piling, collecting from field or assembling at points on farm where available for ready transportation from farm, or for baling (if purchased baled), the amount of such expense borne by the purchaser must be deducted in making payment of the appropriate maximum price hereinbefore set forth.

(b) *By a dealer or retailer.* The maximum per ton price for a sale or delivery of alfalfa hay by a dealer or by a retailer shall be determined by adding his transportation cost and the appropriate markup set forth in section 11, either to:

(1) His supplier's maximum price on the sale to him, adjusted to reflect the difference, if any, between the base price for the month in which the seller makes delivery and the base price for the month in which his supplier made delivery to him; or

(2) Where the retailer is also the producer, to the appropriate base price set forth in section 9 of this regulation.

SEC. 11. *Markups of dealers and retailers; limitations on the inclusion of such markups in computing maximum prices.* (a) The maximum markup of the retailer, with respect to any lot of alfalfa hay, shall be:

$6.00 per ton where unloaded into the retailer's warehouse or store not located on the farm where the alfalfa hay was grown; or if not so unloaded, either:

$1.50 per ton where the retailer is also the producer; or

$3.00 per ton in all other cases.

Because a retailer is defined as being a person who sells to a feeder, there cannot be more than one sale by a retailer of a lot of alfalfa hay and not more than one retail markup can ever be added on the sale of a single lot of alfalfa hay.

(b) Except as limitations on total dealers' markups are provided in paragraph (c) the maximum markup of any dealer who sells a lot of alfalfa hay delivered elsewhere than on the farm where grown shall be:

$4.00 per ton if warehoused by the dealer and resold in a less than carload lot to any person other than a feeder;

$2.00 per ton in all other cases.

No markup is permitted on a delivery by a dealer unless the hay has been removed from the farm where grown.

(c) If there are several sales of a single lot of alfalfa hay by different dealers, the total amount of all dealers' markups, regardless of the number of such sales, shall not exceed the applicable amount determined under the following rules:

(1) If the hay is being resold in the first market into which it moves after being shipped from the farm,

(i) $4.00 per ton if the hay has been warehoused by the seller and is being resold in a less than carload lot to any person other than a feeder, or

(ii) $2.00 per ton in al' other cases;

(2) If the hay is being resold in a market other than the first market into which it moves after being shipped from the farm,

(i) $6.00 per ton if the hay has been warehoused and is being resold in a less than carload lot to anyone other than a feeder, or

(ii) $4.00 per ton in all other cases.

SEC. 12. *Invoices and information which must be shown thereon.* On each sale of hay, the seller shall give his customer an invoice or bill of sale which must show the sales price and the area of production in which the hay was grown, and must separately state all transportation costs and markups included in the invoice price.

This revised regulation shall become effective July 3, 1944.

PART 1375—EXPORT PRICES

[3d Rev. Max. Export Price Reg.,[1] Amdt. 8]

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[*]

The 2d Revised Maximum Export Price Regulation is amended in the following respects:

1. The proviso in section 3 (b), which was added by Amendment No. 5, is revoked.

2. A new paragraph (e) is added to section 3 to read as follows:

(e) An exporter who would be entitled to receive a Government subsidy or similar payment for the exported commodity if he sold it for civilian consumption within the United States, but who is not entitled to receive such subsidy or similar payment when he exports the commodity, may increase his base price otherwise applicable under this section (which may not exceed the maximum price he might charge a domestic civilian purchaser of the same class) by the amount of such subsidy or similar payment. An exporter who is required to and does pay any amount to any Government agency by way of reimbursement for any subsidy or similar payment made or to be made to him or to any other person by the Government with respect to the exported commodity, may increase his base price otherwise applicable under this section by the amount of such reimbursement.

This Amendment No. 8 shall become effective July 5, 1944.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[Rev. RO 11,[1] Amdt. 14]

FUEL OIL

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[*]

Revised Ration Order 11 is amended in the following respects:

1. Section 1394.5363 (a) (2) is amended to read as follows:

(2) Where portable or non-portable space heaters are to be used, not more than 550 square feet of floor area may be counted for each such space heater, except that in Zone D not more than 950 square feet of floor area may be counted for each non-portable space heater, and not more than 850 square feet of floor area may be counted in Zones A3, B3 and C3 for each non-portable circulating space heater having an output of 50,000 or more British Thermal Units; and

2. Section 1394.5363 (a) (3) is amended to read as follows:

(3) If more than one space heater is to be used, the allowable floor area (as limited in subparagraph (1) and (2)) for each space heater shall be added, and the maximum heating allowance shall be figured for that total.

3. Section 1394.5363 (c) is added as follows:

(c) *Children's allowance.* If one or more children under six (6) years of age regularly live in the premises to be heated, the renewed ration (whether below or the maximum allowable pursuant to Table IX) may be increased by adding to the renewed ration an amount not exceeding ten (10) percent of the renewed ration. However, the maximum children's allowance that may be added is the amount specified in § 1394.5361 (b) for the zone in which the premises are located.

This amendment shall become effective on July 3, 1944.

PART 1404—RATIONING OF FOOTWEAR

[RO 6A,[1] Amdt. 12]

MEN'S RUBBER BOOTS AND RUBBER WORK SHOES

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 6A is amended in the following respects:

1. Section 2.14 (a) is amended by deleting the last sentence of the paragraph.

2. Section 3.6 is amended to read as follows:

SEC. 3.6 *Closing and transfer of businesses*—(a) *Closing of establishments.* Within five days after an establishment is closed, the owner or his representative shall surrender to the District Office serving the area in which the establishment is registered:

(1) The certificate of registration issued to the establishment,

(2) All rubber footwear purchase certificates it has on hand (except those transferred in accordance with paragraph (b) of this section) and,

(3) All inventory records required to be kept by this order and a statement showing the number of pairs of each type of rubber footwear on hand on date of closing.

He shall also report any certificates (showing the type and number of pairs) owed to or by the establishment and the name and address of the person to or from whom the certificates are due. Any certificates owed to the establishment by another shall thereafter be deemed to be owed to the District Office. However, the District Office may require the owner of the establishment to collect all certificates owed to it and to return all certificates it owes to other persons or establishments.

(b) *Transfer of establishments.* (1) Any person may, with the prior approval of the District Office, acquire without certificates, for permissible transfer, the rubber footwear and certificates of an establishment which is disposing of all its assets or its entire rubber footwear department or line. (However, approval of the District Office is not required when the transfer is by operation of law or judicial process.) Within 5 days after the transfer, the transferee must comply with the provisions of section 2.12 (d). However, if the transferee is already registered, he shall, in lieu of such requirement, attach to his copy of the inventory form, a statement setting forth the name and address of the transferor, the number of pairs of each type of rubber footwear acquired, and the number of pairs of each type of rubber footwear represented by the certificates acquired. A copy of the statement shall be sent to the District Office within 5 days after the transfer.

(2) The person making the transfer shall, in addition to the requirements of paragraph (a) of this section, report to the District Office the name and address of the transferee, the number of pairs of each type of rubber footwear to be transferred, and the number of pairs of each type represented by the certificates to be transferred.

(c) *Moving of establishment.* If a person moves his establishment to a new location, that moving shall not be considered a transfer under this order.

(d) *Transfer of business of employer-consumer.* Any person who buys or otherwise acquires substantially all the assets of an employer-consumer business or operation, may acquire any rubber footwear included among the assets without certificates for the purpose of furnishing such rubber footwear to the employees of the business, *Provided,* That he keeps title to the rubber footwear. If any rubber footwear so acquired is transferred in any other manner, certificates must first be obtained and such certificates must be surrendered to the District Office within five days.

(e) *Closing of business of employer-consumer.* If an employer-consumer closes his business, he may transfer ration-free any footwear that has been worn. He may transfer new rubber footwear if he first obtains certificates. The certificates received must be surrendered to the District Office within five days.

This amendment shall become effective July 3, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

MEAT, FATS, FISH AND CHEESES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Revised Ration Order 16 is amended in the following respects:

1. Section 7.1 (a) (1) is amended by substituting the words "industrial use" for the word "It" in the second sentence; and by inserting the following between the first and second sentences:

"(The term 'demonstration' means showing a prospective purchaser how an item of food covered by this order looks, how it is prepared, or how it tastes.)"

2. Section 7.1 (a) (3) is amended by substituting the word "educational" for the word "demonstration".

3. Section 22.11 is revoked.

4. Section 22.12 (a) and (b) are amended by substituting the words "for the use of foods for educational purposes" for the words "for food demonstrations" wherever they appear in those sections; and the last sentence of section 22.12 (b) is amended by substituting the words "educational purposes" for the words "the purpose of demonstrations".

5. The definition of "butter" in section 27.1 (a) is amended by deleting the word "edible" from the first sentence.

6. The definition of "industrial use" in section 27.1 (a) is amended to read as follows:

"Industrial use" means any use of "foods covered by this order" in producing or manufacturing, for sale or "transfer", a food for human consumption, which is not covered by this order, or a pharmaceutical. It also includes the use of a food covered by this order for experimental, educational, testing, or demonstration purposes, and the use of "rationed fats or oils" in the care and treatment of the sick.

PART 1499—COMMODITIES AND SERVICES

[MPR 165, Supp. Service Reg. 30]

COMMISSION SELLING OF BITUMINOUS COAL AND PENNSYLVANIA ANTHRACITE

A statement of the considerations involved in the issuance of this supplementary service regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.* For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Supplementary Service Regulation No. 30 is hereby issued.

§ 1499.2263 *Modification of maximum prices established by Maximum Price Regulation No. 165, as amended, for commission selling of bituminous coal or Pennsylvania anthracite delivered from any mine or adjunct preparation plant.* A person engaged in commission selling of bituminous coal or Pennsylvania anthracite delivered from a mine or adjunct preparation plant may determine his maximum commission by the use of the highest percentage rate he used during March 1942 in connection with the same type of transaction but he may not charge more than the highest amount in cents per net ton he charged during October 1943 in connection with the same type of transaction; except that where the cents per net ton charged by the seller was less than he could have charged in accordance with a contract he had in effect during October 1943, he may charge no more than the cents per net ton specified in such contract for the same type of transaction, nor may he charge more than the cents per net ton resulting from the application of the percentage rate specified in such contract to the maximum prices in effect during October 1943 for the same type of transaction.

If the seller is the exclusive sales agent for all sales made from a mine, he may calculate the maximum October 1943 commission in one of two ways at his option. He may calculate his maximum October 1943 commission in cents per net ton for each type of transaction; or he may calculate the weighted average of maximum October 1943 commissions on all sales of all sizes of coals from the same mine. Once the seller has determined which of the bases he will use, he shall continue to charge his commission only on the basis elected unless he obtains permission from the Price Administrator to change to the other basis.

As used in this supplementary service regulation, the terms:

(a) "Same type of transaction" refers to the practice adopted by the commission seller in charging different commissions for different types of transactions. Entering into the adoption of such practice are: in the case of bituminous coal, sales of different size groups of coals, e. g., lump, double-screened, mine run, modified mine run, resultant run of mine, screenings and slack sizes; in the case of Pennsylvania anthracite, sales of different sizes, e. g., lump, egg, stove, etc.; sales for different uses, such as railroad locomotive fuel uses; and sales to different kinds of buyers, such as domestic dealers. In any event, the term "same type of transaction" shall also mean a sale from the same mine.

(b) "Bituminous coal" means coal sold subject to Maximum Price Regulation No. 120—Bituminous coal delivered from mine or preparation plant.

(c) "Pennsylvania anthracite" means coal sold subject to Maximum Price Regulation No. 112—Pennsylvania anthracite.

This Supplementary Service Regulation No. 30 (§ 1499.2263) to Maximum Price Regulation No. 165 shall become effective July 1, 1944.

PART 1543—PETROLEUM PROCESSING, REFINING, AND MARKETING

MANUFACTURE AND DELIVERY OF FUEL OIL

The fulfillment of requirements for the defense of the United States will result in a shortage of aviation gasoline, diesel fuel, motor fuel, gas oil, and other petroleum products for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest, to promote the national defense and to provide adequate supplies for military and other essential uses.

*Copies may be obtained from the Office of Price Administration.

[1] 9 F.R. 6731.

§ 1543.2 *Petroleum Distribution Order No. 22*—(a) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "District Five" means the States of Washington, Oregon, California, Nevada, and Arizona, and the Territories of Alaska and Hawaii.

(3) "Fuel oil" means residual oil, heavy crude oil, or either of these materials blended with a gas oil, which is to be burned for heating purposes.

(4) "Light domestic fuel" means any fuel oil having a viscosity not above 60 Saybolt Seconds Furol at 122° F.

(5) "Bunker grade fuel" means any fuel oil having a viscosity above 60 and not above 150 Saybolt Seconds Furol at 122° F.

(6) "Railroad and heavy industrial fuel" means any fuel oil having a viscosity above 150 Saybolt Seconds Furol at 122° F.

(7) "Furnace oil" means any distillate which is to be burned for heating purposes.

(8) "Non-military use" means the use of fuel oil other than by the United States War Department, the United States Navy Department, the Foreign Economic Administration, the War Shipping Administration, and the military and naval forces of the United Nations.

(b) *Specifications for fuel oil.* No person in District Five shall, for non-military use, manufacture or deliver:

(1) Furnace oil of a viscosity below 43 Saybolt Seconds Universal at 100° F.

(2) Light domestic fuel of a viscosity below 35 Saybolt Seconds Furol at 122° F.

(3) Bunker grade fuel of a viscosity below 150 Saybolt Seconds Furol at 122° F.

(4) Railroad and heavy industrial fuel of a viscosity below 200 Saybolt Seconds Furol at 122° F.

Provided, That materials which do not meet the above specifications may be manufactured as intermediate products which are thereafter blended to the above specifications prior to delivery from the refinery for nonmilitary use.

(c) *General exception for stocks on hand.* This order shall not apply to fuel oil which on the effective date hereof shall already have been shipped from the refinery.

(d) *Applications for specific exceptions.* (1) Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may file an application for exception setting forth the pertinent facts and reasons why he considers himself entitled to relief. All such applications for exception shall be filed in quadruplicate and shall be addressed to the Director-in-Charge, Petroleum Administration for War, 855 Subway Terminal Building, 417 South Hill Street, Los Angeles 13, California.

(2) Any person whose application for exception to this order has been denied in whole or in part may appeal to the Petroleum Administration for War, Washington, D. C., by filing a letter in triplicate with the Director-in-Charge, Petroleum Administration for War, 855 Subway Terminal Building, 417 South Hill Street, Los Angeles 13, California, stating fully the grounds of the appeal.

(e) *Effective date.* This order shall take effect the 28th day of June 1944.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

PART 2—RULES OF PRACTICE

HEARINGS ON COMPLAINTS

Pursuant to the authority contained in sec. 6, 38 Stat. 721; 15 U.S.C., 46, the Commission, on May 4, 1944, amended § 2.12 of its rules of practices to read as follows, effective July 1, 1944:

§ 2.12 *Hearings on complaints.* All hearings before the Commission or trial examiners on complaints issued by the Commission shall be public, unless otherwise ordered by the Commission.

Upon the joining of issue in a proceeding upon complaint issued by the Commission, the taking of evidence therein shall proceed with all reasonable diligence and with the least practicable delay.

Not less than five (5) days' notice of the time and place of the initial hearing before the Commission, a Commissioner, or a trial examiner, shall be given by the Commission to counsel of record or to parties.

Hearings shall be stenographically reported by the official reporter of the Commission and a transcript thereof shall be made which shall be a part of the record of the proceeding. The transcript so made shall be the sole official transcript. Transcripts will be supplied to a respondent or respondents and to the public by the official reporter at rates not to exceed the maximum rates fixed by contract between the Commission and the reporter.

Changes in the official record may be made only when they involve errors affecting substance and then only in the manner herein provided. No physical changes shall be made in or upon the official record or copies thereof in the custody of the Commission. Lists of changes agreed to in writing by opposing counsel may be incorporated into the record, if and when approved by the trial examiner, at the close of evidence in support of the complaint for good cause shown, or at the final hearing before the trial examiner, or at any time thereafter before he files his report, and at no other times. If any changes are ordered by the trial examiner without such written agreement between opposing counsel they shall be subject to objection in the same manner as provided under §§ 2.17 and 2.23.

Promulgated as of this date in pursuance of the action of the Federal Trade Commission under date of May 4, 1944.

By direction of the Commission.

A. N. ROSS,
Acting Secretary.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

PART 56—ISSUANCE OF SECURITIES BY CARRIERS

APPLICATIONS FOR AUTHORITY TO SELL SECURITIES WITHOUT COMPETITIVE BIDDING

At a session of the Interstate Commerce Commission, Division 4, held at its office in Washington, D. C., on the 1st day of June, A. D. 1944.

Instructions governing special applications for exemption from requirement that certain railroad securities issued under the provisions of section 20a of the Interstate Commerce Act be offered for sale at competitive bidding.

The conclusions and requirement of the Commission stated in its report of May 8, 1944, in Ex Parte 158, "In the Matter of Competitive Bidding in the Sale of Securities under Section 20a of the Interstate Commerce Act,"[1] being under consideration, and the matter of special applications for exemption from the requirement there stated that certain securities issued under authority granted pursuant to said section be offered for sale at competitive bidding being also under consideration, and good cause appearing therefor:

It is ordered, That the following special instructions be, and they are hereby, approved, and that from and after June 30, 1944, said instructions shall be observed by carriers by railroad, corporations organized for the purpose of engaging in transporation by railroad, and persons considered carriers by railroad subject to section 20a of the Interstate Commerce Act under the provisions of any order of the Commission under paragraphs (2) and (3) of section 5 of said act:

§ 56.25 *Applications for authority to sell securities without competitive bidding*—(a) *Circumstances requiring special application.* Special application for exemption from the requirement that securities issued under authority granted pursuant to the provisions of section 20a of the Interstate Commerce Act be offered for sale at competitive bidding should be filed only when for any reason it is not practicable to include the request for such exemption in an application filed pursuant to the instructions promulgated by order of the Commission, by Division 4, under date of February 19, 1927, (§§ 56.1–6) respecting applications filed under that section.

[1] See Appendix to this order.

(b) *Information required.* Special application for exemption from the competitive bidding requirement shall set forth, in the order indicated, the following information:

(1) Exact corporate name of applicant.

(2) Government, State, or Territory under laws of which the applicant was organized and received its present charter.

(3) The name of each State in which applicant operates or proposes to operate.

(4) General description and amount of securities in respect of which exemption is sought.

(5) Purpose and uses of the proposed issue and the proceeds thereof.

(6) The facts and circumstances relied upon by applicant to show that competitive bidding should not be required in the sale or other disposition of the proposed securities. (If request for exemption from the competitive bidding requirement is made in an application filed under section 20a pursuant to the instructions promulgated by the order of February 19, 1927, the information required by this paragraph should be furnished in such application.)

(7) Why the special application is necesary.

(8) The name, title, and post office address of the officer or officers to whom correspondence in respect of the application should be addressed.

(c) *Form and style.* The application shall conform with § 1.15 of the Commission's general rules of practice.

(d) *Execution.* The original application and supporting statements or exhibits shall be signed on behalf of the applicant by its president, a vice president, auditor, comptroller, or other executive officer having knowledge of the matters therein set forth and duly designated for that purpose by the applicant, shall be made under oath, and shall show, among other things, that the affiant is duly authorized to verify and file the application.

(e) *Filing.* The original application and supporting papers, six copies thereof for the use of the Commission, and one copy for the Governor of each State in which the applicant operates, shall be filed with the Secretary of the Interstate Commerce Commission, Washington, D. C. Each copy shall bear the dates and signatures that appear in the original and shall be complete in itself, but the signatures in the copies may be stamped or typed and the notarial seal may be omitted.

(f) *Notice.* Notice of the filing of the application will be given to and a copy of the application filed with the Governor of each State in which the applicant operates, with inquiry as to whether such Governor or other appropriate authority of the State desires to be heard in the matter. Notice of the filing of the application will also be given to the public by posting a copy thereof in the office of the Commission at Washington, D. C.

(g) *Procedure upon application.* Public hearing will not be held in connection with the application unless good cause therefor is shown or unless the Commission deems a hearing desirable. In case a hearing is not held, the proceeding will be disposed of on the basis of representations made in the application and in any supplement thereto. Any interested person desiring to make representation to the Commission as to the granting or denying of the application may submit such representation in writing within 10 days from the date of notice. Such representation shall set forth clearly the interest of such person in the application and all facts relied upon, shall be made under oath, and shall show that a copy has been served upon the applicant. An original and six copies thereof shall be filed with the Interstate Commerce Commission, Washington, D. C.

(Sec. 439, 41 Stat. 495; 49 U.S.C. 20a)

And it is further ordered, That a copy of these special instructions be served upon each carrier by railroad, each corporation organized for the purpose of engaging in transportation by railroad, and each person considered a carrier by railroad subject to the provisions of section 20a of the Interstate Commerce Act, and that notice of this order be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission at Washington, D. C.; and by filing it with the Director, Division of the Federal Register.

NOTE: The reporting requirement of this order has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

By the Commission, Division 4.

[SEAL] W. P. BARTEL,
Secretary.

APPENDIX

Pertinent conclusions and the requirement of the Commission in its report of May 8, 1944, in Ex Parte 158, "In the Matter of Competitive Bidding in the Sale of Securities under section 20a of the Interstate Commerce Act," are as follows:

We find that for the proper administration, execution, and enforcement of section 20a of the Interstate Commerce Act we should require as a condition to our approval of the sale of railroad securities issued under the provisions of that section that such securities be offered for sale at competitive bidding or at what we have heretofore considered tantamount thereto, viz, upon invitation of bids for the purchase thereof. Proposals received in response to such invitation should be opened only at such time and place as is specified in the invitation, and the duly authorized representative of any person making any such proposal should be permitted to be present at the opening of such proposals, and to examine each proposal submitted. If the right be reserved in the advertisement or invitation for bids, the railroad proposing the issue may properly reject all bids and call for new bids or seek such relief as the facts and circumstances may warrant.

We further find that such requirement should apply to all classes of railroad securities other than equipment, as to which no change in the present practice is contemplated, except the following:

(1) Common and preferred stocks;

(2) Securities sold or otherwise issued pro rata to existing holders of securities of the issuing company pursuant to any preemptive right or privilege or in exchange for or extension of outstanding securities, or in connection with any liquidation, reorganization, or financial adjustment;

(3) Any note or other security maturing in not more than 3 years;

(4) Securities sold or otherwise issued when the total issue does not exceed $1,000,000, principal amount;

(5) Securities of any railroad company issued in exchange for the securities or properties of any other railroad company acquired pursuant to authority granted under the provisions of section 5 (2) of the act, and any securities of such other company to be acquired by any other person pursuant to such authority.

(6) Securities sold or otherwise issued to a railroad company by any of its subsidiary companies pursuant to authority granted under section 20a of the Act where such securities are not to be sold by the parent company, but are to be held subject to our further order; and

(7) Any securities as to which we shall find, upon due showing by a railroad company, either upon application under the provisions of section 20a or upon special application preliminary to the filing of such application under section 20a, that sale at competitive bidding should not be required.

Applications under section 20a to sell securities without competitive bidding on the ground that such securities come within one of the foregoing specific exemptions should include a statement of facts relied upon to show that the exemption applies. Special applications for exemption from the competitive bidding requirement may be made pursuant to such special instructions as may hereafter be issued.

We further find that for the present no formal rule or regulations requiring the sales of railroad securities at competitive bidding should be promulgated. Railroads applying after June 30, 1944, for authority to issue securities under the provisions of section 20a will be expected to observe these findings.

PART 95—CAR SERVICE

EXEMPTION ON BULK FREIGHT IN OPEN TOP CARS TRANSSHIPPED FROM OCEAN VESSELS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 27th day of June, A. D. 1944.

Upon further consideration of the provisions of Service Order No. 68, as amended (codified as § 95.15 of Title 49 CFR), and good cause appearing therefor: *It is ordered*, That:

Exemption on bulk freight in open top cars transshipped from ocean vessels. Service Order No. 68 as amended, is hereby further amended so as not to apply to a single consignment consisting of two or more open top cars loaded with bulk freight transshipped from ocean-going vessels to railroad cars at ports, provided all such cars are loaded to not less than the tariff minimum weight or to full cubical or visible capacity, except one car for each consignment which contains a remnant lot as defined in the following paragraph, and provided charges are assessed on the remnant lot on a weight of 10,000 pounds or more.

Remnant lot defined. The term "remnant lot" as used herein, is that part of a consignment, insufficient to fill the last car to full cubical or visible capacity, remaining after the other car or cars used for the consignment has or have been loaded to not less than the tariff minimum weight or to full cubical or visible capacity.

Announcement of partial vacation. Each railroad, or its agent, shall file and post a supplement to each of its tariffs affected hereby, on not less than five days' notice, except as otherwise authorized by the Commission, announcing partial vacation of Service Order No. 68 in accordance with the preceding paragraphs. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

And it is further ordered, That this amendment shall become effective July 28, 1944; that copies of this amendment be served upon each common carrier by railroad subject to the Interstate Commerce Act and upon each State regulatory commission and upon the Association of American Railroads, Car Service Division; and that notice of this amendment be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

LINER'S BROADCASTING STATION, INC.

ORDER SETTING HEARING DATE ON STATED ISSUES

In re application of Liner's Broadcasting Station, Inc. (KMLB), Monroe, Louisiana; for construction permit; Docket No. 5994.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 20th day of June 1944;

The Commission having under consideration in the application of Liner's Broadcasting Station, Inc. (KMLB), Monroe, Louisiana, for construction permit to change frequency from 1230 kilocycles to 1440 kilocycles and increase power from 250 watts to 1 kilowatt, with directional antenna at night, unlimited time (File No. B3-P-2939; Docket No. 5994);

It is ordered, That the said application be, and the same is hereby, designated for hearing on the following issues:

1. To determine the areas and populations which may be expected to gain primary service from the operation of the applicant's station as proposed, and what other broadcast service is available to those areas and populations.

2. To determine the nature and extent of any interference which would result from the simultaneous operation of applicant's station as proposed and the operation of the new station proposed in the applications of KNOE, Inc. (File No. B3-P-2887, B3-MP-1745), as well as the areas and populations affected thereby and the nature of other broadcast service available to those areas and populations.

3. To determine whether the operation of applicant's station as proposed would tend toward a fair, efficient, and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

4. To determine whether the operation of Station KMLB, as proposed in the application of Liner's Broadcasting Station, Inc. (File No. B3-P-2939), would be consistent with good engineering practice and constitute a sound allocation of frequencies.

5. To determine whether a grant of the instant application of Liner's Broadcasting Station, Inc., would be consistent with the policy announced by the Commission in its Memorandum Opinion of April 27, 1942, and its various Statements of Policy supplemental thereto.

6. To determine the extent of any interference which would result from the simultaneous operation of KMLB as proposed and Stations CMGH, Matanzas, Cuba; XELZ, Mexico City, Mexico; and XEFI, Chihuahua, Mexico.

7. To determine whether the granting of this application would be consistent with the North American Regional Broadcasting Agreement.

8. To determine whether the instant application of Liner's Broadcasting Station, Inc. was filed for the purpose of preventing or delaying construction of another broadcast station in applicant's community.

9. To determine whether the public interest, convenience and necessity would be served by the grant of the application of Liner's Broadcasting Station, Inc. and the applications of KNOE, Inc., or any of them.

It is further ordered, That the application of Liner's Broadcasting Station, Inc. (KMLB) for construction permit (File No. B3-P-2939) be and the same is hereby, consolidated for hearing with the applications of KNOE, Inc., for construction permit (File No. B3-P-2887) and for modification of construction permit (File No. B3-MP-1745), and that said hearing be held at the offices of the Commission in Washington, D. C., on July 24, 1944, at 10 o'clock, a. m.

KNOE, INC.

ORDER SETTING HEARING DATE ON STATED ISSUES

In re application of Knoe, Inc. (KNOE), Monroe, Louisiana, for construction permit; Docket No. 5995.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 20th day of June 1944;

The Commission having under further consideration the application of KNOE, Inc. for construction permit to erect a new standard broadcast station at Monroe, Louisiana (File No. B3-P-2887) and also the application of KNOE, Inc. for modification of construction permit (File No. B3-MP-1745) filed on April 17, 1944;

It is ordered, That the order of the Commission, dated February 17, 1944, granting the application of KNOE for construction permit (File No. B3-P-2887, Docket No. 5995) be, and the same hereby is set aside; and

It is further ordered, That the applications of KNOE, Inc. be, and the same hereby are, designated for hearing on the following issues:

1. To determine whether the applicant is qualified by reason of the character, training and experience of its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the applicant's station as proposed and what other broadcast service is available to those areas and populations.

3. To determine the nature and extent of any interference which would result from the simultaneous operation of the applicant's station as proposed and the operation of Station KMLB as proposed in the application of Liner's Broadcasting Station, Inc. (File No. B3-P-2939) as well as the areas and populations affected thereby and the nature of other broadcast service available to those areas and populations.

4. To determine whether the operation of applicant's proposed station would tend toward a fair, efficient, and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

5. To determine whether a grant of the application of KNOE, Inc. would be consistent with the policy announced by the Commission in its memorandum opinion of April 27, 1942, and its various statements of policy supplemental thereto.

6. To determine whether the public interest, convenience and necessity would be served by the grant of the applications of KNOE, Inc. and the application of Liner's Broadcasting Station, Inc., or any of them.

It is further ordered, That the applications of KNOE, Inc. for construction permit (File No. B3-P-2887) and for modification of construction permit (File No. B3-MP-1745) be, and the same hereby are consolidated for hearing with the application of Liner's Broadcasting Station, Inc. for construction permit (File No. B3-P-2939) and that said hearing be held at the offices of the Commission in Washington, D. In re: Interest of Siemens-Schuckertwerke Aktiengesellschaft in an agreement with The Hoover Company granting to Siemens-Schuckertwerke Aktiengesellschaft a limited license.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Siemens-Schuckertwerke Aktiengesellschaft is a corporation organized under the laws of Germany and is a national of a foreign country (Germany);

2. That the property described in subparagraph 3 hereof is property of Siemens-Schuckertwerke Aktiengesellschaft;

3. That the property described as follows: All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in Siemens-Schuckertwerke Aktiengesellschaft by virtue of an agreement dated August 2, 1933 (including all modifications thereof and supplements thereto, if any) by and between Siemens-Schuckertwerke Aktiengesellschaft and The Hoover Company, which agreement relates, among other things, to Patent No. 2,001,697,

is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national of a foreign country (Germany).

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on May 17, 1944.

GESCHE MAHLER

In re: Trust under will of Gesche Mahler, deceased; File No. D–28–1696; E. T. sec. 674.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by the Rutherford National Bank, as trustee, acting under the judicial supervision of the Bergen County Orphans' Court, Bergen County, New Jersey; and

(2) Such property and interests are payable or deliverable to, or claimed by nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Cord Henry Wahlers, Germany.
Heinrich Wahlers, Germany.
Anna Wahlers, Germany.
Johannes Wahlers, Germany.
Greta Winderler, Germany.
Maria Wolters, Germany.
Henry Nevelin, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Cord Henry Wahlers, Heinrich Wahlers, Anna Wahlers, Johannes Wahlers, Greta Winderler, Maria Wolters and Henry Nevelin, and each of them, in and to the trust created under the Will of Gesche Mahler, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: June 19, 1944.

AMELIA MALINKA

In re: Estate of Amelia (sometimes known as Amalia) Malinka, deceased; File No. D–28–4147; E. T. sec. 7179.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Emil W. A. Schumann, 263 Central Avenue, Jersey City, New Jersey, as Executor, acting under the judicial supervision of the Hudson County Orphans' Court, Hudson County, New Jersey; and

(2) Such property and interests are payable or deliverable to, or claimed by nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Elise Braden (nee Leitz), Germany.
Herrman Beyer, Germany.
Nanny Beyer Domack (nee Hartman), Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Elise Braden (nee Leitz), Herrman Beyer and Nanny Beyer Domack (nee (Hartman), and each of them, in and to the estate of Amelia (sometimes known as Amalia) Malinka, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: June 19, 1944.

CAROLINE MAUSS

In re: Estate of Caroline Mauss, deceased; File No. D–28–4343; E. T. sec. 7438.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by S. Charles Savona, as substituted-administrator, c. t. a., acting under the judicial supervision of the Bergen County Orphans' Court, Bergen County, New Jersey; and

(2) Such property and interests are payable or deliverable to, or claimed by nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Charlotte Conrad, Germany.
Luwiese Schunk, Germany.
Ludwig Mauss, Germany.
Amalia Sauter, Germany.
Luwiese Huther, Germany.
August Leiner, Germany.
Philip Leiner, Germany.
Frits Mauss, Germany.
Susan Lebron, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Charlotte Conrad, Luwiese Schunk, Ludwig Mauss, Amalia Sauter, Luwiese Huther, August Leiner, Philip Leiner, Frits Mauss and Susan Lebron, and each of them, in and to the estate of Caroline Mauss, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: June 19, 1944.

ELIZABETH MILLER

In re: Estate of Elizabeth Miller, deceased; File: D–28–7484; E. T. sec. 7642.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Eugene H. Dowling, Executor, acting under the judicial supervision of the Circuit Court of the State of Oregon for the County of Multnomah;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Anna Blocher and her surviving children, Germany.
Katherine Balzer, also known as Katherine Belzer, and her surviving children, Germany.
Lina Petri and her surviving children, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Anna Blocher and her surviving children, Katherine Balzer, also known as Katherine Belzer and her surviving children, and Lina Petri and her surviving children, and each of them, in and to the Estate of Elizabeth Miller, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of Marie Schneider Hoingen and child or children of Marie Schneider Hoingen, names unknown, and each of them, in and to the estate of Katherine Eigenbrod, deceased,

to be held, used, administered, liquidated, sold, or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: June 22, 1944.

[Vesting Order 3843]

VACLAV KUBAT

In re: Estate of Vaclav Kubat, deceased; File D-17-222; E. T. sec. 5767.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by the Treasurer of Cook County, County Building, Chicago, Illinois, Depositary, acting under the judicial supervision of the Probate Court of Cook County, Illinois;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Katerina (Katharina) Kubat, Holubar, Germany (Austria).

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

The sum of $375.36 which is in the possession and custody of the Treasurer of Cook County, Illinois, Depositary, and which amount was deposited with the Treasurer of Cook County, Illinois on July 30, 1942 pursuant to an order of the Probate Court of Cook County, Illinois entered April 23, 1942 to the credit of the aforesaid national, in the matter of the estate of Vaclav Kubat, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: June 22, 1944.

22	107	23.00
24	120	25.80

(b) The amount by which the Krick-Tyndall Company's maximum prices are increased pursuant to paragraph (a) hereof, shall be stated separately on the invoice with the following notation:

Increases permitted by the Office of Price Administration to maintain supply.

In addition the Krick-Tyndall Company shall furnish to each buyer purchasing its products for resale, on or before it makes the first delivery at the adjusted price, a written statement as follows:

The Office of Price Administration has granted an adjustment in price for drain tile manufactured by the Krick-Tyndall Company. The amount of the price increase is shown separately on the invoice in per-thousand feet.

You are permitted to add the actual dollars-and-cents amount of this price increase to your existing maximum prices on drain tile purchased from the Krick-Tyndall Company provided you specify the amount of the increase on your invoice given to the purchaser.

(c) Any person purchasing clay or shale drain tile manufactured by the Krick-Tyndall Company, Decatur, Indiana, for the purposes of resale may increase his present maximum prices established by the General Maximum Price Regulation by an amount not in excess of the actual dollars-and-cents increase in cost incurred by such person by reason of this adjustment: *Provided*, Such amount is shown separately on the invoice given to the purchaser.

(d) Discounts and other price differentials and other terms and conditions of sale shall be at least as favorable to purchasers as those which were in effect by each seller to his several classes of purchasers during March 1942.

This Order No. 1775 shall become effective June 27, 1944.

Issued this 26th day of June 1944.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act, as amended, and Executive Orders Nos. 9250 and 9328, *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries, since the effective date of Maximum Price Regulation No. 188, of a child's high chair manufactured by Carolina Craft Shop, High Point, North Carolina.

(1) (i) For all sales and deliveries by the manufacturer to retailers, and by the manufacturer to persons, other than retailers, who resell the article from the manufacturer's stock, the maximum prices are those set forth below:

Article	Model No.	Maximum price to persons, other than retailers, who resell from manufacturer's stock	Maximum price to retailers
High chair	401	*Per unit* $2.40	*Per unit* $4.00

This price is f. o. b. factory.

(ii) For all sales and deliveries by the manufacturer to any other class of purchaser or on other terms and conditions of sale, the maximum prices shall be those determined by applying to the prices specified in subparagraph (1) (i) of this paragraph (a), the discounts, allowances, and other price differentials made by the manufacturer, during March 1942, on sales of the same type of article to the same class of purchaser and on the same terms and conditions. If the manufacturer did not make such sales during March 1942 he must apply to the Office of Price Administration, Washington, D. C., under the fourth pricing method, § 1499.158, of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until authorized by the Office of Price Administration.

(2) (i) For all sales and deliveries to retailers by persons who sell from the manufacturer's stock, the maximum price is that set forth below, f. o. b. factory:

Article	Model No.	Maximum price to retailers
High chair	401	*Per unit* $4.00

(ii) For all sales and deliveries by persons who sell from the manufacturer's stock, to any other class of purchaser or on other terms and conditions of sale, the maximum prices shall be those determined under the applicable provisions of the General Maximum Price Regulation.

(b) At the time of or prior to the first invoice to each purchaser, other than a retailer, who resells from the manufacturer's stock, the manufacturer shall notify the purchaser for resale of the maximum prices and conditions established by paragraph (a) (2) of this order for such resales. This notice may be given in any convenient form.

(c) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 28th day of June 1944.

Issued this 27th day of June 1944.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-917]

NEW ORLEANS PUBLIC SERVICE INC.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 23rd day of June, A. D. 1944.

Notice is hereby given that an application and declaration has been filed with this Commission under the Public Utility Holding Company Act of 1935 and particularly under sections 6 (b) and 12 (c) and Rules U-42 and U-50 promulgated thereunder, by New Orleans Public Service Inc. ("New Orleans") a Louisiana Corporation and a utility subsidiary of Electric Power & Light Corporation ("Electric") a registered holding company; and

All interested persons are referred to said document which is on file in the offices of the Commission for a statement of the transactions therein proposed, which are summarized as follows:

New Orleans proposes to issue and sell at public sale, pursuant to the competitive bidding provisions of Rule U-50, $34,500,000 principal amount of First Mortgage Bonds to mature in 1974 and 77,798 shares of $100 par value Preferred Stock, the bid or bids for such securities to fix the interest and dividend rates respectively and the prices to be paid to the Company. The proceeds of the sale of the First Mortgage Bonds are to be applied, together with treasury cash, to the repayment, at the contract redemption price or maturity value, of all of New Orleans' presently outstanding bonded indebtedness in the aggregate principal amount of $35,005,880 plus accrued interest to the date of redemption or maturity as the case may be. The proceeds of the sale of the Preferred Stock are to be applied, together with treasury cash, to redeem at $110 per share, plus unpaid cumulative dividends to the date of redemption, all of the 77,798 shares presently outstanding of New Orleans $7 Preferred Stock.

The issue and sale of said First Mortgage Bonds and Preferred Stock will, according to the filing, be expressly authorized by the Commission Council of the City of New Orleans.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said declaration and application and that said declaration and application, shall not become effective or be granted except pursuant to further order of the Commission:

It is ordered, That a hearing on said declaration and application under the applicable provisions of the act and the rules of the Commission thereunder be held on July 11, 1944 at 10:00 a.m., e.w.t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such day, the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing a copy of this order to the Commission Council of the City of New Orleans, the Louisiana Public Service Commission and to the applicants and declarants therein; and that notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER. Any person desiring to be heard in connection with these proceedings, or proposing to intervene herein, shall file with the Secretary of the Commission, on or before July 8, 1944, his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That without limiting the scope of the issues presented by said application and declaration, particular attention will be directed at said hearing to the following matters and questions:

(1) Whether the proposed issue and sale of bonds and preferred stock by New Orleans is solely for the purpose of financing the business of said company and has been expressly authorized by a State Commission of the State in which New Orleans is organized and doing business.

(2) Whether the proposed redemption of 9,806 shares of Preferred Stock ($7) held by Electric is in compliance with the applicable statutory standards.

(3) What terms and conditions, if any, are necessary or appropriate in the public interest or the interest of investors or consumers to insure compliance with the requirements of the Public Utility Holding Company Act of 1935, or any rules, regulations, or order promulgated thereunder.

By the Commission.

COLUMBIA GAS & ELECTRIC CORP., ET AL.

ORDER GRANTING APPLICATIONS AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 23d day of June 1944.

In the matter of Columbia Gas & Electric Corporation, the Manufacturers Light and Heat Company, Manufacturers Gas Company, Pennsylvania Fuel Supply Company, Greensboro Gas Company, and Fayette County Gas Company; File Nos. 70-7; 70-25.

Columbia Gas & Electric Corporation, a registered holding company, and certain of its subsidiaries, The Manufacturers Light and Heat Company, Manufacturers Gas Company, Pennsylvania Fuel Supply Company, Greensboro Gas Company and Fayette County Gas Company, having filed joint applications and declarations, and amendments thereto, pursuant to sections 6, 7, 9, 10 and 12 of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder with respect to the following transactions:

1. The Manufacturers Light and Heat Company, Manufacturers Gas Company, Pennsylvania Fuel Supply Company and Greensboro Gas Company will merge and consolidate to form the Manufacturers Light and Heat Company, a new corporation, which will acquire all the assets and assume all the liabilities of the four constitutent companies. In connection therewith the new Manufacturers Light and Heat Company will issue 581,645 shares of $50 par value common stock to Columbia Gas & Electric Corporation and 15 shares to the minority interest in Manufacturers Light and Heat Company, or an aggregate of $29,083,000, in exchange for the outstanding stocks of the four constituent companies which have an aggregate par value of $35,058,400. The difference of $5,975,400 between the aggregate par values will be credited to capital surplus by the new Manufacturers Light and Heat Company.

2. Columbia Gas & Electric Corporation will, at the date of the merger and consolidation, make capital contributions aggregating $1,495,815, by forgiving $920,000 principal amount of notes of Manufacturers Gas Company and $575,815 of demand loans of Pennsylvania Fuel Supply Company, both owing to Columbia Gas & Electric Corporation; such contributions to be credited to capital surplus by the new Manufacturers Light and Heat Company.

3. Following the consolidation and merger the new Manufacturers Light and Heat Company will acquire all the assets and assume all the liabilities of Fayette County Gas Company, issuing in consideration therefor 19,556 shares of $50 par value common stock or an aggregate of $977,800. The difference of $677,807 between the aggregate par value of the securities to be issued and the book value of the net assets of Fayette County Gas Company ($1,655,607), after giving effect to a proposed dividend payment of $69,205, will be credited by the new Manufacturers Light and Heat Company to its capital surplus. Fayette County Gas Company will then dissolve, distributing the shares of the new Manufacturers Light and Heat Company to Columbia Gas & Electric Corporation as a liquidating dividend.

4. Except to give effect to the adjustments indicated in the foregoing paragraphs 1, 2 and 3, all assets of the consolidating companies will be recorded on the books of the new Manufacturers Light and Heat Company at their gross book values, all liabilities will be recorded at the amounts stated and credit will be made to reserve accounts in the same amounts shown to have been credited to such accounts on the books of the consolidating companies.

Public hearings with respect to said applications and declarations, as amended, having been held after appropriate notice, and the Commission having considered the record of the proceedings and having entered its findings and opinion herein:

It is ordered, That the aforesaid applications, as amended, be, and the same hereby are, granted forthwith and the aforesaid declarations, as amended, be, and the same hereby are, permitted to become effective, subject, however, to the terms and conditions prescribed in Rule U-24 and subject also to the following terms, conditions and reservations:

1. That if upon final determination of the amounts to be included in the plant accounts of the new Manufacturers Light and Heat Company it is found that the proposed capital surplus is inadequate for the adjustments to be charged thereto, the deficiency shall be supplied by Columbia Gas & Electric Corporation or its successor through the surrender and cancellation of an equivalent amount of the stock of the new Manufacturers Light and Heat Company and a legend to that effect shall be placed upon the stock certificates of the new Manufacturers Light and Heat Company.

2. The new Manufacturers Light and Heat Company shall not hereafter make any charges to capital surplus created in this program or which may be created as a result of subsequent contributions by Columbia Gas & Electric Corporation unless 30 days' prior notice of the making of such charge be given to this Commission. The Commission reserves jurisdiction on receipt of such notice, and as part of the proceeding herein, after notice given within such 30 days and opportunity for hearing, to disapprove such charge on the basis of the record herein and any additional evidence that may be provided, and in the event that the Commission shall notify the new Manufacturers Light and Heat Company to show cause why such charge should not be disapproved, the charge in question shall not be made until expressly authorized by order of this Commission.

By the Commission.

from the service for delinquency or misconduct; (2) physical or mental unfitness for the position for which he applies: *Provided*, That, in the case of any person granted five- or ten-point preference under these regulations who is, in the opinion of the Commission, physically able to discharge efficiently the duties of the position for which examined or to which appointment is proposed, the Commission shall waive the physical requirements, after giving due consideration to the recommendation of any accredited physician, and the age, height, and weight requirements; (3) criminal, infamour, dishonest, immoral, or notoriously disgraceful conduct; (4) intentional false statements as to any material fact, or deception or fraud in securing examination or appointment; (5) refusal to furnish testimony as required by Part 14 of this chapter; (6) habitual use of intoxicating beverages to excess; (7) a reasonable doubt as to his loyalty to the Government of the United States; (8) any legal disqualification for appointment.

Any of the reasons stated in the foregoing subparagraphs from (2) through (8) inclusive, shall also be sufficient cause for removal from the service.

(d) *Age limits.* There will be no maximum age limits except where the appointing officer establishes to the satisfaction of the Commission that the interests of sound administration require such limits for a particular position.

A person retired under the age or optional provision of the Civil Service Retirement Act may be reemployed only in the event the appointing authority determines that he is possessed of special qualifications.

(e) *Education.* No minimum educational requirement will be prescribed in any examination except for such scientific, technical or professional positions the duties of which the Commission decides cannot be performed by a person who does not have such education.

NOTE: This section supersedes Civil Service Rule V, 5 CFR, Part 5, with respect to positions covered by these regulations.

§ 18.3 *Rating and eligibility*—(a) *Rating.* Examination papers shall be rated on a scale of 100.

When an applicant granted five- or ten-point preference under these regulations is rated in examinations where experience is an element of qualifications, time spent in the military or naval service of the United States shall be considered as an extension of time spent in the position in which the applicant was employed immediately prior to his entrance into the military or naval service where such position was similar to that for which he is filing application. In all examinations to determine the qualifications of an applicant credit shall be given for all valuable experience, including experience gained in religious, civic, welfare, service, and organizational activities, regardless of whether any compensation was received therefor.

(b) *Preference.* In examinations for appointment or reappointment five points shall be added to the earned ratings of honorably discharged ex-service men and women who have served in any branch of the armed forces of the United States during any war or in any campaign or expedition (for which a campaign badge has been authorized). The following shall have ten points added to their ratings:

(1) Honorably discharged ex-service men and women who have served in any branch of the armed forces of the United States and who have established the present existence of service-connected disability or receipt of compensation, disability retirement benefits, or pension by reason of public laws administered by the Veterans' Administration, the War Department or the Navy Department.

(2) The wives of honorably discharged service-connected disabled exservicemen as have themselves been unable to qualify for any civil service appointment.

(3) The unmarried widows of honorably discharged deceased ex-servicemen who had served in any branch of the armed forces of the United States during any war, or in any campaign or expedition (for which a campaign badge has been authorized).

As used in this paragraph "honorably discharged" shall mean any separation from active duty in any branch of the armed forces under honorable conditions. A transfer to inactive status, a transfer to retired status, the acceptance of a resignation, or the issuance of a discharge will be considered as covered by the above definition if such separation was under honorable conditions.

(c) *Eligible lists.* The names of all competitors rated eligible will be entered on appropriate lists in accordance with their ratings; except that,

(1) The names of eligibles granted five- or ten-point preference under these regulations shall be entered on lists of eligibles in accordance with their respective augmented ratings, and the name of a preference eligible shall be entered ahead of all others having the same rating: *Provided* That, except on lists of eligibles for positions in the professional and scientific services for which the basic entrance salary is over $3000 per annum, the names of eligibles granted ten-point preference under these regulations shall be placed at the top of the appropriate eligible lists.

(2) The order of listing provided for in this section shall, for lists established for the departmental service, be subject to the provisions of § 18.4 (c) of this part relating to the apportionment of appointments among the States and Territories.

(d) *Term of eligibility.* Eligibility on any list shall continue until terminated by the Commission for all eligibles on the list or in accordance with § 18.4 (d) of this part: *Provided*, That eligibility granted under paragraph (e) of this section or as a result of a reopened examination under § 18.1 (b) of this part shall not be terminated in less than one year except in accordance with § 18.4 (d) of this part.

(e) *Restoration to lists of preference employees who have resigned.* Any employee entitled to preference under these regulations who resigns shall, upon request, have his name reëntered on the registers upon which his name formerly appeared, or any current registers which have succeeded those registers and for which the qualification requirements are substantially the same as for the registers on which his name formerly appeared, in the order provided in paragraph (c) of this section, and shall be eligible for recertification and reappointment in accordance with the procedure provided in § 18.4 (d) of this part: *Provided*, That whenever there is reasonable doubt as to the applicant's present qualifications for the position the Commission may impose further tests of fitness.

NOTE: This section supersedes Civil Service Rule VI, 5 CFR, Part 6, with respect to positions covered by these regulations.

§ 18.4 *Recruiting and placement*—(a) *Procedure in filling vacancies.* In conformity with the over-all labor supply policies of the Federal government which have been established in view of the comparatively small number of qualified persons now available for appointment to many positions, and in order to avoid competitive recruitment programs on the part of the agencies of the Federal government, the following procedures in the filling of vacancies must be observed:

(1) *Estimates of personnel needs.* Each department and agency shall report to the Commission its estimated future needs for personnel, both in Washington and in the field, in such form and at such intervals as the Commission may prescribe.

(2) *Procedure in filling vacancies.* As soon as the need for filling positions becomes apparent, the department or agency concerned must place a requisition for personnel with the Commission.

(3) *Consideration of qualified employees within the service.* In filling requisitions for personnel, consideration will be given to qualified employees already in the Federal service. Special consideration will be given to those who may, by order of the Director of the Bureau of the Budget, represent excess personnel where presently employed. Every effort will be made to utilize fully present employees of the Government before new employees are brought in from the outside.

(4) *Developing sources of supply of qualified personnel.* The Commission shall, in consultation with the department or agency concerned, work out a program for developing sources of supply of qualified personnel. This program shall be of such a nature that full utilization will be made by the Commission of any resources available to the department or agency concerned.

No activities for developing sources of supply of qualified personnel shall be carried on except with the prior approval of the Commission and under its direction.

(5) *Applications for employment.* Applications for employment in any position in the Government service subject to these regulations, whether by original appointment or transfer, filed with any department or agency of the executive branch of the Government shall be promptly transmitted to the Commission or its representatives. A person calling at any department or agency located in Washington, D. C., in connection with obtaining employment shall not be asked to complete an application by such department or agency, except as may be provided for under subparagraph (3) of this paragraph, or except when the person is presently employed or has been formerly employed in the Federal service, and the appointing officer of the department or agency submits an immediate recommendation for the transfer or reemployment of such person. Under the latter circumstances an application may be taken and forwarded to the Commission.

(6) *Publicity.* No department or agency of the Government shall give any publicity to its needs or prospective needs for personnel through the press, in periodicals, trade or professional journals, over the radio, or otherwise, without the express prior approval of the Commission or its authorized representatives, and, after such approval, only in accordance with the applicable directives and procedures of the Office of War Information. This subparagraph shall apply to all positions which are subject to the War Service Regulations or to the Civil Service Act and Rules.

(7) *Furnishing of names.* Upon receipt of a request for names of qualified persons, the Commission shall certify from the head of the appropriate list of eligibles a number of persons sufficient to permit the nominating or appointing officer to consider three names in connection with each vacancy: *Provided*, That no certification shall be made from a competitive list of eligibles, except of ten-point preference eligibles, when there are three or more names of eligibles granted five- or ten-point preference under these regulations on the War Reemployment List who are qualified and available for the position to be filled.

The eligibles supplied by the Commission will not include the names of persons suggested by the appointing officer unless such persons are within reach for certification in accordance with these regulations. The Commission will not normally certify the name of a person proposed by an agency unless and until it has had a minimum period of two weeks in which to certify qualified applicants in response to the requisition. Under emergency circumstances, the Commission may shorten the time period specified in the preceding sentence, and the Commission may require a longer time period in the event of doubt as to the qualifications of the proposed appointee and in the temporary absence of other qualified candidates.

Whenever public announcement is made of a special competitive examination for filling a particular vacancy in which the statement is made that the register will expire upon appointment to the particular vacancy, such vacancy may not thereafter be filled noncompetitively by promotion, transfer, reappointment, or otherwise. Applications for such examination, however, may be accepted by the Commission from persons who are currently in the Federal service, or who have a status for reappointment to such service, and who are specially recommended by the appointing officer at any time before appointment is made to the vacancy involved. The qualifications of such persons will be rated under the competitive standards observed in the examination, and their names will be entered on the register and certified as if they had originally filed an application in the competitive examination.

(8) *Return of requisitions.* Whenever a requisition for personnel from any department or agency specifies qualifications which are, in the judgment of the Commission, too exacting in the light of the requirements of the job and of present labor market conditions, the Com-

mission will return the requisition. In returning such requisitions, the Commission will indicate its willingness to work out with the department or agency concerned some other solution of its need for personnel, such as the development of a suitable training program and the recruitment of necessary trainees for such a program.

(9) *Direct recruiting.* The Commission may, upon agreement with the department or agency concerned, recruit persons directly for the filling of specific vacancies.

(b) *Sex.* Requisitions for personnel shall be filled without regard to sex unless sex desired is specified by the appointing officer.

(c) *Apportionment.* In filling requisitions for appointment in the departmental service of the departments or independent offices procedures shall be followed which will maintain, as nearly as the conditions of good administration warrant, the apportionment of appointments among the several States and Territories and the District of Columbia upon the basis of population, but the names of eligibles who have been granted military preference shall be supplied without regard to apportionment: *Provided,* That appointments to the following positions shall not be so apportioned:

(1) In all departments and offices: All positions for which the entrance salary is $1,440 or less per annum and all positions of telephone operators, artisan positions in a recognized trade, craft, or skilled (manual) occupation, helpers and apprentices in such occupations, and other subordinate employees, including laborers, in manual occupations and including foremen of laborers, and other foremen and supervisory artisan positions the incumbents of which are required, in the performance of their duties, to have knowledge of the trades, crafts, or skilled occupations.

(2) In the Government Printing Office, mail-equipment shops, local offices in the District of Columbia, field service of the military staff departments and at Army headquarters: All positions.

(d) *Selection.* The nominating or appointing officer shall, with sole reference to merit and fitness, make selections for appointment to each vacancy from not more than the highest three names available for appointment on the certificate: *Provided,* That the appointing officer need not consider any nonpreference eligible who has been within his reach for three separate vacancies or against whom objection shall be made and sustained for any of the reasons stated in § 18.2 (c) of this part. The second and any additional vacancies shall be filled in like manner.

An appointing officer who passes over an eligible granted five- or ten-point preference under these regulations and tentatively selects a non-preference eligible shall file with the Commission his reasons in writing for so doing and the Commission shall determine the sufficiency or insufficiency of such submitted reasons. The nonpreference eligible tentatively selected may not legally be appointed until the appointing officer has considered the findings of the Commission as to the sufficiency or insufficiency of the reasons submitted for passing over the preference eligible. Upon receipt of a finding of the Commission that the reasons for passing over a preference eligible are sufficient, the nonpreference eligible tentatively selected may be appointed. If the Commission finds that the reasons submitted are insufficient the appointing officer may (1) submit additional information in support of his reasons, in which case the appointment of the nonpreference eligible may not be made until the appointing officer receives the findings of the Commission on the additional information; or (2) consider the findings of the Commission as to insufficiency and appoint either the preference eligible or the tentatively selected nonpreference eligible. A copy of the appointing officer's reasons and the Commission's findings shall, upon request, be sent to the eligible or his designated representative. If upon certification reasons deemed sufficient by the Commission for passing over his name shall three times have been given by an appointing officer, certification of his name for appointment will thereafter be discontinued, prior notice of which shall be sent to the eligible. Any nonpreference eligible who has been within reach for three separate vacancies in his turn, and any preference eligible who has been passed over three times for reasons deemed sufficient by the Commission, may be subsequently selected, subject to the approval of the Commission, from the certificate on which his name last appeared if the condition of the list has not so changed as to place him in other respects beyond reach of certification.

NOTE: This section supersedes Civil Service Rule VII, 5 CFR, Part 7, with respect to positions covered by these regulations.

§ 18.5 *Appointment*—(a) *Notification of eligibles.* An eligible selected for appointment shall be duly notified in writing by the appointing officer.

(b) *Status of appointees.* Persons appointed under these regulations will not thereby acquire a classified (competitive) civil service status. Unless otherwise specifically limited such appointments may be for the duration of the present war and for six months thereafter.

(c) *Trial period.* Except for persons appointed for a specific period of one year or less, the first full year of service shall be a trial period, satisfactory completion of which shall be considered part of the entrance examination. If and when, after a full and fair trial during this period, the conduct or capacity of the trial appointee be not satisfactory to the appointing officer, the appointee may at any time thereafter during the trial period be so notified in writing, and such notice shall terminate his service. In the case of substitutes in the Postal Service the trial period will be 2,488 hours of active duty.

(d) *Emergency appointment without examination.* (1) In cases of extreme emergency where positions must be filled without delay, and where time does not permit the securing of prior authority, emergency appointments for not to exceed thirty days may be made without examination and without specific authority of the Commission. This authority shall not apply to positions in Washington, D. C., or to positions in cities where Regional Offices or Branch Regional Offices of the Commission are located. Such appointments may not be extended beyond the thirty-day period without the express prior approval of the Commission.

(2) Notwithstanding the provisions of this paragraph, all existing special agreements between the Commission and any department or agency are continued in effect until further notice except that such appointments will be made initially under Executive Order No. 9063. Approval of the Commission or the Regional Director or his representative must be obtained for continuation of such appointments beyond the period authorized by such agreements.

(3) Except as provided in subparagraphs (1) and (2) of this paragraph, appointment without examination may be made only with the express prior approval of the Commission.

(4) In making appointments under this paragraph, the appointing officer shall give first consideration to those qualified applicants who are entitled to military preference under the provisions of these regulations.

(5) The War Service indefinite appointment in the same agency or another agency of any employee serving under an emergency appointment under this paragraph may not be authorized noncompetitively under § 18.9 of this part unless he has a status for reappointment under § 18.8 of this part, or unless he has served 90 days under such temporary appointment and extensions thereof. Service under an emergency appointment of a non-preference eligible who is within reach for indefinite appointment on an appropriate list of eligibles will not be considered as a satisfactory reason for passing over a preference eligible higher on such list and selecting the non-preference eligible.

(e) *Noncompetitive appointment necessitated by war program.* When, in the discretion of the Commission, the exigencies of the war program demand that a position be filled immediately before the Commission has time to establish a formal list of eligibles the noncompetitive appointment of a qualified person who is immediately available may be authorized: *Provided,* That such an appointment shall be a temporary appointment not to exceed one year and may be renewed for one additional year at the discretion of the department or agency concerned.

(f) *Positions which become subject to the War Service regulations.* The following classes of employees may be given war service appointments without prior approval of the Commission:

(1) Any person holding a position in a public or private enterprise which is taken over by the Federal Government and who thereby becomes an employee of the Government.

(2) Any Federal employee holding a position which is excepted from the Civil Service Act and rules and the War Service regulations when his position is made subject to the Civil Service Act and Rules or the War Service Regulations.

All war service appointments made under this paragraph shall be reported immediately to the Commission.

No person given a war service appointment under this paragraph shall acquire eligibility for a classified civil service status until six months after the end of the present war. At the expiration of six months after the war, such person may be recommended for a classified civil service status in accordance with § 2.6 of this chapter provided his position becomes a permanent position in the classified civil service and he is still the incumbent thereof.

This section shall not apply to postal employees who become eligible for a classified civil service status in accordance with § 2.7 of this chapter.

NOTE: This section supersedes Civil Service Rules VII and VIII, 5 CFR Parts 7 and 8, with respect to positions covered by these regulations.

§ 18.6 *Promotion*—(a) *Procedure in promotion.* Employees appointed to indefinite or temporary positions under the provisions of these regulations may be promoted within the same department or agency in the same manner and under the same procedure and standards as employees having a classified civil service status: *Provided,* That no promotion shall be made of persons who are serving under emergency appointments authorized under § 18.5 (d) of this part.

(b) *Qualifications.* In determining qualifications for promotion with respect to employees entitled to five- or ten-point preference under these regulations, any requirements as to age, height, and weight shall be waived provided any such requirement is not essential to the performance of the duties of the position. After due consideration has been given to the recommendation of any accredited physician, the physical requirements shall be waived in the case of any such employee provided he is found physically able to discharge efficiently the duties of the position for which promotion is proposed.

(c) *Promotion of substitutes.* Whenever in the Postal Service two or more substitutes are appointed on the same day, they shall be promoted to the regular force in the order in which their names appeared on the civil service register from which they were originally appointed whenever there are substitutes of the required sex who are available and will accept, unless such vacancies are filled by transfer or reinstatement.

NOTE: For regulations relating to promotion of employees having a classified civil service status, see 5 CFR Part 11.

§ 18.7 *Removal*—(a) *Procedure in removals.* The provisions of Part 12 of this chapter shall apply to all persons appointed under the provisions of these regulations except (1) those appointed for period specifically limited to one year or less, (2) those serving the trial period provided for in § 18.5 (c) of this chapter, and (3) those appointed subject to a condition imposed by the Commission which has not been complied with.

(b) *Preference employees.* In addition to any rights to which he may be entitled under paragraph (a) of this section, any employee (other than those excepted in paragraph (a) of this section) entitled to five- or ten-point preference under these regulations, who is proposed for involuntary discharge, suspension for more than thirty days, furlough without pay, or reduction in rank or compensation, shall have at least thirty days' advance written notice (except where there is reasonable cause to believe the employee to be guilty of a crime for which a sentence of imprisonment can be imposed), stating any and all reasons, specifically and in detail, for any such proposed action. Such preference employee shall be allowed a reasonable time for answering the same personally and in writing, and for furnishing affidavits in support of such answer, and shall have the right to appeal to the Commission from an adverse decision of the administrative officer so acting. Such appeal shall be made in writing within a reasonable length of time after the date of receipt of notice of such adverse decision: *Provided,* That such preference employee shall have the right to make a personal appearance, or an appearance through a designated representative, in accordance with rules and regulations of the Commission. After investigation and consideration of the evidence submitted, the Commission shall submit its findings and recommendations to the proper administrative officer and shall send copies of the same to the appellant or his designated representative: *Provided further,* That the Commission may declare any such preference eligible who may have been dismissed or furloughed without pay to be eligible for entry of his name on the War Reemployment List.

§ 18.8 *Reappointment of persons granted preference.* (a) Subject to the prior approval of the Commission a former civilian employee of the executive branch of the Federal Government or the District of Columbia Government who is entitled to military preference under these regulations may be reappointed by war service appointment to any position for which he meets the standards as to experience and training established for open competitive examination for such position: *Provided,* That noncompetitive standards may be used in determining the qualifications of such person proposed by his former agency for reappointment to the same or a lower grade position of the same general type as one in which he previously served in such agency.

(b) *Reappointment of persons with civil service status.* Subject to the prior approval of the Commission a former civilian employee who would have a status for reinstatement under Part 9 of this chapter and the regulations in force prior to March 16, 1942, may be reappointed by war service appointment to any position for which he meets the standards as to experience and training established for open competitive examination for such positions: *Provided,* That noncompetitive standards may be used for determining the qualifications of such person proposed by his former agency for reappointment to the same or a lower grade position of the same general type as one in which he previously served in such agency.

(c) *Reappointment of persons without civil service status or preference.* Subject to the prior approval of the Commission a former civilian employee who does not have a status for reappointment under paragraph (a) or (b) of this section but who has served at least one month under war service indefinite appointment may, within twelve months of separation from such appointment, be reappointed by war service appointment to any position in the agency in which such service was rendered for which he meets the standards as to experience and training established for open competitive examination for such position: *Provided,* That noncompetitive standards may be used in determining the qualifications of such person for reappointment to the same or a lower grade position of the same general type as one in which he previously served in such agency.

(d) *Actual service required.* Reappointment under this section must be for actual service and not primarily for the purpose of bringing former employees within the provisions of the Civil Service Retirement Act as amended.

(e) *Trial period.* Persons reappointed under this section will be required to serve a trial period of one year in accordance with § 18.5 (c) of this part. In the case of substitutes in the Postal Service the trial period will be 2448 hours of active duty.

(f) *Postal Service.* When a former classified employee is to be reinstated to a position in the Postal Service, reinstatement will be made under Part 9 of this chapter.

Temporary appointment in the Postal Service may be authorized, when necessary, under § 8.1 of this chapter pending reinstatement or reappointment.

NOTE: This section supersedes Civil Service Rule IX, 5 CFR Part 9, with respect to positions covered by these regulations.

§ 18.9 *Transfer*—(a) *Transfers in interests of war program.* In determining whether an employee can make a more effective contribution to the war program in some other Government position, or in a position in private or public enterprise, for the purpose of this section the Commission will base its finding upon:

(1) The extent to which the skills, abilities, training and experience of the employee are required and will be utilized by the departments, agencies, activities or private or public enterprise concerned; and

(2) The relative importance of the war program of the government activities in which the employee has been employed and to which he will be transferred; and

(3) The relative importance to the war program of the government activity in which the employee has been employed and of the private or public enterprise to which he will be transferred, as indicated by such policies and directives as the Chairman of the War Manpower Commission may prescribe.

(b) *Inter-agency transfers.* (1) Whenever the Commission shall find that an employee will make a more effective contribution to the war program in a position in some other agency or activity,

transfer will be authorized by the Commission under Directive No. X of the War Manpower Commission (effective September 27, 1942), 7 F.R. 7298, 11050; 9 F.R. 3534. Such transfer shall be authorized subject to the following conditions:

(i) The employee transferred shall be entitled to the reemployment benefits set forth in paragraph (e) of this section.

(ii) The consent of the employee shall not be required, but any employee whose transfer is to be directed without his consent shall be afforded such period of time as the War Transfer Unit of the Contral Office of the Commission or the War Transfer Unit of a Regional Office, as the case may be, may specify to present in writing reasons and evidence that the proposed transfer is inequitable or will impose upon him an undue hardship. The employee's statement will be considered by the War Transfer Unit in the Central Office or in a Regional Office, as the case may be, and if it is decided to direct the transfer, the employee shall be so notified and afforded a reasonable period of time to file an appeal.

Upon receipt of an appeal from the employee, there will be designated by the Chief Law Officer of the Commission (or, in cases involving employees in the field service, by the Regional Director) a committee consisting of an employee representative and an administrative or supervisory official of a Government department or agency not involved in the proposed transfer to consider the employee's statement and such other evidence as it may consider pertinent, and to report to the Commission's Chief Law Officer, or the Regional Director, as the case may be, its findings as to whether the proposed transfer is inequitable or will impose an undue hardship upon the employee. Final decision as to whether the proposed transfer shall be ordered will be made by the Commission's Chief Law Officer, or the Regional Director, as the case may be: *Provided*, That whenever the Chief Law Officer or the Regional Director does not agree with the findings of the Committee, the case shall be forwarded to the Commission for final decision. If the special committee is unable to agree on a finding, the Chief Law Officer or the Regional Director, as the case may be, shall forward the case to the Commission for final decision with his recommendation.

(iii) Whenever a transfer is authorized under this subparagraph to a position beyond reasonable commuting distance from the home of the employee concerned, the department or agency to which he is transferred shall reimburse the employee for the cost of transporting himself and his household goods, out of funds available to the agency for expenses of travel or transportation, in accordance with Government regulations. No employee shall, without his consent, be transferred to a position at a lower salary than he is receiving at the time transfer is initiated.

(iv) The consent of the agency in which the employee is serving shall not be required, but such agency shall be notified by the Commission and allowed such period of time as the Commission shall specify to present evidence that its work will be jeopardized by the loss of the employee's services and as to the extent to which the employee's skills, abilities, training, and experience are being and will be utilized in connection with the war program or essential supporting activities in such department or agency. The Commission will consider this, and all other relevant evidence, and unless a decision to the contrary is reached by the Commission, the transfer shall become effective within ten days of the original notification. In the event that the Commission finds that the agency's work will be jeopardized by an immediate transfer of the employee, the transfer shall become effective on such date as the Commission may specify.

(v) An employee desiring to apply for transfer may file his application either with the Commission or with the agency to which he desires transfer. The department or agency receiving applications for transfer from such employees shall forward the applications immediately to the Commission. The applications may be accompanied by request for transfer or reappointment.

(vi) The Commission may, of its own motion, initiate action to effect transfers under this paragraph.

(2) Transfers may be authorized by the Commission without reemployment rights under Executive Order No. 9063 of February 16, 1942, under the conditions listed below: *Provided*, That in the judgment of the Commission the transfer is not contrary to the best interests of the war program or contrary to the most effective methods of filling the Federal Government's requirements for manpower in the civilian service or in conflict with the policies or directives of the War Manpower Commission:

(i) When the employee has compelling personal reasons for seeking a transfer and to remain in his present position would be an undue hardship upon the employee, or

(ii) When the transfer under the provisions of Directive No. X of the War Manpower Commission (7 F.R. 7298, 11050; 9 F. R. 3534) may not be made with reemployment rights but, in the judgment of the Commission, would be in the best interests of the Government service.

Should the department or agency in which the employee is serving object to the proposed transfer, the Commission will consider such information and evidence as may be submitted by the department and make a final decision as to whether the transfer shall be authorized.

(c) *Intra-agency transfers.* The transfer of any employee from one activity or office to another activity or office within the same department or agency may be effected by the head of the department or agency without the prior approval of the Commission, subject to the following conditions:

(1) An employee transferred under this paragraph shall be entitled to the reemployment benefits set forth in paragraph (e) of this section whenever the head of the agency concerned shall find that the skills and qualifications possessed by the employee can be better utilized in the position to which he is transferred, and that the employee can thus make a more effective contribution to the war program. All transfers under this section involving reemployment benefits shall be reported to the Commission within one week after the effective date of the transfer.

(2) All other transfers within a department or agency shall be made and reported to the Commission as heretofore.

(3) The Commission may, of its own motion, initiate action to effect such transfers.

(d) *Transfers to private or public enterprise.* The release of any employee from any department or agency for employment in a private or public enterprise, including an activity carried on by a State, Territory, or possession of the United States, or by any political subdivision thereof, or by any agency or instrumentality of a State, Territory, or possession of the United States or their political subdivisions, will be authorized by the Commission under Directive No. X of the War Manpower Commission (effective September 27, 1942) 7 F.R. 7298, 11050; 9 F.R. 3534, whenever the Commission shall find that such employee is qualified to perform work in a critical war occupation (as defined in the Essential Activities and Essential Occupations Directive of the War Manpower Commission, 7 F.R. 4748) and can make a more effective contribution to the war effort in an essential activity carried on by a private or public enterprise, subject to the following conditions:

(1) An employee released under this paragraph shall be entitled to the reemployment benefits set forth in paragraph (e) of this section.

(2) The consent of the employee shall be required for release under this paragraph.

(3) An employee whose release has been authorized under this paragraph shall be carried in a leave-without-pay status in his Federal position for the period of his employment with the private or public enterprise, but not to extend beyond six months after the end of the war.

(4) The consent of the agency in which the employee is serving shall not be required for release under this paragraph, but such agency shall be notified by the Commission and allowed such period of time as the Commission shall specify to present evidence that its work will be jeopardized by the loss of the employee's services and as to the extent to which the employee's skills, abilities, training, and experience are being and will be utilized in such department or agency. The Commission will consider this, and all other relevant evidence, and unless a decision to the contrary is reached by the Commission, the release shall become effective within ten days of the original notification. In the event that the Commission finds that the agency's work will be jeopardized by an immediate release of the employee, the release shall become effective on such date as the Commission may specify.

(5) Action to effect the release of individual employees under this paragraph may be initiated by the employee, the department or agency in which he is employed, the private or public enterprise concerned, the United States Employment Service of the War Manpower Commission, or the Civil Service Commission.

(e) *Unemployment benefits.* (1) Any person, except one holding a temporary position, transferred under this section under such conditions as to entitle him to reemployment benefits, who is subsequently involuntarily furloughed or terminated without cause such as would reflect on his suitability for reemployment in the Federal service, shall be entitled to the rights specified below, provided he is still qualified to perform the duties of his position and that he makes application for reinstatement within forty days after the termination of his services, but in no event later than six months after the end of the war.

(i) If transferred to another Federal department or agency, he shall be entitled to thirty days' notice from the department or agency to which he has been transferred, prior to the termination of his services with such department or agency, unless such termination is for cause.

(ii) He shall be reinstated within thirty days of his application in the same department or agency and to the maximum extent practicable, in the same locality, in his former position, or in a position of like seniority, status, and pay, in such manner, to the extent consistent with law, that he does not lose any of the rights or benefits to which he would have been entitled had he not been transferred or released, provided that such a position then exists.

(iii) If such a position, or if the agency or activity in which he was employed, is no longer in existence and such person therefore cannot be reinstated, his name shall be entered on the Reemployment List established pursuant to Executive Order No. 5924 of September 20, 1932, to be considered for certification, ahead of all other lists maintained by the Commission, to positions elsewhere in the Government service for which he is eligible by reason of his civil service status and qualifications.

(2) In the event of the transfer of any employee under a series of transfers, all of which are under such conditions as to entitle him to the reemployment benefits provided in this section, such reemployment benefits shall continue to be applicable to the agency from which the employee was originally transferred.

(3) An employee who transfers within the Government service under such conditions as to entitle him to reemployment benefits, or an employee who has been released from a Government position for employment in an essential activity conducted by a public or private enterprise under such conditions as to entitle him to reemployment benefits, and who, while employed in the position to which transferred or released, enters active service with the armed forces of the United States, shall be entitled to the same reemployment benefits with respect to the Government position from which he was transferred or released as those to which he would have been entitled had he entered active military or naval service while employed in such Government position.

(4) A person initially appointed for the duration of the war who receives a transfer or release under these regulations for the duration of the war, under such conditions as to entitle him to reemployment benefits, will not be required to be reemployed at the cessation of the war in the department or agency in which he was originally employed in view of the fact that his position would no longer exist and in view of the fact that no position of like status would exist. Such person will, however, be entitled to have his name entered on the Reemployment List as provided in this paragraph.

(5) Whenever the filling of any position by promotion from within for an indefinite period is being considered by any department or agency, employees who have been transferred or released under conditions which entitle them to reemployment benefits in such department or agency shall be given the same consideration they would have received had they not been transferred or released, and may be selected for such promotion. In the event of such selection, if such employee is not authorized to return to the position to which promotion was made, the position in question shall be filled only for the duration of such employee's reemployment rights under paragraph (e) of this section, and such reemployment rights shall be applicable to the position to which promotion was made.

(f) *Examinations.* No employee appointed without competitive or noncompetitive examination may be transferred without qualifying in such appropriate noncompetitive examinations as the Commission may prescribe, except employees who are subject to Title I of the Act of November 26, 1940 (5 U.S.C. 631a, 631b), or any statute or Executive order providing for the acquisition of a classified civil service status. Whenever a transfer involves also a promotion or change in status, the provisions of these regulations regarding promotions and changes in status shall be applicable to such transfers.

(g) *Apportionment.* The provisions of § 18.4 (c) of this part relating to the apportionment of positions among the several States shall not be applicable to transfers under this section, and such transfers shall not be charged to the quota of any State under such apportionment.

(h) *Status of employees.* (1) No employee serving under an emergency appointment under § 18.5 (d) of this part may be transferred under this section unless he has a status for reappointment under § 18.8 of this part or unless he has served 90 days under such temporary appointment and extensions thereof. The appointments otherwise of such persons are subject to the provisions of § 18.10 (d) and (e) of this part.

(2) In all transfers under this section, the employee shall retain for all intents and purposes under the civil service laws and rules the same civil service status which he had in the agency from which he was originally transferred.

Any transfer or reappointment of an employee who was originally appointed "subject to investigation" will be subject to the results of the investigation.

(i) *Reports.* Each department and agency shall submit to the Commission such information as the Commission may require for the effectuation of Directive No. X of the War Manpower Commission (7 F.R. 7298, 11050; 9 F.R. 3534) in such form and at such intervals as the Commission may prescribe.

(j) *Post Office Department, field service.* This section shall not apply to transfers to or between positions in the field service of the Post Office Department of persons having a classified civil service status; such transfers may continue to be effected under civil service rules and regulations. This section shall apply to transfers to or between positions in the field service of the Post Office Department of persons who do not have a classified civil service status, and to the transfer of employees from the field service of the Post Office Department to positions in other departments or agencies of the executive branch of the Government.

(E.O. No. 8243 dated September 12, 1942, 7 F.R. 7213; E.O. 9378 dated September 23, 1943, 8 F.R. 13037; Directive No. X, War Manpower Commission, dated September 14, 1942, 7 F.R. 7298, 11050; 9 F.R. 3534)

(k) *Trial period.* Any person who has completed a trial or probationary period during his current period of service shall not be required to serve a new trial period upon transfer under this section. Any person transferred under this section prior to completion of a trial or probationary period may complete his trial or probationary period in the position to which transferred subject to the provision of § 18.5 (c) of this part as to termination of service. Where a person is transferred under this section from a position in which a trial or probationary period is not required, the beginning of the trial period shall be considered as dating from the time of original appointment in the Federal Government during the employee's current continuous service. When a full year of service has been rendered since that date, the employee shall be regarded as having completed his trial period.

(l) *Preference employees in transfers of functions.* When any or all of the functions of any agency are transferred to, or any agency is replaced by some other agency or agencies, all employees entitled to five- or ten-point preference under these regulations, in such transferred agency, available and qualified for positions in the replacing agency or agencies, shall first be transferred to such positions before such agency or agencies shall appoint additional employees from any other source for such positions, and the Commission will not certify eligibles for such positions as long as such qualified and available preference employees have not been transferred.

NOTE: This section supersedes Civil Service Rule X, 5 CFR Part 10, with respect to positions covered by these regulations.

§ 18.10 *Release from Government employment—(a) Consent for reappointment, reinstatement, and reemployment.* No department or agency will effect the transfer or the appointment, reappointment, reinstatement, or reemployment within thirty days of separation from the

service of any employee, or former employee, as the case may be, of another department or agency without the express prior approval of the Commission.

(b) *Employment of short-term employees.* A person who is serving or who last served under an appointment limited to six months or less shall not be required to secure the consent of any Government department or agency in order to be appointed, reappointed, transferred, reinstated, or reemployed in any other Government department or agency for a period to extend for the duration of the war and six months thereafter.

§ 18.11 *Extent of regulations*—(a) *Regulations superseded.* These regulations shall supersede Parts 3, 5, 6, 7, 8, 9, 10, of this chapter, and all provisions of joint regulations inconsistent with this part for all positions except (unless otherwise specifically provided in this part):

(1) Positions other than those filled by civilian employees of the forces in the Police and Fire Departments of the municipal government of the District of Columbia;

(2) Positions of policemen in the U. S. Park Police force of the Interior Department.

(3) Postmasters. Other positions in the field service of the Post Office Department when retroactive probational appointments are made thereto of persons who entered on duty prior to November 23, 1943, through certification for probational appointment but who were found ineligible for probational appointment because of physical condition and who subsequently become eligible by correcting their physical condition.

Section 2.6 of this chapter is suspended as to appointments made under § 18.5 (f) of this part, but said § 2.6 of this chapter shall be applicable to postal employees who become eligible for a classified civil service status in accordance with § 2.7 of this chapter.

(b) *Violations; revocation of delegated authority.* Whenever the Commission shall find that any department or agency, or part thereof, has acted in violation of any provision of the civil service rules or of these regulations, the Commission may revoke in whole or in part any authority to act delegated to such department or agency, or part thereof.

§ 18.12 *Stabilization of employment.* Actions taken under or pursuant to these War Service regulations shall be subject to the directives, orders, regulations and employment stabilization programs of the War Manpower Commission.

No employee of the civilian executive branch of the Federal Government shall be released from Federal employment to accept non-Federal employment except in accordance with applicable War Manpower Commission employment stabilization programs.

§ 18.13 *Restoration of persons having reemployment rights*—(a) *Persons discharged from the military or naval service.* Any civilian employee of the executive branch of the Government who has left or leaves his position (other than a temporary position) in order to perform active military or naval service for the United States, and (1) is honorably separated from active military or naval service and (2) is still qualified to perform the duties of his position, and (3) makes application for reemployment in such position within forty days after his separation from active military or naval service, shall be entitled to the following reemployment benefits:

(1) He shall be reemployed in any position to which, according to the records of the agency, and according to the promotion regulations then in effect, he would have been promoted if he had not been absent to perform military or naval service;

(2) If such position does not exist, he shall be restored to the position which he held at the time of his entry into the military or naval service;

(3) If neither of the positions referred to in subparagraphs (1) or (2) exists, he shall be restored to a position comparable as to seniority, status, and pay with the position which he held at the time of his entry into the military or naval service.

This paragraph shall apply to employees who were originally appointed for the duration of the war, or for the duration of the war and six months thereafter: *Provided, however,* That such employees shall not be required to be retained in employment beyond the limitation placed upon their original appointments: *Provided further,* That no permanent employee shall be removed, nor shall any permanent employee be denied reemployment under this section in order that any employee who was originally appointed for the duration of the war, or for the duration of the war and six months thereafter, may be reemployed under this section.

Any person restored pursuant to this paragraph shall be restored without loss of seniority rights or other rights dependent upon length of service.

(b) *Time limit.* Any person who is entitled to reemployment in the Government service under paragraph (a) of this section, or under any provisions of § 18.9 of this part, shall be reemployed as provided in these regulations within thirty days of his application for reemployment. In the event the employee cannot establish proof of honorable separation from the armed forces, he may be restored to duty "subject to proof of honorable separation".

(c) *Establishing proof of separation from military or naval service.* When a person entitled to reemployment in the Government service after active military or naval service is restored to duty the agency concerned shall submit proof of discharge from such service and Preference Form 14 to the Commission.

NOTE: The Act of June 23, 1943 (50 U. S. C., App. 1472) granting reemployment benefits to Federal employees who have served in the merchant marine is administered and enforced by the Administrator, War Shipping Administration.

§ 18.14 *War Reemployment List.* (a) The following persons shall be eligible to apply for entry of their names on the War Reemployment List:

All present or former civilian officers and employees (except temporary employees appointed for a definitely limited period of one year or less), of the Executive Branch of the United States Government, the District of Columbia Government, or the Administrative Office of the United States Courts, who are unqualifiedly recommended for further Federal employment, have satisfactory service histories, have not been reemployed (except under temporary appointment) in the Federal service since becoming eligible to apply, and

(1) Who on account of reduction in force will be, within 3 months, or have been, within one year, separated from the service or furloughed for 3 months or more; or

(2) Who, having been transferred with reemployment rights under the provisions of Executive Orders 8973 or 9067 or Directive No. X of the War Manpower Commission, are eligible under the provisions of such Executive orders or Directive to apply for entry of their names on the War Reemployment List and make application within one year of separation from the activity to which so transferred, or

(3) Who, having entered the armed forces or the merchant marine from a Federal civilian position, or from a position in public or private enterprise to which transferred with reemployment rights by the Commission, have been honorably separated or granted certificates of substantially continuous service and make application within one year of separation from the armed forces or release from the merchant marine; or

(4) Who have within one year been separated from the service due to the return to duty of employees who entered the armed forces or the merchant marine or who were transferred with reemployment rights; or

(5) Who, having elected to remain in the same city because of personal or family reasons when the Government agencies or organizational units by which they are presently or were formerly employed were ordered to move to another city beyond normal commuting distances, (i) are currently or within three months are to be on terminal leave from such agencies or organizational units, or (ii) have been separated from the service because of the removal of such agencies or organizational units, provided application is made before or within one year after the date of such removal.

(b) The Commission will enter on this list the employees who are entitled to preference under these regulations and who, it finds have been unjustifiably dismissed or furloughed without pay.

By the United States Civil Service Commission.

AUTHORITY: §§ 251.1 to 251.18, inclusive, issued under Title III, sec. 302 of the Agricultural Adjustment Act of 1938, as amended (52 Stat. 43; 7 U.S.C., 1302), the Act of May 26, 1941 (55 Stat. 205, 7 U.S.C., Supp. I, 1330), as amended by the Act of December 26, 1941 (55 Stat. 860), the Act of October 2, 1942 (56 Stat. 767; 50 U.S.C., Supp. II, 968), and Pub. Law 240, 78th Cong.

§ 251.1 *Definitions.* For the purpose of these instructions and the notes and loan agreements or mortgages relating thereto, the following terms shall be construed, respectively, to mean:

(a) *Eligible producer.* An eligible producer shall be any person, partnership, association, corporation, or other legal entity, who produced wheat in 1944 as landowner, landlord, tenant, or sharecropper.

(b) *Eligible wheat.* Eligible wheat shall be wheat which meets the following requirements:

(1) Such wheat must be produced in 1944, by the producer tendering the wheat for a loan.

(2) Such wheat must be free and clear of all liens and encumbrances, including landlord's liens, except in favor of the lienholders who are listed in the List of Lienholders.

(3) Such wheat must be tendered for a loan by a person who is the owner of the wheat and who has the legal right to pledge or mortgage it as security for the loan.

(4) The beneficial interest in the wheat must be in the person tendering the wheat for a loan and must always have been in him.

(5) Such wheat must be in eligible storage.

(6) Such wheat must be (i) wheat of any class grading No. 3 or better, or (ii) wheat of any class grading No. 4 or 5 solely on the factor of test weight, but otherwise grading No. 3 or better, except that if the wheat is warehouse-stored, the quality of the wheat must be evidenced by a statement of the warehouseman on the warehouse receipt, the inspection certificate, or the warehouseman's supplemental certificate, substantially as follows: "This wheat grades No. ------ solely because of test weight," or (iii) wheat of the class mixed wheat, consisting only of mixtures of grades of wheat which are eligible for loans as stated in (i) and (ii) hereof, provided such mixtures are the natural products of the field.

(7) If such wheat is of the class hard red spring or durum, it shall contain not more than 14¼ percent moisture, and if it is of any other class, it shall contain not more than 14 percent moisture, except that:

(i) When stored in warehouses wheat containing not more than 15½ percent moisture in States west of the Mississippi River and 17 percent moisture in States east of the Mississippi River, grading tough or carrying a notation as to weevils or other insects injurious to stored grain, but otherwise eligible, may be processed at the producer's expense, and such wheat will thereafter be considered eligible for loan purposes provided the original warehouse receipt and warehouseman's supplemental certificate, in addition to other original documents, are accompanied by a certificate of the approved warehouseman issuing said receipts, which should read as follows:

The wheat represented by attached warehouse receipt No. ------, dated ------, covering loan wheat, has been processed, at the request of the eligible producer, and redelivery will be made of the same country-run quality, quantity, grade, and protein as shown on the said warehouse receipt and accompanying original inbound inspection, weight, and other required documents free of "tough" and "weevily" notation. Lien for processing charges will not be claimed by warehouseman from Commodity Credit Corporation or any subsequent holder of said warehouse receipt.

(Signed) ------
(Warehouseman)

(Address)

Date ------ 19--.

(ii) When stored on farms in all counties in the States of Michigan, Pennsylvania, New York, New Jersey, Maryland, Delaware, and Virginia, and in all counties in the States of Indiana and Ohio north of or intersected by the fortieth parallel meridian, wheat of the classes hard red winter, soft red winter, white, and mixed wheat of such classes grading tough but containing not more than 14½ percent moisture, if otherwise meeting the requirements of Commodity Credit Corporation, and in good sound condition, will be eligible for a loan at a discount of 2 cents per bushel from the rate for such wheat testing 14 percent or less in moisture content.

(c) *Eligible storage.* Eligible storage shall include public grain warehouses and farm storage meeting the following respective requirements:

(1) Public grain warehouses must meet the requirements of Commodity Credit Corporation and must have executed the Uniform Grain Storage Agreement. Such warehouses may be situated either at terminal, subterminal, or country points.

(2) Farm storage shall consist of farm bins and granaries which are of such substantial and permanent construction, as determined by the county agricultural conservation committee, as to afford safe storage of the wheat for a period of 2 years, and permit effective fumigation for the destruction of insects, and afford protection against rodents, other animals, thieves, and weather.

(d) *Lending agency.* Any bank, cooperative marketing association, or other corporation, partnership, or person making loans, in accordance with these instructions, which has executed the Contract to Purchase on 1940 C. C. C. Form E.

(e) *Eligible paper.* Eligible paper shall consist of Grain Producer's Notes secured by Grain Chattel Mortgages covering wheat stored on the farm or secured by warehouse receipts representing wheat stored in approved warehouses. Notes must be dated on or subsequent to June 1, 1944, and prior to January 1, 1945, and executed in accordance with these instructions, with State documentary revenue stamps affixed thereto where required by law. Notes executed by an administrator, executor, or trustee will be acceptable only where valid in law.

§ 251.2 *Areas in which loans are available.* (a) Loans are available on eligible wheat stored in approved public grain warehouses in all areas.

(b) Loans are available on eligible wheat stored on farms in the following areas:

All counties in Arizona, California, Colorado, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, New York, New Jersey, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, South Dakota, Tennessee, Utah, Virginia, Washington, West Virginia, Wisconsin, and Wyoming; and in the following counties of the following States:

Oklahoma: Alfalfa, Beaver, Beckham, Blaine, Caddo, Canadian, Cimarron, Cleveland, Comanche, Cotton, Craig, Creek, Custer, Dewey, Ellis, Garfield, Grady, Grant, Greer, Harmon, Harper, Jackson, Kay, Kingfisher, Kiowa, Lincoln, Logan, McClain, Major, Mayes, Noble, Nowata, Okfuskee, Oklahoma, Okmulgee, Osage, Ottawa, Pawnee, Payne, Pottawatomie, Roger Mills, Rogers, Texas, Tillman, Tulsa, Wagoner, Washington, Washita, Woods, and Woodward.

Texas: Andrews, Archer, Armstrong, Bailey, Baylor, Borden, Briscoe, Carson, Castro, Childress, Clay, Cochran, Collingsworth, Cottle, Crosby, Dallam, Dawson, Deaf Smith, Dickens, Donley, Fisher, Floyd, Foard, Gaines, Garza, Gray, Hale, Hall, Hansford, Hartley, Hardeman, Haskell, Hemphill, Hockley, Howard, Hutchinson, Kent, King, Knox, Lamb, Lipscomb, Lubbock, Lynn, Martin, Mitchell, Moore, Motley, Nolan, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Scurry, Sherman, Stonewall, Swisher, Terry, Throckmorton, Wheeler, Wichita, Wilbarger, Yoakum, and Young.

§ 251.3 *Loan rates.* The loan rates on wheat of the designated grades and subclasses stored in approved public grain warehouses or stored on farms, in coun-

ties where farm storage is permitted, are set out below and in State supplements (1944 C.C.C. Wheat Form 1—Supplement 2—Kansas, et cetera), which State supplements are available at the offices of the county agricultural conservation committees;

(a) *Amount of loans at terminal markets.* 1944 wheat loan rates on No. 1 dark hard winter, No. 1 hard winter, No. 1 red winter, No. 1 yellow hard winter, No. 1 red winter, No. 1 western red No. 1 soft white, No. 1 white club, No. 1 western white, No. 1 hard white, No. 1 dark northern spring, No. 1 northern spring, No. 1 red spring, No. 1 hard amber durum, No. 1 amber durum, No. 1 durum, stored in approved public grain warehouses at the following terminal markets shall be as follows:

Market	Loan rate per bushel
Kansas City, St. Joseph, Mo.; Kansas City, Kans.; Omaha, Nebr.; Council Bluffs, Iowa	$1.44
Chicago, Ill.; Milwaukee, Wis.; St. Louis, Mo.; East St. Louis, Ill.	1.49
Minneapolis, St. Paul, Duluth, Minn.; Superior, Wis.	1.46
Portland, Oreg.; Seattle, Vancouver, Tacoma, Longview, Wash.	1.39
San Francisco, Los Angeles, Stockton, Oakland, Calif.	1.49
Galveston, Houston, Tex.; New Orleans, La.	1.52
Cairo, Ill.	1.50
Evansville, Ind.; Louisville, Ky.; Cincinnati, Ohio	1.51
Philadelphia, Pa.; Baltimore, Md.; Norfolk, Va.	1.60
Albany, N. Y.	1.61

NOTE: The terminal loan rate for other No. 1 wheat shall be determined by subtracting the following discounts from the applicable terminal loan rates:

(a) For No. 1 wheat of the class "red durum wheat"—discount 15 cents per bushel,

(b) For No. 1 "mixed wheat" (containing less than 10 percent of wheats of the classes "durum" and/or "red durum wheat")—discount 2 cents per bushel,

(c) For No. 1 "mixed wheat" (containing in excess of 10 percent of wheats of the class "durum" and/or "red durum wheat")—discount 15 cents per bushel,

(d) For No. 1 "mixed wheat" grading "amber mixed durum"—discount 5 cents per bushel, and

(e) For No. 1 "mixed wheat" grading "mixed durum"—discount 10 cents per bushel.

The loan rate on No. 1 heavy dark northern spring shall be 1 cent more than the loan rate on No. 1 dark northern spring; the loan rate on No. 1 heavy northern spring shall be 1 cent more than the loan rate on No. 1 northern spring; and the loan rate on No. 1 heavy red spring shall be 1 cent more than the loan rate on No. 1 red spring.

All wheat eligible for loan at the foregoing loan rates must have been shipped on a domestic freight rate basis. The loan rate at the designated terminal market will be reduced by the difference between the freight paid and the domestic rate on any wheat shipped at other than the domestic rate.

The foregoing schedule of loan rates applies to wheat delivered to any designated terminal market in carload lots which has been shipped by rail from a country shipping point to one of the designated terminal markets, as evidenced by paid freight bills duly registered for transit privileges and other documents as required under the instructions (C.C.C. Wheat Form 1): *Provided*, That in the event the amount of paid-in freight is insufficient to guarantee minimum proportional rate from the terminal market, there shall be deducted from the applicable terminal loan rate the difference between the amount of freight actually paid in and the amount required to be paid in to guarantee minimum proportional basis on the outbound movement; *Provided further*, That Commodity Credit Corporation will accept in lieu of such bills, warehouse receipts for which a legend, signed by the warehouseman, has been typewritten in the following form, or certificate of such warehouseman containing such an undertaking, or such forms as may hereafter be approved by Commodity Credit Corporation.

Otherwise a deduction of 6 cents per bushel shall be made. Wheat trucked to a designated terminal market and stored in a warehouse shall have a loan rate equal to the higher of (1) the terminal loan rate minus 6 cents per bushel or, (2) the county loan rate for the county in which the wheat is stored.

(b) *Amount of loan at country points.* (1) Except for the States and counties hereinafter set forth, Commodity Credit Corporation will determine the loan rate on wheat in storage on the farm or in country warehouses by deducting from the designated terminal market loan value an amount equal to 3 cents more than the all-rail interstate freight rate (in effect on May 16, 1944) from the country warehouse points, plus freight tax, or the shipping point designated by the producer, to such terminal market; except that in the appropriate counties of Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Nebraska, Ohio, Oklahoma, Pennsylvania, South Dakota, Arkansas, Texas, and Wisconsin such rates shall be computed on the basis of the average freight rate from all shipping points other than subterminal markets in each county to the appropriate terminal market.

Each approved warehouse will be advised as to the loan rate applicable to wheat stored in such warehouse. Producers may obtain from the county committee the loan rates applicable to wheat stored on each farm and in the public warehouses. Loan rates will be published in C. C. C. Wheat Form 1—Supplement 2, for each State.

The loan rate of eligible wheat stored in approved warehouses (other than those situated in the designated terminal markets) which was shipped by rail may be determined by deducting from the appropriate designated terminal market loan value an amount equal to the transit balance of the through freight rate from point of origin for such wheat to such terminal market, plus freight tax on such transit balance: *Provided*, That in the case of wheat stored at any railroad transit point, taking a penalty by reason of out-of-line movement, or for any other reason, to the appropriate designated market, there shall be added to such transit balance an amount equal to any out-of-line or other costs incurred in storing loan wheat in such position as determined by Commodity Credit Corporation. Arrangements have been made for the railroads to indicate transit balance of the through rate on the inbound paid freight bills on a basis of 100 pounds. To obtain the loan rate as determined above, the warehouse receipts, in addition to other required documents, must be accompanied by the original paid freight bills duly registered for transit privileges; *Provided*, That Commodity Credit Corporation will accept in lieu of such bills, warehouse receipts for which a legend, signed by the warehouseman, has been typewritten in the following form, or a warehouseman's supplemental certificate containing such information:

(2) Separate schedules of loan rates will be issued for the States and counties hereinafter set forth:

All counties in New York, New Jersey, Delaware, Maryland, Virginia, West Virginia, North Carolina, Kentucky, Tennessee, and Arizona;

In New Mexico, the counties of Bernalillo, Catron, Colfax, Dona Ana, Grant, Harding, Hidalgo, Luna, McKinley, Mora, Rio Arriba, Sandoval, San Juan, San Miguel, Santa Fe, Sierra, Socorro, Taos, Torrance, Union, and Valencia;

In Colorado, the counties of Alamosa, Archuleta, Chaffee, Conejos, Costilla, Delta, Dolores, Eagle, Garfield, Grand, Gunnison, Hinsdale, Jackson, Lake, LaPlata, Mesa, Mineral, Moffat, Montezuma, Montrose, Ouray, Pitkin, Rio Blanco, Rio Grande, Routt, Saguache, San Juan, San Miguel, Summit.

The loan rate of eligible wheat stored in approved warehouses in the foregoing area which was shipped by rail in the movement of natural market direction as approved by Commodity Credit Corporation, shall be determined by adding 3 cents per bushel to the county loan rate for the county from which the wheat is shipped and an amount equal to the transit value of the freight paid from point of origin to markets designated by Commodity Credit Corporation, plus freight tax on the transit value from point of origin to the warehouse, except that eligible wheat originating in Delaware, Kentucky, Maryland, North Carolina, Tennessee, Virginia, or West Virginia, and stored in Cairo, Illinois; Evansville, Indiana; Louisville, Kentucky; Cincinnati, Ohio; Baltimore, Maryland; or Philadelphia, Pennsylvania shall receive the loan rate shown in these instructions: *Provided, however*, That the loan rate on wheat originating in the counties of Cecil, Kent, Queen Annes, Carolina, Talbot, Dorchester, Wicomico, Somerset, and Worcester in Maryland; all counties in Delaware; and Accomac and Northampton Counties in Virginia, which is shipped to Norfolk, Virginia and stored in the Norfolk terminal elevator of the Norfolk and Western Railroad, shall be the loan rate for the county from which the wheat is shipped, plus the amount of freight per bushel paid, plus 4 cents per bushel. Lending agencies and county committees are advised that in each instance such transit value must be verified by the Regional Director of the Commodity Credit Corporation serving that area. In such cases, the loan documents must be accompanied by the original paid freight bills or certificates of the warehouseman and other required documents as set forth in § 251.3 (a) above. If eligible loan wheat is stored in approved warehouses located at transit points, taking a penalty by reason of back haul, or out-of-line of natural market movement, such penalty or other costs by reason of such movement, as determined by Commodity Credit Corporation, shall be deducted from loan rates as determined above.

In such cases the warehouse receipts in addition to the required documents as set forth in C. C. C. Wheat Form 1, must be accompanied by the original or duplicate original paid freight bills, or certificates of the warehouseman as to such paid freight bills as indicated above.

§ 251.4 *Protein premium.* A premium shall be added to the loan rate of the subclasses of hard red spring and hard red winter, and of the subclass hard white wheat. Mixed wheat, regardless of the classes of wheat contained in the mixture, will not be eligible for protein premium. Protein premium will be added to the loan rate of farm-stored wheat only where the producer presents a protein certificate issued by a laboratory satisfactory to Commodity Credit Corporation. If the wheat is stored in approved warehouses, the producer must present a protein certificate attached to the warehouse receipt, or present a warehouse receipt or warehouseman's supplemental certificate with protein content indicated thereon.

Schedule of protein premiums follows:

§ 251.6 *Determination of dockage, smut, and garlic.* The percentage of dockage shall be determined in accordance with the Official Grain Standards of the United States and the weight of said dockage shall be deducted from the gross weight of the wheat in determining the net quantity available for loan.

In the States of California, Idaho, Oregon, Utah, and Washington, the quantity of smut shall be stated in percentage in accordance with the method set out in paragraph (a) under "smutty wheat" in the handbook of Official Grain Standards of the United States, Revised, 1941, and shall be stated in terms of half percent, whole percent, or whole and half percent, and the quantity of smut so determined in pounds shall be deducted from the weight of the wheat after deduction of dockage. Elsewhere the smut condition of the wheat shall be determined on a degree basis in accordance with paragraph (b) under "smutty wheat," Official Grain Standards of the United States. Where applicable, the words "light smutty" or "smutty" shall be added to, and made a part of, the grade designation.

The garlic condition of wheat shall be determined in accordance with the Official Grain Standards of the United States, and such condition shall be made a part of the grade designation by addition of the words "light garlicky" or the word "garlicky" as determined under such standards.

§ 251.7 *Determination of quantity of wheat.* Loans shall be made at values expressed in cents per bushel. A bushel will be 60 pounds of wheat free of dockage, when determined by weight, or 1.25 cubic feet of wheat testing 60 pounds per bushel when determined by measurement. A deduction of three-quarters of a pound for each sack will be made in determining the net quantity of the collateral when stored as sacked grain. In determining the quantity of wheat in farm storage by measurement, fractional pounds of the test weight per bushel will be disregarded, and the quantity determined as above will be the following percentages of the quantity determined for 60-pound wheat:

For wheat testing	Percent
65 pounds or over	108
64 pounds or over, but less than 65 pounds	107
63 pounds or over, but less than 64 pounds	105
62 pounds or over, but less than 63 pounds	103
61 pounds or over, but less than 62 pounds	102
60 pounds or over, but less than 61 pounds	100
59 pounds or over, but less than 60 pounds	98
58 pounds or over, but less than 59 pounds	97
57 pounds or over, but less than 58 pounds	95
56 pounds or over, but less than 57 pounds	93
55 pounds or over, but less than 56 pounds	92
54 pounds or over, but less than 55 pounds	90
53 pounds or over, but less than 54 pounds	88
52 pounds or over, but less than 53 pounds	87

For wheat testing	*Percent*
51 pounds or over, but less than 52 pounds	85
50 pounds or over, but less than 51 pounds	83

§ 251.8 *Farm storage.* Wheat stored on the farm must have been stored in the granary at least 30 days prior to its inspection for measurement, sampling, and sealing, unless otherwise approved by State committees and Regional Directors of the Agricultural Adjustment Agency. Chattel mortgages covering farm-stored wheat must be executed and filed in accordance with the applicable State law.

Where the borrower is a tenant, the expiration date of the lease shall be given in section 1 (e) of the chattel mortgage. If the expiration date of the lease is prior to June 30, 1945, the borrower must secure from the owner and other interested parties consent that the collateral may remain in the described storage structure until June 30, 1945, without any charge to the Commodity Credit Corporation other than that agreed to be paid to the borrower for storing the collateral. The consent agreement is set forth in the chattel mortgage. Each producer must designate in section 1 (b) of the chattel mortgage a shipping point reasonably convenient for the delivery of the wheat as determined by the county committee. A separate note and chattel mortgage must be submitted for wheat stored on each quarter section of land.

The Commodity Credit Corporation will accept delivery of all the producer's wheat in the bin or bins in which all or a portion of the grain therein is under loan. The producer will be given credit for the number of bushels so delivered at the loan rate applicable to the grade and class of wheat delivered. If no loan rate has been established for the grade of wheat delivered, the actual delivery value will be furnished by the Regional Director of Commodity Credit Corporation serving the area.

§ 251.9 *Storage allowance.* A storage allowance of 7 cents per bushel shall be advanced at the time any farm-stored loan is made on the number of bushels placed under loan. A storage payment of 7 cents per bushel shall be earned by the producer (a) if the wheat is delivered to the Commodity Credit Corporation on or after April 30, 1945, or (b) if, pursuant to demand by the Corporation for the repayment of the loan, the wheat is delivered to the Commodity Credit Corporation prior to April 30, 1945, provided such demand for repayment was not due to any fraudulent representation on the part of the producer or the fact that the wheat was damaged, threatened with damage, abandoned, or otherwise impaired. If delivery is made prior to April 30, 1945, with the consent or approval of the Commodity Credit Corporation, a storage payment will be earned in accordance with the terms of the mortgage supplement. Earned storage shall be computed after delivery has been completed and any storage advance not earned shall be repaid to the Corporation. A storage payment cannot be earned on a greater number of bushels than is specified in the chattel mortgage. Any deficiencies due the Corporation will be deducted from any credits which may be due the producer from the Corporation.

§ 251.10 *Public warehouses.* Commodity Credit Corporation will accept only insured negotiable warehouse receipts representing eligible wheat issued by public grain warehouses which have executed the Uniform Grain Storage Agreement and have been approved by Commodity Credit Corporation. Warehousemen desiring approval are advised to communicate with the Regional Director of the Commodity Credit Corporation serving the area in which the warehouse is located. A list of approved warehouses will be furnished State or county agricultural conservation committees by Regional Directors. Uniform storage and handling charges and terms of the storage agreement are outlined in the Uniform Grain Storage Agreement. Warehousemen shall not have outstanding at any time warehouse receipts in excess of the normal working or licensed capacity of the warehouse. All wheat pledged as security for a loan on C. C. C. Grain Form B must be stored in the same warehouse.

§ 251.11 *Warehouse receipts.* Warehouse receipts must be issued in the name of the producer, dated on or prior to the date of the related note, properly endorsed in blank so as to vest title in the holder, issued by approved warehousemen, and must comply with the following provisions:

(a) Each warehouse receipt should set forth in its written terms that the wheat is insured for not less than market value against the hazards of fire, lightning, inherent explosion and windstorm, cyclone, and tornado, or in lieu of this statement it must have stamped or printed thereon the word "Insured."

(b) The wheat represented by each warehouse receipt must be free of all liens for charges prior to unloading in or delivery to the warehouse. Liens for storage charges will be recognized by Commodity Credit Corporation only from May 15, 1944, or the dates of the warehouse receipts, whichever is later.

(c) The warehouse receipt must set forth in the written or printed terms the gross weight or bushels, grade and subclass, and such other information as is required by the Uniform Warehouse Receipts Act.

(d) Each warehouse receipt, or the warehouseman's supplemental certificate, in duplicate, properly identified to the warehouse receipt, must show the test weight, protein content (if determined by protein analysis), degree or percentage of smut or garlic and dockage, and must also show the moisture content except in the States of California, Idaho, Montana, Nevada, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming. (In those areas where moisture content is required, but it is not customary for country warehousemen to determine the exact moisture percentage, a warehouse receipt representing wheat stored in a country warehouse will be accepted if the moisture content is not shown, provided the grade of wheat does not show the word "tough." In such cases, the warehouseman will be responsible to deliver wheat not grading "tough" or "sample" due to moisture content.)

(e) In the case of warehouse receipts issued for wheat delivered by rail or barge, Commodity Credit Corporation will accept inbound weight and inspection certificates and protein certificates properly identified to the wheat covered thereby in lieu of the information required by paragraph (d) above. In the States of California, Idaho, Nevada, Oregon, Utah, Washington, and in other areas where licensed inspectors are not available at terminal and subterminal warehouses, Commodity Credit Corporation will accept inspection certificates based on representative samples which have been forwarded to and graded by licensed grain inspectors. The official inbound weight and inspection certificates must represent wheat unloaded in the warehouse issuing said receipt.

(f) In the case of warehouse receipts issued for wheat delivered by rail or barge, the protein content, as determined by a recognized protein testing laboratory, must be shown on each warehouse receipt (or supplemental certificate accompanying the warehouse receipt) representing wheat of the subclasses of hard red spring and hard red winter and of the subclass hard white wheat, except that protein content need not be shown for the subclasses hard winter and yellow hard winter produced in States or areas tributary to markets where protein content is not customarily required.

§ 251.12 *Liens.* The wheat collateral must be free and clear of all liens, or if liens exist on the collateral, proper waivers must be secured from each lienholder.

§ 251.13 *Insurance*—(a) *Wheat stored on farms.* Commodity Credit Corporation will not require producers to insure their 1944 farm-stored wheat placed under loan. In case of a total loss of collateral resulting from an external cause, with the exception of a loss caused by conversion, negligence, or vermin, the Commodity Credit Corporation will mark the note "paid" and return it to the borrower. In case of a partial loss of collateral resulting from an external cause, with the exception of a loss caused by conversion, negligence, or vermin, the note will be credited at the loan value, plus interest for the number of bushels on which the loss occurred. Where either total or partial loss occurs and such loss is assumed by Commodity Credit Corporation, no repayment of any storage advance will be required of the borrower even though the loss took place prior to April 30, 1945. No loss will be assumed if it is determined that there is fraudulent representation on the part of the borrower in connection with the loan.

(b) *Wheat stored in approved warehouses.* Warehousemen shall provide insurance against the perils of fire, lightning, inherent explosion, and windstorm, cyclone, and tornado, for the full market value of wheat stored in their warehouses, as long as receipts are outstanding.

§ 251.14 *Maturity and interest rate.* Notes secured by wheat stored in public warehouses or on farms shall mature on demand but not later than April 30, 1945. All loans will bear interest at the rate of 3 percent per annum.

§ 251.15 *Purchase of loan.* Commodity Credit Corporation will purchase, without recourse, eligible paper only from approved lending agencies in accordance with the terms of the Contract to Purchase (1940 C. C. C. Form E). Paper held by lending agencies must be submitted to the regional director serving the area in which the wheat is stored. Lending agencies should report weekly on 1940 C. C. C. Form F all payments or collections on producers' notes. An amount equivalent to 1½ percent interest per annum on the principal amount collected must be submitted with such weekly reports.

§ 251.16 *Offices of the Regional Directors of Commodity Credit Corporation.* The offices of the regional directors previously referred to herein and the areas served by them under these instructions are shown below:

Address of Regional Director	*Area*
208 South La Salle St., Chicago 4, Ill.	Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maryland, Maine, Massachusetts, Michigan, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, Tennessee, Vermont, Virginia, West Virginia.
Dwight Bldg., 1004 Baltimore Ave., Kansas City 13, Mo.	Alabama, Arkansas, Colorado, Georgia, Florida, Kansas, Louisiana, Mississippi, Missouri, Nebraska, New Mexico, Oklahoma, South Carolina, Texas, Wyoming.
McKnight Bldg., Minneapolis 1, Minn.	Minnesota, Montana, North Dakota, South Dakota, Wisconsin.
304 Artisans Bldg., Portland 5, Oreg.	Arizona, California, Idaho, Nevada, Oregon, Utah, Washington.

§ 251.17 *County agricultural conservation committee.* Forms may be obtained from county agricultural conservation committees in the areas where farm storage is available, or from the office of the regional director of Commodity Credit Corporation serving the area. State and county agricultural conservation committees will determine, or cause to be determined, the quantity and grade of the wheat collateral and the amount of the loan. All loan documents will be completed and approved by the county committee, who will retain copies of all documents: *Provided, however,* That the county committee may formally designate certain employees of the county association to execute such forms on behalf of the committee. In order to meet the cost of the local expenses, county agricultural conservation associations will collect a service fee for all loans.

§ 251.18 *Release of collateral.* A producer may obtain release of the collateral by paying to the lending agency or Commodity Credit Corporation, whichever holds the note, the principal amount of the note, plus interest. If the note is held by an out-of-town lending agency or Commodity Credit Corporation, the producer may request that the note be forwarded to a local bank for collection. In such case, the local bank should be instructed to return the note to the sender if payment is not effected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon payment of a farm storage wheat loan, the county agricultural conservation committee should be requested to release the mortgage by filing an instrument of release or by a margin release on the county records. Partial releases of collateral may be arranged with the county agricultural conservation committee by paying to the holder of the note the amount of the loan, plus charges, storage advances (if the wheat is farm-stored), and accrued interest, on the wheat released. In the case of warehouse-stored wheat, each partial release must cover all the wheat under one warehouse receipt number.

Dated: May 18, 1944.

J. B. HUTSON,
President.

[1944 C.C.C. Rye Form I, Barley Form I, Grain Sorghums Form I—Instructions]

PART 253—1944 RYE, BARLEY, AND GRAIN SORGHUMS LOANS

1944 RYE, BARLEY, AND GRAIN SORGHUMS LOAN PROGRAM

Commodity Credit Corporation has authorized the making of loans and the purchase of eligible paper secured by 1944 rye, barley, or grain sorghums, stored on farms or in approved public grain warehouses.

Sec.
253.1 Grain.
253.2 Eligible producer.
253.3 Eligible grain.
253.4 Eligible storage.
253.5 Areas in which loans will be made.
253.6 Loan rates.
253.7 Determination of quantity of grain.
253.8 Farm storage.
253.9 Warehouse storage.
253.10 Warehouse receipts.
253.11 Liens.
253.12 Maturity and interest rate.
253.13 Lending agency.
253.14 Eligible paper.
253.15 Purchase of loans.
253.16 Insurance.
253.17 Offices of Commodity Credit Corporation.
253.18 County agricultural conservation committees.
253.19 Release of collateral.

AUTHORITY: §§ 253.1 to 253.19, inclusive, issued under sec. 302 of the Agricultural Adjustment Act of 1938, as amended (52 Stat. 43; 7 U.S.C., 1302), and the act of February 28, 1944 (58 Stat. 124).

§ 253.1 *Grain.* For the purpose of these instructions, grain shall mean rye, barley, and grain sorghums.

§ 253.2 *Eligible producer.* Any person, partnership, association, or corporation producing rye, barley, or grain sorghums, in 1944.

§ 253.3 *Eligible grain*—(a) *Eligible rye.* Eligible rye shall be rye produced in 1944 grading U. S. No. 2 or better, or grading U. S. No. 3 solely on the factor of test weight, but otherwise grading No. 2 or better, the beneficial interest to which is and always has been in the eligible producer. Rye grading tough, light smutty, smutty, light garlicky, garlicky, weevily, or rye containing in excess of 1 percent of ergot, shall not be eligible for loan. Rye containing in excess of 0.3 percent, but not in excess of 1 percent of ergot, shall be eligible for loan at the discounts set out in § 253.6 (a) hereof.

(b) *Eligible barley.* Eligible barley shall be barley of any class grading No. 5 or better, the beneficial interest to which is and always has been in the eligible producer. Barley grading tough, stained, blighted, smutty, garlicky, weevily, ergotty, or bleached, shall not be eligible for a loan.

(c) *Eligible grain sorghums.* Eligible grain sorghums shall be grain sorghums grading No. 4 or better, the beneficial interest to which is and always has been in the eligible producer, except that grain sorghums grading weevily or smutty, or containing in excess of 13 percent moisture when stored on the farm, or in excess of 14 percent when stored in a warehouse, shall not be eligible for loan.

§ 253.4 *Eligible storage.* Eligible storage shall include farm storage structures meeting the requirements for safe storage as prescribed by the Agricultural Adjustment Agency, and public grain warehouses which meet the requirements of Commodity Credit Corporation and which have executed the Uniform Grain Storage Agreement. Such warehouses may be situated either at terminal, subterminal, or country points.

§ 253.5 *Areas in which loans will be made.* Loans will be made on eligible grain stored in approved public grain warehouses wherever located.

Loans are available on eligible grain stored on farms in the following areas:

All counties in the States of Arizona, California, Colorado, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, New York, New Jersey, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, South Dakota, Tennessee, Utah, Virginia, Washington, West Virginia, Wisconsin, and Wyoming, and in the following counties of the following States:

Oklahoma: Alfalfa, Beaver, Beckham, Blaine, Caddo, Canadian, Cimarron, Cleveland, Comanche, Cotton, Craig, Creek, Custer, Dewey, Ellis, Garfield, Grady, Grant, Greer, Harmon, Harper, Jackson, Kay, Kingfisher, Kiowa, Lincoln, Logan, McClain, Major, Mayes, Noble, Nowata, Okfuskee, Oklahoma, Okmulgee, Osage, Ottawa, Pawnee, Payne, Pottawatomie, Roger Mills, Rogers, Texas, Tillman, Tulsa, Wagoner, Washington, Washita, Woods, and Woodward.

Texas: Andrews, Archer, Armstrong, Bailey, Baylor, Borden, Briscoe, Carson, Castro, Childress, Clay, Cochran, Collingsworth, Cottle, Crosby, Dallam, Dawson, Deaf Smith, Dickens, Donley, Fisher, Floyd, Foard, Gaines, Garza, Gray, Hale, Hall, Hansford, Hardeman, Hartley, Haskell, Hemphill, Hockley, Howard,

Hutchinson, Kent, King, Knox, Lamb, Lipscomb, Lubbock, Lynn, Martin, Mitchell, Moore, Motley, Nolan, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Scurry, Sherman, Stonewall, Swisher, Terry, Throckmorton, Wheeler, Wichita, Wilbarger, Yoakum, and Young.

§ 253.6 *Loan rates.* The following loan rates apply to grain stored on the farm, or in approved grain warehouses, when evidence is submitted that handling and storage charges have been prepaid through the maturity date of the note. Evidence of prepaid storage must be a stamped or typed certification, signed by the warehouseman, on or attached to the warehouse receipt, which shall read as follows:

> Handling and storage charges for the period ending April 30, 1945, in the case of rye or barley, and June 30, 1945, in the case of grain sorghums, on the grain represented by this warehouse receipt have been paid or otherwise provided for, and lien for such charges will not be claimed by the warehouseman from Commodity Credit Corporation or any subsequent holder of this warehouse receipt.
>
> Signed: ----------
> (Warehouseman)
> ----------
> (Address)

7 cents per bushel will be deducted from the applicable loan rate for grain stored in warehouses for which evidence of prepaid storage is not submitted.

(a) *Rye.* The loan value for eligible rye grading No. 2 or better, or rye grading No. 3 solely on test weight, but otherwise grading No. 2 or better, shall be 75 cents per 56-pound bushel, except that the loan value for eligible rye containing in excess of 0.3 percent, but not in excess of 1 percent of ergot, shall be discounted 1 cent for each 0.1 percent of ergot in excess of 0.3 percent.

(b) *Barley.* The loan rate per 48-pound bushel for eligible barley in the States of Arizona, California, Washington, Oregon, and Idaho, except "mixed", shall be based for all classes on the numerical grades as determined under the Official Grain Standards of the United States, in accordance with the following:

	Cents per bu.
No. 1 Barley	90
No. 2 Barley	88
No. 3 Barley	85
No. 4 Barley	82
No. 5 Barley	75

The loan rate per 48-pound bushel in all other States for eligible barley, except "mixed", shall be based for all classes on the numerical grades as determined under the Official Grain Standards of the United States, in accordance with the following:

	Cents per bu.
No. 1 Barley	85
No. 2 Barley	83
No. 3 Barley	80
No. 4 Barley	77
No. 5 Barley	70

Loan rates for "mixed" barley shall be discounted 2 cents per bushel from the loan rates set forth above.

(c) *Grain sorghums.* The loan rates for grain sorghums grading No. 2 or better will be $1.00 per 56-pound bushel in Arizona and California, and 96 cents per 56-pound bushel in other States. A discount of 5 cents per bushel will be made for grain sorghums grading No. 3, and 15 cents for grain sorghums grading No. 4, below the applicable No. 2 price. Mixed grain sorghums shall be discounted 2 cents per bushel in all States.

§ 253.7 *Determination of quantity of grain.* Loans shall be made at values expressed in cents per bushel. A bushel shall be determined to be 48 pounds of barley and 56 pounds of rye or grain sorghums, free of dockage, when determined by weight, or 1.25 cubic feet of grain having test weight of 48 pounds for barley, or 56 pounds for rye or grain sorghums when determined by measurement. In determining the quantity of grain in farm storage by measurement, fractional pounds of the bushel test weight will be disregarded, and the quantity determined shall be adjusted by the following respective percentages:

(a) *Rye and grain sorghums.*

For rye or grain sorghums testing:	*Percent*
56 pounds or over	100
55 pounds or over, but less than 56 pounds	98
54 pounds or over, but less than 55 pounds	96
53 pounds or over, but less than 54 pounds	95
52 pounds or over, but less than 53 pounds	93
51 pounds or over, but less than 52 pounds	91
50 pounds or over, but less than 51 pounds	89
49 pounds or over, but less than 50 pounds	87

(b) *Barley.*

For barley testing:	*Percent*
48 pounds or over	100
47 pounds or over, but less than 48 pounds	98
46 pounds or over, but less than 47 pounds	96
45 pounds or over, but less than 46 pounds	94
44 pounds or over, but less than 45 pounds	92
43 pounds or over, but less than 44 pounds	90
42 pounds or over, but less than 43 pounds	88
41 pounds or over, but less than 42 pounds	85
40 pounds or over, but less than 41 pounds	83
39 pounds or over, but less than 40 pounds	81
38 pounds or over, but less than 39 pounds	79
37 pounds or over, but less than 38 pounds	77
36 pounds or over, but less than 37 pounds	75
35 pounds or over, but less than 36 pounds	73

§ 258.8 *Farm storage.* Grain stored on the farm must have been stored in the granary at least 30 days prior to its inspection for measurement, sampling, and sealing, except as approved by State agricultural conservation committees. Chattel mortgages covering the grain must be executed and filed in accordance with the applicable State law.

§ 253.9 *Warehouse storage.* Commodity Credit Corporation will accept only insured negotiable warehouse receipts covering eligible grain pledged as collateral to notes on C. C. C. Grain Form B, issued by any public grain warehouse which has executed the Uniform Grain Storage Agreement as amended, and has been approved by Commodity Credit Corporation. Warehousemen desiring approval are advised to communicate with the Regional Director of Commodity Credit Corporation serving the area in which the warehouse is located, at which office a list of approved warehouses and their locations is available. A list of approved warehouses for the area may also be obtained at any State or county agricultural conservation office. All grain pledged as security for a loan must be stored in the same warehouse. Grain moved by rail freight to a warehouse will not command a higher loan value than grain stored on farms or in warehouses located at country points.

§ 253.10 *Warehouse receipts.* Warehouse receipts must be issued in the name of the producer, must be dated on or prior to the date of the related note, must be properly assigned by an endorsement in blank so as to vest title in the holder, and must be issued by an approved warehouseman. Unless the warehouse receipts are stamped or printed "insured" there must be attached and included in the certificate of the warehouseman a statement that the grain is insured for not less than the market value against the hazards of fire, lightning, inherent explosion, windstorm, cyclone, and tornado. Commodity Credit Corporation will not accept warehouse receipts indicating any lien for charges prior to unloading in or delivery to the warehouse issuing such receipts. Lien for handling and storage charges, unless prepaid through maturity, will be recognized only from May 15, 1944, or the date of the warehouse receipt, whichever is later. Such receipts must set out in their written or printed terms the gross weight or bushels, the grade, test weight, and all other factors and statements required to be stated in the written or printed terms of negotiable warehouse receipts under the provisions of section 2 of the Uniform Warehouse Receipts Act, or be accompanied by a certificate of the warehouseman, identified to such warehouse receipt, setting out such information, and shall be based on the inbound movement or delivery of the grain to an approved warehouse. Warehouse receipts for No. 3 rye, to be eligible, must contain a statement that the rye grades No. 2 or better except for test weight.

§ 253.11 *Liens.* The grain collateral must be free and clear of all liens, or if liens exist on the collateral, proper waivers must be secured from each lienholder.

§ 253.12 *Maturity and interest rate.* Rye, barley, and grain sorghums loans will mature on demand but not later than April 30, 1945, in the case of rye and barley, and June 30, 1945, in the case of grain sorghums. All rye and barley loans must be dated on or prior to December 31, 1944, and grain sorghums loans must be dated on or prior to February 28, 1945. All loans will bear interest at the rate of 3 percent per annum.

§ 253.13 *Lending agency.* Any bank, cooperative marketing association, or other corporation, partnership, or person, making loans in accordance with these instructions, which has executed the Contract to Purchase on 1940 C.C.C. Form E.

§ 253.14 *Eligible paper.* Eligible paper shall consist of notes of the producer, secured by chattel mortgages or warehouse receipts representing grain in existence and undamaged, executed in accordance with these instructions and approved by a member of the county agricultural conservation committee, with State documentary revenue stamps affixed thereto where required by law. Notes executed by an administrator, executor, or trustee, will be acceptable only where acceptable in law.

§ 253.15 *Purchase of loans.* Commodity Credit Corporation will purchase, without recourse, eligible paper, as defined above, only from lending agencies which have executed and delivered, to the regional office of Commodity Credit Corporation to which notes are submitted, Contract to Purchase, 1940 C. C. C. Form E, obtainable only from such offices. Notes held by lending agencies must be tendered to Commodity Credit Corporation for immediate or deferred purchase within 10 days of written request, or at least 10 days prior to maturity in the absence of written demand. The purchase price to be paid by Commodity Credit Corporation for notes accepted will be the face amount of such notes, plus accrued interest, from the respective dates to the date of payment of the purchase price, at the rate of 1½ percent per annum. Under the terms of the Contract to Purchase, lending agencies are required to report weekly, on 1940 C.C.C. Form F, all payments or collections on producers' notes held by them, and to remit, with such report, to Commodity Credit Corporation, an amount equivalent to 1½ percent interest per annum on the principal amount collected from the date of the note to the date of payment.

§ 253.16 *Insurance.*—(a) *Grain stored on farms.* Commodity Credit Corporation will not require producers to insure their 1944 farm-stored grain placed under loan. In case of a total loss of collateral resulting from an external cause, with the exception of a loss caused by conversion, negligence, or vermin, the Commodity Credit Corporation will mark the note "paid" and return it to the borrower. In case of partial loss of collateral resulting from an external cause, with the exception of a loss caused by conversion, negligence, or vermin, the note will be credited at the loan value plus interest for the number of bushels on which the loss occurred. No loss will be assumed by the Corporation if it is determined that there is a fraudulent representation on the part of the borrower in connection with the loan.

(b) *Grain stored in approved warehouses.* Warehousemen shall provide insurance against the perils of fire, lightning, inherent explosion, and windstorm, cyclone, and tornado, for the full market value of grain stored in their warehouses as long as receipts are outstanding.

§ 253.17 *Offices of Commodity Credit Corporation.* The offices of the regional directors previously referred to herein and the areas served by them are:

Address of Regional Director	*Area*
208 South La Salle St., Chicago 4, Ill.	Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maryland, Maine, Massachusetts, Michigan, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, Tennessee, Vermont, Virginia, West Virginia.
Dwight Bldg., 1004 Baltimore Ave., Kansas City 13, Mo.	Alabama, Arkansas, Colorado, Georgia, Florida, Kansas, Louisiana, Mississippi, Missouri, Nebraska, New Mexico, Oklahoma, South Carolina, Texas, Wyoming.
McKnight Bldg., Minneapolis 1, Minn.	Minnesota, Montana, North Dakota, South Dakota, Wisconsin.
304 Artisans Bldg., Portland 5, Oreg.	Arizona, California, Idaho, Nevada, Oregon, Utah, Washington.

§ 253.18 *County agricultural conservation committees.* Forms may be obtained from county agricultural conservation committees in the areas designated in § 253.5 hereof, and copies for the purpose of information may be obtained from such committees, or from the office of the regional director serving the area, listed in § 235.17 hereof. All loan documents will be completed and approved by the county committee, who will retain copies of all documents. In order to meet the cost of local expenses, county agricultural conservation committees will collect a service fee for all loans.

§ 253.19 *Release of collateral.* A producer may obtain release of the collateral by paying to the lending agency or Commodity Credit Corporation, whichever holds the note, the principal amount of the note, plus interest. If the note is held by an out-of-town lending agency, or Commodity Credit Corporation, the producer may request that the note be forwarded to a local bank for collection. In such case, the local bank should be instructed to return the note to the sender if payment is not effected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon payment of the farm storage loan, the county agricultural conservation committee should be requested to release the mortgage by filing an instrument of release with the county recorder, or by a margin release on the county recorder's records. Producers may obtain partial releases of collateral by paying to the holder of the note the loan value and accrued interest for the grain released. In the case of warehouse-stored grain, each partial release must cover all the grain under one warehouse receipt.

Dated: May 15, 1944.

C. C. FARRINGTON,
Acting President.

TITLE 7—AGRICULTURE

Chapter X—War Food Administration (Production Orders)

[WFO 104]

PART 1202—FARM MACHINERY AND EQUIPMENT

DISTRIBUTION OF NEW METAL MILK CANS AND COVERS

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of new metal milk cans for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

Sec.
1202.376 Manufacturers' transfer of 20-, 32- and 40-quart milk cans.
1202.377 Manufacturers' transfer of milk cans of less than 20-quart capacity.
1202.378 Transfers of milk cans for use in handling milk or milk products in the continental United States.
1202.379 Transfers of milk cans for uses other than in handling milk or milk products.
1202.380 Transfers of milk cans to a Federal agency.
1202.381 Transfers of milk cans for shipment outside the continental United States.
1202.382 Transfers of milk cans within Alaska, Hawaii, Puerto Rico and the Virgin Islands.
1202.383 Manufacturers' reports.
1202.384 Definitions.
1202.385 Audits and inspections.
1202.386 Petition for relief from hardship.
1202.387 Violations.
1202.388 Delegation of authority.
1202.389 Supplementary Order No. 3 to War Food Order No. 14 superseded.
1202.390 Communications.
1202.391 Effective date.

AUTHORITY: §§ 1202.376 to 1202.391, inclusive, issued under 54 Stat. 676, 55 Stat. 236, 56 Stat. 176; E.O. 9280, 9322, 9334, 9392; 7 F.R. 10179, 8 F.R. 3807, 5423, 14783.

§ 1202.376 *Manufacturers' transfer of 20-, 32- and 40-quart milk cans.* (a) Each manufacturer may transfer not in excess of the following percentages of his scheduled production of 20-, 32- and 40-quart milk cans during the designated calendar quarters, and the remainder of such production shall constitute a reserve:

Calendar quarter commencing—	Authorized for transfer	Reserve
	Percent	*Percent*
July 1, 1944	85	15
Oct. 1, 1944	85	15
Jan. 1, 1945	70	30
Apr. 1, 1945	70	30

(The percentages of scheduled production of milk cans here authorized to be transferred relate to the total scheduled production of milk cans of all three capacities mentioned, and not to each separately.) In making the transfer of milk cans authorized by this paragraph, during any of the calendar quarters mentioned, no manufacturer shall transfer into any State a percentage of such milk cans greater than the percentage which his total transfers of milk cans into such State in 1941, 1942 and 1943 was of his total transfers during those years into all States. However, if a manufacturer is unable during any calendar quarter to transfer into any State the full number of milk cans permitted by this paragraph, such manufacturer may transfer the remainder into such State during any subsequent calendar quarter in addition to other permitted transfers. For the purposes of this paragraph, when a manufacturer transfers milk cans to a distributor or other person who operates in more than one State, such transfer will be considered as having been made into the State in which the office (home or branch office) of the distributor or other person placing the order is located.

(b) (1) The Director is hereby authorized to direct the transfer of the reserve established by paragraph (a) of this section. In so doing, the Director may direct the transfer of a manufacturer's current production at any given time, or he may direct the transfer of the reserve from the inventory of such equipment.

(2) Any person in the continental United States, who wishes to make a transfer or accept a transfer of milk cans from a manufacturer's reserve for the purpose of handling milk or milk products may apply to the Director. Such application shall be in writing and shall be filed with the State AAA Committee for the State in which the milk cans will be principally used, and such State AAA Committee shall promptly transmit such application to the Director, together with its recommendation. If the milk cans will be principally used in the District of Columbia, the application shall be filed with the State AAA Committee for Maryland.

(3) If, by the fifteenth day before the end of any calendar quarter, the Director has not directed or prohibited the transfer of part or all of a manufacturer's reserve, such manufacturer may transfer his undirected reserve either (i) in the same manner provided in paragraph (a) of this section, or (ii) in accordance with a distribution plan submitted to the Director, unless the Director disapproves such plan and written notice of such disapproval is given to such manufacturer within seven working days after delivery of such distribution plan to the Director. The mailing of such distribution plan to the Director by registered mail shall constitute delivery of the plan under this paragraph.

§ 1202.377 *Manufacturers' transfer of milk cans of less than 20-quart capacity.* Subject to the provisions of §§ 1202.379, 1202.380 and 1202.381, a manufacturer may transfer 100 percent of his production of milk cans of less than 20-quart capacity, and such transfer may be made without regard to any previous distribution by States.

§ 1202.378 *Transfers of milk cans for use in handling milk or milk products in the continental United States.* Subject to the provisions of § 1202.376, any person, other than a Federal agency, may make a transfer or accept a transfer of milk cans for use in handling milk or milk products in the continental United States without further authorization. (Purchase certificates are no longer required.)

§ 1202.379 *Transfers of milk cans for uses other than in handling milk or milk products.* No person shall make a transfer or accept a transfer of milk cans of any capacity for use other than for handling milk or milk products, except pursuant to a written authorization from the Director.

§ 1202.380 *Transfers of milk cans to a Federal agency.* No Federal agency shall accept a transfer of milk cans of any capacity, except pursuant to a written authorization from the Director.

§ 1202.381 *Transfers of milk cans for shipment outside the continental United States.* No person shall make a transfer or accept a transfer of milk cans of any capacity for shipment, nor shall any person ship milk cans of any capacity, outside the continental United States, except pursuant to a written authorization from the Director.

§ 1202.382 *Transfers of milk cans within Alaska, Hawaii, Puerto Rico and the Virgin Islands.* The Director is authorized to exercise such control over the transfer of milk cans for use in handling milk or milk products in Alaska, Hawaii, Puerto Rico and the Virgin Islands as he shall deem necessary. In the absence of the exercise of this authority by the Director, the transfer of milk cans within Alaska, Hawaii, Puerto Rico and the Virgin Islands to any person, other than a Federal agency, for use in handling milk or milk products shall be made without further authorization. Transfers of milk cans for other uses and to Federal agencies are subject to the provisions of §§ 1202.379 and 1202.380.

§ 1202.383 *Manufacturers' reports.* Each manufacturer of milk cans shall, within 10 days after the commencement of any calendar quarter, furnish the Director with a report on Form HR–124 with respect to transfers of milk cans of 20-, 32- and 40-quart capacity made during the preceding calendar quarter. In making this report, however, the capacity of the milk cans should not be distinguished.

§ 1202.384 *Definitions.* For the purposes of this order:

(a) "Milk can" means a steel container, suitable for use in connection with the transportation in bulk of fluid milk and fluid milk products, which possesses the following characteristics:

(1) A substantially cylindrical shape;

(2) A coating of tin or a substitute sanitary coating;

(3) A "necked-in" top so that the opening is smaller than any part of the body cylinder.

As here used, "milk can" means only a new milk can, and includes a can and cover transferred together and a can transferred apart from a cover, but it does not include a cover transferred apart from a can.

(b) "State" means any of the forty-eight States or the District of Columbia.

(c) "Continental United States" means the forty-eight States and the District of Columbia.

(d) "Transfer" means any actual or purported act or transaction, whether or not evidenced by writing, the purpose, intent, or effect of which is to create, surrender, release, change, or alter, directly or indirectly, any right, title, interest or possession with respect to any milk cans. The use of milk cans by any person, who manufactures or deals in milk cans, shall be deemed a transfer. Notwithstanding the foregoing, the delivery of milk cans to a carrier for shipment or the delivery of milk cans by a carrier to a consignee shall not be deemed to be a transfer within the meaning of this order.

(e) "State AAA Committee" means the State Agricultural Conservation Committee of the Agricultural Adjustment Agency of each State.

(f) "Person" means any individual, partnership, corporation, association, business trust or any organized group of persons whether incorporated or not. The term "person" shall also include the United States or any agency thereof, and a State or any political subdivision or agency thereof.

(g) "Director" means the Director of the Office of Materials and Facilities of the War Food Administration.

§ 1202.385 *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of milk cans, of any person, and to make such investigations, as may be necessary or appropriate, in the Director's discretion, to the enforcement or administration of the provisions of this order.

§ 1202.386 *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Director, setting forth in such petition all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate, which action shall be final.

§ 1202.387 *Violations.* In accordance with the applicable procedure, any person who violates any provision of this order may be prohibited from receiving, making any deliveries of, or using milk cans. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

§ 1202.388 *Delegation of authority.* The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the Director. The Director is authorized to redelegate to any employee of the United States Department of Agriculture any or all of the authority vested in him by this order.

§ 1202.389 *Supplementary Order No. 3 to War Food Order No. 14 superseded.* Supplementary Order No. 3 [1] to War Food Order No. 14 [2] is hereby superseded; *Provided*, That said Supplementary Order No. 3 to War Food Order No. 14 shall remain in full force and effect for the purpose of allowing or sustaining any suit, action, prosecution or administrative or other proceeding, heretofore or hereafter commenced with respect to any violation committed or right or liability accruing under or pursuant to the terms of said order.

§ 1202.390 *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the Director, be addressed to the Director, Office of Materials and Facilities, War Food Administration, Washington 25, D. C., Ref: WFO.

§ 1202.391 *Effective date.* This order shall become effective July 1, 1944.

NOTE: All reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 29th day of June 1944.

ASHLEY SELLERS,
Assistant War Food Administrator.

PART 1415—IMPORTED FOODS

TEA QUOTAS, PACKING RESTRICTIONS, REPORTS, AND RECORDS FOR PACKERS AND WHOLESALERS

War Food Order No. 18–S, 9 F.R. 4321, 4319 (formerly designated as Director Food Distribution Order No. 18–3; as issued by the Acting Director of Food Distribution, on June 17, 1943, and as amended, 8 F.R. 16313) is further amended to read as follows:

§ 1415.6 *Tea quotas, packing restrictions, reports, and records*—(a) *Definitions.* (1) "Packer" means any person who delivers tea packed by him or tea packed for his account by some other person, to the extent of the deliveries of such tea made by him.

(2) "Wholesale receiver" means any person (regardless of whether he is also a packer) who accepts deliveries of tea in bulk form or tea packed by, or for the account of, some other person, to the extent that he resells such tea (i) exclusively or predominantly at wholesale; or (ii) through four or more centrally owned, affiliated, or independent retail stores owned or, for purchasing purposes, represented by him; or (iii) at retail or for any other purpose not specified above if, during the calendar year 1941 or the portion of such calendar year during which he was engaged in the business of purchasing tea, his monthly purchases of such tea averaged 200 pounds or more.

(3) "Net deliveries" means (i) with respect to a packer, the total number of pounds of tea delivered by a packer which was packed by, or for the account of, such packer, but shall not include deliveries of such tea made by the respective packer to governmental agencies pursuant to (c) (1) hereof; (ii) with respect to a wholesale receiver, the total number of pounds of bulk tea and tea packed by, or for the account of, some other person delivered by the wholesale receiver, minus the total of all deliveries of such tea made to governmental agencies pursuant to (c) (1) hereof.

(4) "Quota period" means the quarter-annual period commencing January 1, April 1, July 1, or October 1, of each year.

(5) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons whether incorporated or not.

(6) "Governmental agency" means (i) the Armed Services of the United States (for the purposes of this order, including, but not restricted to, the United States Army Post Exchanges, sales commissaries, United States Navy ships' service departments, and the United States Marine Corps post exchanges); (ii) the War Food Administration (including, but not restricted to, any corporate agency thereof); (iii) the War Shipping Administration; (iv) the Veterans' Administration; and (v) any other instrumentality or agency designated by the War Food Administrator. The term "governmental agency" also includes any person who, pursuant to a war food order, is entitled to purchase tea subject to this order.

(7) "Armed Services of the United States" means the Army, Navy, Marine Corps, and Coast Guard of the United States.

(b) *Tea quotas.* (1) During each quota period commencing on January 1, of each year, no packer shall deliver a total quantity of tea which was packed by him or for his account which is in excess of 75% of the amount of his net deliveries of such tea during the corresponding quarterly period of the calendar year 1941 or 1942, whichever amount is the greater.

(2) During each quota period of each year, other than the quota period commencing January 1, no packer shall deliver a total quantity of tea which was packed by him or for his account which is in excess of 75% of the total amount of his net deliveries of such tea during the corresponding quarterly period of the calendar year 1941.

(3) During the quota period commencing January 1 of each year, no wholesale receiver shall accept delivery of a total quantity of tea in bulk form and tea packed by, or for the account of, some other person which is in excess of 75% of his net deliveries of such tea during the corresponding quarterly period of the calendar year 1941 or 1942, whichever amount is the greater.

(4) During each quota period, other than the quota period commencing on January 1 of each year, no wholesale receiver shall accept delivery of a total quantity of tea in bulk form and tea packed by or for the account of some other person which is in excess of 75% of his net deliveries of such tea during the corresponding quarterly period of the calendar year 1941.

(5) Any person may carry over the unused portion of his quota established pursuant to (b) (1), (2), (3), and (4) for any quota period, and utilize said unused portion in the subsequent quota period.

(6) Any packer who delivers a substantial portion of his quota of tea directly to consumers or to retailers may, by letter, submit to the Director a plan to transfer the distribution of all or a part of that portion to wholesale receivers. Such a plan must contemplate a substantial conservation of automotive and related equipment and material and also contain provision for equitable distribution of the transferred volume among such wholesale receivers and an equitable redistribution of that volume within the areas previously served directly by the packer. If such a plan is authorized by the Director, the packer may deliver to wholesale receivers, and such wholesale receivers may accept, without charge to their quotas, the volume of tea authorized for transfer: *Provided*, That delivery of such tea is accompanied by a dated certification by the packer in substantially the following language (with the appropriate information inserted in the blank spaces):

Pursuant to authorization issued to the undersigned by the Director of Distribution, War Food Administration, you may accept the tea delivered hereunder, without charge to your quota as a wholesale receiver.

Name of packer company _____

_____

By _____ Title _____

(7) Any person who directly or indirectly serves any county or other area designated in Schedule D, § 1407.244, of Ration Order 3 of the Office of Price Administration, as amended (7 F.R. 6937, 9 F.R. 1433), and (i) who computes his quota for any quota period commencing on January 1 upon the basis of the specified 1941 base period, as provided in (b) (1) or (3) hereof, and not the 1942 base period, or (ii) who is entitled to a quota pursuant to the provisions of (b) (2) or (4) hereof, is hereby assigned a supplementary quota for each such quota period. Such supplementary quota, which shall be available only for ultimate distribution in the respective increased-population area referred to in said Schedule D, shall be computed by determining the amount of his quota under the provisions hereof, by determining the portion of that amount allocable to deliveries to or for each such area, and by applying to that portion the percentage of population increase designated in said Schedule D of Ration Order 3, for the respective area. Such supplementary quota shall be computed on the basis of the provisions of said Schedule D which are in effect on the first day of the quota period during which the supplementary quota is used.

(8) The quotas prescribed hereunder shall be calculated quantitatively in terms of pounds.

(c) *Quota-exempt deliveries and acceptances.* (1) Notwithstanding any restriction contained in this order any packer may, without charge to his quota, deliver tea to or for a governmental agency and any wholesale receiver may, without charge to his quota, accept delivery of tea to replace tea delivered to or for a governmental agency.

(2) No wholesale receiver shall accept delivery of tea to replace tea delivered to or for a governmental agency pursuant to (c) (1) hereof and no packer shall deliver tea free of any quota restrictions to any such wholesale receiver pursuant to (c) (1) hereof unless such wholesale receiver furnishes to the packer a written certification in duplicate for each delivery made by the wholesale receiver to a governmental agency. Such certification shall indicate the name of the governmental agency to which the wholesale receiver has delivered tea free of quota restrictions, the date upon which such delivery was made to such governmental agency, and the quantity of tea so delivered to such governmental agency. The packer to whom such certification has been furnished as aforesaid shall retain the original of such certification until the termination of this order.

(d) *Packer's acceptances.* No packer shall, during any quota period, accept delivery of a total quantity of tea in bulk form which is in excess of his delivery quota for such quota period plus the quantity, if any, by which his delivery quota for the immediately preceding quota period exceeded the total quantity of tea in bulk form accepted by him during such immediately preceding quota period.

(e) *Restrictions on packaging.* (1) No packer shall pack tea intended for sale at retail in packages of more than 4 sizes and such sizes shall contain either 16 ounces, 8 ounces, 4 ounces, or 1⅞ ounces net weight.

(2) No packer shall pack tea bags or tea balls intended for sale at retail except at the rate of 200 bags or balls per net pound of tea; and no packer shall pack tea bags or tea balls intended for sale at retail in more than 3 sizes, and such sizes shall contain either 48 bags, 16 bags, or 8 bags each.

(3) No packer shall pack tea bags or tea balls for, or sell tea bags or tea balls to, any hotel, club, restaurant, cafe, cafeteria, caterer, inn, railroad diner, lunch room, sandwich stand, or any public eating place in sizes other than the following: (i) for individual service, at the rate of either 200 or 250 bags or balls per net pound of tea and in containers of only 100 bags each; or (ii) for iced tea service, each tea bag shall contain only one ounce of tea, and such tea bags which are packed in containers shall be so packed only in multiples of 16.

(f) *Applicability of order.* Any person doing business in one or more of the 48 States or the District of Columbia is subject to the provisions hereof, but the provisions hereof shall not apply to any person doing business in any Territory or possession of the United States with respect to such business.

(g) *Reports.* Each packer shall correctly complete form FDO 18–1 for each quarterly period and submit such completed form to the Director within 15 calendar days after termination of the quota period for which such form is submitted. Every packer and every wholesale receiver participating in any transaction to which this order applies shall maintain records which, upon examination, will disclose his total quarter-annual inventories of tea and the total quarter-annual deliveries made by him (if he is a packer) or accepted by him (if he is a wholesale receiver). If the sales slips, invoices, bills or other instruments or records customarily kept by him are sufficient to furnish the information specified herein, no additional record system need be installed to meet the requirements hereof. All documents and records heretofore or hereafter required to be kept by packers and wholesale receivers pursuant to the provisions of this order and now in the possession of packers and wholesale receivers shall be kept and preserved until the termination of this order.

(h) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Director, setting forth in such petition all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate which action shall be final.

(i) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall unless instructions to the contrary are issued by the Director, be addressed to the Director of Distribution, War Food Administration, Washington 25, D. C., Ref. WFO–18.

(j) *Effective date.* The provisions hereof shall become effective at 12:01 a. m., e. w. t., July 1, 1944. With respect to violations of War Food Order No. 18–3, as heretofore amended, rights accrued or liabilities incurred prior to the effective time of this amendment, said War Food Order No. 18–3, as heretofore amended, shall be deemed to be in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, or liability.

NOTE: All reporting and record-keeping requirements of this order have been approved by, and subsequent reporting and record-keeping requirements will be subject to the approval of, Bureau of the Budget in accordance with the Federal Reports Act of 1942.

AUTHORITY: §§ 501.1 to 501.16, inclusive, issued under 53 Stat. 804, 805, 55 Stat. 364, 365, 56 Stat. 305, 57 Stat. 571; 12 U.S.C. and Sup. 1703.

§ 501.1 *Citation.* The regulations in this part may be cited as referred to as "Regulations of the Federal Housing Commissioner Governing Property Improvement Loans effective July 1, 1944."

§ 501.2 *Definitions.* As used in this part the term:

(a) "Act" means the National Housing Act, as amended.

(b) "Administration" means the Federal Housing Administration.

(c) "Commissioner" means the Federal Housing Commissioner or his duly authorized representative.

(d) "Contract of Insurance" includes all of the provisions of this part and of the applicable provisions of the act.

(e) "Insured" means a financial institution holding a Contract of Insurance under Title I of the Act.

(f) "Loan" means an advance of funds or credit or the purchase of an obligation evidenced by a note.

(g) "Note" includes a note, bond, mortgage, or other evidence of indebtedness.

(h) "Payment" includes a deposit to an account or fund which represents the full or partial repayment of a loan.

(i) "Borrower" means one who applies for and receives a loan in reliance upon the provisions of the act and whose interest in the property to be improved is (1) a fee title, or (2) a life estate, or (3) an equitable interest under an instrument of trust or contract, or (4) a lease having a fixed term, expiring not less than six calendar months after the maturity of the loan.

(j) "Class 1 (a) loan" means a loan, other than a loan defined in paragraph (k) of this section as a "Class 1 (b) loan", which is for the purpose of financing the repair, alteration, or improvement of an existing structure or of the real property in connection therewith, exclusive of the building of new structures. The term "existing structure" means a completed building that has or had a distinctive functional use.

(k) "Class 1 (b) loan" means a loan which is (1) made for the purpose of financing the alteration, repair, improvement, or conversion of an existing structure located in an area or locality in which the President shall find that an acute shortage of housing exists or impends, which would impede national war activities and (2) is made for the purpose of providing additional living accommodations to which the borrower shall establish in a manner and upon forms prescribed by the Commissioner that occupancy priority will be given to war workers.

(l) "Class 2 (a) loan" means a loan which is for the purpose of financing the construction of a new structure which is to be used exclusively for other than residential or agricultural purposes.

(m) "Class 2 (b) loan" means a loan which is for the purpose of financing the construction of a new structure for use in whole or in part for agricultural purposes, exclusive of residential purposes.

(n) "Class 1 loan" includes both "Class 1 (a)" and "Class 1 (b)" loans as defined in paragraphs (j) and (k) of this section.

(o) "Class 2 loan" includes both "Class 2 (a)" and "Class 2 (b)" loans as defined in paragraphs (l) and (m) of this section.

§ 501.3 *Eligible notes.*—(a) *Validity.* The note shall bear the genuine signature of the borrower as maker, shall be valid and enforceable in the jurisdiction in which it is issued, and shall be complete and regular on its face. If more than one borrower signed the note all such signatures must be genuine. If the note is executed for and on behalf of a corporation or in a representative capacity the note must create a binding obligation of the principal.

(b) *Acceleration clause.* The note shall contain a provision for acceleration of maturity, either automatic or at the option of the holder, in the event of default in the payment of any instalment upon the due date thereof.

(c) *Payments.* The note shall be payable in equal monthly, semi-monthly, or weekly instalments. The final instalment may be more or less than the other instalments provided that it is not less than one-half or more than one and one-half times the preceding instalment. A note may not provide for a first payment less than six days nor more than sixty-two days from the date of the note. However, if fifty-one percent or more of the income of the borrower is derived directly from the sale of agricultural crops, commodities, or livestock produced by him, a note may be made payable in instalments corresponding to income periods shown on the credit application. In such cases, the first payment must be made within twelve months of the date of the note and at least one payment shall be made in each twelve months thereafter, provided that no two payments shall be more than twelve months apart, and the proportion of total principal to be paid in later years shall not exceed the proportion of total principal payable in earlier years. In lieu of an instalment note payable in equal periodic instalments a loan may be evidenced by a series of notes provided each is of an equal amount as provided in this Section and that each note indicates on its face that it is one of a series signed by the same borrower.

(d) *Maturity.*—(1) *Minimum.* The note shall not have a final maturity of less than six calendar months from the date of the note.

(2) *Maximum.*—The maximum permissible maturity of a note evidencing:

(i) A Class 1 (a) or a Class 2 (a) loan is three years and thirty-two days from the date of the note.

(ii) A Class 1 (b) loan is seven years and thirty-two days from the date of the note.

(iii) A Class 2 (b) loan is seven years and thirty-two days from the date of the note, except that if a Class 2 (b) loan is secured by a first mortgage, first deed of trust, or other security instrument constituting a first lien upon the improved property, the loan may have a final maturity not in excess of fifteen years and thirty-two days from the date of the note.

(iv) A combination of any of the above classes of loans shall be no greater than the maximum maturity governing that component part of the loan having the shortest maturity if made alone.

(e) *Late charges.* The note may provide for a late charge, not to exceed 5 cents for each $1.00 of each instalment more than fifteen days in arrears. No late charge on a past due instalment may be accrued in excess of $5.00. In lieu of late charges, notes may provide for interest on past due instalments at a rate not in excess of the contract rate in the jurisdiction in which the note is drawn. The borrower must be billed for the penalties collected as such, and evidence of such billing must be in the file if claim is made under the Contract of Insurance.

(f) *Deferred first payment.* Loans made on and after July 1, 1944 the proceeds of which are used exclusively for (1) the conversion of heating equipment to the use of any other fuel, the repair of heating equipment, or the replacement of heating equipment if it is worn out, damaged beyond repair, or destroyed, (2) the instalation of loose-fill, blanket, or batt-type insulation, or insulating board, within existing structures, (3) the instalation of storm doors, storm windows, or weather stripping, may provide for a first payment not later than November 1, 1944, unless a later first payment is permitted by paragraph (c) of this section.

§ 501.4 *Maximum amount of loans.*—(a) *Class 1 (a) loan.* A Class 1 (a) loan shall not involve a principal amount, exclusive of financing charges to the borrower, in excess of $2.500.

(b) *Class 1 (b) loan.* A Class 1 (b) loan shall not involve a principal amount, exclusive of financing charges to the borrower, in excess of $5,000.

(c) *Class 2 loan.* A Class 2 loan shall not involve a principal amount exclusive of financing charges to the borrower, in excess of $3,000.

(d) *Maximum amount per property.* A Class 1 or a Class 2 loan shall not increase the principal amount outstanding at any time on all Class 1 or Class 2 loans made under Title I of the act after July 1, 1944 with respect to any one piece of property to an amount in excess of $5,000,

exclusive of financing charges to the borrower.

§ 501.5 *Financing charges*—(a) *Maximum charge.* The maximum permissible financing charges, exclusive of fees and charges as provided by paragraph (b) of this section, which may be paid by the borrower for interest, discount and fees of all kinds in connection with the transaction, shall be computed as follows:

(1) Class 1 loans having a principal amount not in excess of $2,500 shall not have a financing charge in excess of an amount equivalent to $5.00 discount per $100 original face amount of a one-year note, to be paid in equal monthly instalments calculated from the date of the note.

(2) Class 1 loans having a principal amount in excess of $2,500 shall not have a financing charge in excess of an amount equivalent to $4.00 discount per $100 original face amount of a one-year note, to be paid in equal monthly instalments calculated from the date of the note.

(3) Class 2 loans shall not have a financing charge in excess of an amount equivalent to $5.00 discount per $100 original face amount of a one-year note, to be paid in equal monthly instalments calculated from the date of the note, except that Class 2 (b) loans having a maturity in excess of seven years and thirty-two days shall not have a financing charge in excess of an amount equivalent to $3.50 discount per $100 original face amount of a one-year note, to be paid in equal monthly instalments calculated from the date of the note.

Such charges correctly based on tables of calculations issued by the Federal Housing Commissioner are deemed to comply with this section. An increase in the ration of the charge to the average amount outstanding on the debt over the maximum provided in this section, which increase results from the first payment falling due less than thirty days after the date of the note as provided in § 501.3 (c) shall not be deemed to be in conflict with this section.

(b) *Permissible additional charges.* If the insured takes security in the nature of a real estate mortgage, deed of trust, conditional sales contract, chattel mortgage, mechanic's lien, or other security device for the purpose of securing the payment of eligible loans, the insured may collect from the borrower, in addition to the maximum permissible financing charge as provided in paragraph (a) of this section, the following expenses actually incurred by the insured in connection with the transaction:

Recording or filing fees, documentary stamp taxes, title examination charges and hazard insurance premiums, provided that such costs or expenses are not paid from the proceeds of the loan or included in the face amount of the note. Such costs or expenses shall not be included by the insured as a portion of a claim under the Contract of Insurance and if such costs or expenses are assessed against the borrower, proper evidence thereof should be in the file.

(c) *Partial disbursement of proceeds.* If the insured in purchasing a note takes the maximum charge permitted by this section, but employs a "holdback" and does not advance the entire proceeds of the note to the seller, it shall calculate its financing charge on the amount advanced and credit to the account of the seller the difference between the financing charge calculated on the face amount of the note and the financing charge calculated on the amount advanced.

(d) *Application of lump sum payments.* The acceptance of a voluntary payment of one or more instalments prior to due date shall not be construed as increasing the maximum permissible financing charge as provided in paragraph (a) of this section. However, the excess of any amount paid or applied at one time to an insured obligation above the amount then due thereon, when such excess exceeds the amount of three instalments, shall be applied to the final instalments in reverse order, unless the insured is required by law or is directed by the person making the payment to make some other application, in which case evidence of such direction must be in the file if claim is made upon the Commissioner.

(e) *Prepayment rebate.* If a note is paid in full prior to maturity, the insured shall make a rebate at a rate not less than 6% per annum of the amount so paid in advance of their due dates, if the maximum permissible financing charge in connection with the transaction is in an amount equivalent to $5.00 discount as provided in paragraph (a) of this section. If a lesser charge has been taken, the rebate shall be at not less than a proportional rate.

§ 501.6 *Credits*—(a) *Credit application.* Prior to making a loan the insured shall obtain a dated credit application executed by the borrower on a form approved by the Commissioner. A separate credit application is required for each loan made or note purchased.

(b) *Credit investigation.* The credit application, supplemented by such other information as the insured deems necessary, must, in the judgment of the insured, clearly show the borrower to be solvent, with reasonable ability to pay the obligation and in other respects a reasonable credit risk. If, after the loan is made, an insured who acted in good faith discovers any material misstatements or misuse of the proceeds of the loan by the borrower, dealer, or others, the eligibility of the note for insurance will not be affected. However, the insured shall promptly report such discovery to the Commissioner.

(c) *Outstanding FHA and direct Federal obligations.* The proceeds of a loan shall not be disbursed if the insured has knowledge that the borrower is past due as to either principal or interest with respect to an obligation owing to, or insured by, any department or agency of the Federal Government.

(d) *Past due Title I notes at time of purchase.* A note shall not be purchased when any installment thereon is past due more than fifteen days at the date of purchase except purchases of notes under the provisions of § 501.12.

(e) *Prior approval by Commissioner.* Any loan in excess of $2,500, exclusive of financing charges, or any loan which increases the principal amount outstanding as to all Class 1 or Class 2 loans to any individual borrower to an amount in excess of $2,500 will be accepted for insurance only upon prior approval of the Commissioner.

(f) *Security.* The taking of security to secure the payment of a loan is left to the discretion of the insured unless specifically required by the Commissioner in accordance with the provisions of paragraph (e) of this section or of § 501.3 (d) (2) (iii). An insured may permit the substitution or subordination of security provided it can be shown when claim is made that at the time of such action the original security value was not impaired or reduced as a result of such action. Upon presentation of the facts the prior approval of the Commissioner may be obtained by the insured to any proposed substitution or subordination of security.

§ 501.7 *Eligible expenditures*—(a) *Property location.* The property to be improved shall be located within the United States, its Territories, or Possessions.

(b) *Use of proceeds.* The proceeds of a loan shall be used only to finance alterations, repairs, and improvements upon real property or in connection with existing structures, commenced in reliance upon the credit facilities afforded by Title I of the act.

(c) *Reliance on credit application.* An insured acting in good faith may, in the absence of information to the contrary, rely upon all statements of fact made by the borrower, which are called for by the borrower's credit application, in determining the eligibility of the improvements to the property.

(d) *Technical services and direct costs.* The proceeds of a loan may be used to pay the cost of architectural and engineering services, and fees paid for obtaining building permits that are directly connected with the eligible alterations, repairs, or improvements financed in accordance with this part.

(e) *Supplementing an uninsured obligation.* The proceeds of a loan shall not be used to supplement another obligation of the borrower not reported for insurance, the payment of which is to be secured by a prior lien created in connection with the proposed alteration, repairs, or improvements.

§ 501.8 *Disbursement of loan proceeds*—(a) *Disbursement.* Before disbursing the proceeds of a loan to one other than a borrower or a borrower and another jointly, the insured shall:

(1) *Dealer approval.* Have approved the dealer after such investigation as the insured considers necessary to establish to its satisfaction that the dealer is reliable, financially responsible and qualified to perform satisfactorily the work to be financed and to extend proper service to the customer. This approval signed and dated together with the supporting information shall be in the insured's file.

For the purpose of this section the term "dealer" means the one who executes the dealer's completion certificate.

(2) *Completion certificates.* Obtain a completion certificate signed by the borrower and a completion certificate signed by the dealer on forms prescribed by the Commissioner. If there are two or more eligible borrowers involved in the transaction, only one signature is required on the borrower's certificate.

(b) *Authorization to pay loan proceeds.* If the insured is the payee of the note the proceeds shall not be disbursed to one other than the borrower without his written authority.

§ 501.9 *Refinancing*—(a) *General requirements.* New obligations to liquidate loans previously reported for insurance pursuant to Title I of the act after July 1, 1944, which may or may not include an additional amount advanced will be covered by insurance, provided they meet the requirements of all applicable regulations and the special provisions of this section.

(b) *Maximum maturity.* (1) A Class 1 (a) loan or a Class 2 (a) loan may be refinanced for an additional period not in excess of three years and thirty-two days from the date of the refinancing, but not to exceed five years from the date of the original note.

(2) A Class 1 (b) loan may be refinanced for an additional period not in excess of seven years and thirty-two days from the date of the refinancing, but not to exceed ten years from the date of the original note.

(3) A Class 2 (b) loan may be refinanced for an additional period not in excess of seven years and thirty-two days from the date of the refinancing, but not to exceed ten years from the date of the original note, except that if a Class 2 (b) loan is secured by a first mortgage, first deed of trust, or other security instrument, constituting a first lien upon the improved property, the new note may have a final maturity not in excess of fifteen years and thirty-two days from the date of the refinancing, but not to exceed twenty-five years from the date of the original note.

(4) When a Class 1 loan or a Class 2 loan is made or refinanced and consolidated with another Class 1 loan or Class 2 loan, the new note evidencing the consolidated obligation shall not be for a longer term than that which the component loan having the shortest permissible maturity could have if made or refinanced alone.

(c) *Rebate.* The full unearned charge on the original note shall be refunded to the borrower. If no additional advance is made a handling charge not in excess of $2.00 may be assessed the borrower.

(d) *Special cases.* The Commissioner may upon presentation of the facts approve the refinancing or refinancing and consolidation of any loan or loans upon such terms and conditions as he may determine within the limits provided by the act.

(e) *Deferred payments.* An agreement to defer payments on a note previously reported for insurance under this part without rewriting the note is not considered refinancing. Such agreement will not affect the insurance coverage on the loan, *Provided*, That

(1) Such agreement is evidenced in writing;

(2) Payments shall not be deferred for more than five months from the due date of the last fully-paid instalment;

(3) Such agreement shall not extend the final maturity of the obligation beyond the maturity date of the obligation as provided by its original terms;

(4) The insured may assess the borrower for the cost of such deferment if such charge is not in excess of an equivalent amount of late charges as provided in § 501.3 (e).

§ 501.10 *Report of loans.* Loans shall be reported on the prescribed form to the Federal Housing Administration at Washington, D. C., within thirty-one days from the date of the note or date upon which it was purchased. Any loan refinanced as provided in § 501.9 shall likewise be reported on the prescribed form within thirty-one days from date of refinancing. In any case, the Commissioner may, in his discretion, accept a late report.

§ 501.11 *Claims*—(a) *Claim application.* Claim for reimbursement for loss on an eligible loan shall be made on a form provided by the Commissioner, and executed by a duly qualified officer of the insured. The claim shall be accompanied by the insured's complete credit and collection file pertaining to the transaction.

(b) *Claim for default.* Claim may be made after default (earliest instalment for which full payment has not been received) provided demand has been made upon the debtor for the full unpaid balance of the note.

(c) *Maximum claim period.* For the purpose of this section, any payment received on an account, including payments on a judgment predicated thereon, shall be applied to the earliest unpaid instalment, and in the case of:

(1) Yearly instalment notes, whenever an instalment is twelve months in default claim must be made within thirty-one days thereafter,

(2) All other instalment notes, whenever an instalment is six months in default, claim shall be made within thirty-one days thereafter,

(3) Military service cases, if at any time during default a person primarily or secondarily liable for the repayment of any loan is a "person in military service," as such term is defined in the Soldiers' and Sailors' Civil Relief Act of 1940, the period during which he is in military service shall be excluded in computing the time within which claim must be made for reimbursement under the provisions of this section.

(d) *Extension of maximum claim period.* Upon presentation to the Commissioner of the facts of a particular case within the allowable claim period prescribed in this section, he may, in his discretion, extend the time within which claim must be made, provided that in computing the claim no interest will be allowed for the period of such extension.

(e) *Claim amount.* An insured will be reimbursed for its loss on loans made in accordance with this part up to the amount of its reserve as established by § 501.12 as follows:

(1) Net unpaid amount of the loan actually made or the actual purchase price of the note, whichever is the lesser;

(2) Uncollected earned interest to date of default and interest at the rate of 4% per annum from the date of default to the date of the application for reimbursement of loss sustained;

(3) Uncollected court cost, including fees paid for issuing, serving, and filing summons;

(4) Attorney's fees not exceeding 15% of the amount collected by the attorney on the defaulted note provided the insured does not waive its claim against the borrower for such fees;

(5) Handling fee of $5.00 for each loan, if judgment is secured, plus 5% of amounts collected subsequent to return of unsatisfied property execution.

(f) *Assignment of documents.* The note and any security held or judgment taken must be assigned in its entirety and if any claim has been filed in bankruptcy, insolvency, or probate proceedings, such claim shall likewise be assigned to the United States of America.

(g) *Form of assignment.* The following form of assignment properly dated shall be used in assigning a note, judgment, real estate mortgage, deed of trust, conditional sales contract, chattel mortgage, mechanic's lien, or any other security device in event of claim:

All right, title, and interest of the undersigned is hereby assigned (without warranty, except that the note qualifies for insurance) to the United States of America.

(Financial Institution)

By ----------
Title ----------
Date----------

Provided, That if this form is not valid or generally acceptable in the jurisdiction involved, a form which is valid and generally acceptable shall be used.

(h) *Election of action.* Where a real estate mortgage, deed of trust, conditional sales contract, chattel mortgage, mechanic's lien, or any other security device has been used to secure the payment of a loan made under the provisions of Title I of the act, the insured may not both proceed against such security and also make claim under its Contract of Insurance, but shall elect which method it desires to pursue.

§ 501.12 *Insurance reserve*—(a) *Legal limit.* Subject to the limitation on the total liability which may be outstanding at any time as stipulated in section 2 of Title I of the act, the Commissioner, in accordance with § 501.11, will reimburse any insured for losses sustained by it up to a total aggregate amount equal to 10% of the total amount advanced on all eligible loans made by it after July 1, 1944, and reported for insurance during the time its Contract of Insurance is in force.

(b) *General insurance reserve.* There shall be established for each insured a general insurance reserve equal to 10% of the aggregate amount advanced on all loans originated by it on and after July 1, 1944, pursuant to the provisions of this part.

(c) *Transfer of insured notes.* In all cases involving the transfer of notes purchased without recourse, guaranty or repurchase agreement, provided no instalment payment on any note is past due more than one calendar month at the time of the purchase, the insurance reserve shall be transferred to the general insurance reserve of the purchasing institution on the basis of 10% of the actual purchase price or net unpaid original advance, whichever is the lesser.

(d) *Ear-marked insurance reserve.* Where the buying and selling institutions desire to transfer an insurance reserve in excess of 10% of the actual purchase price of the notes involved or in excess of 10% of the net unpaid principal advanced on the notes involved, the insurance reserve so transferred shall be placed in an ear-marked insurance reserve, which reserve shall be available only for the payment of those losses arising from the notes so transferred and such losses shall be payable only to the extent of such reserves. When the notes so transferred have all been fully paid to the purchasing institution, it shall so notify the Commissioner.

(e) *Special reserve agreements.* The transfer of insurance reserve in a manner, or under conditions not provided in paragraph (b) or paragraph (c) of this section, shall have the prior approval of the Commissioner.

(f) *Transfer with recourse or guarantee to repurchase.* Where notes are sold with recourse or under a guarantee or repurchase agreement no insurance reserve will be transferred and no reports will be required.

(g) *Reports.* In all cases involving the transfer of notes the reports required by § 501.10 must be filed and shall indicate the intent of the parties with regard to the transfer of the insurance reserve.

(h) *FHA recovery shall not affect reserve.* Amounts which may be salvaged by the Commissioner with respect to a loan in connection with which an insured has been reimbursed under its Contract of Insurance shall not be added to the insurance reserve remaining to the credit of such insured.

§ 501.13 *Insurance charge*—(a) *Rate.* The insured shall pay to the Commissioner an insurance charge equal to ¾% per annum of the net proceeds of any loan reported for insurance.

(b) *When payable.* Such insurance charge for the entire term of the loan shall be paid within twenty-five days after the date the Commissioner acknowledges receipt to the insured institution of the report of loan: *Provided*, That on loans having a maturity in excess of three years and thirty-two days, such charge may be paid in instalments, the first of which shall be equal to the charge for three years and be paid within said twenty-five days, and the second and succeeding instalments, each equal to the charge for one eyar, shall be paid on the first and each succeeding anniversary of the first day of the month following the date of the note.

(c) *Notes transferred.* Any adjustments of the insurance charge already paid on any obligation transferred between insureds shall be made by the insureds, except that any unpaid instalments of the insurance charge shall be paid by the purchasing insured.

(d) *Refund or abatement.* There shall be no refund or abatement of any portion or instalment of the insurance charge except:

(1) The charge on a refinanced note may be credited with the unearned portion of the charge on the original note;

(2) Insurance charges falling due after claim is filed or the note is prepaid in full;

(3) The charge paid on a loan or portion thereof found to be ineligible.

(e) *When not chargeable to borrower.* The insurance charge paid by the insured shall not be charged to the borrower if such charge would cause the total payments made by the borrower to exceed the maximum permissible amount which may be charged to the borrower for interest, discount, and all other charges in connection with the transaction.

§ 501.14 *Administrative reports and examination.* The Commissioner, or his authorized representative, may at any time call upon an insured for such reports as he may deem to be necessary in connection with these Regulations, or may inspect the books or accounts of the insured as they pertain to the loans reported for insurance.

§ 501.15 *Amendments.* This part may be amended by the Commissioner at any time, but such amendment shall not adversely affect the insurance privileges of an insured with respect to any loan previously made.

§ 501.16 *Effective date.* This part is effective as to all loans made on or after July 1, 1944, pursuant to the provisions of Title I of the National Housing Act, as amended, and shall have the same force and effect as if included in and made a part of each Contract of Insurance.

Issued at Washington, D. C., June 9, 1944.

Chapter IX—War Food Administrator (Agricultural Labor)

[Specific Wage Ceiling Reg. 14]

PART 1102—SALARIES AND WAGES OF AGRICULTURAL LABOR IN THE STATE OF CALIFORNIA

WORKERS IN LETTUCE IN SANTA MARIA VALLEY

§ 1102.11 *Wages of workers engaged in harvesting lettuce in those portions of San Luis Obispo and Santa Barbara Counties, State of California, known as the Santa Maria Valley.* Pursuant to § 4001.7 of the regulations of the Director of the Office of Economic Stabilization relating to wages and salaries issued August 28, 1943 (8 F.R. 11960, 12139), as amended on December 9, 1943 (8 F.R. 16702) and June 1, 1944 (9 F.R. 6035) and to the regulations of the War Food Administrator issued January 20, 1944 (9 F.R. 831), entitled "Specific Wage Ceiling Regulations" and based upon relevant facts submitted by the California WFA Wage Board and obtained from other sources, it is hereby determined that:

(a) *Areas, crops, and classes of workers.* Persons engaged in dry-pack harvesting of lettuce in those portions of San Luis Obispo and Santa Barbara Counties, State of California, known as the Santa Maria Valley, are agricultural labor as defined in § 4001.1 (1) of the regulations of the Director of the Office of Economic Stabilization issued on August 28, 1943 (8 F.R. 11960, 12139), as amended on December 9, 1943 (8 F.R. 16702) and June 1, 1944 (9 F.R. 6035).

(b) *Definitions.* (1) When used in this specific wage ceiling regulation, the term "dry-pack harvesting" consists of and embraces all field crew operations, including those of the crew foreman in organizing and supervising the crew; unloading empty crates; cutting, trimming, and packing the lettuce; papering the crates; lidding; loading full crates on trucks or other vehicles, and in doing other operations incidental to and customarily related to the above.

(c) *Wage rates; maximum wage rates for dry-pack harvesting of lettuce.*

1. Dry-pack harvesting—28c per standard crate.

If payment is made on any other basis than the above flat rate per crate, the maximum equivalent payment shall not exceed the maximum rate above.

(d) *Administration.* The California WFA Wage Board located at 2181 Bancroft Way, Berkeley, California, will have charge of the administration of this order in accordance with the provisions of the specific wage ceiling regulations issued by the War Food Administrator on January 20, 1944 (9 F.R. 831).

(e) *Applicability of specific wage ceiling regulations.* This specific wage ceiling regulation No. 14 shall be deemed to be a part of the specific wage ceiling regulations issued by the War Food Administrator on January 20, 1944 (9 F.R. 831) and the provisions of such regulations shall be applicable to this specific wage ceiling regulation No. 14 and any violation of this specific wage ceiling regulation No. 14 shall constitute a violation of such specific wage ceiling regulations.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-571]

HOME BUILDERS CORPORATION

Home Builders Corporation is a corporation organized under the laws of Nevada with its office and place of business in Las Vegas, Nevada. In January, 1942, it obtained approval of two applications on form PD-105 for permission to build and for preference rating assistance to secure materials to be used in the construction of eighty-seven dwelling units in Mayfair Tract No. 1, in the City of Las Vegas, Nevada. On January 21 and February 23, 1942, the War Production Board on two Preference Rating Orders P-55 assigned preference ratings for the acquisition of the materials described in the applications. Approximately eighty-five houses were completed with War Production Board permission and material obtained on preference ratings so granted. The applications and the preference rating orders contained certain promises and conditions concerning use and disposition of the houses. On November 16, 1942, a Regional Housing Specialist of the War Production Board by a letter advised the respondent that it could modify the promises and conditions contained in the applications and preference rating orders in a manner more favorable to respondent, and certain of the promises and conditions were restated in this letter.

In disposing of these houses, the respondent violated the promises and conditions contained in the applications and preference rating orders as modified by the Regional Housing Specialist in the following respects: One of the promises contained in the PD-105 Applications and not relaxed by the Regional Housing Specialist was, "I will make every reasonable effort to grant preference as to occupancy to persons engaged in National Defense Activities," but the respondent made no sincere or reasonable effort to make the houses so available to persons engaged in National Defense Activities; the respondent sold five of the houses to persons who were not engaged in National Defense Activities. Another of the promises and conditions was that the selling price of each house would not exceed $4,500, which amount was subsequently increased by the Regional Housing Specialist to $5,000.; the respondent sold twenty-seven of the houses for amounts in excess of $5,000.

These actions by the respondent have misused critical materials and facilities in connection with operations under the priority and allocation controls of the War Production Board, and have hampered and impeded the war effort of the United States. The responsible officers of the respondent were aware of the promises and conditions contained in the PD-105 Applications, the P-55 Preference Rating Orders, and the letter of the Regional Housing Specialist dated November 16, 1942, and the violations must be deemed wilful. In view of the foregoing, it is hereby ordered, that:

§ 1010.571 *Suspension Order No. S-571.* (a) Deliveries of material to Home Builders Corporation, its successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation, including allotments, shall be made to Home Builders Corporation, its successors or assigns, of any material or product the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Home Builders Corporation, its successors or assigns, from any restriction prohibition, or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on June 28, 1944, and shall continue in effect until December 31, 1944.

Issued this 21st day of June 1944.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 13,[1] Amdt. 44]

PROCESSED FOODS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[2]

A new section 12.1 (e) is added to read as follows:

(e) *Persons dealing only in zero point value foods need not register.* A person who opens a retail establishment need not register that establishment while all the processed foods in which he deals there have a zero point value.

This amendment shall become effective July 3, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 16,[1] Amdt. 7]

MEAT, FATS, FISH AND CHEESES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Section 13.1 (e) is added to read as follows:

(e) *Persons dealing only in zero point value foods need not register.* A person who opens a retail or wholesale establishment need not register that establishment while all the foods covered by this order in which he deals there have a zero point value. However, this paragraph does not apply to a wholesale establishment at which canned fish is acquired for sale or transfer. Such an establishment must be registered under paragraph (c) of this section as soon as canned fish is acquired there for sale or transfer.

This amendment shall become effective July 3, 1944.

PART 1385—NAVAL STORES

[TMPR 36]

GUM ROSIN

In the judgment of the Price Administrator, it is necessary and proper, in order to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328 to issue a temporary regulation establishing as the maximum prices for sales of gum rosin the prices prevailing with respect thereto within the five days prior to the issuance of the regulation.

The maximum prices herein established are not below prices which will reflect to the producers of gum rosin prices equal to the highest prices required by the provisions of section 3 of the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

TEMPORARY MAXIMUM PRICE REGULATION 36—GUM ROSIN

Sec.
1. Prohibition against buying and selling gum rosin at higher than maximum prices.
2. Less than maximum prices.
3. Applicability and relation to other regulations.
4. Records and reports.
5. Evasion.
6. Enforcement.
7. Licensing.
8. Petitions for amendment.
9. Definitions.
10. Maximum prices for gum rosin.

AUTHORITY: Secs. 1 to 10 (§ 1385.53) issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECTION 1. *Prohibition against buying and selling gum rosin at higher than maximum prices.* From June 28, 1944, to August 27, 1944, inclusive, regardless of any contract or other obligation:

(a) No person shall sell or deliver gum rosin at prices higher than those established by this regulation.

(b) No person in the course of trade or business shall buy or receive gum rosin at prices higher than those established by this regulation.

SEC. 2. *Less than maximum prices.* Prices lower than the maximum prices prescribed herein may be charged and paid.

SEC. 3. *Applicability and relation to other price regulations—(a) Geographical applicability.* This regulation applies in the 48 states of the United States and the District of Columbia.

(b) *Imports (Maximum Import Price Regulation[1] applicable).* The provisions of this regulation shall not apply and the Maximum Import Price Regulation shall apply to the purchases, sales or deliveries of gum rosin, if they originate outside of and are imported into the continental United States. Sales, purchases and deliveries of such imported commodities are governed by the provisions of the Maximum Import Price Regulation.

[1] 9 F.R. 2350.

(c) *Exports (Second Revised Maximum Export Price Regulation[2] applicable.* The maximum prices at which a person may export gum resin shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation.

SEC. 4. *Records and reports.* (a) Every person making sales of gum rosin shall preserve for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, all his existing records relating to the prices which he charged for such gum rosin delivered or supplied during the period June 23, 1944, to June 27, 1944, inclusive.

(b) Every person selling gum rosin in the course of trade or business shall keep records which will show the name and address of the buyer, the date of the sale, the containers in which the sale was made, the grade and quantity sold, and the price. Such records must be kept for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, is in effect. Customary records such as invoices showing the above information will constitute compliance with this paragraph (b).

(c) Every person selling gum rosin other than on the Savannah, Georgia, Cotton and Naval Stores Exhange shall keep records showing as precisely as possible the basis upon which he determined the maximum prices for his sales of gum rosin and shall preserve such records for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(d) Such persons shall submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records required in paragraphs (a), (b) and (c) of this section as the Office of Price Administration may from time to time require.

SEC. 5. *Evasion.* Price limitations set forth in this regulation shall not be evaded, whether by direct or indirect methods, in connection with any offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to gum rosin, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, discount, premium, or other privilege, or other trade understanding, or otherwise.

SEC. 6. *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 7. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or

one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 8. *Petitions for amendment.* Any person seeking an amendment to any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[4]

SEC. 9. *Definitions.* (a) As used in this regulation the term:

"Base period" means the period June 23, 1944 to June 27, 1944, inclusive.

"Gum rosin" means the vitreous transparent or translucent brittle mass congealed from the molten condition remaining after the extraction of gum spirits of turpentine in the distillation of oleoresin exuded from the living pine tree.

"Grade" refers to the grade as established by the Naval Stores Act (42 Stat. 1435; 7 UCS, Secs. 91-99).

"Purchaser of the same class" refers to the practice adopted by the seller in setting different prices for gum rosin for sales to different purchasers or kinds of purchasers (for example, manufacturer, wholesaler, jobber, retailer, government agency, public institution, individual consumer) or for purchasers located in different areas or for different quantities or in different containers or under different conditions of sale.

"Per 100 pounds" means "Per 100 pounds net".

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, shall apply to other terms used in this regulation.

SEC. 10. *Maximum prices for gum rosin—(a) Sales on the Savannah, Georgia, Cotton and Naval Stores Exchange.* Maximum prices for sales of gum rosin on the Savannah, Georgia, Cotton and Naval Stores Exchange shall be:

Grade:	*Per 100 lbs. in Drums on Yard, Savannah, Ga.*
X	$6.50
WW	6.50
WG	6.31
N	6.20
M	6.10
K	6.05
I	5.90
H	5.80
G	5.75
F	5.70
E	5.65
D	5.20
B	5.10

(b) *Sales other than on the Savannah, Georgia, Cotton and Naval Stores Exchange.* For sales other than on the Savannah, Georgia, Cotton and Naval Stores Exchange you are to determine your maximum price by reference to the maximum prices for sales on that Exchange. To find your maximum price per 100 pounds for sale of any grade to explained below. This maximum price applies at a point in accordance with your customary practice. As used in any class of purchasers you proceed as this paragraph (b), "differential" means a dollar and cents difference.

(1) If during the base period June 23, 1944 to June 27, 1944, inclusive, you delivered the same grade of gum rosin to the same class of purchasers, you find your maximum price by adding to or subtracting from the maximum price per hundred pounds established in (a) above for sales of the same grade on the Savannah Exchange your base period differential. This differential is the most favorable from the price for that grade listed on the Savannah Exchange which you received on any delivery of the same grade to a purchaser of the same class during the base period. The price listed on the Savannah Exchange which you are to use to determine the differential for any delivery during the base period is the listed price for that grade on the Savannah Exchange on the day on which the Exchange was open for business next preceding the day on which the delivery was made.

Example: During the base period you made two sales of K grade rosin to the same class of purchasers. On the first delivery the price you received was 5 cents per 100 lbs. less than the Savannah Exchange quotation for K grade on the preceding day; on the second delivery your price was 2 cents per 100 lbs. more than the Exchange quotation for K grade on the preceding day. Your base period differential is 2 cents per 100 lbs. premium and your maximum price for K grade to that class of purchaser is $6.05 + 2 cents or $6.07 per 100 lbs.

(2) If during the base period your only deliveries of the same grade of rosin were made to a different class of purchasers, you find your maximum price by first determining your maximum price according to (1) above for sales to the different classes of purchasers, and then adding to or subtracting from that maximum price your customary differential between the two classes of purchasers.

Example: In the base period your only deliveries of K grade were in bags, less than carload. For such sales your maximum price determined according to (1) above is $5.85 per 100 lbs. You now wish to find your maximum price for sales in drum carloads. Customarily you charge 10 cents per 100 lbs. more for sales in drums than for sales in bags, and 5 cents per 100 lbs. less for carload than for less than carload sales. Your maximum price for drum carload sales of K grade is $5.85+10−.05 or $5.90 per 100 lbs.

(3) If during the base period you did not deliver the same grade of rosin, you find your maximum price by first determining your maximum price according to (1) and (2) above for sales to the same class of purchasers of the most nearly similar grade which you delivered during the base period and adding to or subtracting from this maximum price the differential between the Savannah Exchange maximum prices for these grades in paragraph (a) above.

Example: During the base period you delivered only N and K grades. You now wish to sell WW. The most nearly similar grade you sold in the base period is N. Your maximum price to a particular class of purchasers for N grade according to (1) and (2) above is $6.00. The maximum price for N in paragraph (a) is $6.20, for WW is $6.50. The differential is a premium of $0.30 and your maximum price for WW is $6.00+.30 or $6.30 per 100 lbs.

(4) If you cannot determine your maximum price according to (1), (2) or (3) above, your maximum price for sales of any grade to any class of purchaser shall be the maximum price determined under (1), (2) or (3) above by your closest competitor for sales of the same grade of rosin to the same class of purchasers.

Effective date. This regulation shall become effective June 28, 1944, and shall, unless earlier revoked or replaced, expire at 12 o'clock midnight, August 27, 1944.

NOTE: All record keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 28th day of June 1944.

PART 1305—ADMINISTRATION

[Gen. RO 5,[1] Amdt. 72]

FOOD RATIONING FOR INSTITUTIONAL USERS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

General Ration Order No. 5 is amended in the following respects:

1. Section 5.7 (a) is amended to read as follows:

(a) The meal service allotment under sections 6.2, 7.3, 7.6, 7.9, 26.1, and 31.1 and Article XI for foods covered by Revised Ration Order 16 for all institutional users for the allotment periods May–June 1944 and July–August 1944, shall be reduced by fifty percent (50%). If the allotment for either of those periods has been issued without the reduction required by this section, the amount of the reduction in the allotment shall be charged as excess inventory.

2. Section 5.7 (d) (1) is amended by substituting for the words "apply for an adjustment of his May–June 1944", the words "obtain an adjustment of his May–June 1944 and July–August 1944".

3. Section 5.7 (d) (2) is amended by changing the semicolon to a period, and by adding at the end thereof the following:

However, if he has already applied for this adjustment for the May–June 1944 period, he need not apply again to obtain the adjustment for the July–August 1944 period. (However, he may apply for the adjustment if he wishes, for example: if the amount of the adjustment would be increased because points must now be given up for a food covered by Revised Ration Order 16 for which points did not have to be given up at the time he applied for the adjustment for the May–June 1944 allotment period.);

4. Section 5.7 (d) (4) is amended by substituting for the words "May–June 1944 meal service allotment" the words "May–June 1944, or July–August 1944, meal service allotment, as the case may be,".

This amendment shall become effective at 12:01 a. m. July 1, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Section 50 is amended to read as follows:

SEC. 50. *Maximum prices for certain shell jewelry manufactured in the Territory of Hawaii.*—(a) *Maximum prices for Niihau shell leis.* (1) Maximum prices for sales in the Territory of Hawaii of Niihau shell leis shall be:

	Size	Maximum wholesale price	Maximum retail price
Leis made exclusively of white Niihau shells (momi keokeo or white Niihau shells mixed with lesser amounts of Niihau colored shells.	30" strand..	$1.00	$1.50
Leis made exclusively of Niihau yellow or tan colored shells (momi lenalena), except as varied by small admixtures of other Niihau colored shells.	30" strand..	1.25	1.90
Leis made exclusively of Niihau small pink, red, or brown shells known as kabelelani, or of kabelelani varied with small amounts of other Niihau colored shells.	30" strand..	1.50	2.25

(b) *Maximum prices for jewelry made with cowry shells and cat's eyes.*—(1) *Manufacturer's maximum prices.* If you are a manufacturer of any item of jewelry made from cowry shells or cat's eyes, you determine your maximum prices for such items in the following manner: First, multiply the number of shells used by the price per shell listed in the Shell Price Table below, for the type and size of shell used. To this amount add the net cost of other materials used in the article being manufactured, which in no case may be higher than the maximum wholesale price. Then multiply this total by 1.50. The resulting price is your maximum price.

SHELL PRICE TABLE

Type	Size	Price
		Each
Cowry shell...	Small, ¾" long or less	$0.05
Cowry shell...	Medium, ¾" to 1¼" long	.10
Cowry shell...	Large, over 1¼" long	.15
Cat's eye	Small, ½" long or less	.50
Cat's eye	Medium, ⅝" to ¾" long	.75
Cat's eye	Large, over ¾" long	1.00

(2) *Retailer's maximum prices.* If you are a retailer, you determine your maximum prices for sales of any item of jewelry made from cowry shells or cat's eyes in the following manner: First, multiply your manufacturer's selling price by 1.50. Then adjust this amount to the nearest nickel. The resulting price is your maximum price.

(c) *Inability to determine maximum prices.* If you are unable to determine your maximum price for any article covered by this section, you shall apply to the Office of Price Administration for the establishment of a maximum price.

(d) *Definitions.* (1) "Shell jewelry" means all jewelry made of, set or mounted with natural shells or parts of shells.

(2) "Cowry shell" is the solid oval or pear-shaped shell of a genus of good-sized mollusks. There are many species of cowries, differing both in color and size. Money cowries, ring cowries, gold-ringer cowries, measled cowries, tiger cowries, humpback cowries, and leho are among the names commonly given to these shells.

(3) "Cat's eye" is the thick calcareous operculum to a turbine shell. A cat's eye is convex on the exterior and polished, with ordinarily a bright green spot in the center.

(4) "Other materials used" include such materials as chains, pins, earrings, rings, etc., which are used in the manufacture of jewelry made with cowry shells and cat's eyes, but do not include cotton or other material used for packing the shells, cement, and similar incidental supplies.

(5) "Net cost" is the amount the manufacturer paid his supplier (a manufacturer or wholesaler) for "other materials used" less all discounts and allowances.

(6) "Niihau shell leis" mean leis made exclusively of shells commonly known in the Territory of Hawaii as Niihau shells.

This amendment shall become effective as of June 19, 1944.

Issued this 29th day of June 1944.

AUTHORITY: Secs. 1 to 26, inclusive (§ 1448.-802), issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681

NOTE: The meaning of certain terms in this regulation is further explained and defined in section 19. The terms explained and defined are put in quotation marks the first time they appear.

SECTION 1. *Ceiling prices for "eating and drinking establishments" in operation during April 4 to 10, 1943.* You must observe all the following rules:

(a) *General rule.* Your ceiling price for any "meal," "food item," or "beverage," except coffee, is the highest price at which you offered the same meal, food item, or beverage between April 4 and 10, 1943.

(b) *New meals, foods items, or beverages.* If you did not "offer" a particular meal, food item, or beverage between April 4 and 10, 1943, figure your ceiling price as follows:

(1) If you offered it at any time between March 7 and April 3, 1943, and you have and retain menus or other records of the prices you charged then, your ceiling price is the highest price at which you offered that particular meal, food item, or beverage during that period.

(2) Your ceiling price for all other meals, food items, or beverages is a price "in line" with your other ceiling prices. A price for a meal (or food item or beverage) is "in line" with the price of another meal (or food item or beverage) if the customer gets the same value for his money in terms of quality and size of portions and if the margin over current raw food costs is the same. Any ceiling price figured under this subparagraph (2) cannot be more than the highest price at which you offered a meal, food item or beverage of the same class between April 4 and 10, 1943 (see paragraph (d) below). If you did not offer a meal, food item, or beverage of the same class during April 4 to 10, 1943, figure your price under section 4 below.

(c) *Coffee.* Your ceiling price for hot coffee is the highest price you charged (or if you were not in business then, your closest competitor of the same type charged) between October 4 and 10, 1942. However, before you may charge more than five cents per cup or pot (including cream and sugar), you must file a statement with your local "War Price and Rationing Board", showing that your price (or if you were not in business then, the price of your closest competitor

*Copies may be obtained from the Office of Price Administration.

of the same type) was more than five cents during that period. If your establishment is subject to Restaurant Maximum Price Regulation No. 1,[1] the statement must be filed with the Restaurant Price Branch, Office of Price Administration, Washington, D. C. The statement must be in the following form:

This is to certify that our prices (or where applicable, our competitor's prices) for hot coffee during the week of October 4 to 10, 1942, were as follows:

Name of establishment

Address of establishment

If you had price differences depending on class of meal or beverage (see paragraph (d) below), show them in the statement. You must keep a copy of the statement in your establishment for inspection by any person.

(d) *Classes of meals, food items, and beverages: Basic rule.* Meals, food items, and beverages are divided into classes (see paragraph (e) below for a description of these classes). With the exceptions listed below, you may not charge more for any meal, food item, or beverage than the highest price at which you offered a meal, food item, or beverage of the same class during the base period April 4 to 10, 1943 (October 4 to 10, 1942, in the case of coffee, and March 7 to April 3, 1943, for particular meals, food items, or beverages offered then but not during April 4 to 10, 1943, as stated in paragraph (b) (1) above).

(1) If you customarily charged higher prices on holidays, such as Thanksgiving, Christmas, or New Year's Day, you may continue to charge the higher prices on such holidays. But your prices for holidays may not be more than fifteen percent higher than your Sunday prices for meals, food items, or beverages of the same class.

(2) Your ceiling prices for New Year's Eve are the prices you charged on New Year's Eve 1942, for meals, food items, and beverages of the same class. You must keep available for inspection menus or records of the prices you charged on New Year's Eve 1942.

(e) *Classes of meals, food items, and beverages: Description.* The "class" in which any meal, food item, or beverage belongs depends on the following tests:

(1) Whether the food item, the beverage, or the entree (main dish) of the meal falls into one of the groups listed in Appendix A. For example, steak dinners are in a different class than fish dinners, and steak dinners are in a different class than steak served a la carte;

(2) What it is usually called; for example, breakfast, lunch, afternoon tea, dinner, supper;

(3) The day of the week or the time of the day it is served, if that has been a customary basis for charging different prices; for example, a Sunday meal is in a separate class if you customarily charged different prices on Sunday during the base period stated in paragraph (d) above;

(4) The nature of the service you give, if that was a customary basis for charging different prices during the base period stated in paragraph (d) above, for example, banquets, special group luncheons, hotel room service are separate classes of meals, food items, or beverages, if you customarily charged different prices for them during the base period.

The class into which a meal, food item, or beverage belongs may depend on more than one of the tests listed above. To decide the proper class you must use all the tests which apply. For example, if you charged the same price for a particular meal, food item, or beverage whenever you served it during the base period stated in paragraph (d) above, you must use only the first test. On the other hand, if you charged different prices at different times of the day or on different days of the week during the base period, you must use at least the first and third, and any other tests which apply. For example, a steak dinner served on Sunday in a guest room in a hotel may require you to use all the tests listed.

EXPLANATORY SUMMARY OF ABOVE RULES

You must not charge more for any meal, food item, or beverage than the highest price at which you offered the same meal, food item, or beverage in the base period stated in paragraph (d) above. In addition, you must not charge more for any meal, food item, or beverage than the highest price at which you offered a meal, food item, or beverage of the same class during the base period. This means that if you sell a meal, food item, or beverage that you did not sell during the base period, your price for it cannot be more than your ceiling price for a meal, food item, or beverage of the same class sold during the base period. It does not mean that your ceiling price for any item is the highest price you charged for an item of that class during the base period. For example, you will note in Appendix A that roasts and hamburger are in the same class. If you served a roast for 75 cents during the base period and hamburger for 50 cents, 75 cents is your ceiling price for a roast and 50 cents is your ceiling price for hamburger. You cannot charge 75 cents for hamburger just because you charged 75 cents for a roast and they are both in the same class. However, if you introduce a new item of the same class (for example, swiss steak), your price for that may go as high as 75 cents but only if the customer received the same value in terms of quality and size of portion and your margin of the raw food cost is about the same as for the roast or another item in the same class.

(f) *Substitution of food items.* You may substitute for any food item or beverage in a meal any other food item or beverage not offered during April 4 to 10, 1943, without refiguring your ceiling price only if the substitute food item or beverage costs at least as much and also gives customers at least the same value as the food item or beverage substituted and is in the same class. Otherwise, you must refigure your ceiling price for the meal in accordance with paragraph (b) above.

(g) *Price ranges of meals, food items and beverages.* (1) Your customers must be given a choice of meals, food items, and beverages in the same price ranges as they had during April 4 to 10, 1943, or your first week of operation if you were not open then.

(2) You must offer at least as many meals, food items, or beverages in each price group at and below your middle price group as you did during April 4 to 10, 1943, or your first week of operation if you were not open then. Your middle price is the price nearest the middle of your price range. For example, if you had two breakfasts at 25 cents, three at 30 cents, and two at 35 cents, 30 cents is your middle price group, and you must continue to offer at least two breakfasts at 25 cents and at least three at 30 cents.

SEC. 2. *Rules for establishments not in operation during April 4 to 10, 1943, but in operation before July 31, 1944.* Take as your ceiling prices the prices you properly established under the Regional or District restaurant regulation, if any, which was applicable to you. You must also observe all the rules stated in Section 1 but, in applying those rules, substitute the date of your first week of operation for April 4 to 10, 1943, wherever it appears in section 1. If no restaurant regulation was applicable to you, figure your price under section 3.

SEC. 3. *Rules for new establishments.* This section applies to establishments which opened after July 31, 1944, and also to establishments which opened after April 10, 1943 and before July 31, 1944, but were not subject to Regional or District restaurant regulations.

(a) *Competitor's prices.* Take as your ceiling price the ceiling price of your closest competitor of the same type (in the same locality).

(b) *Application for prices.* If there is no competitor of the same type in the same locality, you must file an application with your OPA District Office for approval of ceiling prices in line with the level of ceiling prices otherwise established by this regulation. The application must contain the following information and any other information which OPA may request:

(1) Your name and address and the name and address of your establishment.

(2) A brief description of the business you operate or plan to operate, giving such information as seating capacity, estimated number of people to be served, type of equipment, and type of establishment. Also submit a copy of your proposed menu if you have one.

(3) Your ceiling prices or proposed ceiling prices and classes of meals, food items, or beverages you serve or plan to serve. In preparing the list use the classes of food items and beverages listed in Appendix A.

(4) The date you open or plan to open.

(5) The names and addresses of the two nearest establishments most like yours.

SEC. 4. *Rules for establishments offering new classes of meals, food items, or beverages*—(a) *Competitor's prices.* If you cannot figure a ceiling price for a new class of meals, food items, or beverages under the above sections, take as your ceiling price the ceiling price of your closest competitor of the same type (in the same locality).

[1] 8 F.R. 8845, 12557, 16254, Food and Drinks sold for Immediate Consumption in Dining Cars.

(b) *Application for prices.* If there is no competitor of the same type in the same locality offering that class of meals, food items, or beverages, you must file an application with your OPA District Office for approval of ceiling prices in line with the level of ceiling prices otherwise established by this regulation. The application must contain the following information and any other information which OPA may request:

(1) Your name and address and the name and address of your establishment.

(2) A brief description of the business you operate, giving such information as seating capacity, number of people served per day, gross sales for the last thirty days, type of equipment, and type of establishment. Also submit a copy of your present menu.

(3) The additional meals you plan to serve and the proposed ceiling prices with their raw food costs;

(4) The names and addresses of the two nearest establishments most like your, offering the same type of menu you plan to serve.

SEC. 5. *OPA approval and revision of prices established under Sections 3 and 4.* (a) You may not sell the meals, food items, or beverages for which maximum prices are requested under section 3 (b) or section 4 (b) until those prices have been approved by OPA, but the proposed prices shall be considered approved twenty days after mailing the application (or all additional information which may have been requested), unless, within that time, OPA advises you that your prices have been disapproved.

(b) OPA may at any time disapprove or revise ceiling prices proposed or established under sections 3 and 4 so as to bring them into line with the level of ceiling prices otherwise established by this regulation for eating and drinking places in the same area.

SEC. 6. *Seasonal items.* Figure your price for a seasonal food item as follows: First, figure your price under the applicable section of this regulation. You must reduce that price to the extent necessary to reflect seasonal changes in raw food costs, but you cannot increase your price even if your costs increase. However, you need not reduce your ceiling price for a seasonal item if, in accordance with your customary practice, it was based upon estimated average raw food costs for the entire season and you customarily charged the same price during the entire season. A "seasonal food item" is one that you usually sell only during certain times of the year, such as fresh oysters, fresh trout, fresh corn on the cob, fresh berries, and fresh melons.

SEC. 7. *Transfers of business.* If you lease or acquire another's business, assets, or stock in trade, your ceiling prices and your duties under this regulation are the same as those of the previous proprietor. He must turn over to you all records which are necessary to enable you to comply with the records and filing provisions of this regulation.

SEC. 8. *Rules for seasonal operators.* If your establishment was in operation during April 4 to 10, 1943, and if more than 80 percent of your volume is customarily done in a seasonal period of not more than four months, you may, during that seasonal period, charge prices no higher than you charged for meals, food items, or beverages of the same class during the same seasonal period in 1943. At the end of the season and until the season starts again, you may not charge more than your ceiling prices figured under section 1.

SEC. 9. *Rules for operation of several establishments.* (a) If you own or operate more than one establishment, you must do everything required by this regulation for each place separately.

(b) If you own or operate more than one establishment and close one and open another in the same neighborhood, your ceiling prices and duties for the new establishment under this regulation are the same as the one you closed.

(c) If you own or operate more than one establishment located in two or more OPA districts and have established or want to establish the practice of charging uniform prices in all or certain of your establishments, you may apply for a uniform pricing order to the Restaurant Price Branch, Office of Price Administration, Washington 25, D. C. The application should contain the information required by Revised Supplementary Order No. 13.[1] The Price Administrator may on his own motion establish prices for sellers owning or operating more than one establishment and may for this purpose require sellers to furnish necessary information.

SEC. 10. *Moving your establishment or changing type of operation.* If you move your establishment or change your type of operation, you must keep the same prices and observe the same requirements as before. However, if you make a major change in your type of operation and your ceiling prices cause you substantial hardship, then, upon application by you before you change your type of operation, or within twenty days thereafter, the Office of Price Administration may establish different prices. You must file such application with your District Office and furnish all the information required by paragraph (b) of section 3 and show how your present prices would cause you substantial hardship.

SEC. 11. *Taxes.* If during April 4 to 10, 1943, you stated and collected, separately from the price you charged, the amount of any tax on the sale of food or beverage (or on the business of selling food or beverage if the tax is measured by the number or price of the meals, food items, or beverages), you may continue to do so. You may also state and collect separately the amount of any new tax or increase in a tax of that kind.

SEC. 12. *Prohibitions*—(a) *Sales at higher than ceiling prices.* If you own or operate an eating or drinking establishment, you must not sell or offer any meal, food item, or beverage at a price higher than the ceiling price (maximum price) established by this regulation. Of course, you may charge lower prices than your ceiling prices at any time.

[1] 9 F.R. 6791.

(b) *Evasive practices.* You must not do anything which will result in an evasion of this regulation, including the following:

(1) You may not drop food items from meals or reduce the quantity or quality of any meal, food item or beverage, unless you reduce your price accordingly. The rule for figuring the lower "in line" ceiling price is stated in subparagraph (2) of section 1 (b).

(2) You may not increase your price for a meal, food item or beverage because of an improvement in the quality or increase in the quantity of the food, or beverage served or the addition or substitution of side dishes.

(3) You may not withdraw the offer, or increase the price, of any meal ticket, weekly rate, or other arrangement, by which customers may buy food for less than when they buy it by item or meal.

(4) You may not increase any cover, minimum, bread-and-butter, service, corkage, entertainment, checking, parking, or other special charges, or increase any extra charge for the sale of a food item or meal to be eaten off the premises, or make any of these charges that were not in effect on April 4 to 10, 1943. However, a cover or minimum charge in effect April 4 to 10, 1943, may be increased where it was your practice to vary the charge in accordance with the type of entertainment offered, and the increase does not cause the charge to go above the highest charge made in 1943 under the same conditions. If during April 4 to 10, 1943, you had any of the above charges on one or several days of the week or at certain times of the day, you may not make the charge on other days of the week or other times of the day.

(5) You may not drop a "no tipping" practice, unless you reduce your price accordingly.

(6) You may not require, as a condition of selling a meal, food item, or beverage, the purchase of other meals, food items, or beverages, unless expressly required to do so by State or local laws.

(7) You may not reduce the selection of meals offered at table d'hote prices when the food items you customarily offered in such meals are being offered at a la carte prices which, when added together, total more than the table d'hote prices for the complete meals or give your customers less value for their money.

(8) You may not make merely a token offering of meals, food items, or beverages in required price ranges or price groups at or below your middle price group (see section 1 (g))—that is, not prepare and offer enough to meet expected demands.

SEC. 13. *Permitted practices.* You may do any of the following things when necessary because of rationing or allocation restrictions even though you did not do them during April 4 to 10, 1943:

(1) You may limit your customers to one pat of butter per meal, or eliminate it entirely. If you drop it altogether, you must serve with each meal a substitute, such as jam, jelly, marmalade, peanut butter, etc.;

(2) You may drop or reduce the quantity of condiments, such as ketchup, chili sauce, etc.;

(3) You may reduce the amount of sugar served with any beverage or food item;

(4) You may limit the amount of cream served with any food item or beverage or you may supply milk.

However, if you continue to serve these items as you did during April 4 to 10, 1943, or your first week of operation if you were not open then, you cannot make any additional charge for them.

SEC. 14. *Records*—(a) *Customary records.* You must preserve all your existing records relating to your prices, costs and sales. You must also continue to maintain such records as you ordinarily kept. All such records shall be subject to examination by the OPA.

(b) *Records of the base period.* You must keep available for examination by any person during business hours a copy of each menu used by you during April 4 to 10, 1943, or if you did not use menus, a list of the highest prices you charged during April 4 to 10, 1943 or your first week of operation if you were not open then.

(c) *Future records.* You must keep for examination by the OPA two each of the menus used by you each day. If you did not use menus, you must prepare in duplicate, and preserve for such examination, a record of the prices charged by you each day, except that you need not record prices which are the same as, or less than, prices you previously recorded for the same meals, food items or beverages. If you customarily used menus you must continue to use them.

SEC. 15. *Filing of menus.* (a) If you open for business after July 31, 1944, you must file with your War Price and Rationing Board, within three weeks after the first Sunday of operation, a copy of each menu, bill of fare, or other price list of meals, food items, and beverages, as well as a copy of any special charges, such as cover, minimum, bread-and-butter, service, corkage, entertainment, checkroom, and parking in use during the seven day period beginning with the first Sunday that your place was open for business. If you did not use menus, bills of fare, or price lists in that period, or if you did not list all meals, food items, or beverages then offered, you must file with the Board a list in menu form showing the prices which you charged during the seven-day period for meals, food items or beverages which are not shown on any menus, bills of fare or price lists, which you may file hereunder. Each menu or list so filed must be signed by you, and must also have upon it the name and address of your establishment. You must keep a copy of each such menu or list.

(b) *Failure to comply with filing requirements of General Order No. 50.* (1) If you have not filed signed and complete menus, bills of fare, price lists, or records of special charges (such as cover, minimum, bread-and-butter, service, corkage, entertainment, checkroom, or parking charges) with your War Price and Rationing Board as was required by General Order No. 50, you must file them with your War Price and Rationing Board within ten days after the effective date of this regulation. Such prices as filed are subject to approval by the Office of Price Administration. A copy of the applicable filing provisions of General Order 50 may be found in Appendix B of this regulation.

(2) If you did not comply with the filing provisions of General Order No. 50, and do not do so within the ten days provided, you may not sell any meal, food item, or beverage or collect any special charge for which you have not made a proper filing until you have made a proper filing with your War Price and Rationing Board and until your filed prices have been approved by the Office of Price Administration.

(3) If the Office of Price Administration finds that your prices filed under this paragraph (b) are excessive in relation to the ceiling prices of other comparable establishments in the same area, it may issue an order establishing ceiling prices for your business in line with those other ceiling prices.

SEC. 16. *Posting*—(a) *Statement on menus.* Beginning July 31, 1944, each menu used by you must have clearly and plainly written on it, or attached to it, either the statement previously required under any Regional or District restaurant regulation, or the following statement:

> All prices are our ceiling prices or below. The ceiling is based on prices charged by us from April 4 to 10, 1943. Our menus (or price lists) for that week are here for your inspection.

If your prices are established under section 3, substitute the following statement:

> All prices are ceiling prices or below. By OPA regulation, our ceiling prices must be in line with competitive prices charged from April 4 to 10, 1943. Our menus (or price lists) for our first week of operation are here for your inspection.

(b) *Establishments that do not use menus.* If you do not use menus, you must post the appropriate statement quoted above at a place or places where it can easily be read by your customers, and you must also post your prices for meals and food items and beverages currently offered by you at a place or places where they can easily be read by your customers.

(c) *Posting of 40 basic items.* Each Office of Price Administration District Director is authorized and directed to issue a posting order requiring every eating and drinking establishment in his district to post its ceiling prices for 40 basic meals, food items, or beverages to be selected by him. The posting order shall conform substantially to the specimen order set forth in Appendix C. Posting orders need not be issued for the Metropolitan Area of San Francisco, Calif.; St. Charles, Missouri; Muskogee, Oklahoma; and Pulaski County, Arkansas, so long as the existing specific dollars and cents ceiling prices for food items and meals sold by eating and drinking establishments in those areas are in effect.

SEC. 17. *Adjustments.* (a) OPA may adjust the ceiling prices for any eating or drinking establishment under the following circumstances:

(1) The establishment is operating under such financial hardship as to cause a substantial threat to the continuance of its operations; and

(2) Such discontinuance will result in serious inconvenience to consumers in that they will either be deprived of all eating or drinking services or will have to turn to other establishments that present substantial difficulties as to distance, hours of service, selection of meals, food items or beverages offered, capacity, or transportation; and

(3) By reason of such discontinuance, the same meals, food items, or beverages will cost the customers of the eating or drinking establishment as much as or more than the proposed adjusted prices.

(b) If you are the proprietor of an eating or drinking establishment which satisfies the above requirements, you may apply for an adjustment of your maximum prices by submitting in duplicate to your OPA District Office a statement setting forth:

(1) Your name and address and the name and address of your establishment.

(2) A description of your eating establishment including: type of service rendered (such as cafeteria, table service, etc.), classes of meals offered (such as breakfast, lunch, and dinner), number of persons served per day during the most recent thirty-day period, and any other information which is necessary to describe your establishment and the nature and extent of your operation.

(3) The reasons why your customers will be seriously inconvenienced if you discontinue operations.

(4) The names and addresses of the three nearest eating places of the same type as yours.

(5) A list showing your present maximum prices and your requested, adjusted prices.

(6) Detailed profit and loss statements for the establishment for (i) the most recent three-month accounting period, (ii) the preceding fiscal or calendar year prior to the date of your application, and (iii) the fiscal or calendar year approximating the year 1942.

(7) Such other information as your OPA District Director may require.

(c) Applications for adjustment shall be filed in accordance with Revised Procedural Regulation No. 1.

SEC. 18. *Exempt sales.* Sales by the following eating or drinking establishments, or persons, are specifically exempt from the provisions of this regulation:

(a) Hospitals, except for food items and meals served to persons other than patients if a separate charge is made for such meals and food items;

(b) Eating and drinking places operated by a school, college, university, or other educational institution or a student's fraternity or other students' organization or association primarily for the convenience or accommodation of students and faculty and not for profit as a commercial or business enterprise or undertaking;

(c) Eating and drinking places owned or operated by charitable, religious, or cultural organizations, recognized as such by the Bureau of Internal Revenue and exempt from payment of income tax by reason thereof, where no part of the net earnings inures to the benefit of any private shareholder or individual, and the net profits, if any, are devoted to religious, charitable, or cultural purposes;

(d) Eating cooperatives formed by officers in the Armed Forces (as, for example, Officers' Mess) operated without profit;

(e) Bona fide clubs which file with their OPA District Office a statement setting forth that:

(1) The club is a non-profit organization and is recognized as such by the Bureau of Internal Revenue;

(2) It sells food items and meals only to members and bona fide guests of members;

(3) Its members pay dues of more than merely nominal amounts (the amount of dues paid by each class of members and the period covered by such dues should be indicated), and are elected to membership by a governing board, membership committee or other body;

(4) It is otherwise operated as a club and not primarily as an eating or drinking establishment.

If OPA finds that the establishment does not satisfy the above requirements of a bona fide club, it will notify it in writing that it is not exempt from this regulation.

No club organized after the effective date of this order shall be exempt unless and until it has filed a request for exemption with its District Office, furnishing the above information, as may be required, and has been exempted in writing by OPA.

SEC. 19. *Definitions and explanations.* (a) "Eating or drinking establishments" includes any place, establishment, or location, whether temporary or permanent, at or from which any meals or prepared food or beverages are sold and any place from which food items and beverages (whether prepared or not) are sold primarily for consumption on the premises. The term eating and drinking establishment includes, but is not limited to, establishments such as restaurants, hotels, cafes, cafeterias, delicatessens, soda fountains, boarding houses, catering establishments, athletic stadiums, field kitchens, luncheon wagons, hot dog carts, etc.

(b) "Beverage" means any drink listed in Part II of Appendix A of this regulation.

(c) "Food item" means an article or portion of food sold or served by an eating or drinking establishment to be eaten there or outside without change in form or additional preparation. It may include two or more kinds of food which are prepared or served to be eaten together as one dish, such as ham and eggs, bread and butter, apple pie and cheese.

(d) "Meal" means a combination of food items sold at a single price. Examples of meals are a five-course dinner, a club breakfast, and a blue-plate special. Two or more kinds of food prepared or served to be eaten together as one dish are not a "meal."

(e) "Offer" means offer for sale and includes the listing or posting of prices for meals, food items, or beverages, even though such meals, food items, and beverages so offered were not actually on hand to be sold.

(f) "OPA District Office" means the district office of the Office of Price Administration for the district in which your eating or drinking establishment is located.

(g) "OPA Regional Office" means the regional office of the Office of Price Administration for the region in which your eating or drinking establishment is located.

(h) "War Price and Rationing Board" means the War Price and Rationing Board of the Office of Price Administration for the area in which your establishment is located.

SEC. 20. *Violations*—(a) *License suspension.* The provisions of Licensing Order No. 1 licensing all persons who make sales under price control apply to you. Your license may be suspended for violation of the provisions of any applicable price regulation. If your license is suspended, you may not, during the period of suspension, make any sale for which your license has been suspended.

(b) *Civil and criminal action.* If you violate any provisions of this regulation, you are subject to the criminal penalties, civil enforcement actions, licensing suspension proceedings, and suits for treble damages provided by the Emergency Price Control Act of 1942, as amended.

SEC. 21. *Petitions for amendment.* If you seek a change in this regulation affecting eating and drinking establishments generally, you may file a petition for amendment in accordance with Revised Procedural Regulation No. 1.

SEC. 22. *Authority of Local War Price and Rationing Boards.* Each Regional Administrator may instruct any or all of the War Price and Rationing Boards in his region to receive complaints from the public, investigate prices charged by proprietors, hold hearings on prices charged by proprietors either on complaint or on its own motion and make appropriate recommendations to its District Office.

SEC. 23. *Delegation of authority.* Each Regional Administrator, and each District Director so authorized by his Regional Administrator, may establish, approve, disapprove, revise, or adjust maximum prices or act with respect to exemptions of bona fide clubs in accordance with the appropriate provisions of sections 3, 4, 5, 10, 15, 17 and 19 of this regulation.

SEC. 24. *Special orders.* The Price Administrator may from time to time authorize any Regional Administrator or District Director to issue special orders establishing ceiling prices for meals, food items, and beverages which, when issued, will supersede and take the place of this regulation with respect to the sales covered by such orders.

SEC. 25. *Relation to other price regulations.* (a) This regulation supersedes and takes the place of all restaurant regulations issued by OPA Regional Administrators or District Directors. Since this regulation keeps many of the same basic pricing provisions, most of your ceiling prices under it will be the same as those you properly established under these restaurant regulations. This regulation shall not supersede Revised Maximum Price Regulation 319[1] Certain bakery products. It shall, however, supersede and take the place of all other price regulations insofar as they establish ceiling prices for food and drink sold in eating and drinking establishments. However, any price you charged during April 4 to 10, 1943 (or other appropriate base period) shall not be your ceiling price if it exceeded your ceiling price under any other regulation applicable at that time.

(b) Supplementary Order No. 79[2] is hereby revoked.

(c) Except with respect to orders heretofore issued fixing specific dollars and cents ceiling prices for meals, food items and beverages and with respect to amendments to such orders which have been or may be issued, the authority delegated to Regional Administrators and District Directors under paragraph (e) of General Order No. 50[3] to fix maximum prices for meals, food items and beverages is hereby withdrawn.

(d) Except for coffee, this regulation does not supersede (1) any order heretofore issued by Regional Administrators or District Directors fixing specific dollars-and-cents ceiling prices for meals, food items, or beverages; (2) ceiling prices specifically established in orders heretofore issued granting applications for adjustment under restaurant regulations issued by the Regional Administrators or District Directors, or (3) Restaurant Maximum Price Regulation No. 1; or (4) Supplementary Order No. 80.[4]

SEC. 26. *Geographical application.* This regulation applies to the 48 States of the United States and the District of Columbia.

This regulation shall become effective July 31, 1944.

NOTE: The reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Report Act of 1942.

APPENDIX B—FILING PROVISIONS OF GENERAL ORDER 50

General Order No. 50 contained the following filing provisions:

(a) *Filing of menus.* On or before May 1, 1943, every proprietor of a restaurant, hotel, cafe, dining car, bar, delicatessen, soda fountain, catering business, or other eating or drinking place, shall file with the War Price and Rationing Board for the area in which each of his places is located a true copy of each menu, bill of fare, or other price list of food items, including beverages, and meals (called "menu") in use at that place during the seven-day period beginning Sunday, April 4, 1943 and ending April 10, 1943. If no menu was in use in that period, or if the menus in use did not list all food items or meals then offered, the "proprietor" shall file with the Board a list in menu form showing the prices which he charged during the seven-day period for food items or meals which are not shown on any menus he may file hereunder. Each menu or list so filed shall be signed by the proprietor or by one of his responsible officers or employees. A copy of each such menu or list shall be retained by the proprietor.

(b) *Filing by new proprietors.* The proprietor of an eating or drinking place which was not open during all of the seven-day period (including newly-opened places) shall file menus or a price list in accordance with paragraph (a), except that (1) the filing shall be for the seven-day period beginning with the first Sunday that place is open after April 4, 1943, and (2) the filing shall be made within three weeks of such first Sunday.

APPENDIX C—MODEL FOR DISTRICT POSTING ORDER

OFFICE OF PRICE ADMINISTRATION

————District Office, Region——

Order No. —— Under Restaurant Maximum Price Regulation No. 2

POSTING ORDER

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the District Director of the ———— District Office of the Office of Price Administration by section 16 of Restaurant Maximum Price Regulation No. 2, it is hereby ordered:

SEC. 1. *Posting requirements.* If you own or operate an eating or drinking establishment, you must, on or before August 16, 1944, show on a poster to be supplied by the Office of Price Administration, your lawful ceiling prices for 40 food items, and meals, as set forth in this Order.

(a) First list on the poster as many of the food items and meals listed in Appendix A of this order, as you offer for sale and your ceiling prices for each. If you find in Appendix A several tables of food items and meals, choose the table most applicable to your establishment.

(b) If you do not offer all the 40 items listed in the applicable table in Appendix A, list first those which you do offer, placing them on the poster in the order in which they appear in Appendix A. Then add as many other items which you usually offer to bring the total number to 40, with your ceiling price for each item.

(c) If you do not offer as many as 40 items, place on the poster all the items which you do offer and your ceiling price for each.

(d) List a la carte items first. In listing meals, list the entree and then indicate the type of meal, for example, steak dinner, leg of lamb dinner, filet of sole lunch, vegetable plate luncheon.

(e) The list of individual items may be printed or hand lettered in ink on the poster in letters large enough so that it can be easily read by your customers.

(f) You must place the poster near the main entrance of your establishment, or in a conspicuous place so that it will be plainly visible to your customers.

SEC. 2. *Filing of lists of posted prices.* When you have made up the list of food items and meals to be posted and your lawful ceiling price for each, you must make three copies of this list, and send or deliver it to your local War Price and Rationing Board on or before August 21, 1944. Each copy must be clear and legible, dated and signed by the owner or manager of your establishment, with the name and address of the establishment following the signature.

The War Price and Rationing Board shall check this list with your filed ceiling prices. If the prices check, the Board shall make a notation to this effect on one copy of the list and return it to you. You shall keep this copy in your establishment, and make it available for examination by any person during business hours.

If the prices on your list do not completely check with your filed ceiling prices, the Board will call you in for a conference, so that corrections can be made.

SEC. 3. *Replacement of posters.* If a poster is mutilated or becomes badly soiled or otherwise damaged, it must be replaced by a new one which may be obtained from your War Price and Rationing Board upon presentation of the damaged poster. Erasures or changes of prices listed on the poster are prohibited. The new poster must be filled out exactly like the old one. Large establishments may receive extra posters.

SEC. 4. *Geographical applicability.* The provisions of this order extend to all eating and drinking establishments located within the ———— District of the Office of Price Administration.

SEC. 5. *Exemptions.* All establishments which are exempted from the provisions of Restaurant Maximum Price Regulation No. 2 are exempted from this order.

This order shall become effective August 9, 1944.

NOTE: The reporting and record-keeping provisions of ———— have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942.

PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[MPR 426,[1] Amdt. 35]

FRESH FRUITS AND VEGETABLES FOR TABLE USE, SALES EXCEPT AT RETAIL

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 426 is amended in the following respects:

1. In section 5 the word "shipper" and the word "consignee" are amended to read "country shipper" and "ultimate consumer" respectively, and a sentence is added to read "However this exemption does not apply to sales by sellers other than growers or country shippers".

2. In section 15, Appendix H is amended in the following respects:

a. Footnote 3 to Table 1 in paragraph (b) is amended to read as follows:

[3] The maximum price for bunched carrots sold in bulk (loose without containers) shall be 10 cents per dozen bunches less than the appropriate price listed in column 5, 6 or 7. The maximum price in columns 5 and 6 for clipped topped or topped carrots shall be reduced ½ cent per pound for sales in bulk. The maximum price in column 7 for clipped topped or topped carrots shall be reduced ½0 cent per pound for sales in bulk and in calculating that price the column 6 price for sales in bulk shall be used.

b. Table 6 in paragraph (b) is amended by adding the word "from" before the words "Nogales, Arizona" in items 1–2 and 3–4 of column 6, and the words "from Pompano, Florida" before the words "plus 8 cents" in item 3–4 of column 6.

c. Table 7 is amended by deleting the words "July 1–October 31" and the phrase "To be announced later" wherever they appear, and by adding the sentence "For season beginning July 1 prices shall apply to shipping points in all states," to the headnote of column 5.

d. Items 4a, 8a, 12a, and 16a are added to Table 7 to read as follows:

TABLE 7—MAXIMUM PRICES FOR CUCUMBERS

Col. 1 Item No.	Col. 2 Type variety, style of pack, etc.	Col. 3 Unit	Col. 4 Season	Col. 5 Maximum prices f. o. b. shipping points in Florida, Louisiana, California and Iowa. For season beginning July 1 prices shall apply to shipping points in all States.	Col. 6 Maximum prices for sales delivered to any wholesale receiving point in any quantity.	Col. 7 Maximum prices for sales by certain persons in less than carlots or less than trucklots delivered to the premises of any retail store, Government procurement agency or institutional buyer.[3]
4a	Cucumbers, except hothouse cucumbers, in bushel containers with a net weight of 46 pounds or more.	Bushel	July 1-Sept. 30	$2.00, All states	Col. 5 price plus freight (including 3% transportation tax) plus actual cost of protective service furnished not to exceed the lowest common carrier charge for the same service (including 3% transportation tax).	Col. 6 price plus 75 cents.
8a	Cucumbers, except hothouse cucumbers, in lug boxes with a net weight of 28 pounds or more.	Lug	July 1-Sept. 30	$1.17, All states	Col. 5 price plus freight (including 3% transportation tax plus actual cost of protective service furnished not to exceed the lowest common carrier charge for the same service (including 3% transportation tax).	Col. 6 price plus 45 cents.
12a	Cucumbers, except hothouse cucumbers, in bushel containers with a net weight of less than 48 pounds and in lug boxes with a net weight of less than 28 pounds and in all other containers.[3]	Pound	July 1-Sept. 30	4.2 cents, All states	Maximum price for Item 4a above divided by 48.	Col. 6 price plus 1⅛ cents per pound.
16a	Hothouse cucumbers in any container.	Pound	July 1-Sept. 30	11.3 cents per pound	Col. 5 price plus express (including 3% transportation tax) from Davenport, Iowa.[3]	Col. 6 price plus 2½ cents per pound.

e. In the table in paragraph (c) the markup in item 4 of column 10 for Hothouse cucumbers is amended to read 3½¢ per lb.

f. In paragraph (d) the first sentence following the headnote of subparagraph (1) is amended to read as follows:

No grower or country shipper shall receive, and no person shall pay to any grower or country shipper, an amount in excess of the maximum price f. o. b. (if sold f. o. b.) or the maximum price for delivered sales (if sold delivered) (see columns 5 and 6 of the applicable table in paragraph (b)), regardless of the type of sale or the type or purchaser, and regardless of any existing or future commitment between buyer and seller. However, this rule does not affect any allowance made to growers and country shippers for sales through agents; to ultimate consumers; delivered to the premises of retail stores, designated receiving depots of government procurement agencies, institutional buyers, intermediate sellers and retailers' warehouses; or in farmers' markets.

g. In paragraph (d) the headnote of subparagraph (2) is amended to read as follows: *"Sales by growers or country shippers direct and through brokers, shippers' sales agents, commission merchants or auctions."*

h. In paragraph (d) (2) subdivision (iv) is amended to read as follows:

(iv) For sales by growers or country shippers delivered, within a radius of 225 miles of the country shipping point, directly from the grower's farm, ranch or place of business at the country shipping point to the premises of (1) retail stores where resale is made to ultimate consumers, (2) institutional buyers, or (3) designated receiving depots of government procurement agencies, where the delivery of the particular goods being priced is made in an "original conveyance", owned or leased and operated by the grower or country shipper (and not furnished, owned or controlled, directly or indirectly, by the buyer), the maximum price in each case is the price for the listed commodity named in Column 7 of the applicable table in paragraph (b).

"Original conveyance" means the first conveyance (other than a railroad car) in which the particular goods being priced are loaded for shipment at the country shipping point.

i. Paragraph (d) (2) is amended by adding subdivisions (v), (vi), (vii) and (viii) to read as follows:

(v) For sales by growers or country shippers delivered, within a radius of 225 miles of the country shipping point, directly from the grower's farm, ranch or place of business at the country shipping point to the premises of intermediate sellers or retailers' warehouses, where the delivery of the particular goods being priced is made in an "original conveyance", owned or leased and operated by the grower or country shipper (and not furnished, owned or controlled, directly or indirectly, by the buyer), the maximum price in each case is the price for the listed commodity named in Column 6 of the applicable table in paragraph (b) plus one-half the amount named in Column 7 of the table in paragraph (c) for the unit of the listed commodity being sold.

(vi) For sales by growers or country shippers in a farmer's market located at a wholesale receiving point within a radius of 225 miles of the country shipping point, where the goods being priced have been transported to the farmer's market in an "original conveyance", owned or leased and operated by the grower or country shipper (and not furnished, owned or controlled directly or indirectly by the buyer), the maximum price in each case is the price for the listed commodity named in Column 6 of the applicable table in paragraph (b) plus the amount named in Column 7 of the table in paragraph (c) for the unit of the listed commodity being sold.

(vii) For sales by growers or country shippers to ultimate consumers, the maximum price in each case is the price for the listed commodity named in column 7 of the applicable table in paragraph (b) multiplied by 1.33. However, such price shall not exceed any applicable community price established by the Office of Price Administration.

(viii) For sales by growers and country shippers not covered by subdivisions (i) through (vii), the maximum price in each case shall be the appropriate price for the listed commodity named in columns 5 and 6 of the applicable table in paragraph (b).

3. In section 15, Appendix I is amended in the following respects:

a. Paragraph (c) is amended by adding the following undesignated paragraphs after Table 11:

For sales of citrus fruit covered by this appendix made f. o. b. shipping point by growers or country shippers, if the seller furnishes precooling, initial icing or refrigeration services in any case he may charge, in addition to the named f. o. b. shipping point price (see column 5 of the applicable table in paragraph (c)), for the services furnished not in excess of

*Copies may be obtained from the Office of Price Administration.

[1] 8 F.R. 16409, 16249, 16519, 16423, 17372; 9 F.R. 790, 902, 1581, 2008, 3023, 4091, 2493, 4030, 4086, 4088, 4439, 4786, 4787, 4877, 5926, 5929, 6104, 6108, 6420, 6711.

the lowest of the following: (1) the lowest available common or contract carrier rates for the same services, (2) the amount the seller may charge for such services under Maximum Price Regulation No. 165, or (3) the applicable amount permitted for protective services in the case of sales delivered to any wholesale receiving point. However, in each case the grower or country shipper shall show separately on his invoice the specific nature of the services furnished and the amount charged for the services.

For sales of citrus fruit on a delivered basis the maximum prices named include protective service allowances which cover any precooling, initial icing, refrigeration, or other services.

b. In paragraph (e) the first sentence following the headnote of subparagraph (1) is amended to read as follows:

No grower or country shipper shall receive, and no person shall pay to any grower or country shipper, an amount in excess of the maximum price f. o. b. (if sold f. o. b.) or the maximum price for delivered sales (if sold delivered) (see columns 5 and 6 of the applicable table in paragraph (c)), regardless of the type of sale or the type of purchaser, and regardless of any existing or future commitment between buyer and seller. However, this rule does not affect any allowances made to growers and country shippers for sales through agents; for precooling, initial icing or refrigeration services in sales f. o. b. shipping point; to ultimate consumer; or delivered to the premises of retail stores, government procurement agencies and institutional buyers.

c. In paragraph (c) the headnote of subparagraph (2) is amended to read as follows: "*Sales by growers or country shippers direct and through brokers shippers' sales agents, commission merchants or terminal auctions.*"

d. Paragraph (e) (2) (iv) is amended by adding a sentence to read as follows: "However, such price shall not exceed any applicable community price established by the Office of Price Administration."

4. In section 15, Appendix J is amended in the following respects:

a. In Table B in paragraph (e) the sentence in column 3 of item No. 3 (Plums) reading "Standard 4 basket crate with net weight of less than or more than that specified for each of above sizes, and plums of any sold size packed in all other containers, and those loose and ungraded in any container, or in bulk—per pound" is amended to read as follows:

Standard 4 basket crate with net weight of less than or more than that specified for each of above sizes, and plums of any size packed in all other containers, and those sold loose and ungraded in any container, or in bulk—per pound.

b. In Table B in paragraph (e) the last sentence in Column 3 is amended by inserting the word "per" before the word "pound".

c. Paragraph (g) (2) (iii) is amended by deleting the parenthesis after the words "commission merchant".

d. Paragraph (l) (2) is amended to read as follows:

(2) To determine and publish orders naming the amounts which primary receivers may add, for deliveries made within the free delivery zone at wholesale receiving points, to the maximum prices otherwise applicable; and to determine and publish orders naming the amounts which primary receivers may add, for deliveries beyond the free delivery zone, to the maximum prices otherwise applicable. These amounts shall be figured at the lowest rates for customary and generally available means of transportation.

This amendment shall become effective at 12:01 a. m., July 1, 1944.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard: Department of the Navy

CONTROL, DOCUMENTATION AND SECURITY INTELLIGENCE INTERROGATION OF SEAMEN IN UNITED STATES

By virtue of the authority vested in the Commandant, United States Coast Guard, by the order of the Secretary of the Navy, relating to control, documentation and security intelligence interrogation of seamen in the United States of America (34 CFR, 1.3009, 9 F.R. 7204), made pursuant to Executive Order No. 9074: *It is hereby ordered*, as follows:

1. The several District Coast Guard Officers, and such officers under their direction as they may designate, are authorized and directed to take such steps, institute such measures, and issue such regulations and orders as may be necessary for security in connection with the presence of officers and seamen (including alien officers and seamen) on merchant vessels in their respective districts, including (a) any appropriate action by way of identification, investigation and interrogation of such officers and seamen for the purpose of determining whether their presence on a merchant vessel or waterfront facility would, for any reason, be inimical to the interests of the United States; (b) withholding of the issuance of licenses, certificates, employment cards, identification cards or other seamen's papers; (c) appropriate action under the Regulations Relating to the Removal and Exclusion of Persons from Vessels and Waterfront Facilities approved by the Secretary of the Navy and the President (8 F.R. 16867); and (d) appropriate approvals of persons for employment as officers and seamen on merchant vessels.

2. All agencies and authorities of the Government of the United States concerned in the matter are called upon pursuant to paragraph 2 of Executive Order No. 9074 to conform to all regulations and orders issued by the District Coast Guard Officers or their designated representatives under paragraph 1 of this order, and to give such assistance to the District Coast Guard Officers and their representatives as their available facilities will permit.

Dated: June 28, 1944.

TITLE 41—PUBLIC CONTRACTS

Chapter II—Division of Public Contracts

PART 202—MINIMUM WAGE DETERMINATION DENTAL GOODS AND EQUIPMENT MANUFACTURING INDUSTRY

In the matter of the determination of the prevailing minimum wage in the dental goods and equipment manufacturing industry.

This matter is before me pursuant to section 1 (b) of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Supp. III, '35), entitled "An act to provide conditions for the purchase of supplies and the making of contracts by the United States, and for other purposes," otherwise known as the Walsh-Healey Public Contracts Act.

On March 15, 1944, the Acting Administrator of the Division of Public Contracts of the United States Department of Labor issued a Notice of Opportunity to Show Cause on or before April 30, 1944, why I should not amend the prevailing minimum wage determination for the Dental Goods and Equipment Manufacturing Industry, issued by me on September 8, 1941, by increasing the prevailing minimum wage from 35 cents an hour to 40 cents an hour for the Consumable Goods Division of this Industry, and by permitting the employment of learners at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938.

The Notice sets forth that: (1) The minimum wage required to be paid by manufacturers of dental goods and equipment subject to the provisions of the Fair Labor Standards Act of 1938 became 40 cents an hour, pursuant to the Wage Orders of the Administrator of the Wage and Hour Division for the Chemical, Petroleum and Coal Products, and Allied Manufacturing Industries effective February 7, 1944, the Metal, Plastics, Machinery, Instrument, and Allied Industries effective September 13, 1943, the Rubber Products Manufacturing Industry effective July 28, 1941, and the Stone, Clay, Glass, and Allied Industries effective December 27, 1943; (2) substantially all employees subject to any prevailing minimum wage determination for the Dental Goods and Equipment Manufacturing Industry are engaged in commerce or in the production of goods for commerce, and consequently these Wage Orders have the effect of establishing not less than 40 cents an hour as the prevailing minimum wage in the Dental Goods and Equipment Manufacturing Industry; and (3) that it appears advisable to amend the wage determination for the Dental Goods and Equipment Manufacturing Industry by providing that learners may be employed in the Industry at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938.

This notice was sent to trade unions, trade associations, and publications and was duly published in the FEDERAL REGISTER on March 30, 1944 (9 F.R. 3431). No objections, protests, nor any statements in opposition to the proposed amendment have been received.

Upon consideration of all the facts and circumstances, I hereby determine:

§ 202.39 *Dental goods and equipment manufacturing industry.* The minimum wage for employees engaged in the performance of contracts with agencies of the United States Government, subject to the provisions of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. 35) for the manufacture or furnishing of any one or more of the hereinafter designated products of the Dental Goods and Equipment Manufacturing Industry shall be 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis; *Provided*, That learners may be employed at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938; *Provided further*, That apprentices may be employed in the manufacturing or furnishing of any one or more of the durable products of the industry at subminimum rates of pay if their employment conforms to the standards of the Federal Committee on Apprenticeship.

DURABLE GOODS

Hand instruments, including forceps and pliers, broaches and cutting instruments, for dental use.
Dental chairs.
Dental cabinets.
Equipment units.
Dental sterilizers.
Dental gas apparatus.
Dental X-ray equipment.
Dental compressors, engines and lathes.
Dental lights.
Dental laboratory equipment, other than laboratory furniture.

Consumable Goods

Dental gold.
Dental alloy for amalgams.
Dental cement and filling materials.
Teeth, porcelain and gold.
Orthodontic appliances.
Waxes, compounds and investments.
Rubber dental materials.
Denture materials other than rubber.
Burrs, drills, and similar tools for use with handpieces.
Abrasive points, wheels and disks.

This determination shall be effective and its provisions shall apply to all contracts subject to the Public Contracts Act, bids for which are solicited or negotiations otherwise commenced by the contracting agency on or after July 17, 1944.

Nothing in this determination shall affect such obligations for the payment of minimum wages as an employer may have under any law or agreement more favorable to employees than the requirements of this determination.

Until this amended determination becomes effective, my original decision of September 8, 1941, shall remain in full force and effect.

Notices

FEDERAL POWER COMMISSION.

KENTUCKY NATURAL GAS CORP.

[Docket No. G-558]

NOTICE OF APPLICATION

JUNE 27, 1944.

Notice is hereby given that on June 24, 1944, Kentucky Natural Gas Corporation, a Delaware corporation having its principal place of business in Owensboro, Kentucky, filed with the Federal Power Commission its application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of the facilities hereinafter described.

Applicant asserts that it is a natural gas company as defined in the Natural Gas Act, and that it owns and operates a natural gas pipe line system in the States of Kentucky, Indiana, and Illinois. It is alleged by the applicant that its present sources of supply of natural gas have become inadequate, and that it will be necessary for it to obtain some other source or sources of supply in order to meet its peak-day requirements.

The proposed construction consists of a 16-inch gas pipe line approximately 18 miles in length, extending from the most southern point of its existing pipe line at Russellville, Kentucky, in a southeasterly direction to a proposed point of interconnection with the pipe line of the Tennessee Gas and Transmission Company now under construction. It appears from the application that Tennessee Gas and Transmission Company is willing for the applicant to establish a physical connection between the pipe line facilities of the two companies, and to discuss the execution of a contract for a natural gas supply to the applicant if and when some portion of the volume to be transported by the Tennessee Gas and Transmission Company should become available for delivery to the applicant; and that such connection might be available for emergency deliveries of natural gas to the applicant upon orders or authorization of appropriate Federal agencies.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 13th day of July 1944, file with the Federal Power Commission a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

Secretary.

WERNER SCHOLZ

In re: Oil paintings, pastels and claim owned by Werner Scholz.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned after investigation, finding:

1. That the last known address of Werner Scholz is Nollendorf, Strasse 10, Berlin, Germany, and that he is a resident of Germany and a national of a designated enemy country (Germany);

2. That Werner Scholz is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. The paintings, particularly described in Exhibit A, attached hereto and by reference made a part hereof, stored in the name of Buchholz Gallery, c/o Curt Valentin, on the premises of Hudson Shipping Co., Inc., 302 East 61st Street, New York, New York.

b. The pastel drawings, particularly described in Exhibit B, attached hereto and by reference made a part hereof, now in the possession of Curt Valentin, 32 East 57th Street, New York.

c. The pastel drawings, particularly described in Exhibit C, attached hereto and by reference made a part hereof, now in the possession of Karl Nierendorf, 53 East 57th Street, New York, New York, and

d. All right, title, interest and claim of any name or nature whatsoever of Werner Scholz in and to any and all obligations, contingent or otherwise and whether or not matured, owing to said Werner Scholz by Curt Valentin, 32 East 57th Street, New York, New York, including but not limited to all security rights in and to any and all collateral for any and all of such obligations, and the right to enforce and collect such obligations,

is property within the United States owned or controlled by a national of a designated enemy country (Germany);

And determining that the property described in subparagraph 3-d hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in subparagraphs 3-a, 3-b and 3-c hereof) belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to Section 2 of said Executive order;

And further determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

HILO BREWERY, LTD.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That of the oustanding capital stock of Hilo Brewery, Limited, a corporation organized and doing business under the laws of the Territory of Hawaii and a business enterprise within the United States, consisting of 9,973 shares of capital stock having a par value of $10 a share, 6,130 shares (61.46%) are owned by and registered in the names of the following persons in the number opposite each name and are evidence of control of said business enterprise:

Name	*Number of Shares*
Isaku Fujimoto	5
Sadanosuke Hata	5,330
Tamotsu Hata	79
Yoichi Hata	25
Katsujiro Kagawa	510
Mitsuji (or Jitsuji) Kasamoto	5
Kango Kawasaki	5
Masato Kiyosaki (or Kyosaki)	125
Atsuo Sakimizuru	32
Masaichiro Shinoda	14
Total	6,130

2. That Sadanosuke Hata has a claim against Hilo Brewery, Limited, aggregating the sum of $1,690.00 as of November 30, 1943, which claim is represented on the books and records of Hilo Brewery, Limited, as an account payable, subject, however, to any accruals or deductions subsequent thereto, and represents an interest in Hilo Brewery, Limited;

3. That Isaku Fujimoto, Sadanosuke Hata, and Tamotsu Hata, whose last known addresses are Japan, are nationals of a designated enemy country (Japan);

4. That Yoichi Hata, Katsujiro Kagawa, Mitsuji (or Jitsuji) Kasamoto, Kango Wawaski, Masato Kiyosaki (or Kyosaki), Atsuo Sakimizuru, also known as Hikokuma Sakimidzuru and Hikogame Sakimizuru, and Masaichiro Shinoda, have been interned by order of the Military Governor of Hawaii and are acting directly or indirectly for the benefit or on behalf of a designated enemy country (Japan) or persons within such country;

and determining:

5. That Yoichi Hata, Katsujiro Kagawa, Mitsuji (or Jitsuji) Kasamoto, Kango Kawasaki, Masato Kiyosaki (or Kyosaki) Atsuo Sakimizuru also known as Hikokuma Sakimidzuru and Hikogame Sakimizuru, and Masaichiro Shinoda are acting for and on behalf of or as cloaks for a designated enemy country (Japan) or persons within such country and are nationals of such designated enemy country;

6. That Hilo Brewery, Limited, is controlled by Isaku Fujimoto, Sadanosuke Hata, Tamotsu Hata, Yoichi Hata, Katsujiro Kagawa, Mitsuji (or Jitsuji) Kasamoto, Kango Kawasaki, Masato Kiyosaki (or Kyosaki), Atsuo Sakimizuru, and Masaichiro Shinoda, and is a national of a designated enemy country (Japan);

7. That to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan);

and having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian 5414 shares of the outstanding capital stock of Hilo Brewery, Limited, registered in the names of Isaku Fujimoto, Sadanosuke Hata, and Tamotsu Hata, and the claim of Sadanosuke Hata against Hilo Brewery, Limited, in the principal sum of $1,690.00 together with accrued interest, hereinbefore more fully described, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States, and hereby undertakes the direction, management, supervision and control of said business enterprise and all property of any nature whatsoever situated in the United States, owned or controlled by, payable or deliverable to, or held on behalf of or on account of, or owing to said business enterprise, to the extent deemed necessary or advisable from time to time by the Alien Property Custodian.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to vary the extent of or terminate such direction, management, supervision or control, or return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national," "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on May 15, 1944.

is property of, or is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national of a foreign country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on June 19, 1944.

HENRY LOHNES

In re: Estate of Henry Lohnes, deceased; File D-28-3492; E. T. sec. 5575.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Paul Mabes, Executor, Paola, Kansas, acting under the judicial supervision of the Probate Court of Miami County, Paola, Kansas;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Johannes Rapp, Germany.
Jacob Lohnes VI, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Johannes Rapp and Jacob Lohnes VI, and each of them, in and to the estate of Henry Lohnes, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

[Dissolution Order 10]

CASTLE RAYON CORP.

Whereas, by Vesting Order No. 39, dated June 30, 1942 (7 F.R. 5079, July 4, 1942), the Alien Property Custodian vested all of the issued and outstanding shares of the capital stock of Castle Rayon Corporation, a New York corporation; and

Whereas, by Vesting Order No. 2642, dated November 30, 1943 (8 F.R. 16477, December 7, 1943), the Alien Property Custodian vested the interest of Viscose Rheinfelden Suisse S. A., Rheinfelden, Switzerland, in the said corporation, as represented upon the books and records of said corporation as accounts payable; and

Whereas, Castle Rayon Corporation has been substantially liquidated under the supervision of the Alien Property Custodian;

Now, under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that the books and records of the Castle Rayon Corporation indicate that the corporation is indebted to Viscose Rheinfelden Suisse S. A., Rheinfelden, Switzerland, which claim has been vested by the Custodian as aforesaid; and

2. Finding that the said claim is all the known claims against Castle Rayon Corporation; and

3. Finding that the Alien Property Custodian has incurred direct expenses (exclusive of general administrative expenses of the Office of Alien Property Custodian) in connection with services rendered to said Castle Rayon Corporation; and

4. Determining that it is in the national interest of the United States to dissolve the said corporation and to distribute its assets;

It is ordered, That the officers and directors of Castle Rayon Corporation, to-wit: E. W. Hardy, President, Treasurer, and Director; L. V. McLean, Secretary and Director, and D. W. Pratt, Director, shall cause the dissolution of Castle Rayon Corporation in accordance with the statutes of the State of New York in such cases made and provided;

And it is further ordered, That the said officers and directors above-named wind up the affairs of said corporation and distribute the assets thereof coming into their possession as follows:

(1) They shall first pay the current expenses and necessary charges of winding up the affairs of said corporation and the dissolution thereof:

(2) They shall then pay all known taxes and fees of the United States and of the State of New York owed by or accruing against said corporation; and

(3) They shall then pay to the undersigned the sum found to be due as reimbursement for the value of services rendered said corporation by the Alien Property Custodian as above set forth; and

(4) They shall then distribute and pay over to the undersigned from the funds and property remaining in their hands after the payments as aforesaid, an amount equivalent in value to the claim against the corporation vested as aforesaid to be applied on account of said claim; and

(5) They shall then distribute and pay over to the undersigned as the holder of all of the outstanding and issued stock of the corporation all other funds and property remaining in their hands after the payments as aforesaid;

And it is further ordered, That nothing herein set forth shall be construed as prejudicing the rights, under the laws of the State of New York, of any person who may claim against said corporation: *Provided, however*, That nothing herein contained shall be construed as creating additional rights in such persons; and such persons or any of them may file claims with the undersigned against any funds or property received by the undersigned as above set forth: *Provided, however*, That any such claim shall be filed with or presented to the undersigned within the time prescribed for such claims by the Statutes of New York;

And it is further ordered, That all actions taken and acts done by the officers and directors of Castle Rayon Corporation, above-named pursuant to this order and the directions contained therein, shall be deemed to have been taken and done in reliance on and pursuant to paragraph numbered (2) of subdivision (b) of section 5 of the Trading with the Enemy Act, as amended, and the acquittance and exculpation provided for therein.

Executed at Washington, D. C., June 26, 1944.

[MPR 120, Order 830]

WALTER D. COBUN

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

Order No. 830 under Maximum Price Regulation No. 120. Bituminous coal delivered from mine or preparation plant.

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton, for the indicated uses and shipments as set forth herein. All are in District No. 3. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. Each producer is subject to all provisions of Maximum Price Regulation No. 120.

[MPR 188, Order 1778]

SMYRNA NOVELTY MFG. CO.

APPROVAL OF MAXIMUM PRICES

Order No. 1778 under § 1499.158 of Maximum Price Regulation No. 188. Manufacturers' maximum prices for specified building materials and consumers' goods other than apparel. Approval of maximum prices for sales of a juvenile table and chair set manufactured by Smyrna Novelty Manufacturing Co.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act, as amended, and Executive Orders Nos. 9250 and 9328, *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries, since the effective date of Maximum Price Regulation No. 188, of a juvenile table and chair set manufactured by Smyrna Novelty Manufacturing Co., 720 Palmetto St., New Smyrna Beach, Florida.

(1) (i) For all sales and deliveries by the manufacturer to retailers, and by the manufacturer to persons, other than retailers, who resell the article from the manufacturer's stock, the maximum prices are those set forth below:

Article	Model No.	Maximum price to persons, other than retailers, who resell from manufacturer's stock	Maximum price to retailers
Juvenile table and chair set	1001	*Each* $3.94	*Each* $4.64

These prices are f. o. b. factory.

(ii) For all sales and deliveries by the manufacturer to any other class of purchaser or on other terms and conditions of sale, the maximum prices shall be those determined by applying to the prices specified in subparagraph (1) (i) of this paragraph (a), the discounts, allowances, and other price differentials made by the manufacturer, during March 1942, on sales of the same type of article to the same class of purchaser and on the same terms and conditions. If the manufacturer did not make such sales during March 1942 he must apply to the Office of Price Administration, Washington, D. C., under the fourth pricing method, Section 1499.158, of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until authorized by the Office of Price Administration.

(2) (i) For all sales and deliveries to retailers by persons who sell from the manufacturer's stock, the maximum price is that set forth below, f. o. b. factory:

Article	Model No.	Maximum price to retailers
Juvenile table and chair set	1001	*Each* $4.64

(ii) For all sales and deliveries by persons who sell from the manufacturer's stock, to any other class of purchaser or on other terms and conditions of sale, the maximum prices shall be those determined under the applicable provisions of the General Maximum Price Regulation.

(b) At the time of or prior to the first invoice to each purchaser, other than a retailer, who resells from the manufacturer's stock, the manufacturer shall notify the purchaser for resale of the maximum prices and conditions established by paragraph (a) (2) of this order for such resales. This notice may be given in any convenient form.

(c) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 28th day of June 1944.

Issued this 27th day of June 1944.

Regional and District Office Orders.

[Region VIII Order G-2 Under MPR 271]

POTATOES AND ONIONS IN CALIFORNIA

Order No. G-2 under Revised Maximum Price Regulation 271, as amended. Potatoes and onions. Adjustment of maximum markups for potatoes and onions in certain localities in the State of California.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by section 11 (c) (7) of Revised Maximum Price Regulation 271, as amended, it is hereby ordered:

(a) *Maximum prices for certain sales by any intermediate seller to another intermediate seller.* For less than carlot or less than truckiot sales of potatoes or onions by any intermediate seller to another intermediate seller ex-dock, ex-track, or delivered, the maximum price shall be the "base price" determined under section 11 (c) of Revised Maximum Price Regulation No. 271, as amended, plus 40¢ per cwt. (in the case of potatoes) and 27¢ per 50 pounds (in the case of onions).

(b) *Maximum prices for certain sales by any intermediate seller to independent retailers, industrial, commercial, and institutional users.* For less than carlot or less than truckiot sales of potatoes or onions by any intermediate seller to independent retailers, industrial, commercial, and institutional users, ex-dock or ex-track, the maximum price shall be the "base price" determined under section 11 (c) of Revised Maximum Price Regulation 271, as amended, plus 40¢ per cwt. (in the case of potatoes) and 27¢ per 50 pounds (in the case of onions).

(c) *Maximum prices for certain sales by any intermediate seller making deliveries to a retail chain store warehouse.* For less than carlot or less than truckiot sales of potatoes or onions by any intermediate seller making deliveries to retail chain store warehouse, the maximum price shall be the "base price" determined under section 11 (c) of Revised Maximum Price Regulation 271, as amended, plus 45¢ per cwt. (in the case of potatoes) and 31¢ per 50 pounds (in the case of onions).

(d) *Maximum prices for certain sales by any intermediate seller making deliveries to a retail store within a free delivery zone.* Less than carlot or less than truckiot sales of potatoes or onions by any intermediate seller making deliveries to a retail store from whose premises the potatoes or onions are sold to an ultimate consumer, the maximum price shall be the "base price" determined under section 11 (c) of Revised Maximum Price Regulation 271, as amended, plus 60¢ per cwt. (in the case of potatoes) and 40¢ per 50 pounds (in the case of onions).

(e) *Maximum prices for certain sales by a hotel or restaurant supply house acting as an intermediate seller making deliveries to industrial, commercial, or institutional users within a free delivery zone.* When a hotel or restaurant supply house makes a less than carlot or less than truckiot sale as an intermediate seller, delivered to industrial, commercial or institutional users, the maximum price shall be the "base price" determined under section 11 (c) of Revised Maximum Price Regulation 271, as amended, plus 70¢ per cwt. (in the case of potatoes) and 55¢ per 50 pounds (in the case of onions).

(f) *Maximum prices for delivered sales by "wagon wholesalers."* A "wagon wholesaler" who has no main warehouse or central office in Los Angeles shall for the purpose of this order determine his maximum price as if he actually had an office or warehouse in Los Angeles and sold therefrom. A "wagon wholesaler" is one who purchases the item being priced and distributes it to retailers, industrial, commercial, or institutional users from an inventory stocked in trucks or other conveyances which are under the supervision of a driver salesman or salesmen who makes delivery at the time and place of sale.

(g) *Additions allowed intermediate sellers for deliveries outside certain "free delivery zone".* Any intermediate seller located within the "free delivery zone" of Los Angeles or within a "free delivery zone" in the cities named below who makes delivered sales to retailers or to commercial, industrial, or institutional users, may add the cost of transportation from his customary shipping dock or platform to the customary receiving point of any such purchaser located outside the "free delivery zone" in which such intermediate seller is located. "Free delivery zones" shall be determined by measuring 35 miles road distance along the most direct route from the City Hall of Los Angeles or the City Hall of any of the cities named below. The cost of transportation shall be figured at the lowest available common carrier rates or, in the absence thereof, at the actual cost of transportation by the most direct route to the purchaser's customary receiving point. The cities to which the section shall apply are all in the State of California are as follows: San Bernardino, Redlands, Riverside, Ventura, Santa Barbara, Santa Maria, San Luis Obispo, and Paso Robles.

(h) *Definitions.* The terms used in this order will have the same meaning as those set forth in Revised Maximum Price Regulation No. 271, as amended, unless the context clearly requires otherwise.

This order shall apply to the Counties of Los Angeles, Orange, Riverside, San Bernardino, Ventura, Santa Barbara, and San Luis Obispo.

This order shall become effective May 31, 1944.

WAR FOOD ADMINISTRATION.

Office of Distribution.

PHILADELPHIA, PA., MARKETING AREA

HANDLING OF MILK

Notice of report and opportunity to file written exceptions with respect to a proposed marketing agreement and to a proposed amended order, regulating the handling of milk in the Philadelphia, Pennsylvania, marketing area.

Pursuant to § 990.12 (a) of the rules of practice and procedure (7 CFR Cum. Supp., 900.1–900.17; 7 F.R. 3350; 8 F.R. 2615), Office of Distribution, War Food Administration, notice is hereby given of the filing with the hearing clerk of this report of the Director of Distribution with respect to a marketing agreement and to an amended order regulating the handling of milk in the Philadelphia, Pennsylvania, marketing area.

Interested parties may file exceptions to the report with the Hearing Clerk, Room 1331, Department of Agriculture, Washington, D. C., not later than the close of business on the 8th day after publication of this notice in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

The proceedings were initiated by the Office of Distribution upon receipt of a petition from the Inter-State Milk Producers Cooperative, Inc., for a public hearing to receive evidence on several amendments they proposed. Other amendments were also proposed by handlers. Following this request, and after consideration of the proposals, notice of the hearing was issued on January 13, 1943, and the hearings were held on January 23, 24, and 25, 1943, at Philadelphia, Pennsylvania.

Upon the record of this hearing the order was revised by increasing the Class I price. Action upon the other proposals was deferred until after further hearing.

In August 1943, the Inter-State Milk Producers Cooperative petitioned the War Food Administrator for a public hearing to receive evidence on the need for higher producer prices in the Philadelphia market. Later they submitted additional proposed amendments. Other amendments were proposed by handlers. Following these requests, and after consideration of the proposals, notice of hearing was issued on September 15, 1943, and the hearings were held on September 23 and 24, and October 5, 1943, at Philadelphia, Pennsylvania.

This hearing included, in addition to the industry proposals, consideration of several proposals for amendment made by the Dairy and Poultry Branch, Office of Distribution, upon some of which evidence had been received at the hearings held on January 23, 24, and 25, 1943, but upon which action was deferred until after further hearing.

On March 29, 1944, the hearing on these same issues was reopened at the instigation of the Dairy and Poultry Branch, Office of Distribution. The testimony at this hearing, March 29 and 30, 1944, brought up to date the facts relative to the issues on which action had been postponed.

The major issues developed at these hearings were concerned with (1) revision of the definition of handler and the definition of producer to conform to the needs of the market in relation to supplies, (2) the allocation to each class of milk transferred from one handler to another, (3) revision of the class prices, (4) price differentials for place of receipt of milk allowed handlers in purchasing milk from producers and used by them in distributing payments to producers, (5) the method of pricing Class I sales outside the marketing area, (6) the classification of milk received from sources other than producers, (7) flat price payments, (8) butterfat differentials used in paying producers, (9) premiums for Grade A milk, (10) the classification and pricing of so-called "distress" milk, (11) the basis of assessing handlers for the cost of administering the order, and (12) the substitution of a definition of "War Food Administrator" for the term "Secretary."

With respect to these issues it is concluded that:

(1) The definition of "producer" should be revised to describe more accurately the regular supplier of the fluid market. During the short period of production in the Philadelphia market for the past 2 years, handlers have purchased large quantities of milk from sources other than "producers" in order to supply the fluid requirements of the market. It has been necessary to purchase this extra milk for less than a full delivery period if the handler did not wish to extend his regular producer supply to include a so-called emergency source. As long as these supplies are of an emergency nature there appears to be no necessity for bringing them under the producer definition, nor is there any need for restricting such purchases beyond the protection afforded producers in the allocation of the Class II milk so that producers carry not more than 10 percent if a handler is purchasing emergency milk. The plant list has been amplified by adding to the listed producer milk plants those plants which supplied the market on more than 20 days during each of the delivery periods, October, November, and December, 1943. The confusion arising from the differentiation between "plants at which milk is received from producers" and "plants at which milk is not received from producers" should be removed by adding definitions of "producer milk plant" and "nonproducer milk plant."

(2) The maximum quantity of producers' milk transferred from one handler to another that may be allocated to Class II should be the total quantity of milk used by the purchasing handler in such class during the delivery period. This amendment would permit a handler who purchases milk through country plants to purchase surplus milk already in other handlers' city plants and keep his own Class II milk in the country plant. He would designate the milk purchased from other handlers as Class II although he may have used it as Class I in his city plant. This provision will maintain the same utilization of all producers' milk and will encourage savings in transportation of milk.

(3) No change should be made in the Class I price in view of the fact that the price program announced by the Director of Economic Stabilization in March 1943 restricts the adjustment of class prices to reflect changes in costs of producing milk. The dairy production program which is not inconsistent with the stabilization program provides for a direct subsidy payment to producers to cover the increased cost of producing milk. Rates of payment have been announced by the War Food Administrator for the period through March 1945.

The Class II price should be revised in order to bring the skim value of that class in line with the market value of skim milk which has increased materially due to the demand for skim milk solids for food. The increase should be accomplished by eliminating the animal feed factor from the skim milk powder price used in the price formula. The objection to eliminating the animal feed factor from the skim milk value in the Philadelphia area while the New York market still retains the factor, has been considered. This objection hardly seems substantial enough to set aside the proposed adjustment in the price which handlers pay for skim milk used in those products which they carry as a part of their milk trade and ice cream business.

Class II skim at this proposed price will cost handlers less than skim milk solids in the form of condensed or powdered skim which handlers purchase at times to supplement skim milk in the manufacture of cottage cheese and ice cream.

The testimony relative to costs of handling Class II milk indicates that costs are not greater than the present formula allowance of 21½ cents in the Class II butterfat value plus 33¾ cents in the skim milk formula. It is not necessary then to enhance the allowance by the use of a price which reflects less than the market value of the milk.

In order to avoid any disruption of the market for Class II milk while the New York pricing lags in adjustment, it is proposed that milk which is used in surplus milk manufacturing plants should take a lower price based on the prices paid by two evaporating plants and one milk chocolate manufacturer with plants in the Philadelphia milkshed. The products on which the lower price should be permitted during 6 months of the year are evaporated milk, milk chocolate, milk powder, nonfat dry milk solids, and cheese other than cottage cheese. This provision is recommended to provide for the sale of what is termed "distress milk" in the Philadelphia area. The seasonal provision should discourage the inclusion of manufacturing plants in a handler's pool on a year-round basis, but it is made broad enough to take care of the usual surplus milk period whether it comes late or early.

(4) Provisions governing zone price differentials allowed handlers should be rewritten in order to show more clearly how the allowances by classes of milk are combined to form the zone differentials affecting the cost of milk at various plants. The present order provides for certain differentials which apply to Class I milk, others which apply to Class II milk, and still others which apply to all milk regardless of use. The record shows that the price differentials for place of receipt of milk should be definitely related to the class in which the milk is used, in order to accomplish the goal of equal costs to each handler for each use of milk.

The Class I differential rates in the nearby area should be increased slightly to adjust for the fact that there would be no Class II deduction allowed. The present rates were established on the basis of the economic advantage to the producer in delivering 100 pounds of milk at one place or another. However, as the record indicates, this economic advantage is also related to the purchasing handler's precentage of total use in Class I. Therefore, the factors determining whether a producer will deliver to one place or another are both the cost of delivering the milk to each plant and the blend price at each plant. The blend price reflects the handler's percentage of use in Class I. The Class I differentials which would reflect the cost of handling all milk have been established according to the average utilization of Class I and Class II in the area. This method would permit the handler in the nearby area who has a higher than average use of Class I milk to buy his milk at slightly less than he is now paying. Producers should not object to this since a 10 percent above average use of Class I would be needed to permit a handler to deduct an additional cent per 100 pounds more than he is now deducting, and at present prices the 10 percent higher use would result in a price 8 cents above the average.

The characteristics of handlers' plants were discussed fully in the record and this testimony confirms the soundness of the use of the plant location as the best method of establishing differentials which affect the price of milk at different places of receipt.

Since the plant handling allowance for receiving milk and separating cream exceeds the Class I allowance by 2½ cents per hundredweight, the 3-cent extra handling allowance does not appear to be necessary for the handling of Class II milk in the country. It was proposed that the extra 3 cents be dropped from the country handling allowance on all milk but conclusive evidence that the factor should be dropped was not developed.

A proposed amendment to the order would have reestablished the rule for

applying class price zone differentials on the basis that milk nearest the marketing area is Class I. The evidence in the record does not justify the adoption of such an amendment. Since the pattern of the Philadelphia market is such that nearby milk is not considered by handlers to be more valuable for Class I sales (excluding handling and transportation costs), no particular group of producers can be designated as more entitled to the Class I market than another group. Each group then is entitled to an equal share of the Class I utilization and must bear an equal share of the Class II utilization and the cost of getting their Class I milk and Class II cream to the market. The proposed amendments would reflect to the producers the value of their milk as handlers pay for it. This recommended change in the application of differential payments would make more explicit their effect upon producers' prices. It would do away with the device in the present order which has operated to enhance the price at country stations at the expense of the price at the city.

(5) The out-of-area price structure should be retained. Due to the rigidity of prices under the stabilization program, it is not considered advisable to drop the out-of-area price structure at this time.

(6) A handler should be permitted to allocate milk received from sources other than producers to Class I if he does not have in his producer plant system more than 10 percent of producers' milk used in Class II. If producers are not supplying the market, it does not appear to be reasonable to require nonproducer milk to carry all of the reserve for Class I use which falls into Class II. On the other hand, producers who regularly supply the market should be protected from the influence of these irregular supplies on their blend price. The 10 percent reserve represents the amount of Class II carried in relation to all Class I during the short months of 1942.

(7) The flat price payment plan should be removed from the order since it was not used by handlers to avoid keeping records of utilization as the authors of the order intended and it might be used now to circumvent the order by paying a lower price than would otherwise be required.

(8) The butterfat differential to be used in paying producers should be increased from 4 to 5 cents per point in order to bring it more in line with the increases in the price paid to producers for milk and the increased cost of butterfat to handlers. The average minimum price paid to producers has increased steadily since April 1942. The butterfat differential paid by handlers has risen during the same period from 4½ cents to as much as 7 cents.

(9) The plan for Grade A premiums should not be changed upon the evidence in the record at this time. There are indications in the record that a uniform method of distributing these payments to producers should be prescribed by the order but the information regarding the various payment plans which now are in operation is not sufficiently complete to form the basis for establishing a uniform system.

(10) The disposition of milk which is in excess of the fluid needs of the market should be expedited by the removal of the rule which limits the outlet for such milk to plants which have disposed of less than 20 percent of their receipts as fluid milk. The provision should be amended to require that the purchasing plant show that a quantity of milk has been manufactured which is equal to the quantity received from the producer milk plant. The "20 percent rule" was not intended to limit the outlets for surplus milk. It was considered a "rule of thumb" to characterize a plant that would be buying milk for use in manufacturing. The rule appears to be more confining than is necessary under present circumstances.

(11) The basis of assessment should be all milk received from producers at producer milk plants and all milk received from nonproducer milk plants which is allocated to Class I utilization. This will apportion the cost of administering the order more equitably over all handlers since some handlers purchase substantial quantities of nonproducer milk to supplement their supplies from producers.

(12) A definition of "War Food Administrator" should be substituted for "Secretary" since the powers and duties of the Secretary with respect to functions required by the Agricultural Marketing Agreement Act of 1937 have been transferred to the War Food Administrator by Executive Orders of the President of the United States. The definition provides for the continued operation of the order under the authority of some other "officer or employee of the United States Department of Agriculture" in the event that the powers and duties pursuant to the act are again transferred.

(13) The duty of the market administrator with respect to making investigations of marketing problems should be cited in the order. Producers and handlers indicated in the record that certain problems required thorough study.

The following proposed amended order is recommended as the detailed means by which these conclusions may be carried out. The proposed marketing agreement is not included in this report because the proposed amendments applicable to it would be the same as those set forth below with respect to the amended order.

PROPOSED AMENDED ORDER REGULATING THE HANDLING OF MILK IN THE PHILADELPHIA, PENNSYLVANIA, MARKETING AREA

It is found upon the evidence introduced at the public hearing held on January 23, 24, and 25, September 23 and 24, and October 5, 1943, and March 29 and 30, 1944, Philadelphia, Pennsylvania:

1. That the order, as hereby amended, will regulate the handling of milk in the same manner as and is applicable only to handlers defined in a marketing agreement upon which a hearing has been held; and

2. That the issuance of this amended order and all the terms and conditions of the amended order tend to effectuate the declared policy of the act.

Provisions

SECTION 1. *Definitions.* (a) *Terms.* The following terms shall have the following meanings:

(1) The term "act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended.

(2) The term "War Food Administrator" means the War Food Administrator of the United States or any officer or employee of the United States Department of Agriculture who is, or who may hereafter be, authorized to exercise the powers or to perform the duties of the War Food Administrator hereunder.

(3) The term "Philadelphia, Pennsylvania, milk marketing area," hereinafter called "the marketing area," means all the territory in the Commonwealth of Pennsylvania situated within the following boundary line:

Beginning at a point in the Pennsylvania State line opposite the confluence of Pennypack Creek with the Delaware River; thence along Pennypack Creek to the boundary of Montgomery County; thence northerly along the boundary of Montgomery County to the Bucks County line; thence westerly along the Bucks County line to the Trenton cut-off of the Pennsylvania Railroad; thence westerly along said railroad to the upper Dublin Township line; thence first easterly, and then southerly, along the Upper Dublin Township line; then northeasterly to the Whitemarsh Township line; thence southerly along the Whitemarsh Township line to the Schuylkill River; thence westerly along the Schuylkill River to West Conshohocken Borough; thence westerly along the southern border of West Conshohocken Borough to the Upper Merion Township line; thence along the Upper Merion Township line as it runs to the Delaware County line; thence southeasterly along the Delaware County line as it runs to and along Brandywine Creek and the Delaware State line to the Delaware River; thence northeasterly along the Pennsylvania State line to the Delaware River to the point of beginning.

(4) The term "person" includes any individual, partnership, corporation, association, or any business unit.

(5) The term "producer" means any person, irrespective of whether such person is also a handler, who produces milk which is received directly at a producer milk plant.

(6) The term "producer milk plant" means:

(i) A plant which is operated by a handler at a location listed below, or any other plant from which milk was shipped during the delivery periods of October, November, and December, 1943, on 20 days or more in each delivery period to a pasteurizing or bottling plant which disposed of Class I milk in the marketing area, except (a) during such period of time as any such plant has been stopped by the Pennsylvania Department of Health from shipping milk or cream for consumption as fluid milk or fluid cream, or (b) during any month when no milk or cream is disposed of in the marketing area from such a plant, if the handler has notified the market administrator 5 days or more prior to such month that it is no longer a part of his supply for the marketing area and if no milk or cream has been shipped from it to the marketing area for the 3 months next preceding such month; or

(ii) A pasteurizing and bottling plant from which milk is disposed of as Class I milk in the marketing area; or

(iii) Any other plant of a handler from which milk is supplied to such a pasteurizing and bottling plant: *Provided*, That shipments of milk have been made from the plant to the pasteurizing and bottling plant on more than 20 days during each of the three previous delivery periods: *And provided*, That the handler operating such plant has filed a statement with the market administrator declaring that the milk at such plant is a regular supply for the Philadelphia market and farmers delivering such milk should be considered producers. A plant determined in this manner to be a producer milk plant shall thenceforth be affected by and subject to all regulations affecting producer milk plants as described under (i) of this paragraph.

Location. Bedford, Pa., Boiling Springs, Pa., Brandtsville, Pa., Byers, Pa., Carlisle, Pa., Chambersburg, Pa., Clayton, Del., Coudersport, Pa., Curryville, Pa., Delta, Pa., Denton, Md., Easton, Md., Fairdale, Pa., Glenroy, Pa., Goldsboro, Md., Goshen, Pa., Hagerstown, Md., Harrington, Del., Honeybrook, Pa., Huntington, Pa., Hurlock, Md., Kelton, Pa., Kimberton, Pa., Leaman Place, Pa., Lewistown, Pa., Mainland, Pa., Massey, Md., Mercersburg, Pa., Millville, Pa., Mt. Pleasant, Del., Nassau, Del., New Holland, Pa., Oxford, Pa., Port Allegany, Pa., Pottstown, Pa., Princess Anne, Md., Quakertown, Pa., Richlandtown, Pa., Snow Hill, Md., Spring Creek, Pa., Sudlersville, Md., Townsend, Del., Waynesboro, Pa., Worton, Md.

This definition shall not be deemed to include a plant at which milk is received directly from producers defined under an order of the Secretary regulating the handling of milk in the New York metropolitan milk marketing area.

(7) The term "nonproducer milk plant" means any plant other than those described under section 1 (a) (6).

(8) The term "handler" means any person irrespective of whether such person is also a producer or an association of producers, wherever located or operating, who engages in the handling of milk which is disposed of in the marketing area.

(9) The term "market administrator" means the person designated pursuant to section 2 as the agency for the administration hereof.

SEC. 2. *Market administrator*—(a) *Designation.* The agency for the administration hereof shall be a market administrator who shall be a person selected by the War Food Administrator. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the War Food Administrator.

(b) *Powers.* The market administrator shall have power:

(1) To administer the terms and provisions hereof, and

(2) To receive, investigate, and report to the War Food Administrator complaints of violations of the terms and provisions hereof.

(c) *Duties.* The market administrator shall:

(1) Keep such books and records as will clearly reflect the transactions provided for herein and shall surrender the same to his successor or to such other person as the War Food Administrator may designate;

(2) Submit his books and records to examination by the War Food Administrator at any and all times;

(3) Furnish such information and verified reports as the War Food Administrator may request;

(4) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the War Food Administrator a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the War Food Administrator;

(5) Publicly disclose to handlers and to producers, unless otherwise directed by the War Food Administrator, the name of any person who, within 15 days after the date upon which he is required to perform such acts, has not (i) made reports pursuant to section 5 (a), or (ii) made payments pursuant to section 8;

(6) Employ and fix the compensation of such persons as may be necessary to enable him to administer the terms and provisions hereof;

(7) Obtain a bond with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(8) Pay, out of the funds provided by section 9, (i) the cost of his bond and of the bonds of such of his employees as handle funds entrusted to the market administrator, (ii) his own compensation, and (iii) all other expenses which will necessarily be incurred by him for the maintenance and functioning of his office and the performance of his duties; and

(9) Promptly verify the information contained in the reports submitted by handlers.

(10) At the request of the War Food Administrator, investigate supply, demand, organization, structure, and other economic aspects of the market and furnish information relative to proposals for amendments to the terms and provisions hereof.

SEC. 3. *Classification of milk*—(a) *Basis of classification.* Milk received by each handler, including milk produced by him, if any, shall be classified, in the classes set forth in paragraph (b) of this section, in accordance with its utilization by such handler, subject to paragraphs (c), (d), and (e) of this section.

(b) *Classes of utilization.* The classes of utilization of milk shall be as follows:

(1) Class I milk shall be all milk (i) sold, distributed, or disposed of as or in milk, including sales of skim milk and flavored milk drinks, containing not more than 18 percent butterfat and including all milk or skim milk disposed of from a handler's plant to retail establishments which dispose of milk for both fluid and other uses, and (ii) all other milk not accounted for as Class II.

(2) Class II milk shall be (i) all milk disposed of in products other than those included in section 3 (b) (1) (i), and (ii) all milk accounted for as actual plant shrinkage but not to exceed 2 percent of the milk received from producers: *Provided*, That if milk or cream is received from producers, from other handlers, or from other plants, such actual shrinkage shall be prorated between the milk received from each source in proportion to the volume of milk and cream received from each.

(c) *Transfers of milk.* Milk or skim milk transferred to another handler or to a nonproducer milk plant shall be Class I unless such milk was disposed of for use in Class II products and the receiving handler or nonproducer plant has used in such products a quantity of milk or skim milk equivalent to the milk or skim milk received during the month from producer milk plants under an agreement for use in Class II products.

(d) *Transfers of cream.* Cream received or disposed of by a handler shall be considered Class II, and the pounds of butterfat in cream received during the month shall be allocated to the butterfat used to make butter before any butterfat in milk received is allocated to butterfat used to make butter.

(e) *Allocation of milk or skim milk received at producer milk plants from nonproducer milk plants.*

(i) The Class I utilization of a handler may be reduced by the amount of milk or skim milk received from nonproducer milk plants: *Provided*, That the utilization of all producers' milk in all of the handlers producer milk plants during the month is not less than 90 percent Class I.

(ii) The Class II utilization of a handler in butter, evaporated milk, milk powder, nonfat dry milk solids, milk chocolate, and cheese other than cottage cheese, shall be reduced by the amount of milk or skim milk received from nonproducer milk plants during the month, which milk or skim milk has not been allocated to Class I utilization under section 3 (e) (i).

SEC. 4. *Minimum prices*—(a) *Class prices.* Except as set forth in subparagraph (e) of this section, each handler shall pay, at the time and in the manner set forth in § 961.8, for milk received during each month from producers or an association of producers not less than the following prices, subject to the differentials set forth in paragraphs (c) and (d) of this section:

(1) *Class I milk.* $4.05 per hundredweight.

(2) *Class II milk.* The price per hundredweight during each month shall be the sum of the respective values of butterfat and skim milk, calculated as follows by the market administrator:

(i) *Butterfat.* Add all market quotations (using midpoint of any weekly range as one quotation) of prices for a 40-quart can of sweet cream approved either for Pennsylvania only, or for Pennsylvania, Newark, and Lower Merion Township, in the Philadelphia, Pennsylvania, market, reported for each week ending within the month by the United States Department of Agriculture (or such other Federal agency as is au-

thorized to perform this price reporting function), divide by the number of quotations, subtract 28 cents, divide by 33.48, multiply by 4, and subtract 23½ cents: *Provided*, That for butterfat used to make butter, the price shall be 4.6 times the average of the 92-score butter at wholesale in the New York market, reported daily by the United States Department of Agriculture (or such other Federal agency as is authorized to perform this price reporting function), for the month for which payment is to be made, which shall be known as the "butter-value" for such butterfat.

(ii) *Skim milk.* Any plus amount which is equal to 7.5 times the average of all hot roller process nonfat dry milk solids quotations for "other brands, human consumption," carlots, bags, or barrels (using midpoint of any range as one quotation), as published for such month in the "Producers' price Current," less 4.5 cents: *Provided*, That for skim milk in milk or skim milk used to make evaporated milk, milk chocolate, milk powder, nonfat dry milk solids, and cheese, other than cottage, pot, and baker's cheese, during the months of March, April, May, June, July, and August the skim milk value shall be reduced by any plus amount determined as follows:

(a) Adjust the Class II price otherwise applicable under this paragraph by the butterfat differential determined under section 4 (c) to arrive at a price for milk of 3.5 percent butterfat content, and

(b) Subtract from that price the average of the basic prices paid to farmers for milk of 3.5 percent butterfat f. o. b. the following plants:

Eet Milk Company, Greensboro, Md.
Hershey Chocolate Company, Hershey, Pa.
Carnation Company, Cambridge Springs, Pa.

(b) *Emergency price provision.* Whenever the provisions hereof require the market administrator to use specific price (or prices) for milk or any milk product for the purpose of determining class prices or for any other purpose, the market administrator shall add to the specified price the amount of any subsidy or other similar payment, being made by any Federal agency in connection with the milk, or product, associated with the price specified: *Provided*, That if for any reason the price specified is not reported or published as indicated, the market administrator shall use the applicable *maximum* uniform price established by regulations of any Federal agency plus the amount of any subsidy or other similar payment: *Provided further*, That if the specified price is not reported or published and there is no applicable uniform price, or if the specified price is not reported or published and the War Food Administrator determines that the market price is below the applicable maximum uniform price, the market administrator shall use a price determined by the War Food Administrator to be equivalent to or comparable with the price specified.

(c) *Butterfat differential.* The Class I and Class II prices shall be subject to a butterfat differential for each one-tenth of 1 percent variation above or below 4.0 percent calculated as follows: divide the average of the cream quotations used in calculating the Class II price by 334.8, and subtract 0.67 cent; or in the case of butterfat in Class II to which the "butter-value" is applicable, divide the "butter-value" by 40.

(d) *Differentials for place of receipt of milk.* The prices set forth in paragraph (a) of this section except Class II milk used to make evaporated milk, milk chocolate, milk powder, nonfat dry milk solids, and cheese, other than cottage cheese, during the months of March, April, May, June, July, and August, shall be reduced by the amounts set forth below for milk received from producers at producer milk plants located in the zones for which deductions are shown. If the deduction for Class I milk results in a price for Class I milk at any plant below the price of Class II milk at that plant, the allowable deduction shall be reduced by the amount by which such Class II price exceeds such Class I price:

For the purpose of this paragraph, the Class II milk at each plant of a handler who receives milk from more than one plant shall be determined to be that milk used or disposed of in Class II at such plant which is not a bottling and pasteurizing plant, plus a prorata share of Class II milk at the handler's bottling and pasteurizing plant in proportion to the total receipts at the latter plant which were received from the producer milk plant.

The distance of any plant from the City Hall in Philadelphia shall be that recognized by the Interstate Commerce Commission for rate making purposes on highways over which the Highway Departments of the several States permit milk tank trucks to move, or if no such distance is recognized, the distance shall be that ascertained and announced by the market administrator.

(e) *Class I milk disposed of outside the marketing area.* The price to be paid by handlers for Class I milk disposed of outside the marketing area on any wholesale or retail routes from which no milk is disposed of in the marketing area on the same trip, in lieu of the price otherwise applicable pursuant to this section, shall be, as ascertained by the market administrator, such price as is being paid to farmers in the market where such milk was disposed of, for milk of equivalent use, less the applicable transportation allowance in such outside market, but in no case more than 64 cents: *Provided*, That Class I milk disposed of in markets where the market administrator is unable to determine such a price, and to Government institutions and establishments on a basis of bids, the Class I price plus or minus the applicable differentials specified in this order shall apply: *And provided further*, That when sold in an area regulated by another marketing order of the Secretary the price effective under such order shall apply.

SEC. 5. *Reports of handlers*—(a) *Periodic reports.* On or before the 8th day after the end of each month each handler, with respect to milk or cream which was, during such month, (1) received from producers, handlers, or other sources; and (2) produced by such handler, shall report to the market administrator, in the detail and on forms prescribed by the market administrator, as follows:

(i) The receipts at each plant from producers who are not handlers;

(ii) The receipts at each plant from any other handler, including any handler who is also a producer;

(iii) The quantity, if any, produced by such handler;

(iv) The receipts at each plant from any other source;

(v) The respective quantities of milk and milk products disposed of or on hand, with the butterfat content thereof, including the quantities of milk, skim milk, or cream disposed of to each nonproducer milk plant for use in each class; and

(vi) The shipments of milk to the marketing area from each plant.

(b) *Reports of handlers who receive no milk from producers.* Handlers who receive no milk from producers shall make reports to the market administrator at such time and in such manner as the market administrator may require.

(c) *Reports as to producers.* Each handler shall report to the market administrator:

(1) Within 10 days after the market administrator's request, with respect to any producer for whom such information is not in the files of the market administrator, and with respect to a period or periods of time designated by the market administrator, (i) the name and address, (ii) the total pounds of milk received, (iii) the average butterfat test of milk received, and (iv) the number of days upon which milk was received; and

(2) As soon as possible after first receiving milk from any producer, (i) the name and address of such producer, (ii) the date upon which such milk was first received, and (iii) the plant at which such milk was received.

(d) *Reports of payments to producers.* Each handler shall submit to the market administrator on or before the 25th day after the end of each month his producer pay roll for such month which shall show for each producer (1) the net amount of such producer's payment with the prices, deductions, and charges involved, and (2) the total delivery of milk with the average butterfat test thereof.

(e) *Outside cream purchases.* Each handler shall report as requested by the market administrator his purchases, if any, of sweet cream showing the quantity and source of each such purchase and the cost thereof at Philadelphia.

(f) *Verification of reports.* Each handler shall permit the market administrator or his agent, or such other person as the Secretary may designate, during the usual hours of business, to (1) verify the information contained in reports submitted in accordance with this section, and (2) weigh milk received from each producer and sample and test milk for butterfat. In establishing the classification of milk as required in § 961.3, the burden rests upon the handler who receives milk from producers to account for the milk and to prove to the market administrator that such milk should not be classified as Class I milk.

SEC. 6. *Application of provisions*—(a) *Handlers who receive no milk from producers.* The provisions hereof, except those set forth in section 5, shall not apply to a producer-handler who receives no milk from producers nor to a handler whose sole source of milk supply consists of receipts from other handlers.

SEC. 7. *Determination of uniform prices to producers*—(a) *Computation of the value of milk for each handler.* For each month the market administrator shall compute, subject to the provisions of section 6, the value of milk of producers disposed of by each handler, by (1) multiplying the hundredweight of such milk in each class, computed pursuant to section 3, by the prices applicable pursuant to section 4, plus or minus the applicable differentials in section 4; and (2) adding together the resulting values.

(b) *Computation and announcement of uniform price for each handler.* The market administrator shall compute and announce for each handler the uniform price per hundredweight of milk received by him at each plant from producers during each month as follows:

(1) Add to the value computed pursuant to paragraph (a) of this section the amount of the adjustment to be made pursuant to section 8 (d), and add or subtract the amount to be subtracted or added, respectively, by the handler pursuant to section 8 (c)

(2) Divide the amount computed in subparagraph (1) of this paragraph by the total quantity of milk received from producers, including milk of his own production; and

(3) On or before the 15th day after the end of each month, notify each handler and publicly announce the uniform price computed for each handler pursuant to this section with the differentials applicable pursuant to section 8.

SEC. 8. *Payments for milk*—(a) (1) *Semimonthly payments.* On or before the last day of each month each handler shall make payment to producers for milk delivered during the first 15 days of such month at not less than a rate per hundredweight which he estimates will be his uniform price for such month.

(2) *Final payment.* On or before the 20th day after the end of each month, each handler shall make full payment, subject to paragraphs (c), (d), and (e) of this section, to each producer, for the total value of milk received from such producer during such month, at not less than the uniform price per hundredweight computed for such handler pursuant to section 7, after taking credit for payment made pursuant to section 8 (a) (1).

(b) *Errors in payment.* Errors in making payments for milk shall be corrected not later than the date for making payments next following the determination of such errors.

(c) *Butterfat differential.* If any handler has received from any producer, during the month, milk having an average butterfat content other than 4.0 percent, such handler, in making payments pursuant to paragraph (a) of this section, shall add to the uniform price for such producer for each one-tenth of 1 percent of average butterfat content in milk above 4.0 percent not less than, or shall deduct from the uniform price for such producer for each one-tenth of 1 percent of average butterfat content in milk below 4.0 percent not more than 5 cents per hundredweight.

(d) *Location differentials.* In making payments pursuant to paragraph (a) of this section each handler shall deduct from payments to producers delivering milk to a plant located in a mileage zone as set forth in section 4 (d) a differential equal to the percentage of the pounds of all milk received from producers which was used in Class I times the Class I differential rate pursuant to section 4 (d) at such plant plus the percentage of Class II at the Class II rate pursuant to section 4 (d).

(e) *Premium for Grade A milk.* In addition to the uniform price and all other payments required pursuant to this section, each handler shall pay for milk, which is qualified under the Commonwealth of Pennsylvania Department of Health or the New Jersey Department of Health requirements for sale as Grade A milk and which is delivered to a plant similarly qualified (so long as such requirements are in effect as a separate grade), 40 cents per hundredweight of Grade A milk received from producers of 10,000 bacteria or less per c. c. and 25 cents per hundredweight of Grade A milk received from producers of more than 10,000 but less than 25,000 bacteria, times the ratio of Grade A milk sold either in fluid form or as products manufactured from Grade A milk to the total quantity of Grade A milk received from producers, plus 2 cents for each one-tenth of 1 percent that the butterfat content is above 3.7 percent.

SEC. 9. *Expense of administration*—(a) *Payments by handlers.* As his pro rata share of the expense of the administration hereof, each handler receiving milk from producers, on or before the 20th day after the end of each month shall pay to the market administrator, with respect to all milk received by such handler directly from producers, and all milk received from nonproducer milk plants which is allocated to Class I under section 3 (e), an amount not exceeding 2 cents per hundredweight, the exact amount to be determined by the market administrator subject to review by the War Food Administrator. Each handler who is a cooperative association of producers, sall pay such pro rata share of expense only on that milk received from producers at any plant of such association.

SEC. 10. *Agents.* The War Food Administrator may, by designation in writing, name any officer or employee of the United States or name any bureau or division of the United States Department of Agriculture to act as his agent or representative in connection with any of the provisions hereof.

This report filed at Washington, D. C., this 28th day of June 1944.

C. W. KITCHEN,
Acting Director of Distribution.
